C.834B2/49 dated 24th March '49

Sir,

Sub:--Elementary Education--Aided Schools--Rules relating to
Recognition--Amendment to Rule 19--Suggested.

The Rule 19 of the Rules relating to Recognition reads as follows:

"The Provision of much furniture need not be insisted upon, but there should be a supply of suitable pictures and other simple appliances"

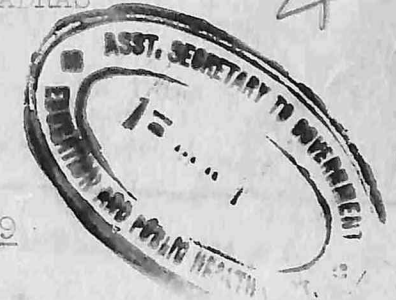

As the words 'Simple appliances' are rather vague and the Schools should generally have Provision for tools and material for handicrafts in Lower Elementary Schools and prevocational subjects in Higher Elementary Schools, garden tools and other implements, School museum and a library of books for the pupils reading as well as approved books for classes, the following amendment as a note to the said rule is suggested for favour of approval.

"Note At least the minimum equipment under 'Furniture' and 'General' given in the syllabuses for Elementary Schools should be provided. 'Simple appliances' include weighing and measuring appliances, maps and models necessary to teach the syllabuses, tools and material for handicrafts in Lower Elementary Classes and for prevocational subjects in Higher Elementary Classes, garden tools and implements, a school museum and a library of books for the pupils reading containing enough books approved by the Text Book Committee for class use and for class as well as general Libraries so as to enable every pupil in Standard IV and V to read at least 2 new books a year from among a collection of 20 to 30 volumes and a proportionately larger number for Standards VI to VIII.

Yours faithfully,

For Director of Public Instruction
