2- JAN 1948 SUB: REHABILITATION OF REFUGEE STUDENTS.

Sir,

40741

I am directed to state that it has been represented to the Government of India that a large number of refugee students have not been able to resume their studies on migration to India for lack of seats in the existing educational institutions or for lack of funds. The Government of India attach great importance to this problem and would request the Provincial Governments to take adequate and effective measures to see that the career of refugee children is not marred and the waste of their time reduced to the minimum.

2. As regard to financial assistance, the Government of India have already commended for adoption the Scheme for the grant of loans to non-Muslim refugee students and trainees from Pakistan forwarded with this Ministry letter No. F-162/48-R & R dated the 8th January, 1948. Progress reports on the working of the Schemes called for in that letter have however not yet been received from most of the Provinces. The Government of India will be glad if the Provincial Governments will kindly issue instructions for the implementation of the Scheme without delay. Complaints have been received that certain students are experiencing difficulties because the payment of admission fee is insisted upon before they can join an institution and apply for the grant of a loan. If the Provincial Governments have no objection, they may kindly issue instructions to the heads of the institutions

not to refuse admission on technical grounds and also to grant interim relief up to Rs. 200/- per head as provided in para 5 of the Scheme.

3. As regards the availability of seats in the various the Provincial Governments are requested to expand educational institutions, the capacity of the existing institutions as much as possible and also to introduce double shifts where feasible. If these provisions are not sufficient to meet the requirements, the question of starting new schools and colleges should be immediately taken up. Where necessary arrangements should also be made to provide hostel accommodation.

4. The Government of India will be glad if a comprehensive review of the position of refugee students in Madras is etc furnished to this Ministry at an early date. If possible, statistics about the refugee students who have secured admission into the educational institutions and who have been unable to secure admissions are furnished to this Ministry along with the number of students who have been granted financial assistance in the form of

With reference to para 4 of the Government of India letter No.R.H.523(3) dated 19-5-48, I have the honour to submit a general report hereunder:-

On receipt of G.O.No.Ms.272 Edn dated 9-2-48 a circular was sent to all Officers calling for particulars referred to in para 4 of the G.O. Nil returns have so far been received except in the following:-

College of Engineering, Guindy - 2 (No. of students admitted)	
Law College, Madras	1
Medical Colleges	39
Government Muslim College High Schools	
Forms V and VI	1
-do- Lower classes	8

2. The actual number of refugee students reading in schools and colleges in the current session just began are not available and will be called for and a further report submitted.

3. Instructions for the admission of Refugee students have already been issued and cases of refusal of admission have not been brought to my notice.

4. Three seats have also been reserved for Refugee students in the college of Engineering, Guindy. There are two Elementary Schools in the Refugee camp at Avadi and at Saidapet. The question of running a High School in Avadi is under the consideration of Government.

5. The Loan Scheme has been circulated to all schools and colleges and interim relief has been sanctioned by the Principals of Medical colleges. I have not so far sanctioned any loan to refugee students as the conditions prescribed for the award of the concessions have not been satisfied. The only case under consideration is that of Mr. C.Sita Ramayya.

6. The question of extending the concessions to refugee students reading in classes lower than the forms V and VI is under the consideration of Government and orders are awaited. Please see my letter R.O.C.No.268-W.1/48 dated 6-4-48 on the subject. Information as to the number of students reading in forms V and VI and for whom exemption from payment of tuition and other fees has been granted, is not available in this office. This is being called for from the subordinate officers and the particulars will be submitted as early as possible.

7. Judged by the reports received it may be inferred that the number of Refugee students in the mufasal Districts is likely to be very small.

Yours faithfully,

K. S. Ramayya

Sir,

With reference to your letter No:40741/92/48-7 Edn, dated the 25th March, 1949, on the above subject, I am directed to state that according to the scheme for the grant of financial assistance to displaced students from Pakistan, forwarded with this Ministry's letter No: F.162/48, R&R., dated the 8th January, 1948, only the students studying in 9th and 10th classes (V and VI forms) are eligible for educational concessions. The question of extending these benefits to the students of 5th to 8th classes (Ist to IV forms) is under consideration of the Government of India.

The Secretary to the Govt. of India,

Sir,

Sub: EDUCATION - Financial assistance to displaced students - Extending to pupils studying in classes V to VIII.

With reference to the letter No. RH-523(3) dated 19-4-49, from the Ministry of Relief & Rehabilitation I am directed to state as follows:-

The Govt. of Madras were aware, when they authorized the D.P.I., Madras, to grant ~~extra~~ financial aid to displaced school students of the 5th to 8th classes, that such students were not eligible to ~~for~~ aid under the scheme of assistance which had already been sanctioned by the Govt. of India. ^{In July 1948} The G. of I. had referred to this Govt. ^{Certain} proposals for the grant of aid to students of these lower classes. Having regard to these proposals and a representation made by the Sindhi Hindu Refugees Relief Committee ~~to~~ to the effect that a number of such students were in urgent need of relief, this Govt., as a special case, authorized the grant of financial concessions in accordance with the G. of I.'s own proposals, in anticipation of their final decision in the matter. I am to invite attention in this connection to this Govt.'s letter No. 69753-G3-48-3 dated the 28th Septr. 1948. I am to ask that, in the circumstances, the expenditure already incurred on financial aid to the displaced students in question may be approved. I am to ask whether financial aid to these students may be ordered to be stopped, pending the final decision of the G. of I. on the proposals which are ~~under~~ ^{stated to be still under} consideration.

An early reply to this reference is requested.

Education. Grant of Financial assistance to displaced Students studying in 5th to 8th classes.

Please see the Govt. of India letter on p 33 of. ~~They have stated~~ that the question of extending the benefits under the Govt of India loan scheme to displaced Students of 5th to 8th classes is under their consideration in anticipation of Govt of India's approval and as a certain number of such pupils in schools were urgently in need of financial assistance, this Govt. authorised the D.P.I. to allow the Concessions of exempting fee payment and cash grants for the purchase of books etc to a maximum of Rs 50/- each. Now in their letter on p 33 of, the Govt of India have stated that the Concessions granted by this Govt. to displaced School Students is not in conformity with those laid down in their loan scheme at ⑤. Apparently they are of opinion that the cash grants mentioned above are too high or ~~perhaps they want to discontinue such assistance to these school students until final orders are issued on the question, now pending with them.~~ The D.P.I. may perhaps be informed to discontinue such assistance to these displaced school students until further orders. If this suggestion is agreed to, for orders.

The draft memo below is for approval.

If the expenditure ^{about Rs 1000} is not admitted by the Govt. of India, it will have to be borne by this Govt. We may ask them to admit the expenditure pending ^{their} final orders on the general question. In another case,

Sir,

Subject: Education - Educational concessions
to non-Muslim Refugee indigent pupils
from Pakistan - Extension of concessions
to those reading in classes 1 - 8
Further proposals submitted.

In continuation of my letters ROC.No.268-W.1/48
dated 6-4-48 and 25-8-48, I now submit further proposals for
the extension of the educational concessions to the non-
muslim refugee indigent pupils from Pakistan reading in
the classes lower than the 9th and 10th in the recognised
institutions of this Province.

2. Lt. Col. G.S.Gill, Hon. Joint Secretary,
The Refugees Relief Committee, Madras has addressed me on
this question. I enclose a copy of his letter dated
1-9-48. I agree with him that at least 30 indigent pupils
may be exempted from the payment of tuition and special
fees during the current year. The expenditure will not
exceed Rs.1,800/- for the year 1948-49 and even if the Govern-
ment of India do not finally agree to incur the expenditure
the amount involved is so small that the Local Government
may perhaps meet the entire expenditure themselves.

3. I solicit the favour of very early orders.
