Dear Reddy,

Sub: Presidency college - Statistics Honours
Course - Admissions - Ref. my ltr of 11.7.49.

I am to inform you that the
govt desire that, in view of the limited number
of seats available in the Statistics Honours
class in the Presidency college, Madras, and
the likely rush for admissions to it, the govt.
desire that ^{other things being equal.} Communal and territorial (linguistic)
fairness ^{be considered as far} as practicable in the
matter of admissions to the course.

Yours sincerely,

To the D.P. (by name)

Special H.M. (Edn)

I understand that a new course of B.Sc. (Hons)
(Statistics) has been opened in the Presidency College,
Madras, this year and that the number of seats for
this course is limited. I would suggest that the
available seats for this course may be equitably
distributed for admission of candidates from all
linguistic areas.

H.M. (Agri)

This may be done as
far as possible till it is only fair.

H.M. (Agri)

The previous H.M. (Ed) Sh. Chettya
had stated in the Assembly & in a
letter to Govt that there are no
restrictions on any Art, Commercial or
linguistic for admission to Arts
Colleges & that applies to Professional
Colleges.

E.P.H. (A)

Admissions (generally to Arts colleges are not)
subject to the rules of communal & linguistic
representation. The requirement is only
that there should be adequate represen-
tation for all Communities ^{and that} particularly that
the backward Communities should be
given special consideration. In regard
to Honours and Post-graduate Courses, the
intention has been so far that admissions
to these Courses should not be guided by

P.T.O.

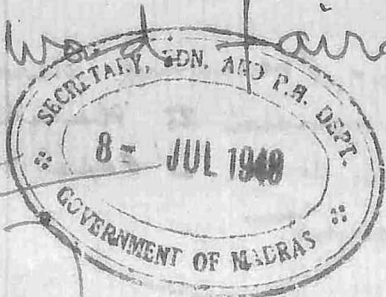

Communal/Considerations and that only Candidates with a minimum attainment in their subjects should be admitted to these Courses, as they are specialized ones, intended only for candidates who have a proved aptitude for them.

2. In the circumstances stated above, it may not be in keeping with the policy of the Govt. to direct that the seats in the Statistics Honours class in the Presidency College, Madras, be equitably distributed among students from all linguistic areas in the Province. But ~~perhaps~~ ^{seems to be no} objection to ask the D.P.I. to see that ~~some~~ representation is given to all linguistic areas in the Province in the matter of admissions to the above course as far as possible. There are 15 seats for the course. The file may be circulated to H.M.(E.&L.), H.M.(Agriculture), and the Home Premier.

There may be unhappy results if the principle of territorial and communal representation is introduced also in Arts Colleges. In the circumstances, it may be sufficient if the D.P.I. is informed that only other things being equal, communal and territorial representation may be considered in respect of selection for the Honours courses in Statistics. as far as practicable

Instead of the word "representation" underlined by me, the right word "fairness"

The orders in circulation on p2 ante may be perused. A draft D.O. to the D.P.I. is submitted for approval. In view of the importance of the subject, H.Pr. may perhaps see, before issue of draft.

This is the time of admission and we don't know whether admissions to the statistics course have been made. In any case the Principal may be instructed not to finalize admissions to the course until he receives further instructions from Govt. A draft t.m. is subd. After view the file may be circulated to the Home Premier.
