EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

Sub:-- Books and Codes--Public Instruction Reports--Volume I and II--Printing of.

It has been reported by the Superintendent, Government Press that only 427 copies of the report on Public Instruction, Volume I - 1946-47 were printed and distributed as per distribution list forwarded to him with Govt. Endt. No. 90613-A-48-1 Edn. dated 10-12-48. (J) As it is, no spare copies will be available for sale or to meet any further requirement. The candidates appearing for the Deputy Inspector's Test, Part I, will be requiring Volumes I, and II of P.I.R. as the same are prescribed for the paper on "Educational Statistics". In G.O. No. Ms. 1368 Law-Edn. dated 1-6-1934, there was provision for sale copies besides the provision for supply to many others not mentioned in the Government Endorsement quoted above. As the cut in the supply of the copies had been made evidently due to the scarcity of paper and since the position has eased to a certain extent, it is suggested that more copies may be ordered to be printed and distributed from next year onwards with reference to a consolidated revised list based on G.O. No. Ms. 1368 Law Edn. dated 1-6-34 and Government Endt. No. 90613-A-48-1 Edn. dated 10-12-48 and on the basis of the new officers appointed and institutions opened recently as a result of the expansion of the Department.

Sir,

Sub: Books and Publications - Public Instruction Report - Supply of copies as gratis from 1939-40 - requested.

Ref: From the Librarian, University Library, Madras, dated 21-2-51.

In his letter cited, the Librarian, University Library, Madras, states that copies of the report on Public Instruction are available in his Library from the year 1854-55 to 1939-40 and that they were usually received gratis by him from this office though records of such books having been supplied free from ~~this~~ office are not traceable. He further states that after 1939-40, no reports were received and the collection, therefore, remains incomplete and not upto date and that Research workers and readers who ask for these reports, go away disappointed. He therefore, requests me to arrange to send him gratis the reports subsequent to 1939-40 to make the collection complete in the library.

2. I therefore request Government to accord necessary sanction for the free supply of the Public Instruction Reports to the University Library.

Roc. No. 629 N/50 dated 13--3--1951.

Sub: BOOKS AND PUBLICATIONS--Public ~~Inspection~~ Instruction Report--exchange of copies ~~among~~ with part A and B. states--sanction--requested.

.....

I have the honour to submit that copies of annual reports relating to Education in other states are often required by me for reference on many matters. Some of the states whom I addressed for copies of their reports would like to have in exchange the reports of the Madras state. Now that some of them have supplied copies of their publications and have requested for exchange copies, I consider that this exchange system of receiving copies of reports may be confined to part A and B. states in the Union of India. These come to 17. I therefore request that the Government may be pleased to sanction the supply of 17 copies of the Public ~~Inspection~~ Instruction Report (latest Edition) both the Volumes.

2. Early orders are solicited.

Yours faithfully,

ASSISTANT SECRETARY 3 NOV 1950 EDUCATION DEPARTMENT

P.W.(I & P) Department

Notes of Education on page 3 above may be perused.

2. Departments of the Secretariat are sending to this Department copies of Administration Reports published by them and intended for release to the Press. This is done because the D.I.P. distributes all publicity materials intended for the press e.g. press notes releases, communiques, reports and important publications. Following old procedents, some Departments were sending only six copies of the administration reports while others used to consult this Department about the number of copies required for distribution to all importan dailies and news agencies in the City. With a view to ensure that a uniform procedure was followed in this regard and that an influent section of the press was not omitted, it was proposed that each Department may send to this Department fifteen copies of their reports intended for release to the Press for distribution to ~~alixmx~~ all important newspapers and agencies mentioned below. It may be noted that where Departments do not send a summary of the salient features in the reports along with such reports, this Department prepares such a summary for release to the Press.

1. The Hindu
2. The Mail
3. The Indian Express
4. Indian Republic
5. Liberator.

6) Dinamani
7) Dinasari
8) Swadesamitran
9) Bharata Devi
10) Thanthi.

11) Andhra Prabha
12) Andhra Patrika
13) U.P.I.
14) P.T.I.
15) Director of Information.

3/ Some Departments have amended their distribution lists in accordance with the proposal and it is presumed that others have also taken action likewise.

4/. Education Consider that it may be left to the Departments concerned to amend their distribution lists whenever an important daily is considered suitable for inclusion in their list, and that it is not necessary to furnish a duplicate set of copies to this Department. It may be stated in this connection that the proposal was made only with a view to have a uniform procedure, and to avoid duplication. If the Departments amend their distribution lists ~~and~~, and send to this Department fifteen copies as suggested, there is no need to send a duplicate set to any other daily or news agency direct from the Department or from the Government Press. This will ensure a uniform procedure and coordination.

5/. Education and Finance Departments may perhaps see again for acceptance of the proposal.

Edn/(F)/ Finance.

The previous notes of this Department on page 3 ante and the further notes of P.W.(I & P) above may be perused. P.W.(I & P) have proposed that 15 copies of such of the departmental administration reports, placed at the Disposal of the Press may be furnished to them for distribution to the Press representatives, who call on the D.I.P. It is also seen that some of the Depts. of the Secretariat have amended their distribution lists in accordance with the above proposal of the P.W.(I.& P.). In the circumstances, this Dept. may also agree to the proposal of the P.W. (I & P). After orders are passed necessary extracts will be taken to amend such of the distribution lists for the several administration reports with which this Department is concerned.

The file may be passed on to Finance U.O.

So far as the Education Deptt. is concerned, the only report which is of sufficient importance is the Report on Public Instruction. There is a separate distribution list for this report. The question whether this should be added to may be taken up separately. The other reports are not of general interest and these need not be supplied to the newspapers.

There is no objection to such of the reports as are plac at the disposal of the Press being made available to the Press thro the D.I.P. as suggested by the P.W.(I.& P.)
