Sir,

I beg to submit the following few facts for your kind consideration and favourable reply -

Hon. Somewhere in last December we made some representation to the Minister of Education to the Government of Madras stating our grievances against the sanction of Higher forms to the R.C. Church authorities in Shirva. They have at present been permitted to run Forms I to III with one section in each which actuated us to invest further funds on our institution. In spite of this restriction the R.C. Church authorities were trying to open additional sections and higher forms which after some time representations to the department by the public were given up by them. That was how we got application for admission to Form IV last year very late in August.

Since we have applied for permission to open Form VI in our High School we shall be at a very great disadvantage in case R.C. Church authorities continue to give rise to false rumours and vain hopes to the students who seek admission in our High School as they used to do hitherto. Hence we humbly request you Sir, to give us an assurance that unless we complete two divisions in each of the forms I to VI in our High School permission will not be given to the R.C. Church

Some time in last December we made some representation to the Minister of Education to the Government of Madras asking for the sanction of higher forms to the P. G. School. They have at present been granted. We are now in the process of filling up the forms. In view of the fact that the P. G. Dear Mr. Krishna Menon,

Re: Shirva School, South Kanara.

I saw you some weeks back in connection with the conversion of this School into a Secondary School. You were of opinion that I should see Mr. Reddy himself after he joined duty. Mr. Reddy, I learn, has not joined duty and hence I am writing these few lines to you.

Mr. Reddy's recommendation is very clear. It was done after a local inspection. Mr. Reddy also personally assured me that there would not be much difficulty in the matter of implementing his suggestions.

The Hindu School is to have two sections of 40 students each and the Catholic School 25 or 30 students. One school does not come in the way of the other.

I request you to kindly expedite orders. If you think my presence is necessary in this matter, I am prepared to come up. Please reply.

Yours Sincerely,

Any legitimate grievance that the management of the
Catholic School may have will be given due consideration. Vide
my letter RC.239-D.3/48 dated 20-1-49 to Government.
I may however state that no assurance was given to the Catholic
management that Form IV would be permitted to be opened in
1949-50. This proposal is pending consideration chiefly due
to want of information in regard to definite arrangements made
for creating an endowment as required by G.O.No.326 Education
dated 8-2-1949. *not put up*

2. The District Educational Officer, South Kanara in his
D.O. letter dated 26-1-49 informed me that he was trying to effect
a settlement after a conference with both the parties. I shall
submit my reply to Government Endorsement No.29998-B.1/49 dated

The District Educational Officer has reported that it is
not possible to effect any compromise between the two managements.
I also visited the place myself, and on going carefully into the case,
I feel that the management of the R.C. School have some ground for
grievance. They have also since given an assurance regarding endow-
ment by promising to give away 5 acres of land yielding an annual
income of Rs. 600/- in lieu of cash. I have accordingly permitted
the R.C. Management to open Form IV this year (i.e. 1949-50) subject

Sub:- Scope for two High Schools at Shirva.

Sir,

I beg to submit the following few facts for your kind consideration and sympathetic action.

Somewhere in June 1944, the Agricultural population of Shirva and the neighbouring villages formed into a Sangha known as the B.N.Vidhyavardhaka Sangha and got it registered. The sole purpose of this Sangha was to promote education among the agricultural people of the neighbouring villages. Then the Sangha took up the Management of the Hindu Elementary School Shirva, while at that time it had only a strength of about 90 pupils. As the response from the public was highly encouraging the Sangha applied for permission to raise the same to a Higher Elementary School which was immediately granted. Within the course of the year the strength of the Hindu High Elementary School rose to about 300 to 400. Naturally the Sangha was given an incentive to apply for a Boy's High School in the locality as there existed already a Girls' Secondary School run by the R.C. Church authorities in the place. When we applied for the Boys' High School the R.C. Church authorities too applied for the conversion of their Girls' Secondary School into a Boys' Secondary School. The then Director along with the Divisional Inspector visited the locality on the 10th April, 1946 and granted permission to our Sangha to open the High School on condition that it should be shifted to the

to the building in a 20 acres site pointed out by the Director about one mile away from the heart of the town.

In the meanwhile the R.C. Church authorities began to agitate for the conversion of their Girls' Secondary School into a Boys' Secondary School which we hear was refused by the then Divisional Inspector of Schools, Coimbatore, but later was granted by the Director of the public instruction, Madras, with instruction to have one section in each of the Forms I, II and III. Before we actually constructed a building in the new site pointed out by the Director which was away from the heart of the town we represented to the Director our grievances and asked him some sort of assurance to the effect that no other Boys' High School would be permitted in the locality.

Accordingly the Director was pleased to consider our representations and assured us in his R.O. No. 1705 D3/ dated 18-11-47 that the question of a second High School in the locality would arise only after the Hindu High School Shirva has at least two sections each in each of the higher forms IV, V and VI. With this assurance our work was continued in the new site and we have now shifted all our classes to the new site. In the meanwhile the R.C. Church authorities began to agitate and opened additional sections without the permission of the Department which we hear later on had to be closed. We have a single section in Form VI and incomplete sections in fourth and fifth forms, and no sections in forms I and II. But to our great surprise and shock we come to know that permission for IV form has been already granted to the R.C. Church authorities which will hit hard our institution. There are already three Boys' High School one at Innanje, one at Katpady and one Shirva all ^{within} in their distance of seven miles.

In this connection we may bring to your kind notice the obvious fact that our High School is at a distinct disadvantage of being removed from the town to an away as per the definite order of the Dir

public instruction and now that a second high school is opened in the heart of the town itself, our strength is bound to fall within a short time rendering the running of this institution impossible.

In case the authorities are determined to maintain the two high schools in spite of past assurances we most humbly pray you, Sir, that the R.C. Church authorities may be granted a Girls' ~~Secondary~~ ^{to continue} High School and we a Boys' High School in this locality which after all is the most deserving in this small locality of the Government itself take up the management of our School as otherwise there shall be a huge waste of public fund ^{the} to keep up two Boys' High School in this locality, and undue communal rivalry in this rural area.

Yours faithfully,

The management of the St. Mary's Middle School, Shiwa represented ^{last year} that there was a need for a second high school in that place and that they might be permitted to raise their middle school into a high school by opening Form IV.

As there ~~is~~ is already a high school maintained by the B.N.
