In continuation of my letter R.C.1262-L1/49 dated 20--5--1949, I have the honour to submit herewith a draft to the Ad hoc rules to be framed in respect of the new post of Lecturer in Nutrition sanctioned in G.O. Ms.No.1075-Education dated 19-4-49. The Lecturer in Nutrition should possess the following minimum qualifications:-

No draft recd

p. 1 [illegible]

(i) Honours Degree in Home Science **or**

(ii) If candidates with the Honours Degree in Home Science are not available (a) B.Sc., I Class in Home Science plus a research degree of M.Sc. standard **or**

(b) M.Sc. with Nutrition as a special subject.

2. The Vice-Chancellor of the Madras Universuty who has been consulted in the matter has agreed tentatively to the above qualifications. Hence the above qualifications may be prescribed for the present and a Lecturer in Nutrition in the Queen Mary's College may be appointed immediately. In this connection I recommend that Miss. L. Rangacharlu B.A.,(Chemistry) L.T., permanent Assistant Lecturer in the Queen Mary's College may be appointed to the post under the emergency powers so that the new course may commence from the beginning of the year without having to wait for the framing of the rules. She took recently the M.Sc. Degree of Columbia University (U.S.A. 1st June 1948) in the Department of Home Science with Science related to Home Science as major Chemistry and Nutrition and also a part of food analysis with special reference to vitamin assaying from the Chemistry Department of Columbia University (U.S.A. Summer Session 1948). Thus she possesses the qualification now prescribed.

There is no objection to framing ad hoc rules after the University has given its final views about the qualifications for the post of - Lecturer in Nutrition.

2. Miss.L. Rangacharlu has put in nearly 22 years of service as Assistant Lecturer and with her long experience she is better fitted to organise the new Department of Home Science in the Queen Mary's College than - Miss. Stella Doraiswamy. It is also not desirable to place a junior officer as the Head of Home Science Department. I do not prefer Miss. Stella Doraiswamy to Miss. Rangacharlu for the post. I consider the Miss. Rangacharlu possesses better qualifications than Miss. Stella Doraiswami for the reason that while the latter's research relates merely to an aspect of Physiology the former has done research in a subject relating to Nutrition.

3. The file of papers relating to Miss. Stella is enclosed.

Post of Lecturer in Nutrition, Q.M.C. - Appointment

A post of Lecturer in Nutrition was sanctd. for the Q.M.C. w.e.f. this college year. The D.P.I. recommended the tempy. appointment thereto of Miss L.Rangacharlu, Asst.Lecturer, who went to U.S.A. two years before and who obtained there the M.Sc. degree of the Columbia Unty. in Home Science.

C.F. 1

para 2, C.F. 5

In the linked file, the Govt. of India referred to this Govt., for consideration, the application for appointment of Miss Stella Doraiswami, a candidate who was sent by them overseas on scholarship for higher studies and who has returned to India after obtaining the M.Sc. degree in Domestic Science of the London Unty. The D.P.I. who was consulted said that there was no suitable post in the M.E.S. for Miss Stella. He was asked, by a refce. issued by this dept., whether Miss Stella did not possess higher qualfns. than Miss Rangacharlu and whether she could not be appointed as Lecturer in Nutrition instead of the latter.

Miss Doraiswami has worked in this department under my supervision, since January 1947. She has been engaged during that time in a study of dark addaptation as a means of mutritional assessment. I have been impressed with her enthusiasm, conscientiousness and hard work. Her work is most accurate and her results reliable and I feel that, when completed, she will have clarified a subject about which there has been much confusion.

Miss Stella Doraiswami has been at this college and resident in the Hostel since January 1947 while working for the Degree of M.Sc.(Physiology), No doubt Professor Yudkin, with whom she is working will testify to her academic ability.

Miss Doraiswami is a hardworking, energetic a and keen student. She has entered into the general social life of the College. I am very glad to recommend her for an administrative or teaching post and am sure she would tackle any work with courage an enthusiasm. She is a keen tennis player and pays a good game.

TO WHOM IT MAY CONCERN:-

Miss Stella Doraiswami worked in my department for two years from January 1947. During this time, she carried out research work on nutritional factors involved in dark adaption ("night vision") and gained the degree of M.Sc. in the University of London.

Miss Doraiswami has been a keen worker and has particularly impressed me with her conscientious-ness. She took great pains in the organisation of her experiements and in the presentation of her results. She was thoroughly reliable and her results were recorded with scrupulous honesty, irrespective of possible difficulties in interpretation or accordance with accepted theory.

She was very polular with her colleagues and associates, this was especially noticeable since her work involved the use of human subjects and the ease with which she obtained their cooperation for experiemts, which often took up a great deals of their time and involved them in considerable inconveneicne, speaks well for her qualities as a pleasant and understanding person.

I can sincerely recommend Miss Doraiswami for a post in which her training and particularly her personal qualities would be utilised.

21

Sir,

I invite your attention to my application for appointment submitted to the Minister of Education, Govt. of India on 31-3-49. This application along with the testimonials - I am informed has been forwarded to the Govt. of Madras for necessary action.

I am a 1946 central

overseas scholar. I passed B.Sc (Home Science) examination in the Madras University in First class. I worked as Supervisor of Experiments in Physiology in the Vellore Medical College for Women from June 1944 – 1945. I then joined St. Xtophers' Training College for Women and passed the B.T. examination in 1946 in 2nd class.

I was awarded a scholarship in 1946 by the Central Govt. to proceed to the United Kingdom where I joined the King's College of HouseHold & Social Science, London and did research in Physiology for the degree of M.Sc. I have successfully

concluded my studies and returned to India on 18.3-49 and reported to the Govt. of India about my arrival in India and applied for a post.

The Govt. of India – Ministry of Education – in their No. F.6 – 37/46 S.I. dated 21-4-49 have informed me that my papers have been sent to the Govt. of Madras for necessary action.

22

I am 24 years old and am an Indian Xtian. I request that I may be given a gazetted post in the administrative section of the Madras Educational Department – at your earliest convenience.

I request to be informed

Subject :- Question of employment for an overseas scholar (central) in the provincial govt.

Dear Sir,

I am a central Govt. scholar who was sent to the United Kingdom in October 1946 for higher studies in Home Science. I returned to India in March 1949 with a degree in M.Sc (Lond.)

I am an Indian Xtian, aged 25. I graduated from Women's Xtian College, Madras in 1944 with a first class B.sc (Home Science) and had also passed the Intermediate in first class. I worked as the Supervisor of

Experiments in the physiology Dept. for one year 1944 – 1945 in the Vellore Medical College. Later I studied B.T. in St. Xtopher's Training College, Madras, and passed with a 2nd class at the end of the year. I have also undergone a course in Nutrition under Dr. Aykroyd at the Pasteur Institute, Coonoor, during the summer vacation of 1944.

As I am a South Indian, I am seeking an employment in the Madras Presidency. The central Govt. is kindly willing to lend my services to the Govt. of Madras and they have also sent me two memorandums informing me that my application has been forwarded to the Govt. of Madras. Herewith I am enclosing the copies of those two memorandums. pp. 12–13 infra

It is nearly three months since my arrival in India and I have not heard anything from the Govt. of Madras so far. So, recently I have

applied for a job as "Welfare Inspectress" in the South Indian Railways and I think I stand a good chance of getting that job. However I definitely feel that I will be wasting all my foreign education if I enter the service in the Railways. Besides, it will be a benefit to the provincial Govt. to employ me, as the central Govt. paid for my education abroad.

I am very fond of the Dept. of Education and more so on the administrative side, as my father Mr. P. H. Doraiswami has also served for more than 20 years as Deputy Inspector of Schools, and District Board Educational Officer. Just a year ago, he retired from Govt. service as D.B.E.O at Tanjore.

I have excellent certificates from the Principals of the Colleges where I have studied. I shall send them on to you if you would like to see them; or you can kindly call me for an interview.

I sincerely hope you will give me a favourable reply.

Thanking you in anticipation.

Stella Doraiswami.

OFFICE MEMORANDUM.

SUBJECT:- OVERSEAS SCHOLARS (CENTRAL) QUESTION OF EMPLOYMENT AND ADVERTISEMENT IN NEWSPAPERS FOR APPOINTMENT IN PUBLIC SERVICES.

The undersigned is directed to inform Miss Stella Doraiswami (1946 Central Overseas Scholar) that while this Ministry is making every endeavour to find suitable employment for her she should not depend entirely upon Government efforts but may also herself be on the look out for employment. She cannot, of course, accept any employment without the permission of this Ministry so long as she is not released from the Bond which she executed before proceeding abroad.

In this connection she will no doubt watch the advertisements which appear in newspapers regarding appointments in public services. Applications for such posts should be submitted through this Ministry. It should, however, be clearly understood that the mere fact of having applied for a particular post does not mean that Government will forward the scholar's application. Every such application will be dealt with on merits and in the light of the particular circumstances of the case. In any case however, Miss Stella Doraiswami will be apprised of the action taken on her application.

A copy of this Ministry Memorandum No.F.3-42/46 S.1, dated the 4th November, 1948 is enclosed herewith for her information.

Her employment papers have been sent to the Government of Madras for necessary action.
