No. E-1-6702/49 dated 18th May 1949

STATIONERY STORES - Consignments - despatch through lorries to stations under booking restrictions - sanction - request of.

Due to booking restriction, the despatch of stationery consignments is being delayed unnecessarily with the result that the work in Government offices suffer much for want of stationery. In cases of real necessity local purchases are being made by officers at prohibitive cost although within the sanctioned limit. -- Many consignments are pending booking to such restricted places for the past two or three months. These officers are reminding me every now and then for the supply of stationery articles. It is understood that there is no possibility of the aforesaid restriction being removed in the near future.

The Secretary, Motor Transport Co-operative Society, Madras, who is the cart-contractor of this office for 1949-50 is willing to transport the stationery articles to the officers in the restricted stations at a rate not exceeding passenger freight. There will be considerable saving of transport charges on account of transport of such goods from the destination to the various offices and also from Guindy to the various goods stations in the City in as much as the Madras Transport Co-operative Society lorries will take delivery of these consignments in Guindy and -- deliver them direct in the offices at the various places where there is restriction in booking.

I therefore recommend that the offer of the Society may be accepted and I request early orders of Government in the matter.

In this office reference D-3-5621/49 dated 22-4-1949 in reply to Govt. Memo. 1241/49-4 dated 19-4-1949, a similar -- arrangement for despatch of paper for printing of electoral rolls has been suggested.
