From the Director of Public Instruction dated 7th January 1949, Re. No. 2310 G-2/48.

Order—No. 220, Education, dated 28th January 1949.

The Director of Public Instruction has brought to the notice of Government that of late, applications for the opening of new secondary schools or classes or forms in the existing schools are received in his office just before the schools reopen after summer vacation with the result that a proper examination of the needs of the locality or of the resources of the management to maintain a school, is rendered practically impossible. It is necessary that such applications should be received in the Office of the Director of Public Instruction well in advance of the beginning of the school year with the recommendations of his subordinate officers, so that they might be disposed of sufficiently early, in order to enable the managements to secure the necessary accommodation, equipment, suitable qualified staff, etc., required for the new schools or new classes or forms after the receipt of orders. The Director

of Public Instruction has therefore suggested that the following dates may be fixed for the receipt of applications from private managements:—

Date by which the application should be submitted to the District Educational Officer or the Inspectress of Girls Schools as the case may be.

Date by which the application should be forwarded to the Director of Public Instruction with the recommendation of the Inspecting Officer concerned.

Secondary Schools.

31st of December of the year preceding the school year in which new schools or classes or forms are proposed to be opened.	31st of January.

No. 220, EDUCATION, 28TH JANUARY 1949.

Date by which the application should be submitted to the District Educational Officer or the Inspectress of Girls' Schools as the case may be.

Date by which the application should be forwarded to the Director of Public Instruction with the recommendation of the Inspecting Officer concerned.

Training schools.

1st of August of the preceding year.

1st of September of that year so as to enable the Director to consider and make necessary provision for payment of stipends and teaching grant in part II of the Budget Estimate which is due with Government by the 30th September.

The Director has also proposed that applications received after the due date or with incomplete particulars should be treated as applications for the subsequent year unless they are considered as urgent and there is justification for exempting them from the prescribed dates. The Government approve the Director's proposals.

The dates specified above will be applicable only to the applications to be submitted from the year 1950-51. The

applications received from private managements in the current year for the opening of new secondary schools or classes or forms in the existing schools in 1949-50 will be disposed of by the Director as heretofore. The Government desire to impress upon such managements the necessity for the submission of the applications as expeditiously as possible.

2. In G.O. No. 1872, Education, dated 2nd December 1941, local bodies were informed that no new secondary or special school and no additional class or form in an existing school would be granted recognition unless the previous permission of the Director of Public Instruction had been obtained for the opening of the school or class or form and that applications for such permission should be submitted through the District Educational Officer or the Inspectress concerned not later than the 15th February of the year preceding the school year in which the school or class or form is proposed to be opened. This date will be extended up to the 31st March in the current year. For future years, the date already prescribed, viz., the 15th February will be adhered to. Applications preferred after these dates will not ordinarily be considered except where special reasons justify the delay and provided that such applications be made within a reasonable time after these dates.

The SECRETARY TO THE GOVERNMENT OF MADRAS,
EDUCATION AND PUBLIC HEALTH DEPARTMENT,
FORT ST. GEORGE, MADRAS.
ROG. No. 2135-E4/48 dated 5th August 1948

Sir,

* MADRAS EDUCATIONAL RULES--Secondary and Training schools--Applications for the opening new schools or higher forms or additional sections or grades--Date for their submission--Fixing of.

I have the honour to state that of late, applications for the opening of new schools or classes or forms in the existing schools are received in my office just before schools reopen after summer vacation with the result that a proper examination of the needs of the locality or of the resources of the management to maintain a school is rendered practically impossible. I consider that applications received should be disposed of sufficiently early in order to enable new schools to be started or the existing schools to open new classes or forms at the very commencement of the school year. For this purpose, it is felt necessary that applications are received in my office well in advance of the beginning of the school year with the recommendations of my subordinate officers concerned. To this end provision has to be made in the Madras Educational Rules fixing time limit for the receipt of these applications. I, therefore, submit below the dates by which the applications are to be made to this department.

2. In case of secondary schools under the management of Local Boards, applications shall be submitted to the District Educational Officer or the Inspectress of Girls' Schools as the case may be before the 15th of February preceding the school year in which the new school or new forms or classes are proposed to be opened so as to enable the District Educational Officer or the Inspectress of Girls' Schools to submit the application with his or her recommendation to the Director before the 15th of March (Vide in this connection sub-para 2 under para 2 of G.O.No.1872-Education dated 2.12.1941).

3. Similarly applications from private managements should be made to be received by the District Educational Officer or the Inspectress of Girls' Schools as the case may be not later than 31st of December of the year preceding the school year in which new schools or classes or forms are proposed to be opened in order that such applications with the recommendation of the Inspecting Officer concerned are submitted to the Director before 31st of the following month namely January.

3. In the case of training schools, applications should be submitted to the District Educational Officer or the Inspectress of Girls' Schools concerned not later than the 1st August of each year. The District Educational Officer or the Inspectress of Girls' Schools as the case may be shall submit it along with his or her recommendation to the Director not later than the 1st September of that year to enable the latter to consider and make necessary provision for payment of stipends and teaching grant in Part II of the Budget Estimate which is due with the Government by 30th September.

It is also necessary that there should be a ~~new~~ specific rules that applications received after the due date will not be considered nor those received within the due dates with incomplete particulars. Such applications will however, be considered, but treated as applications for the subsequent year.

On receipt of Government Orders approving the above proposals, I shall submit necessary amendments to the Madras Educational Rules.

ORDER/MS.NO. 220 Edn DATED 28.1.48

The D.P.I. has brought to the notice of Govt. that of late, applications for the opening of new secondary schools or classes or forms in the existing schools are received in his office just before the schools reopen after summer vacation with the result that a proper examination of the needs of the locality or of the resources of the management to maintain a school, is rendered practically impossible. It is necessary that such applications should be received in the Office of the D.P.I. well in advance of the beginning of the school year with the recommendations of his subordinate officers, so that they might be disposed of sufficiently early, in order to enable the managements to secure the necessary accommodation, equipment, suitable qualified staff etc. required for the new schools or new classes or forms after the receipt of orders. The D.P.I. has therefore suggested that the following dates may be fixed for the receipt of applications from private managements:

Date by which the application should be submitted to the D.E.O. or the Inspectress of Girls Schools as the case may be.	Date by which the application shd. be forwarded to the D.P.I. with the recommendation of the Inspecting Officer concerned.
31st of Dec. of the year preceding the school year in which new schools or classes or forms are proposed to be opened.	31st of January.
1st of August of year ^{the} preceding year.	1st of Sept. of that year so as to enable the Director to consider and make necessary provision for payment of stipends & teaching grant in Part II of the B.E. which is due with Govt. by 30th September.

Sir,

Sub: Education - Secondary - Local bodies -
Opening of new secondary schools or of addi-
tional forms or classes in existing secon-
dary schools.

@20

Some latitude was being allowed during
the last two years in regard to the date for the
submission of applications by local bodies for grant of
permission to open new secondary schools and classes in
the existing secondary schools and it has happened that
such requests had to be granted even as late as the month of
August. The Hon.ble Minister for Education has agreed that this
is very unsatisfactory and that a date could be fixed. G.O.
1872 Edn. dated 2-12-1941 fixes 15th February as the latest
date and I am issuing a circular to the Inspecting
Officers of the Department and the local body managements that
this date will hereafter be strictly adhered to and that
no relaxation will be made under any circumstances.

Yours faithfully,

M. S. Srinivasan

I am afraid 15th February will be too early. Perhaps 31st
March will be all right. This matter must be widely publicised so
that we may not have trouble hereafter. Communications may be sent
to all the Special Officers. If there are dates for aided institu-
tions also, I would like them to be circularised to all M.I.As.

that we need not get representations later on. The dates may also be mentioned in the Press so that everybody who wants to apply for recognition may know the facts.

Please see the Director's reply on pp 3-4 of. In the circumstances stated therein, the date fixed for the submission of applications for the opening of new aided secondary schools is 31st December, need not be altered.

The point for decision now is whether in respect of new secondary schools or classes or forms in existing secondary schools by local bodies, the date already fixed is 15th Feb should be altered to 31st March and if so whether a clause should be added as suggested by the B. P. S. at X on pp 3-4 of. The file may be circulated to H. M. (Edm) for orders.

My last note was 20-11-'48. This note comes to me on in this 20-1-'49 and ~~under~~ the last date for applications for the new schools is proposed to be fixed as 31st December, which date we have already passed. I am sure this is going to create trouble for us because people may say that they did not know that such a date is going to be fixed. Any date that we fix

must be a few weeks after the notice is published in the Press. The other date '31st March' fixed in respect of new schools by local bodies may also be approved. For this year it may be till 31st March. Ordinarily it may be fixed as 15th February.

2 With regard to the remark at 'X' on p. 3 c.f., while we may fix the date for the opening of new schools, I think, in the present rule we must also allow some fluidity. Perhaps, even the wording suggested, provide that fluidity. That may be approved.

I want that orders may be issued on this matter and the draft order may be put up to me so that I may circulate it to the members of the Legislature so that we may not have unnecessary recommendations from them later on. I would also like to have good publicity given to these dates.

159

24. 1. 49

With reference to para 1 of the minutes of H. M. (Edm) above, it is submitted that the dates proposed to be fixed for aided secondary schools will become applicable only to the applications for the opening of new schools or new forms or classes in 1950-51 and not for 1949-50. It is obvious that the date cannot be applied to opening of new schools, forms or classes in 1949-50 and this may be made clear in the order to be issued.

2. The intention is to amend the rule in M. A. R. and the amendment will be published in the Fort St. George Gazette. In Memo no 59298-B/48-1 Edm d/17.9.48 to D. P. S. has been asked to submit the necessary amendments. The proposals have not yet been received. It is for consideration whether the orders to be issued now

ORDER/P. NO. 220 DATED 28-1-49

The D.P.I. has brought to the notice of Govt. that of late, applications for the opening of new secondary schools or classes or forms in the existing schools are received in his office just before the schools reopen after summer vacation with the result that a proper examination of the needs of the locality or of the resources of the management to maintain a school, is rendered practically impossible. The Director of Public Instruction has therefore suggested that the following dates may be fixed for the receipt of applications from private managements:

	Date by which the application should be submitted to the D.E.O. or the Inspectress of Girls Schools as the case may be.	Date by which the application should be forwarded to the D.P.I. with the recommendation of the Inspecting Officer concerned.
Secondary schools.	31st of December of the year preceding the school year in which new XXXXXX OR schools or classes or forms are proposed to be opened.	31st of January.
Training Schools.	1st of August of the preceding year.	1st of September of that year so as to enable the Director to consider and make

and make necessary provision for payment of stipends & teaching grant in Part II of the B.E. which is due with Govt. by the 30th September.

The Director has also proposed that applications received after the due date or with incomplete particulars should be treated as applications for the subsequent year unless they are considered as urgent and there is justification for exempting them from the prescribed dates. The Government approve the Director's proposals.

The dates specified above will be applicable only to the applications to be submitted from the year 1950-51. The applications received from private managements in the current year for the opening of new secondary schools or classes or forms in the existing schools in 1949-50 will be disposed of by the Director as heretofore. The Government desire to impress upon such managements the necessity for the submission of the applications as expeditiously as possible.

2. In G.O. No. 1872 Edn., dated 2-12-41, local bodies were informed that no new secondary or special school and no additional class or form in an existing school would be granted recognition unless the previous permission of the Director of Public Instruction had been obtained for the opening of the school ^{or} ~~as~~ class or form and that applications for such permission should be submitted through the D.E.O. or the Inspectress concerned not later than the 15th February of the year preceding the school year in which ^{the} ~~school~~ or class of form is proposed to be opened. This date will be ^{future} ~~future~~ extended upto the 31st March in the current year. For ~~future~~ years, the date already prescribed, viz., the 15th February will be adhered to. Applications preferred after these dates will not ordinarily be considered except where special reasons justify the delay and provided that such applications be made within a reasonable time after these dates.

Order—No. 220, Education, dated 28th January 1949.

The Director of Public Instruction has brought to the notice of Government that of late, applications for the opening of new secondary schools or classes or forms in the existing schools are received in his office just before the schools reopen after summer vacation with the result that a proper examination of the needs of the locality or of the resources of the management to maintain a school, is rendered practically impossible. It is necessary that such applications should be received in the Office of the Director of Public Instruction well in advance of the beginning of the school year with the recommendations of his subordinate officers, so that they might be disposed of sufficiently early, in order to enable the managements to secure the necessary accommodation, equipment, suitable qualified staff, etc., required for the new schools or new classes or forms after the receipt of orders. The Director

of Public Instruction has therefore suggested that the following dates may be fixed for the receipt of applications from private managements.—

Date by which the application should be submitted to the District Educational Officer or the Inspectress of Girls Schools as the case may be.

Date by which the application should be forwarded to the Director of Public Instruction with the recommendation of the Inspecting Officer concerned.

applications received from private managements in the current year for the opening of new secondary schools or classes or forms in the existing schools in 1949-50 will be disposed of by the Director as heretofore. The Government desire to impress upon such managements the necessity for the submission of the applications as expeditiously as possible.

2. In G.O. No. 1872, Education, dated 2nd December 1941, local bodies were informed that no new secondary or special school and no additional class or form in an existing school would be granted recognition unless the previous permission of the Director of Public Instruction had been obtained for the opening of the school or class or form and that applications for such permission should be submitted through the District Educational Officer or the Inspectress concerned not later than the 15th February of the year preceding the school year in which the school or class or form is proposed to be opened. This date will be extended up to the 31st March in the current year. For future years, the date already prescribed, viz., the 15th February will be adhered to. Applications preferred after these dates will not ordinarily be considered except where special reasons justify the delay and provided that such applications be made within a reasonable time after these dates.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently or as special the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item had been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(c) For rules regarding printing of notes, see the chapter on printing and proof correction in the Secretariat Office Manual.

(d) The number of copies and the details of distribution should be filled in by the Superintendent or clerk concerned.

(e) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(f) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked special of urgent unnecessarily, he should send the Press slip to the Assistant Secretary with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Assistant Secretary any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished: it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Ministers or Advisers should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

Please see the last Memo. for add. no. of copies for printing & M. & A. M. C. S. (Letter file).
