SIR,

SECONDARY SCHOOLS--Craft Instructors--Qualifications
 Prescription of.

Government in their order No.Ms.423-Education dated

3.3.48 have prescribed the qualification required of the Craft instructors to be employed in Government institutions and the scales of pay admissible to them. Similar qualifications and scales of pay have not yet been fixed in respect of craft instructors to be employed in Local Body Institutions.

2. In this connection I may point out that the appointment of Craft instructors is purely a temporary arrangement for the present and that the object arrived at is to train the general subject teachers to handle craft instruction in Secondary schools. It is hoped that teachers coming out of the reorganised Basic Training schools will come upto the required standard. I therefore recommend that the present Manual Training Instructors may be continued where provision is made for wood work or weaving and allowed the scales of pay admissible to them till teachers trained in the Basic Training schools become available, as it is not desirable to have two sets of specialist teachers with different scales of pay during the transition period.

3. In other cases the scales of pay and the qualifications prescribed for Craft instructors in Government institutions may be adopted in respect of Local Body institutions also.

Yours faithfully,

M. S. Srinivasan

with reference to para 3 of his letter
cited above the DP 9 is requested to report whether
it will not be sufficient to allow to craft instructors
employed in Secondary schools under local bodies
the scale of pay of Rs 45-2-85 if they are Secondary
grade trained & Rs 30-1-45 if they are higher
Elementary grade trained plus an allowance of
Rs 5 for those who have obtained in addn. the
necessary certificate in craft as has been done
in respect of those in Govt Secondary schools,
leaving the option to adopt the Govt scales of

pay to local bodies if they are prepared to meet the extra cost from their own funds - The Director is also requested to report whether in view of the fact that Manual Training Instructors are proposed to be utilised for weaving ^{wood} & ~~work~~, the scales of pay for craft instructors in other subjects ^{like} garden & agriculture in boys' schools & homecraft in girls' schools ~~where no separate grade has been~~ maybe fixed as Rs 50-2-90 & 35-1-50 for Secondary grade trained and Higher Elementary grade trained respectively without a separate allowance.

3. The D.P.D. is also requested to report whether the qualifications & scales of pay proposed to be fixed for craft instructors in Secondary Schools under local bodies may be made applicable to those employed in Secondary Schools under private managements leaving the option to adopt the scales of pay fixed in G.O. no 423 E.M. 23.3.48 (A) if the managements so desire.

The general question whether crafts should be taught under the scheme for the reorganisation of secondary education compulsorily in Secondary Schools for boys beginning from Form I or whether it will be sufficient to introduce the teaching of crafts when pupils studying in basic schools reach the middle school stage is separately under consideration.

2. The general principle followed in fixing scales of pay for teachers in Secondary schools under local bodies is that the scales should be slightly lower than the Scale of pay for corresponding grades in Govt Secondary Schools. Following this principle it seems sufficient to adopt the revised scales of Rs 45-2-85 & Rs 30-1-45 for Secondary grade & Higher Elementary grade trained teachers & allowance of Rs 5 for those with the requisite certificate in craft or alternatively a Consolidated Scale merging the craft allowance to the instructors to be employed until those trained in the

Basic training schools become available further the DPD
has made no mention about craft instructions in aided
secondary schools. These may be ascertained. The draft
