The following is Hon'ble Premier's order on H.M. (Ind)'s letter in the c.f. regarding an orphan in need of help:-

"Send him to some orphanage"

Attention is invited to the letter of H.M. (Industries) in the c.f. and H.M. Premier's order on it. The intention apparently is that the boy in question should be sent to an Orphanage, pending consideration of the question of general assistance to him. The Collector may be consulted as to the institution in which the boy could be admitted.

The collector states that the orphan boy is reported to be slowly developing paralytic symptoms and that it is desirable that the boy should be examined by some expert doctor at Madras with a view to remove the bullet, and that otherwise he will have to be sent to some kind of orphanage at Madras. He has however not specifically stated the name in which orphanage the boy has to be admitted. For orders as whether

the D.P.E. may be asked to get the orphan boy in question admitted in one of the orphanages (Hindu) at Madras. The question of medical treatment to the orphan boy seems to be even more urgent than his admission in an orphanage - for orders whether the C.M. may be asked to arrange for immediately the boy's medical examination and offer advice in respect of his treatment at Madras -

Instead of sending him to Madras, The Collector of Ramnad may be requested to take steps for the admission of the boy at the Esakine Hospital, Madras, as an in-patient. This Hospital is one of the well equipped hospitals in the Province. Being poor, the boy is eligible for free medical examination, treatment, nursing, and diet.

Sub: D. Periaswamy, an orphan boy of Devakottai,
Rammad District - Admission into a Hindu
Orphanage at Madras.

An orphan boy, 19 years old, by name D. Periaswamy of Devakottai sustained a bullet wound in his head in connection with the Civil Disobedience Movement 1942. It was recently noticed that the boy had still the bullet in his head and so he was brought to Madras and operated on in the General Hospital, Madras, for removing the bullet from his head. The Superintendent, General Hospital has reported that the boy is now fit for discharge from the Hospital. The Government desire that the boy should be properly looked after for the future as he sustained injuries in connection with a political movement. In this connection it has been suggested that he might be admitted into a Hindu Orphanage in the city. The Director of Public Instruction is requested to report very urgently whether arrangements can be made for the admission of the boy in any of the Hindu Orphanages at Madras, if necessary by relaxing the age rule.

Secy's note in the margin on p.6 ante. This dept. advised consultation with the D.P.I. in regard to the admission of the boy in question in an orphanage. In accordance with the Director's advice the boy has now been admitted in an orphanage. Perhaps a special order may be issued by Govt. permitting the boy's admission in the Orphanage in question.

Extracts will be taken from this file for action in this regard.

There seems to be no objection to the boy remaining in the Orphanage until arrangements are made for his return to Karaikudi - Vide H.M's. minute on p.15 ante.
