...No.61 D3 /49 dated 14-4-49.

Sub: Holy Name Secondary School.

24 MAY 1949

I am directed by His Excellency the Rt.Rev. Bishop of Mylapore, ...nt of the "Mylapore Diocese Educational Society" to acknowled... ...Communication quoted above (addressed by mistake to ... ...ddress), and to reply to the same.

In our letter of the 28-2-49 it was made clear that our Society could not proceed in setting up the new "Holy Name" School owing to the difficulties put on our way by the Government and by your Department, viz.the new exigency of an endowment, the threat of the Requisition Bill, and hostility from your Department.

In your Gomma... nication quoted above you do not say anything on the other points, but you insist on the same exigency of "endowment" for the "Holy Nam... School"; the extension of time for the creation of the same d... not change its nature, and since the Government insists ... its hostile policy, we are unable to proceed in establishing that School.

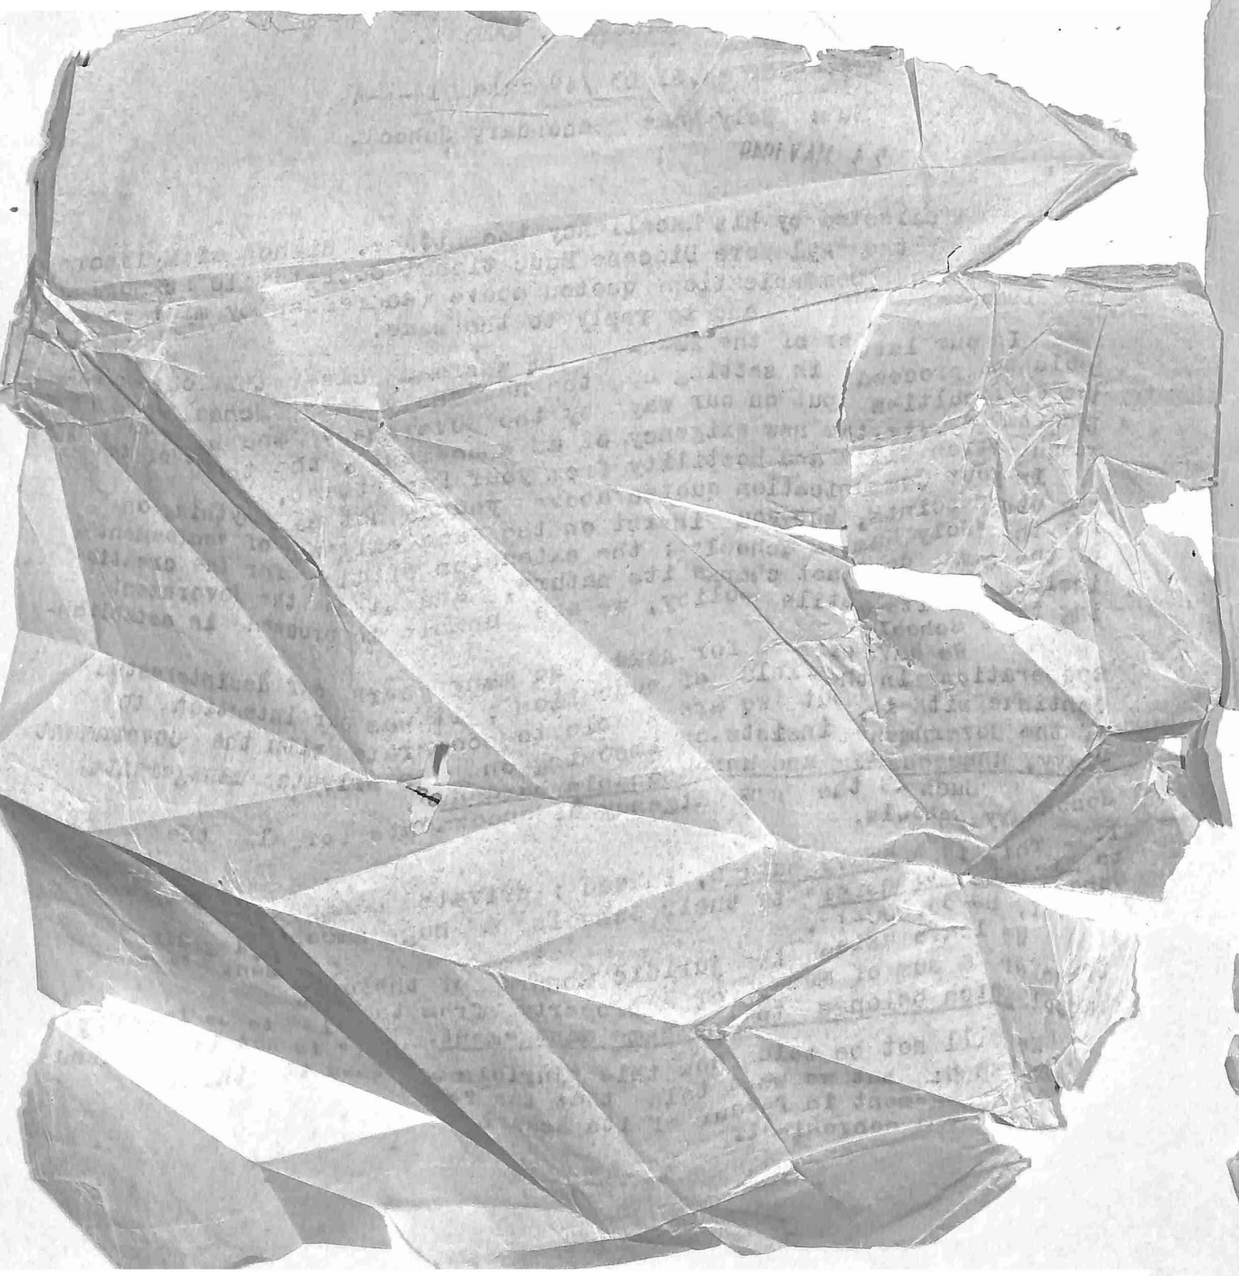

We have offered for same so many years our desinterested cooperation in the field of education; it was our intention to continue with it, but we are unable to cooperate with the Government if the Government insists on imposing on private managements heavy, unnecessary and unreasonable burdens.

Such is the new exigency of endowments for all the Secondary Schools.

I. - This is a heavy burden, indeed: private managements are ordered to "legally ... transfer" to their Schools a huge amount (for a High School, Rs.35.000-).

We leave aside the juridic absurd of the order to legally transfer a sum of money or a property from the management to a School which belongs to the same management.

We will not be told how this "juridic absurd" is to be legally accomplished; but we were told that the "endowment" is not to be used by management in favour of its School if and when it thinks necessary and convenient.

To

The Hon'ble The Minister For Education,
Govt., Of Madras.

CORPORATION OF MADRAS. 17 DEC. 1949 EDUCATION DEPARTMENT
29-12-948.

Respected Sir,

We the Harijan residents of Thousand Lights, Mckay Gardens Mohammedan Gardens, Vanniyar Teynampet, Vellala Teynampet, Nungambakkam and elsewhere in Madras beg to approach you with the request to afford us proper and adequate facilites for the higher education of our children.

For a long time past, the education of our children was in a neglected condition and they were left uncared for. Seeing the condition and needs of the locality the Catholic Missionaries at last satisfied our desire for High School Education by opening a Secondary School. In this connection it may be pointed out that our boys were unable to get themselves admitted in other High Schools that are situated far away from our area. Luckily the opening of the Holy Name Secondary School came as a relief at the right moment. It is centrally situated to all our quarters. The school is now working with the Fourth Form as the highest. We were eagerly looking forward that a V Form would be opened in June 1949 and the school developed into a complete Secondary School by the year 1950. At the time of the opening of this High School the local missionaries gave a specific promise that they would develop it into a complete High School.

We recently came to understand that the Mission authorities are contemplating to close the school for good. We then had it confirmed at the hands of the Correspondent of the school. The reasons that prompted the mission authorities to resort to such a procedure are not known to us. The spacious premises and grounds now occupied by the Holy Name High School were occupied by the Military Authorities until July 1947. The Military vacated the premises, because the Mission authorities wanted the same for their educational activities, particularly for educating the Harijan pupils residing in the locality. In face of this the missionaries have now decided to

to close the school. This is a most retrograde and undesirable measure.

In spite of Mahatmaji's solicitude for Harijan uplift for the past 25 years it is a well known fact that Harijans have not taken to higher education in larger numbers and have not made any appreciable progress. The chief reson for this among other things, is lack of adequate educational facilities. Unless High School are established specially for the benifit of Harijan classes in larger numbers, there does not seem to be any immediate prospect of the Harijan being uplifted.

In conclusion we may be allowed to point out that the proposed closure of this High School by the Mission Authorities is a highly deplorable measure and is against the avowed promise to the parents that they would make it a full fledged High School. If however the missionaries are allowed to close the institution in the face of their professions, we request that the Govt., may be pleased to take over the management of the Missionaries and also start an Industrial Section in the same premises as it is very extensive or make some other arrangement.

In conclusion we desire to submit the following:

1. The neighbouring High Schools are already overcrowed. So these poor boys cannot get admission in these schools.

2. There may be about 200 boys in the Holy Name School most of whom are Harijans or of Backward Community. There are two Higher Elementary Schools in the locality where also such community boys read. After passing the VIII Std. this year they along with the present boys of the Holy Name School will be left without education. So a High School near the elementary schools will be of considerable assistance in furthering the progress of the children in this regard.

We request in the end that five of us may kindly be allowed to wait on a deputation and meet your Respected Self to

to explain this petition in detail.

We remain,
Respected sir,
Yours faithfully,

MADRAS LEGISLATIVE ASSEMBLY · SPEAKER ·
EDUCATION DEPARTMENT
JAN 1949

Fort St.George,
7-1-1949

Dear Mr.Avanashilingam Chettiar,

I herewith enclose a letter from the residents of Thousand Lights, which speaks for itself.The Bishop of the Holy Name Secondary School, it appears, wants to close down the school. A number of Harijan students are studying in the school. If the school is closed down, the education of the Harijan students will be spoiled. I shall be much obliged if you will kindly ask the Government to run the school or induce some private person to run the school.

Yours sincerely,

(J.Sivashunmugam Pillai)

E.D.C. No. A.1.118 of 1949, Dated 14-2-49 Through the Mayor of Madras.

Enclosures: 3. No.

Sir,

Subject:— Education - Corporation of Madras - Secondary Education Holy Name Secondary School, Thousand Lights - Proposal to close down shortly - Management to be taken over by the Government and opening of an Industrial Section- Requested.

12070 Stud

Ref: (1) Petition signed by the Harijan residents of Thousand Lights and forwarded to Hon'ble the Minister for Education by Sri J. Sivashunmugam Pillai, M.A., Speaker, Madras Legislative Assembly;

(2) Endorsement of the Hon'ble the Minister for Education dated 11.1.49.

With reference to the endorsement dated 11.1.49 made by the Hon'ble the Minister for Education on the letter addressed to Government by the Harijan residents of Thousand Lights requesting the Government to take over the management of the Holy Name Secondary School, Thousand Lights, which is about to be closed by the Catholic Mission, I have to state that there is need for running this Secondary School for the benefit of the poor residents of this area, Harijans and Muslims. So far as the Corporation is concerned, it is not in a position to take up this responsibility. Under the Madras City Municipal Act, the responsibility of providing free elementary education is cast on the Corporation and it has not been able to provide instruction to all the children of school-going age. As about - 12,000 children are still without instruction in the City, the Corporation has to devote all its resources to expand elementary education and cannot therefore take upon itself any fresh burdens regarding Secondary Education. The Corporation has been maintaining two Secondary Schools already, one in Nungambakkam and another in Saidapet and the net cost of running these two schools is Rs.48,131-0-0 per

In the circumstances the Holy N[illegible] thousand

Thousand Lights, may have to be run either by the Government or by some other agency like the Harijan Sevak Sangh or the Sri Ramakrishna Mission etc. The memorandum is resubmitted to Government.

Ref: Government Endt. No.2962 Bl/49 dated 22-1-1949.

Resubmitted.

2. A copy of the letter dated 28-2-1949 from the Bishop, President of the 'Mylapore Diocese Educational Society is submitted herewith.

3. The District Educational Officer, Madras, who was consulted in the matter, has, after actually visiting the locality and contacting the Correspondent, reported that in the event of the contemplated closure materialising, the education of the Children of the locality who are mainly drawn from the backward classes will suffer as there is no secondary school in the neighbourhood within easy reach and the existing schools are all full. I agree with him. He is also of the opinion that on account of the recent representation of the parents of the locality the Management may change their mind but they expect some sort of encouragement from the Department in the matter of endowment.

The considerations which have led to the contemplated closure of the school as revealed in the Bishop's letter are
(1) the impossibility of creating the endowment before the year 1948-49, and
(2) the fears of the "Requisition Bill" pending before Government.

So far as the former is concerned, time may be allowed if the Bishop really wants, but he seems to seek exemption from the creation of endowment which is not contemplated in the existing orders of Government. In this connection I may, however mention that a petition from the Bishop of Mangalore for exemption on behalf of 14 schools is pending with Government. Vide my Endorsement Roc.476 D3/48 dated 10-12-1948 with reference to Government Endorsement 82394 Bl/48 dated 18-11-48.

As regards the requisition of school building bill, it is a matter for Government to consider.

Early orders may be kindly passed as the District Educational Officer reports that the teachers have already been given 3 months' notice.

for Director of Public Instruction.

To the Secretary to Government,
Education and Public Health Department,
Madras.

KHR.17-3.

Copy of No.75/1949 dated NIL from the Correspondent of "The Mylapore Diocese Educational Society, to the Director of Public Instruction, Madras.

Re: Roc.No.61 D.3/49 dated 3-2-1949.

I acknowledge receipt of a copy of your communication quoted above sent to His Excellency the Rt.Rev. Bishop of Mylapore-President of "The Mylapore Diocese Educational Society", to which belongs Holy Name Secondary School.

On behalf of our Society, as its Correspondent, I have the honour to reply to it as follows:

This school, started in 1947-48 as a Middle School, has been granted by your Department Temporary Recognition up to 1948-49 (Please see your "Dis.No.2112/48 dated 5th May 1948) and also the Recognition of the IV Form (see your Dis.No.2687/1948 dated 2nd June 1948), both however subject to the condition (among others) that "an endowment of atleast Rs.30,000- should be created and legally conveyed to the school before 1948-49"

Therefore the temporary recognition granted to that school will terminate soon, and we are unable to apply for further recognition of that school, mainly for the following considerations:

1. We cannot accept the condition imposed upon the management "to create an endowment of Rs.30,000 and legally convey it to the school";
2. We cannot expose more schools with their buildings and furniture etc. to the threat of the "Requisition Bill", which as far as we know is still pending.
3. We have for many years offered our generous co-operation to the Government in the fields of education and social assistance; we have spent several lakhs of rupees without any interest except that of giving our contribution for the welfare of the people specially for the less privileged classes of Society; we never asked for favours, but we think we have a right to have co-operation and consideration from your Department. This co-operation is expected specially in obtaining from your Department and its officials the help required to put into practice the many, complicated and ever changing rules of your Department.

We have more than one hundred Schools and Charitable Institutions far and near; it has been always our definite rule and direction that the rules of your Department should be faithfully observed there. But we cannot be everywhere. There may be here or there on the part of the correspondents some mistake, some oversight, negligence or even fault; there may be in the schools some practice which it is not known that your Department objects to.

Therefore, we think we have a right to expect from your Department that, if your Inspectors find anything of that kind, our Society should be duly informed and given time to correct whatever was found wrong.

Only if we should fail in doing so, then there might be a case for inflicting a penalty upon the Management.

Instead of this reasonable attitude of [illegible] to facilitate the to improve the efficiency of the schools, Department seems to have difficult task of the Management, your hostility. now prefered to adopt an attitude of [illegible] and

The recent case of St. Joseph's [illegible] without any fault of its the unfair way in which our Society connection is a sad experience: own was treated by you in that [illegible] of a school commits any We know now that if the correspondent fault, or any thing that you consider to be a fault your Department Will not be satisfied to punish the responsible person with extreme rigour, but will inflict upon the school, i.e. upon our Society as a penalty (which you do not take the trouble to justify) not only the privation of teaching grant for one year(?) but even the prix (compensation, as you have done in that case [illegible] fee Holy Name's Secondary School) [illegible] School, (Chingleput) is frequented mostly by boys of poor classes; about two thirds do not pay fees, or pay only part of it. The School admits free of fees some of them, but the majority are favoured by the Government which promise to pay their fees or half fees due to school. [illegible] the Government [illegible] fails to [illegible] due to the school

an injustice is committed against the Management.

There will be no security in running such schools.

Therefore, Sir, unless your Department gives us the undertaking that the above said grievances will be redressed and that the exigency and danger referred to in Nos. 1 & 2 above will be removed, we regret we are forced to close down that School.

Bishop's House,
Mylapore, 28th. February 1949.

From-

The Correspondent of the "Mylapore Diocese Educational Society"

To

The Director of Public Instruction,
Madras.

Sir,

Re: R.O.C. No.61-D3/49 dated 3-2-1949.

I acknowledge receipt of a copy of your Communication quoted above sent to His Excellency the Rt. Rev. Bishop of Mylapore- President of "The Mylapore Diocese Educational Society ", to which belongs Holy Name Secondary School.

On behalf of our Society , as its Correspondent ,I have the honour to reply to it as follows:

This Schools, started in 1947-48 as a Middle School ,has been granted by your Department Temporary Recognition up to 1948-1949 (Please see your "Dic.No.2112/48 dated 5th. May 1948) and also the Recognition of the IV Form (see you Dis. No.2687/1948 dated 2nd. June 1948) , both however subject to the condition (among others) that "an endowment of at least Rs.30.000- should be created and legally conveyed to the School before 1948-1949".

Therefore, the temporary recognition granted to that School will terminate soon , and we are unable to apply for further recognition of that School, mainly for the following considerations :

1.- We cannot accept the condition imposed upon the Management "to create an endowment of Rs.30.000- and legally convey it to the School";

2-. We cannot expose more Schools with their buildings and furniture etc. to the threat of the "Requisition Bill" which as far as we know is still pending.

3.- We have for many years offered our generous cooperation to the Government in the fields of Education and social assistance ; we have spent several [illegible] without ap[illegible] interest, except that of givi[illegible] for the We[illegible] the people specially fo[illegible] Society ; we never asked fo[illegible] to have cooperation and [illegible] Denomination [illegible] a right [illegible]ent. This [illegible]our

We have more than one hundred Schools and Charitable Institutions far and near; it has been always our definite rule and direction that the rules of your Department should be faithfully observed.

But we cannot be everywhere ,there may be here or there on the part of the Correspondents some mistake ,some oversight , negligence or even fault; there may be in the Schools some practice which it is not known that your Department objects to.

Therefore, we think we have a right to expect from your Department that, if your Inspectors find anything of that kind, our Society should be duly informed and given time to correct whatever was found wrong.

Only if we should fail in doing so, then there might be a case for inflicting a penalty upon the Management.

Instead of this reasonable attitude of healthy cooperation to improve the efficiency of the schools and to facilitate the difficult task of the Management , your Department seems to have now preferred to adopt an attitude of hostility.

The recent case of St. Joseph's High School- Chingleput and the unfair way in which our Society , without any fault of its own was treated by you in that connection is a sad experience:

We know now that if the Correspondent of a School commits any fault , or anything that you consider to be a fault your Department will not be satisfied to punish the responsible person with extreme rigours , but will inflict upon the School,i.e. upon our Society as a penalty (which you do not take the trouble to justify) not only the privation of teaching grant for one year (!) but even the fee compensation,as you have done in that case!...

4.- Holy Name Secondary School , as also St. Joseph's High School-(Chingleput) is frequented mostly by boys of poor classes; about two-thirds do not pay fees, or pay only part of it. The are favoured by the free-ship fees some of them , but the majority or half fees due to School .

If the Government, whatever the pretext may be, refuses to pay the fee compensation that "ex justitia" is due to the School an injustice is commited against the Management.

There will be no security in running such schools.

Therefore, Sir, unless your Department gives us the undertaking that the above said grievances will be redressed and that the exigency and danger referred to in nos.1 & 2 above will be removed, we regret we are forced to close down that School.

Yours faithfully,

The Correspondent of "The Mylapore Diocese Educational Society".

...ve more than one hundred Schools and Charitable Institutions
...r and near; it has been always our definite rule and direction
...that the rules of your Department should be faithfully observed.
But we cannot be everywhere, there may be here or there on the
part of the Correspondents some mistake, some oversight, negligence
or even fault; there may be in the Schools some practice which it
is not known that your Department objects to.
Therefore, we think we have a right to expect from your
Department that, if your Inspectors find anything of that kind,
our Society should be duly informed and given time to correct
whatever was found wrong.
Only if we should fail in doing so, then there might be
a case for inflicting a penalty upon the Management.
Instead of this reasonable attitude of healthy cooperation
to improve the efficiency of the schools and to facilitate the
difficult task of the Management, your Department seems to have now
preferred to adopt an attitude of hostility.
The recent case of St. Joseph's High School- Chingleput
and the unfair way in which our Society, without any fault of
its own was treated by you in that connection is a sad experience:
We know now that if the Correspondent of a School
commits any fault, or anything that you consider to be a fault
your Department will not be satisfied to punish the responsible
person with extreme rigours, but will inflict upon the School,i.e.
upon our Society as a penalty (which you do not take the trouble
to justify) not only the privation of teaching grant for one
year (!) but even the fee compensation,as you have done in that case!...

4.- Holy Name Secondary School, as also St. Joseph's High School-(Chingleput) is frequented mostly by boys of poor classes; about two thirds do not pay fees, or pay only part of it. The rest School admits free of fees, some of them, but the majority are favoured by the Government which promise to pay their fees or half fees due to School.
If the Government, whatever the pretext, fails to pay the fee compensation that "ex justitia" is due to the School, an injustice is committed against the Management.
Therefore, Sir, unless your Department gives ... which
that the above said grievances will be ...
exigency and hardship caused referred ... Government
will be removed, we regret we are ... of Education and Social
Your faithfully,

...

In fact, the "endowment" now ... unjustified ... it is even ... that of a kind of "security", or guaranteed given to ... by a private unreliable ... body by which ... Government ... lands, and or important building grants etc.

But, what is our case now?

When we have to start a new School, we have to ... everything: land, buildings, furniture, with (or even without) promise from the Government that something (never more than ... may or will be given in future; if something is really given ... the Government for land, buildings or furniture these all will ... mortgaged to the Government.

Then comes the maintenance of the School in efficient ... We have to pay for the teachers salary the amount ordered ... Government punctually every month; we have to submit to ever... rules and frequent orders from your Department to increase ... teachers salaries with retroactive effect, we have even to ad... money to the Government for one year, at least, in the case ... pupils whom the Government favours, viz., those of harijans ... ward classes.

When we in fact advance so much money for setting up ... running our schools, is it reasonable to exact from us ... Is it not rather for the Government to give us a "security"?
Therefore, in these circumstances if any "endowment" is to ... in favour of private Schools that should be given by the Gove...

IV.- If however endowment is enforced upon us for Schools ... existing and working, then the case is more serious and ... a flagrant injustice, because those Schools were started ... up under a quasi-contract or understanding between the Gov... and the Management which did not enclose the endowment.
Now the Government breaks the terms of that un... by imposing a new heavy burden as condition to contin...
This is unfair play; this is unjust. We pro... we cannot accept it in conscience.

V.- We are not owners, but administrators of t... funds entrusted to us. We must justify before ... the Law of the Catholic Church the use we make ... Canon Law does not allow us to throw away huge ... justification, as it is the case of "endowments"

21

We hope that the Hon'ble Minister for Education will soon put aside the hostile policy of his predecessor regarding private managements, and will return to the previous policy of cooperation, trust and help which has favoured so much the education of the people of this Province.

Yours faithfully

Fr. J. J. Anjelo

Schools - Secondary - Aided - Holy Name Secondary School, Teynampet, Madras - Closure of .

MEMORANDUM NO. 2962 B, /49-6 Edn d/28-5-49.

With reference to G.O.No.Ms.1657 Edn., dated 20-5-49, the D.P.I. is requested to state whether he has informed the managements of the Holy Name Secondary school, Teynampet, that the conditions regarding the creation of endowments will not be insisted upon ~~the~~ in respect of this school as it was opened prior to June 1948 and ascertained whether the management is ~~at least now~~ willing to ~~continue~~ run the school ~~in view of the changed circumstances~~ He is also requested to report whether he has received the formal proposal referred to in his letter Rc.No.61 D3/49 dated 11-5-49 for the opening of a new school in the locality in the event of the Holy Name Secondary School being closed by the management.

To The D.P.I.

R.C.NO.61-D.3/49

Office of the
Director of Public Instruction,
Madras, Dated 25--5-1949.

From

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education and Public Health Department.

40752

Sir,

Subject: Recognition - Secondary Schools - Aided - Closure of the Holy Name Secondary School, Teynampet.

R e f: Government Memorandum No.2962-B.1-49 dated 9-5-49 and my letter ROC.61-D.3/49 dated 11-5-1949 to Government.

In continuation of my letter referred to above I am to report that the management of the Holy Name Secondary School have decided to close down the school at the end of the year 1948-49 and they are being permitted to do so accordingly. In this connection I invite the attention of Government to the letter dated 16-5-1949 from the Secretary of the Mylapore Diocese Educational Society, a copy of which has already been sent direct to the Hon'ble Minister for Education and I wish to state that the statement contained in para 6 of the letter that any instructions have been issued regarding the use of the endowment by the management is totally wrong.

Yours faithfully,

for Director of Public Instruction.

RVR 26/5/-

Same as Pk 39-45 ante

Copy of letter dated 16th May 1949 from the Secretary of the Mylapore Diocese Educational Society to the Director of Public Instruction, Madras.

Sub: Holy Name Secondary School.

Ref: R.C.No.61-D.3/49 dated 14-4-49.

I am directed by His Excellency the Rt.Rev. Bishop of Mylapore, President of the "Mylapore Diocese Educational Society" to acknowledge receipt of your Communication quoted above (addressed by mistake to the Bishop of Madras), and to reply to the same.

2. In our letter of the 28-2-49 it was made clear that our Society could not proceed in setting up the new "Holy Name" School owing to the difficulties put on our way by the Government and by your Department, viz. the new exigency of an endowment, the threat of the "Requisition Bill" and hostility from your Department.

3. In your Communication quoted above you do not say anything on *the other points, but you insist* on the same exigency of "endowment" for the "Holy Name's School"; the *extensionof time for the creation* of the same does not change its nature, and since the Government insists on its hostile policy, we are unable to proceed in establishing that school.

4. We have offered for so many years our desinterested cooperation in the filed of education; it was our intention to continue with it, but we are unable to co-operate with the Government if the Government insists on imposing on our private managements HEAVY, UNNECESSARY AND UNREASONABLE BURDENS.

5. Such is the new exigency of endowments for all the Secondary Schools.

I. This is a HEAVY BURDEN, indeed: private managements are ordered to "LEGALLY TRANSFER" to their Schools a huge amount (for a high School, Rs.35,000/-).

We leave aside the juridic absurd of the order to legally transfer a sum of money or a property from the management to a School WHICH BELONGS TO THE SAME MANAGEMENT.

6. We will not be told how this "juridic absurd" is to be legally accomplished; but we were told that the "ENDOWMENT" is not to be used by the management in favour of its school if and when it thinks necessary and convenient. No. It is to be used "as directed by the Government" that is to say that it belongs no more to the management, but it is to be placed in Govt. hands, as a present, a sale if not as a tax for the "LUCRATIVE" BUSINESS, or A FINE for THE of the Management in setting up a school even without Government as it is in our case.

7. In fact this is in Madras Province the sad reality; the past the Government used to encourage private agencies to create and run new schools, by giving them building grants etc now on the contrary, there are practically no building grants because Government say they have no money; but if the Manage wants to set up a new H.School, it has to provide for ground buildings, furniture etc. and..... even to pay Rs.35,000/- ...

Naturally those disposed to bear it, that is, to pa the "FINE" will not be many.

8. Thus, the result of this unwise policy will be inju the cultural rights of the minorities, (which will now be rat penalised than helped by the Government when they have to set their schools); it will be injurious also to the Country in which will be deprived of this cooperation that in the past has so much good for education; it will be injurious even to

Government itself or rather to the tax-payer who has to bear the whole burden if new schools have to be provided as they have to

II. 9. We might however submit to that HEAVY BURDEN, if it was NECESSARY inour case, as it may perhaps be in the case of a Management of an individual who may suddenly die or disappear or of an agency without sufficient financial back ground to give to the school the necessary stability; then, we could understand that some security should be given to the Government WHEN IT HAD TO GIVE BUILDING GRANTS.

10. But it is UNNECESSARY; therefore, it is UNJUSTIFIABLE to impose the same heavy burden upon such bodies, as Dioceses, Religious Congregations and others, with sound financial back ground, evidently proved, among other reasons, by the good services rendered to the Country for many years, in many good schools, some even put up entirely at our expenses, without Government building grants.

11. To our just and reasonable claim for exemption from the imposition of the "endowment" it was said that "no exemption was made". But, where is justice if sound and unsound agencies are treated in the same way? Are healthy people to take the same diet as sick people? Are honest and peaceful citizens to be treated by the Police in the same way as thieves and bad characters?

III. 12. This heavy burden of endowment is not only UNNECESSARY and UNJUSTIFIABLE, but it is even UNREASONABLE, MEANINGLESS in our case.

In fact, if the "endowment" has any meaning, it is only that of a kind of "security" or guarantee given to the Government by á private unreliable agency to which the Government has granted lands, and or important building grants etc.

But, what is our case now?
When we have to start a new school, we have to give or to pay for everything: land, buildings, furniture, with (or even without) A MERE PROMISE FROM THE GOVERNMENT that something (never more than half) may or will be given in future; if something is really granted by the Government for land, buildings or funiture these all will be mortgaged to the Government.

13. Then comes the maintenance of the school in efficient condition: We have to pay for the teachers salary the amount ordered by the Government punctually every month; we have to submit to ever changing rules and frequent orders from your Department to increase teachers' salaries with retroactive effect, we have even to advance money to the Government for one year, at least, in the case of pupils whom the Government favours, viz. those of harijans and backward classes.

14. When we in fact advance so much money for setting up and for running our schools, is it reasonable to exact from us any "security"? Is is not rather for the Government to give us a "security"? Therefore, in these circumstances if any "endowment" is to be created in favour of private schools that should be given by the Government already

IV. If however endowment is enforced upon us for schools already existing and working, then the case is more serious and grave, it is A FLAGRANT INJUSTICE, because those schools were started and went up under a quasi-contract or understanding between the Government and the management which did not enclose the endowment.

15. Now the Government breaks the terms of that understanding, by imposing a new heavy burden as condition to continue the recognition.

This is unfair play; this is unjust. We protest against it, WE CANNOT ACCEPT IT IN CONSCIENCE.

V. We are not owners, but administrators of the ecclesiastical funds entrusted to us. We must justify before our conscience and the Law of the Catholic Church the use we make of those funds; Canon Law does not allow us to throw away huge amounts without justification, as it is the case of "endowments".

We hope that the Hon'ble Minister for Education will soon put aside the hostile policy of his predecessor regarding private managements, and will return to the previous policy of co-operation, trust and help which has favoured so much the education of the people of this Province.

.. the D.P.I. Roc. No. 61 B3/49 d/ 16.3.49.

—

The Holy Name Secondary School, Teynampet, Madras (with forms upto IV) is an institution run by the "Mylapore Diocese Educational Society" Madras. A representation received from some Harijan residents of Teynampet that the management proposed to close the school at the end of the current school year, was referred to the D.P.I for enquiry and report. The Director has explained in his letter cited above that the reasons of the management have decided to close the institution because of (1) their inability to create the necessary endowment of Rs 30000/ and (2) the legislation regarding the requisition of school buildings.

2). As regards the creation of an endowment the D.P.I considers that time may be granted to the management for the creation of the endowment if it applies for it. There are two schools under the same management and the management may perhaps be permitted to create a collective endowment for both the schools (The question of creation of collective endowment is under separate consideration) As the corporation of Madras has expressed its inability to take over the schools and it will cause great hardship to the people of the locality if the school were to be closed down, it is for consideration whether the management may be permitted to create the endowment for the school year within a period of three years from 1949-50.

Thro' C/ with reference to 'A' above.
