LEGISLATIVE ASSEMBLY QUESTION - regarding publication of S.S.L.C. results.

R.O.C.696-B/48.

Station:--Madras.

Dated the 8th September, 1948.

From (Name):--SRI. D. SADASIVA REDDI, M.A., (Oxon), M.B.E.,
(Designation):--Commissioner for Government Examinations,
M A D R A S .

The Secretary to Government of Madras,
EDUCATION AND PUBLIC HEALTH DEPARTMENT,
Fort St. George, M A D R A S .

Sir.

Ref:--Government Memorandum No.63401/G3/48-1, dated 30th August, 1948, regarding an answer to the Legislative Assembly question No.536 about the publication of S.S.L.C. Examination results.

I have the honour to suggest that following reply to the question referred to above:--

The eligible lists of the Madras and Andhra Universities are published every year on the basis of the eligibility and moderation rules framed by the Universities. [The S.S.L.Certificates of candidates who appear for the Public Examination are completed by entering therein the marks obtained by them at the Public Examination over the signature of the Secretary, Board of Secondary Education.] The certificates cannot be completed if any of the following conditions is not satisfied.

- (i) The candidate should have put in the prescribed percentage of attendance in Forms IV to VI according to the rules. Any shortage should be condoned by the competent authority.
- (ii) There should be no break in the continuity of the High School course. If there is any, it should be condoned by the District Educational Officer or Inspectress concerned.
- (iii) The record of Physical Education should be satisfactory as prescribed in the rules.
- (iv) If a pupil is underaged i.e., less than 15 years on the 1st March preceding the examination, necessary exemption from age rules should have been obtained from the competent authority.
- (v) Satisfactory documentary evidence should be produced for any change in the optional subject or exemption from the study of a language.

[It is expected that the Headmasters would see to the fulfilment of all these conditions and obtain, if necessary, orders of condonation from the competent authorities and submit all certificates with complete information by the 15th April following the Public Examination.] In practice, it is found that in the case of several hundreds of certificates received for completion, there are defects of one kind or another, in spite of the instructions to the heads of high schools to take timely action to obtain the sanction of the

p.t.o.--.

Inspecting Officers for remedying the defects noted above. [Then the office enters into correspondence with the various heads of high schools for remedying the defects pointed out. To get final replies in all cases and then publish a single consolidated eligible list by the end of May or early in June would be impossible, as much time is taken for receipt of replies from heads of institutions.] And hence the eligible list is published at first in the case of all those whose certificates have no defects and they form the large majority of the eligible candidates. Such an eligible list is published early in June each year.

In respect of certificates which are held under objection, as soon as the required particulars or sanctions are received, such certificates are completed and supplemental eligible lists issued then and there. Every year about 400 certificates are held up for one kind of defect or another and completed subsequent to the publication of the main eligible list as soon as the objections are satisfied. In 1947, sixty six supplemental eligible lists were issued and 94 in 1948.

Yours faithfully,

K. J. Gangavayakumar
