The Supdt. of Stationery has reported that
423 yards of flannel is available in his stock as
surplus to his requirements. With a view ^{to} ~~for~~ save
them from further deterioration, he wants to dispose
of 75 per cent of the stock. The flannel is 54"
(1½ yards) wide and this width may be good enough
for a blanket. It has been suggested that the use
of the flannel in question as blankets for the Fire
Service personnel in the Ootacamund and Coonoor
Sections may save possible loss to Government; if
any in the disposal of the flannel by the Superintendent
of Stationery to outsiders. The D.F.S is therefore
requested to contact the Supdt. of Stationery in this
connection and report the result to the Government.

required for 72 blankets @ 2½ yards per blanket. The cost of the
material according to the price list of Stationery articles for 1947-48
is Rs 4-2-0 per yard; and each flannel blanket will cost Rs 10-5-0
besides making charges, against Rs 7-8-0 quoted by the Bangalore Cotton

Sir,

Clothing - surplus - sale - departmental charges -
collection - orders - solicited.

The surplus stock of flannel 54" was sold to the Director of Fire Services, Madras as ordered by the Government in Memo.No.14798-1C-2 Education dated 26/2/49.

For all sales made by this office, departmental charges of 21% of the value of stationery are leviable. So, in the bill of cost sent to the Director of Fire Services for 180 yards of flannel sold to him, departmental charges of Rs.143-8-0 were included.

The Director of Fire Services in his letter No.C.10974/SG/48 dated 6-6-49 explains that the clothing was obtained from this office only at the instance of Government just to prevent it from deteriorating and to avoid consequential loss to Government and so he represents that the actual cost of clothing alone should be recovered. The Director further explains that sanction of Government has been obtained to pay only the cost of clothing.

A || The disposal of surplus stock cannot be classified under the supply of stationery on payment of cost and so the levy of departmental charges for such disposals is considered unnecessary. I therefore request that Government may be pleased to waive the levy of departmental charges in the case of disposal of surplus stock.

It is not a matter of serious consequence
if depts charges are recovered
or waived. As the Df.S however
says that he has obtained the
sanction of the Govt to pay only the
cost of the cloth (and not the
depts charges) this Depts may
agree to the waiver of the Govt
of the depts charges in this
case as proposed by the Df.S.
