N.B. Necessary credit may be taken for items (1) and (3) from the Consumers' Fund for "Capital".

(1) The following resolution was carried by majority, four voting against:

18. An un-usually heavy contribution of Rs.41570 to the 'Ordinary' side and of Rs.75,000 to the 'Capital' side of the Ele.Education Account from the general funds is proposed in the budget. Pending the examination of the Ele.Education budge,t is is proposed to allow these provisions to stand.

19. Provision has been made for a capital expenditure of over Rs. 4 lakhs in 1948-49 and over Rs.18 lakhs in 1949-50 of which almost the whole in 1948-49 and about Rs.12 lakhs in 1949-50 is to come from General funds- Ordinary. It is quite unlikely that the whole of this large expenditure will be incurred during the period in question.

20. The current year opened with a balance of Rs.8.6 lakhs under General Account - Ordinary. According to the R.E., the year is expected to close with a balance of Rs.9 lakhs. The provision for large contributions to the Ele.Education fund and for a very heavy capital expenditure of more than Rs.12 lakhs from the ordinary revenues in 1949-50 will result in that year closing with a balance of about Rs.83,000 only against the prescribed minimum working balance of Rs.92,500. It will be unnecessary to ask the council to secure the minimum working balance by reducing capital expenditure as it is certain that the whole of the capital expre. proposed is not going to be incurred.
