The DPI is informed that it has been decided that steps should be taken to organise the National Cadet Corps in this Province. It is necessary that the teachers who should undergo training should be selected without any further delay and the allocation of units to the several high schools should be settled immediately. The minimum allotment to be made to any High School should be a sub-unit, ie 1 Section consisting of one officer + 30 cadets and the units should not be broken up between High Schools located in different towns. The Director is requested to report immediately how many high schools have

greed to participate in the scheme and depute teachers raining in the current year and how many battalions n be formed in this year. As the Director, National adet Corps had already reported that it is not possible at present for army units to take on this training in small batches, it is necessary to fix the number of teachers to be trained in this year and the number of battalions that can be formed with the teachers thus trained. The Director is informed that in the selection of teachers to officer the units, care must be taken to exclude undesirables like Communists and only men of very good character and reliability and men imbued with a sense of law and order and loyalty to the State, must be chosen.

(Reminder) Government Memorandum No.7879/B.1/48-1 Edn. dated 13th August 1948.

I have the honour to submit herewith a statement regarding the location of units in the Proforma attached to the letter of the Director, National Cadet Corps, dated 15th June 1948. Particulars are still due from four districts. They will be submitted as soon as they are received.

2. As regards the name and designation of officer to whom the Wagons of arms, ammunitions etc., should be sent and arrangements for their safe custody I consider that the Adjutant of the University Training Corps may be entrusted with the care and custody of the arms and ammunitions for the present till arrangements are made in the districts. In the districts the police armouries appear to be the suitable place for the safe custody of the arms.

3. Regarding the revised estimate of cost, I invite the attention of Government to this office letter RC.No.1208/E/48 dated 17th July 1948 submitting the statement of revised cost worked out by Lt. Col. Paul, Principal, College of Engineering, Guindy.

4. With reference to the instructions contained in the last sentence of the Government Memorandum dated 13th Aug.1948 quoted above regarding the selection of officers, I shall communicate to the Divisional Inspectors and District Educational Officers the instructions of Government and ask them to exclude undesirables. The selections have been made by the District Educational Officers.

I have the honour to submit herewith for the perusal of Government a copy of my Proceedings Rc. No.1208-E4/48, dated 2nd September 1948 in which I have assigned the schools and units tentatively and I have asked for application from teachers for training as Officers and for the managements' consent to form the units. I had already instructed the District Educational Officers that the schools should be in places where there are police armouries so that necessary arrangements may be made for storage of arms and ammunitions. The replies to the Proceedings referred to supra are being receivedand I shall submit the particulars in the pro-forma prescribed as soon as they are completely received.
I am addressing the Inspector General of Police regarding the storage of arms and ammunitions and I shall submit my report in this regard to Government in due course.
The question of restricting the strength of National Cadet Corps to 4,000 will be examined by me after the reports are received from the District Educational Officers.

SUBJECT.

NATIONAL CADET CORPS - Junior Division - Raising of Units of National Cadet Corps in various schools in the Province - Selection of teachers for training as Officers:

READ - the following:

Proceedings RC.No.1208/E.4/48 dated 17th May 48 and correspondence thereon.

I. RAISING OF UNITS OF NATIONAL CADET CORPS.

pages 19-21 infra

pp ~~115-116~~ 19-21 infra

The undermentioned officers are informed that it is the intention of Government to reach the full strength of the corps namely 6,000 allotted to this Province. With this end in view, the Director has allotted one Unit for each of the schools noted in the Annexure A to these proceedings. In cases where the strength of the school does not justify a complete unit of 90 cadets being raised, such schools have been clubbed with other schools in the locality to form one unit. In two cases 2 units have been allotted in view of the large strength reported in annual returns. In allotting units to th schools the strength of the schools as reported in the annual return 2(a), 1947--48, has been taken into consideration. The schools selected are mostly from the district headquarters town and where it is found that towns in the taluks have big schools, such schools have also been allotted a unit each. It is seen that the schools noted in the Annexure A, have good strength in high school forms and that they could reasonably be expected to raise easily a Unit of 90 cadets. The Officers are, in this connection, informed that where schools are clubbed together for raising one complete unit, two factors have to be borne in mind namely (1) such schools should be in as close a proximity as possible to each other; and (2) each school should be allotted a sub-unit of 30 cadets. It is open to the District Educational Officers, however, to allot two sub.units to a school and one sub-unit to another in the same locality to form one unit. The Principle is a sub-unit should not be split up while a unit can be split up into 3 sub-units of 30 cadets each.

2. The District Educational Officers are requested to contact immediately the managements and the heads of the high schools under their jurisdiction and get their formal and written consent to raise the units allotted to their schools. The names of such of those schools as have consented to raise a unit should be immediately reported to the Director, in order that the latter may finally decide with ereference to the reports received from the officers as to how best the distribution could be made with reference to the number of units allotted to his Province.

3. The managements of the schools concerned may be informed that the expenditure connected with the scheme and the training of officers will be entirely borne by Government. The management will not be put to any loss on this account. Another point which should be made clear to the heads of institutions is that the cadets who enrol themselves for the corps do not have any service liability and as such the possibilities of the parent or the guardians giving their consent

3/ ~~xxx~~ 15 17

to their sons or wards being enrolled in the corps, are made all the more larger. The Act, rules and regulations of the Corps will be communicated in due course, to each of the schools so that the parents and the guardians may be made to understand the position fully. They may be informed, in the first instance, that the training in the National Cadet Corps is a part of the educational training with no liability to serve in any war and the cadets would not be put to any expenditure from their pocket. The training in the corps will be as follows:

(1) Parades 4 hours a week.
(2) One outing (Route March) per month
(3) Annual camp for ten days.

The training will be so arranged as to ensure that there is minimum or no interference with the studies of the pupils.

4. In view of the position explained above, the Director feels that the schools could be persuaded to participate in the scheme.

II. SELECTION OF TEACHERS FOR TRAINING AS JUNIOR DIVISION OFFICERS, NATIONAL CADET CORPS.

The training of officers for the Junior Division of National Cadet Corps will be undertaken during the ensuing summer vacation. A Board of Selection will be constituted with the Director, an officer from the Army deputed by authorities and a non-official or official to be appointed by Governmnent to select teachers for training. The Board will meet in 4 or 5 places and interview the candidates in those areas. The preliminary selection will be made in the month of November or December 1948. The exact time, date and place will be intimated in due course.

p24 infra

2. The form of application for selection for training as Junior Division Officer, National Cadet Corps is given in the Appendix (B) to these proceedings. The District Educational Officers are requested to obtain the application forms from the teachers of the schools concerned in the form prescribed in quadruplicate keeping a separate fifth copy of the application for future reference in their offices. The District Educational Officers are informed that references to the previous applications submitted by them will not be accepted.

The following instructions should be borne in mind in selecting the teachers from the schools:

(a) Teachers must be selected from the schools in which a unit of National Cadet Corps is proposed to be raised. Where a unit is split between schools, one officer from each sub-unit is to be selected from each of the schools to which a sub-unit is allotted.

(b) The application forms should be carefully and correctly got filled up.

(c) Applications from only such of those teachers as are found to possess the qualifications given in Annexure (A) to Proceedings RC.No.1208/E.4/48 dated 17th May 1948 should be obtained and submitted to the Director. The District Educational Officers need not ask for exemptions on behalf of any candidates.

(d) Attention of the District Educational Officers is drawn to Government Memorandum No.7879/B.1/48-41, Education, dated 13th August 1948 (copy enclosed) with the Proceedings and they are requested to observe the instructions given in the concluding portion of the order in the matter of selection of teachers viz. that undesirables like communists should be excluded. Under the column "Remarks of the District Educational Officer" in the application form, particular mention must be made to the effect that the teacher whose application is recommended for selection satisfies the requirements referred to in the Government Memorandum.

(e) In addition to the number of teachers required to be trained for each schools two or three more may be selected from the school to allow for possible rejections at the selection by the Board of Selection.

(f) There is no objection to the selection of Secondary Grade Trained teachers working in the schools concerned.

The District Educational Officers are requested to inform the teachers concerned that they have no service liability if they are selected for training and that they will receive the salary and the allowance from the school and that the expenditure connected with the training will be borne by Government (vide the terms of service in Annexure (A) to Proceedings RC No.1208/E.4/48 dated 17th May 1948.)

The reports called for in paragraph 2 under Item I of these Proceedings should be submitted immediately and the applications called for in paragraph 2 under Item II above on or before 30th September 1948 without fail.

Immediate action on these proceedings should be taken to see that the particulars required are submitted to the Director in time.

(referred to on p18 ante)

SUB:- National Cadet Corps - Training of Officers for the Junior Division:

REF:- From the Director of Public Instruction, RC. No.1208/E.4/48 dated the 8th July 1948.

The Director of Public Instruction is informed that it has been decided that steps should be taken to organise the National Cadet Corps in this Province. It is necessary that the teachers who should undergo training should be selected without any further delay and the allocation of units to the several high schools should be settled immediately. The minimum allotment to be made to any high school should be a sub-unit i.e. 1 section consisting of one officer and 30 cadets and the units should not be broken up between high schools located in different towns. The Director is requested to report immediately how many high schools have so far agreed to participate in the scheme and depute teachers for training in this current year and how many battalians can be formed in this year. As the Director, National Cadet Corps had already reported that it is not possible at present for army units to take on this training in small batches, it is necessary to fix the number of teachers to be trained in this year and the number of battalions that can be formed with the teachers thus trained. The Director is informed that in the selection of teachers to officer the units, care must be taken to exclude undesirables like Communists and only men of very good character and realiability and men imbued with a sense of law and order and loyalty to the State must be chosen.

M.V.SUBRAMANIAN,
Secretary to Government.

D.O. Director of Public Instruction,

Madras, 16th October 1948.

Dear Sir,

SUB: NATIONAL CADET CORBS - JUNIOR DIVISION.

With reference to our conversation regarding the formation of National Cadet Corps, Junior Division, a copy of the Proceedings of this Office in which a tentative distribution has been made was submitted to Government in this Office R.O.C.No.1208 E4/48 dated 7--10--48 with reference to Government Memorandum No. 7879-B1/48-60, Edn., dated 4-10-48. I am, however, enclosing an additional copy for your information.

~~pp409-418~~ p15 ante

pp ~~407-408~~ 13-14 ante

In regard to your suggestion that in order to bring in as many schools as possible within the purview of this scheme each school may be allotted only a sub-unit of 30, I may be permitted to state that according to the instructions given by Col. Bewoor a unit of the Junior Division is to consist of 3 Officers and 90 Cadets, though the minimum allotment to be made to any High School could be a sub-unit, that is, one section consisting of one officer and 30 Cadets. But he has

laid

laid down that a unit should not be broken up between High Schools located in different towns. I am enclosing herewith the relevant extract from his notes. These were sent to the Secretary to Government, Education & P.H. Department also by Col. Bewoor as an enclosure to his D.O. letter dated 8th June 1948 to Mr. M. V. Subramanian. In view of these instructions it will not be possible to allot sub-units of 30 to any school which happens to be the only school in the locality. In such cases/a it should be whole unit of 90 or none at all.

p ~~127~~ 27 infra

Separate file sent to Govt.

As the District Educational Officers are submitting proposals more or less on the lines of the distribution already suggested I request you to let me know what alterations have to be made in order that I may issue modified instructions to the local officers.

Yours sincerely,

To
The Hon'ble Sri T. S. Avinashilingam Chettiar, B.A., B.L.,
Minister for Education,
Fort St. George, MADRAS.

Extract from the notes of Colonel Bewoor.

SENIOR DIVISION.

The smallest Infantry Sub-Unit to be allotted to a college should be a company but where it is not possible for a college to provide the number of cadets, the allotment should be not less than one Platoon. In any case, one Coy should not be divided in Colleges located in different town i.e. one Platoon being allotted to a college in one town and the other two Platoons of the same Coy to Colleges in another town. This is so because of difficulty of supervision by the Regular Army Officers ~~and the difficulty of supervision by the Regular Army officers~~ and the difficulty in allotting the Regular Army Personnel for the training of that Company. Specialist Corps (Artillery etc) Units must be located in one town.

|| All the Colleges who want a Unit or Sub-Unit can not be allotted one at present, but they should be assured that on expansion of the N.C.C. they will get their share.

JUNIOR DIVISION.

A Unit of the Junior Division is to consist of 3 Officers and 90 Cadets but the minimum allotment to be made to any High School should be a Sub-Unit i.e., 1 section, consisting of 1 officer and 30 Cadets. || In this case also, a Unit should not be broken up between High Schools located in different towns.

Sir,

Sub: National Cadet Corps - Junior Division - Arrangements for the storage of arms and ammunitions.

pp 13-14 ante

With reference to Government Memo No.7879-B1/48-60 Edn., dated 4-10-1948, I have the honour to state below the position in regard to the storage of arms and amunitions.

2. The Inspector General of Police has given a list (p 30 supra) of places in the Presidency where police armouries are available, but stated that accommodation is available only in 8 out of the 24 armouries for taking in the equipment of the National Cadet Corps Junior Division. A copy of his letter ~~is~~ (p 29 supra) submitted herewith. It is therefore essential and urgent that immediate arrangements should be made to build new armouries by the side of the existing armouries or extend them. The construction of armouries in any other place will I understand necessitate the employment of armed guards.

I request therefore that the Government may take up this question with the Inspector-general of Police. The arms and equipment for the Junior Division have already arrived and are kept in the Fort Armoury. Vide my letter No.1208 E4/48 dated 12-11-1948.

Separate file

As the scheme has to come into operation from the next school year the arrangements for the safe custody of arms have to be made urgently.

3. I recommend that for the present the units may be formed only in the 24 centres where police armouries are available. When the development of the scheme is considered the question of extending the Police stations or the Treasury in the Taluk centres so as to provide accommodation for the arms and ammunitions may be taken up. The Inspector-General of Police may be requested to keep this in view.

4. As soon as Government pass orders on paras 2 and3 above I shall take up the question of selection of officers who have to be trained during the summer vacation.

Yours faithfully,

K Subramania Iyer

Subject:-National Cadet Corps - Junior Division - Arrangements for the storage of arms and ammunition.

Refce.:--Your letter R.O.C.No.1208-E4/48 dated 7.10.1948.

Of the towns mentioned in column 2 of Annexure 'A' to your proceedings R.C.No.1208-E-41/48, dated 2.9.1948, there are Police Armouries only at the places specified in the Annexure to this letter. Of the Armouries detailed in the Annexure, accommodation is not available for the storage of arms, ammunition and other equipment of the National Cadet Corps, Junior Division, in the places underlined. Accommodation can temporarily be found at the Ellore Police Armoury. At Tiruchirappalli the arms and ammunition can be accommodated in the Deposit Arms Room temporarily.

2. In the places not underlined, accommodation can be found in the Police Armoury. The arms and ammunition intended for all these places except Rajahmundry may be sent to the District Superintendents of Police concerned. The arms and ammunition required for Rajahmundry may be sent to the Sergeant-Major, Armed Reserve at Rajahmundry under previous intimation to the District Superintendent of Police, East Godavari at Cocanada. The consignments for Madura may be sent to the District Superintendent of Police, Madura North.

3. The Police can hold themselves responsible only for the safe storage of arms and ammunition, and it is essential that the officers of the National Cadet Corps Units should make their own arrangements to take delivery of them from the Armoury, whenever they are required for the use of cadets and to clean and return them after use to the Armoury.

4. In places, where no accommodation is available in the Police Armouries, or where there are no Police Armouries, some other arrangements may be made for the storage of arms and ammunition.

other institutions having regard to the maximum strength of 4000 cadets fixed for Junior Division in G.O. No. 2692 Edn. dated 22-10-48 and the necessity to distribute this number to schools in all districts. The I.G. of Police has reported that at Tiruchirapalli the arms & ammunition can be accommodated in the Deposit Arms Room temporarily. This may also be included in the Centres in which units of the Junior Divn. of the NCC are to be raised in the next year. It is desirable that at the outset, the units are raised in important towns where there are a number of high schools and if possible Madras should also be included in the centres in which units should be raised in the next year. The DPI is requested to ascertain from the Officer Commanding 3rd Madras Engineer Centre, whether it will be possible to keep the arms & ammunition of the units of the schools in the Madras city also in the armoury in the Engineering College or ascertain whether it will be possible to keep them temporarily in the Fort Armoury until an armoury is built for the Schools in the Madras City. He is requested to treat the matter as specially urgent as the Director NCC has reported that intimation will be sent by the middle of December in regard to the addl units to be raised in the next year.

7. If the allotment of units is accepted, it is requested that immediate action should be taken by you to allot these units to colleges and schools. Please see paras 17 and 18 of the pamphlet "Object and Organisation of the National Cadet Corps" for principles to be observed in allotting units. Engineer and Medical units MUST be allotted to Engineering and Medical Colleges, while EME units MUST be allotted to such Colleges, where Electrical and Mechanical Engineering is taught. (5 copies of the pamphlet are attached for States/States Unions newly raising units).

8. The Colleges and Schools allotted units should then be asked to nominate members of their teaching staffs for selection as officers of the units. Points to be observed in nominating these persons are shown in paras 14 and 15 of the pamphlet "Object and Organisation of the National Cadet Corps". The nominees should then appear before a Civil Army Selection Board, which shall consist of the Vice-~~Chan~~ Chancellor or D.P.I. (Chairman), a Regular Army Officer to be nominated by the Commander of the Sub-Area or States Forces and non-official, to be nominated by the Provincial/State Government. Provinces and States who raised units in 1948 and have NOT got the complete quota of Officers for these units, should select those officers at the same time.

SIR,

Sub: NATIONAL CADET CORPS - Junior Division.

--

pp 31-32 ante

With reference to Govt. Memo. No. 86281-B1/48-1 Education dated 26/11/1948 I have the honour to submit herewith a statement showing the places where the units of Junior Division of the National Cadet Corps can be raised and the names of schools which have agreed to raised the units.

p42 infra

2 I have included the schools in the city of Madras in the hope that it will be possible to provide for the armoury as early as possible before the beginning of the next school year.

3 The total number of units comes to 30 of which 13 are to be raised in the city. The details in respect of Indians schools are not complete. It is likely that one more unit for the Anglo Indian Schools or clubbing Anglo Indian Schools with the general schools can be formed in each of the centres at Madras Tiruchy and Coimbatore.

If the above is approved by Government it is necessary to take steps to select the officers required for the units. The number of officers required is 90 for the thirty units proposed i.e. three for each unit. Allowing for the three additional units a hundred officers may be selected.

Applications from the teachers have been received and are kept in this office. A selection Board has to be formed and it may meet in three or four centres to interview the candidates and make the selection.

2. The Govt. Memo. No. 79588-B1/48-49 Education dated 4/12/1948 deals with the question of constructing an armoury for the Senior Division and the Junior Division of the National Cadet Corps. The military authorities are not agreeable to the storage of the arms in the Fort Armoury. The Officer Commanding Engineering Platoon, Engineering College, Guindy has stated that the small armoury at his disposal can take in as a temporary measure only 50 rifles and 3000 rounds of ammunition.

Separate file

As regards the construction of a single armoury to serve the needs of all the units I consulted the Commandant of the 1st Battalion, National Cadet Corps and the Officer Commanding 3rd Engineering Platoon. Both are of the opinion that it is not advisable to have a central armoury and that from the ~~front~~ point of view of training armouries in different colleges are mere adviaable than to have a central Armoury.

PTO

39

=2=

The Commandant, 1st Batalion, National Cadet Corps has sent to Government already a copy of his remarks on the question. I submit herewith a copy of the letter received from the officer Commanding, Engineering Platoon. There is already an Armoury in the Engineering College and the Engineering Platoon may be allowed to have that Armoury and the Police Guards may be provided. As guindy is far from the city, the Engineering Platoon may be treated as distainct and separate for purposes of providing an armoury.

yes 40-41 infm

The question of constructing an armoury for the 1st Battalion, National Cadet Corps and for the Junior Division in Madras may be taken up.

It has to be decided whether each college should be allowed to have its own armoury or whether there should be a single armoury. If it is decided that there should be a single armoury the question arised whether it should be built ~~m~~ by the side of a Police armoury or in the premises of a Government College, the Presidency College or the Muslim College. There are only four colleges in the city which constitute the 1st Battalion of the National Cadet Corps, Senior Division. The Pachaiyappa's College, Loyola College, Presidency College and the Govt. Muslim College.

3. Pending a decision on the above question ~~of~~ and the ~~ema~~ construction of an armoury I consider that the Director of the National Cadet Corps at Delhi( ) may be requested to persuade the military authorities to keep all the arms and ammunition of the National Cadet Corps Battalions (Senior Division) the units of the Junior Division in the Fort Armoury.

4. I request the favour of early orders on the ~~atme~~ above proposals:

I have to state in this connection that the further explanation of the Junior Division of the National Cadet Corps in the muffosal centres will depend entirely upon the provision of armouries in places where there are no police armouries and the extention of armouries in the places where there are police armouries.

expansion

vide p30 ante

The matter may be examined even ~~more~~ now in consultation with the Inspector General of Police so that arrangements for the formation of additional units may be ready in 1950-51.

Yours faithfully,

for Director of Public Instruction.

----

With reference to paragraph 1 of Government Memorandum quoted above I have the honour to state that as per the decision arrived at at the conference held in the Secretariat on 23-8-1948 with Col.Bewoor and the Hon'ble Minister for Education and others (Vide note on the points discussed forwarded with Government Memorandum No.7879-B1/48-50 Edn. dated 2-9-1948) a Board of Selection should be constituted with the Director of Public Instruction, an Army Officer detailed by Area Head quarters Madras and the Commandants of the existing Units of the Senior Division. I request that Government may pass orders constituting the Board of Selection. A non-official also may be considered for appointment on the Board. Separate file (G.Mo 86281 B1/48)

2. The managements of the schools to which the units of National Cadet Corps have been allotted in my letters Roc. No.1208-E4/48 dated 15-12-1948 and 16-1-1949 have been notified of the allotment and they have been requested to inform the teachers of the schools who applied for selection for undergoing the training that they should be prepared to come up for interview when summoned at places to be intimated to them. I may inform Government that expenditure on T.A. and D.A. for the teachers for the journeys they perform to and fro the places of interview will have to be met from Provincial funds. Similarly in the case of journeys which the Board of Selection may make in connection with the selection of teachers, the members have to be paid Travelling and Daily allowances from the Provincial Funds. page 62 and page 51 ante

3 Regarding the point raised in paragraph 2 of the Government Memorandum quoted above I may state as follows: p 55 ante

I addressed Messrs. Godrej and Boyce Manufacturing Co., Ltd., and Ajax Products Ltd., requesting them to let me know whether they would be in a position to manufacture the steel boxes of the type design specified for storing rifles etc. intended for Units of N.C.C. and also called for quotations from them. They inspected the specimen in the Armoury. Messrs. Godrej and Boyce Co., have since replied stating that

that they are unable to undertake the manufacture of the steel boxes. A reply from Ajax Co., Ltd., is due and they have been reminded. I have also requested the Principal, College of Engineering, Guindy to report whether strong wooden boxes of the type used in Military Department could not be used for storing rifles etc. and if so to state whether they can be manufactured in the College workshop. An estimate of cost in this respect had also been called for. I shall submit a further report in this regard in due course.

I have the honour to request that the following proposals may be approved.

1) The selection of teachers for training may be made at Madras only in view of the urgency of the matter. The selection has to be finished before the end of this month and if the Committee is to tour to different places it will take much time.

2) The Joint Director of Public Instruction will represent the Director on the selection committee whenever the Director is not available.

3) The selection may commence from the 28th April and continue up to 2nd May or a day or two longer if necessary.

4) Instead of the Commandants of the three units of the Senior Division it is suggested that one of the three Commanding Officers viz. Major Joshi who is in Madras be appointed for the purpose.

The Board will then consist of

1) Director of Public Instruction or the Joint Director of Public Instruction.

2) Major Joshi, Officer Commanding, I Madras Battalion N.C.C.

3) Prof. M. Ruthnasamy.

and 4) An Army Officer to be nominated by the Madras Sub-area.

I request Government's approval may please be conveyed to me as soon as possible. Teachers concerned are being intimated to hold themselves in readiness to appear for interview.

Sir,

Sub: NATIONAL CADET CORPS - Junior Division - Selection of officers for training - report regarding the - submitting for orders.

Ref: Government Memorandum No.86281-B1/48-15 Edn., dated 19-4-49. (contained in a file sent to ...) pp 72-73 ante

JOINT SECRETARY TO GOVERNMENT, EDUCATION AND PUBLIC HEALTH DEPARTMENT 2 - MAY 1949

The selection Board constituted by Government for the selection of teachers for training concluded their work on the 30th April after three days sittings.

The total number of candidates selected by the Board is 46 as shown in the Annexure to this letter. pages 4-5 infra The opinion of the Board is that out of the 46 selected many were accepted by them solely with a view to making the formation of the Corps possible and not on their merits. Of those 46, 23 are graduate teachers the rest are Physical Training Instructors and Secondary grade assistants, and Pandits ~~and Drawing masters~~.

This first experience of selecting for the National Cadet Corps (Junior) had made it abundantly clear that Secondary Grade teachers, Physical Training Instructors, Drawing masters and Pandits have been put up by many schools as candidates for selection and that Graduate teachers have not come forward to take up the work to the extent that was expected.

The reasons for the poor response appear to be (1) the operation of the revised age rules which require that candidates should not be below 23 and not be above 35 years of age on the date of selection (while originally candidates upto 38 years of age were acceptable). (2) Unwillingness of the managements to spare senior men and graduate teachers in key position (3) the unwillingness of senior teachers to undertake the work and (4) cessation of service of some teachers recommended.

rule 16(b)(ii) on p 11 of the pamphlet

Not correct

2. The working of the scheme will be prejudically

affected if it is to be run by the type of men now selected by the Board, a good number of whom are Physical Training Instructors, Pandits, Secondary grade teachers and Drawing masters (viz., 6 Intermediates; 8 S.S.L.C. ~~and a number of those~~ with one or two who have not completed or undertaken a Secondary School Course and 9 Physical Training Instructors). They cannot be leaders in any sense as they ~~neither~~ do not have a good general education ~~nor~~ and an important position in the school.

The number of Cadets that can be trained with the 46 men now selected will be 46 x 30 = 1380. The number of units will be 15 1/3 against the estimated number of 35 2/3 units proposed in this office letters R.O.C. No.1208 E4/48 dated 15-12-1948 and 16-1-1949 and approved by the Government of India - vide Government Endorsement No.86281-B1/48-10 dated 8-3-1949. The units that can now be raised with reference to the number of men selected will be distributed among 31 schools throughout the Province as shown in the Annexure. Of the schools in the Annexure only two schools will have a complete unit each and 8 schools will have two sub-units each and the rest only one sub-unit each with 30 cadets.

Papers in another file sent to Fin. copy M

P. 4-5 infra

3. This somewhat depressing position raises the general question whether it is worthwhile to go on with the scheme this year and whether it is any use spending money on the training of such a smaller number many of whom cannot be considered suitable for training. Many of these 46 were placed in Grade B.7 by the selection Board which is the lowest grading possible. It is not, besides, likely that all of them would last through their training and be approved for Commissions at the end of the training.

4. Taking into account all these circumstances, it appears desirable to acquaint the Directorate, National Cadet Corps with the general position as it is and to prepare the ground for the formation of a Corps for the next school year i.e. June 1950 with a better type of man who would justify his selection and be a real leader in his school.

5. It may be necessary to consider also whether the age limits may be fixed at 40 so that more senior men in the schools may be able to participate in the scheme.

6. If those candidates who are already selected are to be sent up for training, a confidential report has to be obtained from the Police in respect of each and their ages have to be verified by the Headmasters.

The purely temporary teachers in schools have also to be eliminated.

Notwithstanding what has been said in the preceding paragraphs, if Government desire that the scheme should be implemented with the men now selected, immediate orders are solicited so that steps may be taken to send them up for training.

Yours faithfully,

for Director of Public Instruction.

National Cadet Corps - Junior Division - Selection of officers for training - Raising of age limit - Fresh selection by a joint Civilian Army Selection Board

Special.

From the DPI. R.O.C. 1208 E.4/48 d 2.5.49

Memo No. 86281 - B1/48 - 18 Edn D 4/5/49.

Dictated 4/5/49

Desp'd [illegible] /5

The DPI is informed that the Director National Cadet Corps has agreed to the upper age limit for appointment of officers to the Junior Division of the National Cadet Corps being raised from 35 to 40 and that he may arrange for a fresh selection of officers being made for undergoing training as ~~soon~~ expeditiously as possible. The Headmasters of Schools to which units have been allotted should be specially instructed to put up the right type of candidates for selection as officer trainees who could lead the

~~of [illegible]~~

troop and who could satisfy the physical standards prescribed for appointment as officers. In the case of officers above the age of 35 selected for appointment as an officer of a unit of the Junior Division of the NCC, a note should be made in the form of application that the waiver of the age-limit has been authorised by the Director NCC.

NATIONAL CADET CORPS - Junior Division - Training of Officers - Further Selection on revised age rule.

The Correspondents of the Schools to which the units of the National Cadet Corps Junior Division have been allotted, are informed that the intention is that the Officer of the National Cadet Corps should be a person (a) who has received a sound education (b) who is capable of leadership (c) who holds an important position in the school (d) who is a permanent member of the staff and (e) who readily commands influence with the staff and pupils.

To secure persons of this type as officers of the National Cadet Corps the importance of which cannot be over stressed, Government have relaxed the upper age limit upto the age of 40 years on the date of selection so as to make it possible for Headmasters and senior-most teachers fulfilling the above qualifications to participate in the scheme.

It is therefore of the utmost importance that Correspondents and Headmasters should revise their recommendations in the light of these instructions and submit the names of those considered suitable.

In view of the urgency of the matter the reply to this letter must be despatched by the Correspondent or the Headmaster by return of post direct to this office. It is only then it may be possible to hold a fresh selection for securing a better type of officer.

The question how many of those already selected will be included in the final list is under consideration and final orders will be communicated to the Correspondents and Headmasters immediately the further selection of officers is concluded.

In view of the extreme importance of these Proceedings the Correspondents and Headmasters should give the highest priority and despatch their replies at-once.

Subject:- NATIONAL CADET CORPS - RAISING OF JUNIOR DIVISION UNITS.

37584

Sir,

I am directed to refer to this Directorate letter No. 0179/48/NCC dated 8 December 1948 under which the allotment of Senior and Junior Division units of the National Cadet Corps was made to your Government.

2. The number of Senior Division units being raised by you has been notified to us but NO information has been sent regarding the number of Junior Division units being raised. The number of units which can be raised by you depends entirely upon the number of Schoolteachers you ~~have~~ send for training. Since, in all cases, you have despatched, or will very soon be despatching, selected schoolteachers for training as officers for the Junior Division units you propose to raise, you can now state the exact number of units you will raise after the summer vacations this year. Each sub-unit of 30 cadets requires 1 officer. I am to request that you will immediately inform me of the number of units you will raise. This information must reach me by 1 June 1949.

3. This information is required for the publication of the Gazette Notification constituting the units, without which arms, equipment and clothing can not be despatched to you. The allotment of units for the next year has to be done by July this year and until we know how many units you have raised, this allotment is NOT possible.

4. The information, asked for in para 2, is of importance and it is essential that it be sent to me by due date. I, therefore, request that you may give this your personal attention.

Yours faithfully,

Sub:- National Cadet Corps - Junior Division - Selection of teachers for Officer's training.

Ref:- Govt. Memo No.86281-B1/48-18, Edn., dated 4-5-1949.

pp 87-88 ante

The Joint Civilian Army Selection Board concluded its second sitting on 17-5-1949 and selected a further batch of candidates for training.

2. The best among the teachers available from each school have been selected with reference to the gradation awarded to each candidate by the Board.

3. The names of teachers who have been selected from each school and the number of units or sub-units that could be raised in the school with reference to the number of teachers selected for training are shown in the Annexure to this letter. The Correspondent, Doveton Corrie Boys High School, Vepery, Madras requested that his school may be allotted one or two sub-units and sent up for the interview by the Board 2 candidates. Both the candidates have been selected on the recommendation of the Board. The school is therefore included with allotment of 2 sub-units. This may be approved. The allotment of units to schools approved by Government of India - vide Government Endorsement No. 86281-B1/48-10, Edn., dated 8-3-1949 - has in the main been followed except where the required number of teachers was not forthcoming. p 85 ante

4. Seventy four teachers in all have been selected and have been asked to report to the Madras Regimental Training Centre, Wellington on the morning of 23rd May 1949. The H.Q. Madras Area have agreed to the date and issued orders accordingly.

5. Each candidate has been paid an advance of Rs.150/-. Advances to teachers in the Moffusil have been sent by M.O. through the Headmasters of the schools concerned. Teachers in Madras City have been asked to receive payment from this Office.

6. Since the period of training is two months, these teachers will return to their schools after training at the end of July 1949. The managements of the schools may have to appoint substitutes in their places when the schools re-open after Summer vacation in June 1949. In such cases it is necessary to compensate the managements by assessing grants both on behalf of the teacher under training and the substitute appointed in his place. This principle may be agreed to.

7. Government of India may be moved to appoint the Liaison Officer immediately.

Yours faithfully,

For Director of Public Instruction.

para 4 on p105 cf

I am directed to state that seventy four teachers in all have been selected and they have been asked to report to the Madras Regimental Training Centre, Wellington, on the morning of 23rd May 1949. The Head Quarters Madras Area have agreed to the date & issued orders accordingly. With the teachers selected, it would be possible to raise 24 units + 2 sub-units for the Junior Division in the current year. A revised location statement showing the schools from which teachers have been selected to undergo training and the number of units + sub-units that could be raised in each school with reference to the selection of teachers is forwarded. I am to request that 24 units + 2 sub-units may be allotted to this Province for the current year. I am also directed to request that the Liaison Officer may be appointed as soon as possible so that the necessary preliminary arrangements may be made for the raising of units as soon as the high schools reopen in June 1949

R e f: My letter ROC.No.1208 E.4/48 dated 20-5-49.

p109 ante

With reference to the recommendation made in para 6 of my letter quoted above and as the schools will reopen shortly I have informed the managements of the schools from which teachers have been sent up for training that grant will be assessed both on behalf of the teachers under training and the substitutes appointed in their places subject to the approval of Government. I request that my action may be approved.

2. With reference to the query in Government Memorandum No.29416-B.1/49-1 Education dated 22-4-1949 I have to state that (a) the period of training and of the attendance at the annual camp of teachers both Senior & Junior Divisions should be treated as duty irrespective of whether the training is held during the vacation or whether a substitute is appointed.

I have the honour to report that out of 74 candidates selected for training, only 65 had joined the centre and are undergoing training. 8 teachers did not join the training for reasons of health and other domestic difficulties and one teacher got himself released after joining the centre.

The allotment of units will have to be reduced in respect of the following schools as shown against each.

1.	V. T. High School Rajahmundry.	From 2 Sub-units to 1 Subunit.
2.	Noble High School Masulipatam.	From 1 unit to 2 sub-units.
3.	St. Paul's High School, Vepery Madras.	From 2 Sub-units to Nil.

Sir,

R.C.No.1056.W4/49 dated 8-11-1949.

ASST. SECRETARY TO GOVERNMENT
10 NOV 1949
EDUCATION AND PUBLIC HEALTH DEPT.

Sub: National Cadet Corps - Junior Division - Joining duty of officers after training.
Ref: Correspondence ending with my letter No.Rc.1208-E/48 dated 18-6-49.

Of the 65 officers referred to in the letter cited above 64 officers joined their respective schools after their training at Wellington as per statement attached. One officer Mr. George Flynn who was deputed from the Doveton Corrie Boys School, Vepery did not join duty ~~after~~ in that school after training. The Correspondent of the school has been asked to state why the officer left the school and why the expenditure incurred in connection with his training for the N.C.c. should not be recovered from him (the trainee) and his reply is awaited. A further report will be submitted to Government in due course.

Yours faithfully,

for Director of Public Instruction.

With reference to the letter of the D.P.I. dated 16th October, I think we may generally go by the rules laid down by the Cadet Corps committee. If a place is a few miles away, that need not debar it from raising more units of 30. For purpose of administration, they can be counted as belonging to the town. After all in certain taluks in Madras, Madura and Coimbatore there are schools with 5 or 6 miles in between. Only mofussil towns very far away and which do not have enough schools and strength to have these bigger units of 90 may come in as suggested by the D.P.I.

19 OCT 1948

I think I have already sent a note that the list of schools selected for training may be put up for Govt. for approval and that list of schools may be submitted.

Please see the minutes of HM (Edn) above. The list received from the DPI showing the allotment of units of Junior Division of the National Cadet Corps to various schools is on pages ~~413-415~~ 19-21 cf. It is only a tentative list and the Dir. has promised to send the final list in the pro-forma prescribed as soon as the final replies are received from the Inspecting Officers.

p ~~409~~ 15 cf

2. HM (Edn) suggests that in districts like Madras, Madura and Coimbatore where there are schools within a distance of five or six miles, the distance need not debar the schools from raising a sub-unit of 30 cadets and one

P.T.O.

Officer. In this case, the other two sub-units of the unit should be allotted to two other schools. But according to the instructions of the Director, National Cadet Corps, a unit should not be broken up between schools located in different towns. The Dir, NCC insists on this in view of the difficulty involved in the supervision of the ~~sub~~ units by the Regular Army Officers and in allotting the Regular Army Personnel for the training of the units. ~~Before issuing~~

p 27 cf

A copy of the minutes of HM (Edn) has already been sent to the DPI and he will no doubt take into consideration the suggestion of HM (Edn) when submitting his final proposals in regard to the raising of units of the Junior Dn to the reduced strength of 4000 Cadets. No action seems called for now. HM (Edn) may see

Please see the letter from the Director of Public Instruction on pages ~~425-427~~ 28-30 c.f. in regard to the arrangements to be made for the storage of arms and ammunition required for the Junior Division of the National Cadet Corps.

2. The total number of cadets allotted by the Director, National Cadet Corps, for the Junior Division for this Province is 6000; but this Government have decided that the number should be restricted to 4000. One unit of 90 cadets consists of 3 sub-units of 30 cadets each. Out of these 4000 cadets it will be possible to form 44 units. The units will

have to be organised only in places where there are police armouries or armouries can be built by their side, as it is necessary to have the arms and ammunition at the places where the units are ~~started~~ raised. The Director reports that there are police armouries only in 24 places (vide the list on page ~~207~~ 30 c.f.) and that accommodation for storing the equipment of the Junior Division is available only in eight of them. The Junior Division of the NCCS is to be ~~started~~ raised
if it is possible to provide the training to the teachers during the summer vacation
from the next school year, and it essential that necessary arrangements should be made to build new armouries by the side of the police armouries. ~~The Director therefore~~ so that the formation of the Junior Division need not be delayed on this account. The Director requests that this question may be taken up with the I.G. of Police. 3 As it is reported that accommodation ~~can be found~~ is available in the police armouries at 8 mufassal stations, the units of the Junior Dn can be raised in the high schools at those stations in the next year. In addition, Madras city may be included if accommodation can be found in the Fort Armoury for keeping the arms & ammunition of the Junior Dn units to be raised in high schools in the Madras city. There is an armoury in the Engineering College Guindy where it is proposed to keep the arms & ammunition of the Engineer unit. The DPI may be asked to ~~inspect this armoury & ascertain~~ whether it will be possible to keep the arms & ammunition of the Junior Dn units to be raised in Madras in this armoury as in any case arrangements will have to be made to provide police guards to this armoury – this question is already in correspondence with the I G of Police. As there are

a number of high schools in the Madras, it would seem desirable to select Madras as one of the Centres in which units of the Junior Division of the NCC should be raised at the first stage – Tiruchirapalli may also be included as the I.G. of Police has reported that arms and ammunition can be accommodated in the Deposit Arms Room temporarily – Vide para 1 on p 29 cf – The DPI may be asked to report whether the written consent of the managements of the schools in these stations ~~have~~ has been obtained to the raising of units allotted to those schools and if so to specify the number of cadets that will be allotted finally to those schools.

A draft memo to the DPI is submitted below for approval. After issue the file may be sent to Home for perusal and remarks, if any.

In the choice of high schools, some representation will also have to be given to the Anglo-Indian schools. In fact, they made a representation earlier which I had sent

to the office and to which I replied that it willbe considered when the schools are chosen. I think more representation may be given to the districts. Of course, they have to be confined to places where there are armouries. The additional strength that we are giving may be distributed mainly to the moffussil stations. I may suggest the Stanes European and Anglo-Indian High School at Coimbatore and the Sri Ramakrishna Vidyalaya High School at Perianaickenpalayam. Though one of them is ~~away from~~ outside Coimbatore municipal limits, for purposes of this training, they can go to Coimbatore. If there is an Anglo Indian School inMadras, perhaps, that may also be included.

Please see the minutes of HM (Edn) above. If the names of the three schools are to be included in the list already furnished by the DPI it is necessary to allot one unit for each school. para 3 on p38cf & pages 51 52cf

2. According to the allotment already suggested by the DPI and now proposed the total number of units comes to 35 + two sub-units. The DPI states that if it is the intention of Govt to form 44 units, he will submit a further list immediately and in that case, it will be necessary to drop some schools in Madras city to give adequate representation to schools in the mufassal. para 2 on p51cf The question as to whether in lieu of an armoury, an iron safe large enough to keep the arms and ammunition of a unit can be purchased & kept in a strong room in each school has not yet been decided and even if such an arrangement is approved, it is doubtful whether the required number of safes can be supplied in time to schools to which it is proposed to allot units. It is therefore for consideration whether the DPI should be asked to submit a further list so as to make up the number of units of the junior division to be raised in 1949-50 to 44 and to revise his proposals in regard to allotment of units to schools in the Madras city so as to provide for allotment to more schools in the mufassal. Mr. M. Ruthnaswamy, Retired Vice Chancellor of the Annamalai University has been nominated by Govt. to serve on the Jt. Civilian Army Selection Board for the selection of officer trainees for the units of the Junior Dn., NCC, to be raised in 1949-50 in certain secondary schools. According to Memo no 86281-B1/48-12 Edn d. 9.4.49, the member is eligible for the travelling allowance admissible to the members of 1st class Committees. The DPI now reports that the member under reference is residing in the City itself and enquires whether he may be paid a daily allowance of Rs 7-8-0 for the days of the attendance at the meetings of the Board, as he is not eligible for any travelling allowance. The member may be allowed a daily allowance of Rs 7-8-0 per day & the Director may be informed accordingly.

National Cadet Corps - Junior Division - Units to be raised in 1949 - Selection of officers for training

cf from the DPI Roc. No 1208 - E4/48 d 2.5.1949

It was decided in Cabinet that a Junior Division+ of the National Cadet Corps should be raised in this Province with a strength not exceeding 4000 cadets. As against this strength, the DPI previously reported that it would be possible to raise only 35 troops + 2 sub-units with a strength of 3210 cadets. The location statement submitted by the Director was forwarded to the Director N.C.C and he agreed to the allotment. According to this scheme 107 officers (from among those employed in the schools concerned) have to be trained in the Regimental Centre, Wellington. The training which was to commence in the first week of May has been postponed to 10th May.

+ High School students between the ages of 13 and 17.

2. The DPI now reports that only 46 officers have been selected by the Joint Civilian Army Selection Board and if all of them undergo the training it will be possible to enrol 1380 cadets. This will be distributed among 10 centres as shown below.

It may not be worthwhile to provide for training in towns in which it is not possible to raise at least one troop - consisting of 3 officers + 90 cadets - Vizagapatam, Rajahmundry, Chittoor & Cuddalore will have to be left out for the time being. If this is done the number of units of the Junior Division that can be raised in the current year will be further reduced to ~~11~~ 13 troops ~~+ [illegible]~~ with 1170 cadets.

3. The DPI has ~~[illegible]~~ brought to the notice of Govt that schools have not put up the right type of candidates for selection as officer trainees. Attention is solicited to the qualifications laid down for appointment as officers in rule 16 of the N.C.C. rules. It will be observed that the only condition laid down therein is that he should be a member of the teaching staff. The rule does not preclude secondary grade teachers. Physical Training Instructors, Drawing Masters & Pandits serving as officers in charge of units) the only higher grade of teachers in Secondary Schools is LT. B.T. or BEd. Assistants who will be graduates. Unfortunately there is a great dearth of such assistants for appointment in high schools and some of the sanctioned posts are held by untrained graduates & by secondary grade teachers. It is very doubtful whether teachers in the L.T. or B.T or BEd grade will offer themselves for this training by postponing the raising of the units to 1950. nor will schools send them up for training) In regard to the difficulty in the age limit prescribed for selection it is subd. that it is only in respect of the Senior Division that the maximum age limit has been prescribed as 38. If the age limit of 35 prescribed for the Junior Division is to be raised to 38 to enable senior men to be recruited, the Director N.C.C should be addressed & and he may alter the rule only if other provinces have raised the difficulty.

4. In para 6 of his letter, the DPI has pointed out that in the case of selected candidates, it is necessary to verify the antecedents before deputing for training. This will take some more time and the selected candidates may not be able to join the training centre in time if this formality has to be undergone now

79 c/
~~p 30 c/~~

5. In view of the reasons advanced by the DPI against the raising of units of the Junior Division in the current year, it is for consideration whether the raising of units may be deferred to the next year. Perhaps the Director N.C.C. may be consulted before further steps are taken to send the selected officers for training

The Cabinet agreed to raise 6,000 cadets including 4,000 in the junior division during the current year. The Joint Director of Public Instruction reports that the selection of officers for the junior division has been disappointing, only 46 being suitable against the requirement of 107.

I have discussed the position with the Joint Director. He considers that if the upper age limit which is now $\overset{35}{23}$ is raised to 38 or 40, the required number of officers will be available. I have booked a trunk call to the Director, N.C.C., Delhi in respect of raising the age limit. In the meanwhile H.M. may agree that if the Director agrees to the age limit being raised a fresh selection of officers may be made to be trained as soon as possible even beyond the vacations as may be necessary. In the event of the Director not agreeing to raise the age limit, we may train those already selected who will be able to raise about 1,300 cadets only as against the number of 4,000 originally contemplated.

The case has been remitted to Finance for remarks as to whether the teachers of High schools coming within 5 miles of the City limit may be allowed a sum of Rs 2/- towards conveyance and other charges incurred by them in connection with their attendance at the interview by the Board for the selection of officers for National Cadet Corps training. Under the rules no daily allowance is admissible to a Govt. servant who does not reach a point outside a radius of 5 miles from his headquarters or returns to his headquarters from a similar point - cf. M.T.A. Rule 36. As the Headmasters and teachers who have appeared before the Board at the Fort are non-Govt. servants, it seems reasonable that they are allowed some reasonable amount to defray their incidental expenses, such as bus fare and tiffin charges. As the Fort is on the bus route from any distance, it will seem sufficient, if the teachers are allowed a maximum of Re.1/- towards their expenses for appearing before the Board instead of Rs 2/- claimed by them.
