Sir, Re 18921/49.

Ref: Copy of Proceedings Roc. No. 189 DL/49, dated 28-5-1949
of the Director of Public Instruction, Madras.

At the Centenary Celebration of the Chintadripet High School in April 1948 we expressed the hope that a Girls' High School may be opened in the near future. The then Educational Minister delivering the Centenary address, emphasised the necessity for opening the Girls' High School immediately. We accordingly opened the Girls High School from June 1948. The Department was kind enough to grant recognition for two years.

But we were alarmed to receive the communication from the Director of Public Instruction that provision for grant can be made only in 1950-51 and grant paid thereafter. This is a great hardship in these days of financial stringency. We would have no other alternative to close down the School what has already justified its existence.

We pray the rules may be liberally interpreted so as to allow the payment of grant for the year 1948-49 in the year 1949-50. In this connection we desire to point out that this School is not really a new one. The girls were receiving education in Chintadripet High School for which provision had been made in the Educational Budget. What we had done is to segregate the girls and constitute them into a separate High School for Girls. If this had not been done, Grant-in-aid would have been payable in the ordinary course of things for this expansion in the Boys' School itself. Therefore there is no necessity for additional and separate provision, even if there be no savings.

Under these circumstances we pray that provision be made for paying the Grant-in-aid for the year 1948-49 in the year 1949-50 for the Chintadripet Girls' High School.

Grant - Teaching - Chintadripet Girls' High School - Payment in the current year.

Read Memo No 28838 B, /49-3 Edn. d/17-5-49

From the correspondent, Chintadripet Girls' High School, d/12-6-49

" the D.P.G. Rc. No. 189 B, /49 d/18-6-49.

The Chintadripet Girls' High School was opened in December 1948 and provision for teaching grant due to the school for 1948-49 could not be proposed as a Part II scheme for 1949-50. The D.P.G. subsequently recommended that the teaching grant due to the school for 1948-49 may be sanctioned as a special case during the current year itself. As the Director did not ^{make} ~~advance~~ any special recommendation ^{case} to justify the need for to depart from the normal procedure, his recommendation was not accepted.

2) The management of the Girls' High School, has now represented that the school is not a new school in a strict sense and that it was opened merely by segregating the girls from the existing boys' school and that if this division had not taken place the grant towards the maintenance of the Girls' High School would have also been sanctioned as a portion of the grant due to the Boys' school. In view of this, the management requests that the grant due to the school for the year 1948-49 may be sanctioned as a special case. The Director has recommended the sanction of the grant and has stated that the refusal of payment of grant to the institution

From the report, in their note at present, the file may
