B. A., L. T.,
CORRESPONDENT

Dated 11-2-1949

10899

Respected Sir 1949

STER FOR EDUC

I have been re-elected as the corresponding officer of the Sehgunth High School for the period of three years. Though we have spent more than a lakhs of rupees for the school buildings still six rooms are to be completed. The rooms have come up to the lintel level and in spite of all my efforts it is not at all possible to raise the necessary amount for the completion of the buildings.

I have submitted application for Government grant for the six rooms with all the necessary particulars. The same has been recommended by the Education Department and awaits approval and sanction by the Government.

It would be a great boon to the institution if you are kind enough to sanction building grant so that the building may be ready for accommodating forms held in thatched sheds and for increased strength next year. We have no rooms at present for home craft, library and reading room etc..

With best regards,
Respectfully yours,

Yours truly,
Benjamin Sandercock
CORRESPONDENT.

THE SENGUNTHAR HIGH SCHOOL, ERODE.

To

The Honourable Mr. T. Avasalingam Chettiar,
Minister for Education.
M a d r a s.

Respected Sir,

As the Honourable Minister knows Kurnool District
I am ashamed to say is backward in Education. Nandikotkur
Town especially though the Head Quarters of a taluk had no
High School. This long felt want, ^{neither} the Government nor the
District Board could not supply. Darkness cannot be darkness
always. The people of the Taluk wanted to make an effort
at opening a High school at Nandikotkur and a sum of nearly
Rs 26,000/- was collected in the year 1946 and an aided High
School was started. The Director of Public Instruction Madras
granted a permission in his R.C. No. 260 D/46 D 17-5-1946 permitting
the opening of forms 3 and 4 and in his R.C. No. 260-D/48
dated 7-6-1946 permitted to open the form 2 also. The school
was opened on 15-6-1946 by Sri D. Sadasiva Reddy M.A. (OXEN)
M.B.E, the then Divisional Inspector of Schools, Anantapur,
Honourable Mr. K. Koti Reddy B.A., B.L., I.I.B., Bassister
at Law, the then Minister to the Government of Madras -
presided on the happy occasion.

The school was located in a building which was made
available to the management by a private gentleman and
it continued to remain there till 12-9-1948 when

X-1-

In the year 1947 Form V was started and added in the year 1948. Now it is a full School. But recognitions are being accorded temporary periods of one to two years as sufficient to accommodate the entire school provided. It may not be out of place to mention that the school was started with hardly 150 pupils, but its strength was 350, and now in 1948-49 the strength is 450. Thus it will be seen that the strength is increasing. The people who have woken up from their ^{slumber} ~~slor~~ are availing the opportunity that is afforded to them. They have been able to collect nearly 60 thousands Rs. in donations and ^{the} ~~a~~ present slump has affected them adversely.

The Educational Authorities are preparing to provide a pucca building. Though Rs. 10,000/- have been spent Rs 60,000/- so far, the Government have not given anything by way of aid except a teaching staff for the year 1946-47 and Rs 3,429/- for the year 1947-48.

- 2 -

the application for grant cannot be considered now".

The Ban on entertainment of building grant applications in respect of Institution for boys have not yet been relaxed. A copy of the same is herewith submitted.

So the management itself began the construction of the building out of its own funds. The building plan was approved by the Director of Public Instruction Madras in his R.O. No. 72-D/47 dated 6-2-1947 and now the present structure of the School building consists of two blocks. The Southern block having six rooms and the Northern Block having 5 rooms. Though pucca walls have been raised, these rooms at present have only thatched roofing. It is proposed, on the advice of the Concrete Association of India, 190, Mount Road, Madras, to have reinforced Concrete roofed building and that association is our advisor.

The Committee now feels that it cannot shoulder the entire burden of putting up the roofing from the financial position in view. Out of the eleven rooms only seven are fit or sufficient to hold classes. Two rooms are which smaller in dimensions are being used by the Head Master and the clerical staff. Two big halls of the other two, one is used as a science hall and the other as a tea waiting room, girls waiting rooms etc., There are sections each in the Lower forms two in Form IV, Form V and VI. Even now forms I and II having are being held in thatched huts which, in my opinion, are not be safe from the point of view fire accident.

It is proposed, after putting up the roofing

floor to put up the first floor also with the same number of rooms. This first floor which in common parlance is called the upstairs will hold about ten classes with two big halls. The classes from the sheds which are not too sanitary can be shifted on to the upstairs. 6

The additional construction can only be done with the aid of the Government.

Under the Grant in Code an application has been submitted to the Director of Public Instruction Madras through the District Educational Officer, Kurnool in my C.No. 49/48 dated 26-4-1948. On this the Director was pleased in his R.C. No. 243-D2/48 dated 11-6-1948 he^s has informed me that under the existing orders building grant schemes can be placed on the list of approved works only with the specific sanction of the Government. A true copy of the letter is herewith enclosed. Another application C. No. 49/48 dated 8-11-48 was submitted to the Director of Public Instruction in through the District Educational Officer, Kurnool and even this is pending.

I am given to understand that my application for inclusion in the list of approved works is awaiting the sanction of the Government. The present building, as in the foregoing paras, has only thatched roofing. Pucca roofing has to be laid. This may cost about Rs. 1000. I request the Government to give half grant for of the roofing.

Again as submitted above the first floor

- 5 -

up. It costs about Rs 45,000/-. For this also the Management requests the Government, half grant. Thus in all the Management requests half grant for the completion of the entire building. 7 The Management has strained every nerve to marshal all resources but it finds that without Government's aid it may not be possible to advance any more. Nandikotkur is the only Taluk where pucca buildings have been tried to be put up, not to speak of the old Christian schools. It is the only institution that at present requires an aid because it is a growing institution.

The Honourable Finance Minister was pleased to pay a visit to the school on 12-9-1948 on the Second Anniversary of the High School. The New Buildings have ^{were} been opened by Sri D. ~~xixd~~ Sadasiva Reddy, M.A., (EXEN) M.B.E., The Director of Public Instruction, M a d r a s. and both of them know personally well that we are doing our best, in the cause of Education. It may not be out of place if I submit that we have aided the Government to a certain extent at least in shouldering the financial burden of the Secondary Education.

I request the Honourable Minister to consider the welfare of Rayalaseema in the matter of Education and order the inclusion of the building grant scheme in the list of approved works.

Yours faithfully,

P. Srinagiri Rao.

S e c r e t a r y.

Address for Service.

P. Srinagiri Rao
Secretary

Gandhi Memorial High School
Nandikotkur
Kurnool M.

E & P. H. (B).

The D.P.I. has not included this scheme in the consolidated list submitted for consideration for select inclusion in the list of approved works for the quarter ended 31-12-48. This is even in respect of schemes already forwarded by the D.P.I. no final decision has been arrived at as to their inclusion in the list of approved works.

The main file on the subject has been sent to Fin U.O. for remarks regarding the sanction of a building grant not exceeding Rs 35,000/- to the Devanga High School, Coimbatore. This may be added to that file on its return, in case it is decided to select schemes for inclusion in the list of approved works for the quarter ended 31-12-48.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS

Re. 722D2/48 dated 14th March '49

Copy of the letter dated 4-3-49 from the HeadMaster and Correspondent, P.S. High School, Mylapore to the Director of Public Instruction, Madras.

Ref:--Rc.No.722D-2/46 dated 4-2-49
Sub:--Grant-Building--P.S.High School--Inclusion of Scheme.

I gratefully acknowledge receipt of your communication cited above together with the copy of the Govt. Memorandum dated 6-1-49 informing us that our Building Extension scheme has been included in the consolidated list of Building Schemes submitted for the consideration of Govt. I earnestly hope that the scheme will be selected for inclusion in the list of approved works at an early date.

In this connection, I beg to invite your kind attention to a serious discrepancy in the actual wording of the Govt. Memo referred to above. The words in the Memo are: "The construction of a class room for the P.S. High School, Mylapore," whereas the scheme we have submitted for approval and aid is for the construction of additional class rooms and three rooms for Manual Training (or Basic Craft under the Reorganization Scheme)

I earnestly pray for a clarification of the position

FROM

THE SECRETARY TO THE TRUSTEES
OF PACHAIYAPPA'S CHARITIES, MADRAS.

TO

72399 The Secretary to the Government,
Education & Public Health,
Fort St. George,
M a d r a s.

SIR,

I have the honour to place the following facts on behalf of the Trustees of Pachaiyappa's Charities in the hope that they will meet with sympathetic consideration at your hands.

The Pachaiyappa's High School, Kancheepuram has completed its centenary in 1946, when the School centenary celebrations were presided over by Dewan Bahadur Sir A. Lakshmanaswami Mudaliar, Vice Chencellor, Madras University. With a view to commemorate the centenary the Management intended to construct a Hall adjoining the School building and name it as Pachaiyappa's High School Kancheepuram Centenary Hall. Some of the leading citizens of the town of Kancheepuram have come forward to help the management by money contributions and the Centenary Hall Committee, which was constituted for the purpose of collecting funds for the building, have managed to collect Rs.15,500/- out of promised donations of Rs.21,000/-. The the uncollected balance will be easily forthcoming as soon as the construction of the Centenary Hall is taken up.

The proposed Centenary Hall has been planned to consist of 2 class rooms and an examination Hall in the ground floor and a common Assembly Hall in the first floor, and it is expected that with the construction of these buildings the increasing congestion now felt for accommodation in the school will be appreciably relieved. The need for increased accommodation increases year after year primarily on account of the increased popularity of the Institution and the efficient instruction imparted therein. Successive inspection

P.T. O.

Handwritten notes on the left page, including:

- Copy submitted to Government with reference to Govt. Memorandum No. 87488/1-1 Pdn. dated 6-1-48
- For Director of Public Instruction
- To The Secretary to Government, Education & Public Health, Dept., Madras.
- Handwritten signature and date: 27.9.48

inspection reports of Inspecting Officers also have recorded the urgency of finding increased accommodation for the School. Thus, in the inspection report of the school for 1946-47 the District Educational Officer, Chingleput, has observed, referring to the question of accommodation that "other classes (classes other than higher forms) are not well accommodated and that the Centenary Hall has to be built and the scheme for improving accommodation is under way".

Plans and estimates for the construction of the Centenary Hall at an estimated cost of Rs.1,13,000/- was submitted to the District Educational Officer, Chingleput in April 1947 in reply to which the District Educational Officer by his letter No.L.Dis.753/47 dated 4-5-1947, returning the plans and estimates, stated that the ban on sanction of building grants to Secondary Schools still exists, that the Government is actively considering the question again, and that, only after a decision is reached on the question an application may be entertained.

The Management is desirous of taking up the construction, since more than a year has now lapsed after the starting of the building fund, to meet the increasing requirements of the School for accommodation, and the management therefore appeals to the Government that in consideration of the fact that this school has completed its centenary and has by its sustained service earned a reputation in the field of education, a building grant may be sanctioned for the construction of the Centenary Hall so that the institution may continue to do its useful work and meet the present need for accommodation to the pupils.

Yours faithfully,

J. Ramachandran
Secretary.

Enclosures: Rc. No. 578-D2/48 dated 7-4-1949.

Sir, Sub:- Grant - building - Pachaiyappas High
School, Kancheepuram - Construction of
a Hall and Class rooms - Extension -
inclusion of the scheme.

Ref:- Endt. No. 72399-B1/48-1 Edn., dated 29-9-48
of Edn., & P.H.

The proposed centenary Hall will consist of two
class rooms, an Examination and an Assembly Hall. The
estimated cost of construction is reported to be Rs.1,29,000/-
and the management states that the Trust Board is not in a
position to meet the entire cost of construction. As the
Institution is in need of additional accommodation, the
scheme may be favourably considered.

2. Attention is in this connection invited to Govt.
Memo No.17925-G.3/48-7 Edn., dated 8-12-48. The above
scheme may be permitted to be included in the list of approved
works; but the grant may be sanctioned after the Pachaiappas
Trust throw open their Institution to all communities as
required in the Memo mentioned above.

3. The papers received with Endt. No.72399-B.1/48-1
Edn., dated 29-9-48 are herewith resubmitted.

Yours faithfully,

M. S. Ramaswami
Director of Public Instruction.

To
The Hon'ble Minister for Education
Government of Madras, Madras.

Sir,

Sub: Approval - plan for the construction of a
pucca building - Mahatma Gandhi High School
Atreyapuram - grant-in-aid - requested.

24783
msw

I submit that the Educational Department were good
enough to accord permission for the opening of a High
School at Atreyapuram, East Godavari Dt., in June 1948
subject to certain conditions. One of the conditions
was to provide the High School with a pucca building.
The Management of the High School agreed to it and have
been making earnest efforts for fulfilling it. They
propose to construct a building in accordance with the
plan herewith enclosed. I request that the plan may be
approved by the Government.

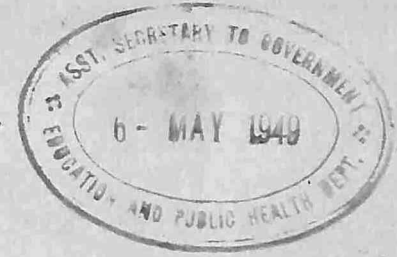

It is highly difficult to construct a building of suitable
accommodation for the High School without the substantial
help of the Government in these hard days. The Management,
have, however, undertaken the task of providing a building
to the school with earnestness. I request you to give your
helping hand by ordering for the provision of an adequate
Government grant also for the fulfilment of the earnestness
of this private effort. Application in the prescribed form
was submitted through the Director.

Thanking you in anticipation,

Yours faithfully,

Atreyapuram

Application referred to the D.P.I for remarks
in Enclt No 37585 B/49 + Edu d/ 20-5-49

41- 2 87
From K. Subramanyam,
Secretary,
The Mahatma Gandhi High School,
Atreyapuram, East Godavari District. 23

To The Hon'ble Minister for Education,
Government of Madras, Madras.

Sir,

Subject: Approval - scheme for the construction
of a pucca building - Mahatma Gandhi
High School Atreyapuram - grant-in-aid -
requested.

The Managing Committee of the Mahatma Gandhi High
School, Atreyapuram, directs me to submit the following peti-
tion to you for approving the scheme that it has submitted to
you through the Director of Public Instruction for constructing
a pucca building and give a substantial grant for carrying out
the construction work with the request that it will receive
your best and earnest consideration.

The management of the school has undertaken to con-
struct a pucca building for accommodating the office and class
rooms of the High School in accordance with the conditions laid
down by the Director of Public Instruction in granting permis-
sion for opening the High School in June, 1948. The manage-
ment has been making very strenuous efforts for collecting funds
to construct the building as early as possible and there has
been an encouraging response from the public of the area in
responding to the appeal for contributions and donations. But,
in these hard days, it would be difficult for any institution
to depend entirely on public funds for doing any substantial
work and having realised this the Government have been giving
grants to the institutions for construction of buildings,
acquiring of play-grounds, etc.

The management submits that the school deserves
very favourable consideration by the Government in regard to

GUNTAKAL.

To

The Secretary to Govt.,
E. & P.H. Deptt.,
Fort St. George.

Sir,

Sub:- Sanction of building grant for the year.

In continuation of my discussion with you regarding the

sanction of Rs.35,000/- for the construction of my High School building, I am reminding you again for according sanction. There are about six hundred boys and girls in my school; we have no building at all. The school is being run in the sheds erected temporarily. We are spending a lot of money over the repairing of the sheds year after year. During summer and rainy season, the staff and the students have to undergo untold suffering in those ventilated sheds. Plans and estimates have been submitted to the Government through the Director of Public Instruction. They have been lying in your office with the recommendation of the Director of Public Instruction awaiting sanction.

We have about 50,000 rupees endowed by one Swamiji called Sree Jagad Guru Pandiradhya of Guntakam Mutt.

Under the circumstances, you will realise our eagerness to take up the building. I therefore request you to kindly sanction the grant so that I can go forward with the construction immediately with the money on hand. Kindly expedite sanction.

Thanking you,

Yours faithfully,

A Rayappa

HEAD MASTER

Sir,

Secretary,
Education Department,
Government of Madras,
MADRAS.

Sub:— Grant - Building - S.J.G.M. High School - Bhimavaram - construction - of Building - inclusion - of Scheme.

Ref:— Proceedings of D.P.I. Re.No.100/D2/49 dated 9-5-'49.

48054
SW

I have the honour to submit that proposals for constructing a Building along with the required Plans and Estimates were already submitted through the Director of Public Instruction already, for which I have received the above reference stating that the above scheme has since been included in the consolidated list for the consideration of the Government and the orders of the Government are awaited. I am further asked not to start any work till it is approved by Government as stated in para 2 of the ~~above~~ proceedings Rc.100/D2/49 dated 29-3-1949. We are thus handicapped in not only not having a Building but could not even propose to start the work atleast. The school is at present in thatched sheds without any accommodation and no chance of further ~~development~~ developing even those sheds. We have started the school with 700 boys and 300 more students are awaiting admission. The Office, the Laboratory and the School-final class are still without housing and application for the Centre for Examination of the S.S.I.C. has to be applied only when a pucca building is available.

I, therefore, request you to consider the need of this growing Institution ~~and~~ as explained already in our original application with the recommendations of the concerned authorities, and include our School in the approved list and intimate us early the result so that we may undertake the work early. Already the permits for Cement is received and for Iron it is about to be received. But all this is without the approval to start the work. We will be loosing the permit for Iron and Cement and will be helpless if the approval is got very late in the year.

Yours faithfully,

V. Appaiah
HEADMASTER.

R.C.No.599 D2/48

Office of the
Director of Public Instruction
Madras, dated, 25th June 1949.

From

The Director of Public Instruction
Madras.

To

The Secretary to Government
Education and Public Health Department
Fort St. George, Madras.

Sir,

Subject:- GRANT -- Building -- S.J.P.High School
Guntakal -- Constructions of building --
inclusion of the scheme -- Permission to
start work.

S.J.P.High School, Guntakal with Forms I to VI is in
urgent need of a pucca building. The plans and estimates for
the proposed construction prepared by the Divisional Engineer
(Highways) Bellary have been checked by the Joint Consulting
Architect and recommended for approval for Rs.1,34,500/-.

2. The above Scheme was included in the consolidated list
for the quarter ended 31-12-48 in my letter Rc.No.62 D2/48 dated
17-1-49. Orders of Government sanctioning the inclusion of the
Scheme are awaited.

3. As the school is in **urgent** need of a pucca building,
the management have applied for permission to start the construc-
tion. The plans and estimates having been approved by the Joint
Consulting Architect, I request that permission may be accorded
to start the construction **after** inviting tenders, as required in
Rule 53 (ii) of the Grant-in-aid Code. The above scheme may also
be sanctioned for inclusion in the list **of** approved works.

Yours faithfully

Sir,

Sub: Approval - Scheme for the construction of a
pucca building - Mahatma Gandhi High School
Atreyapuram - grant-in-aid - requested.

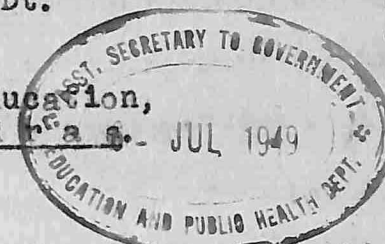

51175
5/7/49

The Managing Committee of the Mahatma Gandhi High School
Atreyapuram, directs me to submit the following petition to
you for approving the scheme that it has submitted to you
through the Director of Public Instruction for constructing
a pucca building and give a substantial grant for carrying
out the construction work with the request that it will
receive your best and earnest consideration.

The Management of the school has undertaken to, construct
a pucca building for accommodating the office and class rooms
of the High School in accordance with the conditions laid
down by the Director of Public Instruction in granting
permission for opening the High School in June 1948. The
management has been making very strenuous efforts for collecting
funds to construct the building as early as possible and there
has been an encouraging response from the public of the area
in responding to the appeal for contributions and donations.
But, in these hard days, it would be difficult for any insti-
tution to depend entirely on public funds for doing any
substantial work and having realised this, the Government
have been giving grants to the institutions for construction
of buildings, acquiring of play-grounds, etc.

The management submits that the school deserves very
favourable consideration by the Government in regard to its
application for approval of the scheme for construction of
the building and granting of a substantial sum by way of
building grant. The management requests that when the appli-

7 - JUN 1949

Honoured Sir,

43648
S.W.
Subject: Grant - Building - St. Joseph's High School, Cuddalore - Pray sanction orders.

I most humbly beg to state that the District Educational Officer, South Arcot has in his memo: R.C.No: 1 B1/49 dated 6-3-1949 communicated to me that the Director of Public Instruction, Madras, has stated that the scheme has been included in the list of Building Scheme for the quarter ended 31-12-1948 and that orders of Government are awaited.

I need hardly add that this building Scheme R.C.No: 52/45 dated 4-8-1945 is the oldest of its kind to await the orders of the Government. As the Scheme has been included in the list of Building Schemes for the quarter ended 31-12-1948, and awaiting the orders of the Government for 6 months, I pray that the Hon'ble Minister for Education will be pleased to pass orders early. I submit that the scheme deserves your sympathy and support.

Yours faithfully,

A.M. Gnanapragasam

Correspondent.

E & P.H. (B.)

The building scheme referred to above was considered along with other schemes for selection for inclusion in the list of approved works for the quarter ended ³¹⁻¹²⁻⁴⁸ ~~31-3-49~~. This Scheme (for the construction of a building for the St. Joseph's High School, Cuddalore) was not selected by the previous H.M. (Edn) for inclusion in the list of approved works. This scheme was again considered in connection

with
P. 104

56

with the selection of building schemes for the quarter ended 31.3.49. Apart from the ^{building scheme for the} Guntakal High School no other building scheme has been selected for this quarter. Any further action in this matter will have to be taken only when a selection of building schemes is made for the ensuing quarters. The

File sent to Finance

Director will be including this scheme in his list to be submitted for consideration for inclusion in the list of approved works ^{for the ensuing quarter}. No action seems therefore

~~called for on the representation at present.~~
~~May be lodged.~~ For orders whether the petitioner may be informed that it has not been found possible to place the scheme on the approved list and that it must wait.

This may be put up with the quarterly list due from the D.P.I.

ORDER (MS) NO. 2376 EDN. DATED 21.7.49

[Handwritten signature/initials]
21/7/49

The Govt. sanction the inclusion in the list of approved works of the schemes for the construction of buildings for aided secondary ~~and Training~~ schools specified in the annexure to this order. While this approval does not convey any guarantee of grant, it will render the institutions eligible for a grant upto one-half of the cost of the schemes not exceeding Rs.35,000 under the provisions of the Grant-in-Aid Code if and when funds become available provided that all the conditions prescribed in the code are duly complied with.

2. The action of the management of the E.R. High School, Gudlavelluru, Krishna District, in having commenced the construction of buildings before the plans and estimates were approved by the Joint Consulting Architect and the scheme was placed on the list of approved works and in not having invited tenders for the construction of buildings was irregular. The irregularity is however condoned and the scheme is placed on the approved list. The grant will be based on the valuation of the buildings by the local Public Works Department.

In the list of secondary schools that should receive building grant not exceeding Rs.35,000, we may include the Guntakkal High School. I saw the building sometime ago and it was being run in poor sheds and the sheds were collapsing whenever there was a strong wind. This may be examined early so that the Management of the High School may go ahead with the construction of the building.

30479

S. V. R.

H.M. Finance.
April 20, 1949.

E & P.H. (B.)

Please see the minutes of H.M. (Fin) above stating that the Guntakkal High School building scheme may be included in the list of approved works. The main file relating to the selection of schemes for inclusion in the list of approved works from the list submitted by the Director for the quarter ^{ended} 31-12-48 is under circulation to H.M. (Fin) and H.P. Further action on

② File with H.P.

this may be taken ~~on~~ on the return of the main file from circulation - The scheme in question was not selected for inclusion in the approved list by the previous H.M. (Fin). This may be re-circulated after the main file returns.

The main file referred to has been received. Out of the consolidated list of building schemes for the Quarter ended 31-12-48 only one Scheme was selected for inclusion in the list of approved works, viz. the construction of a building for the Devanga High School, Coimbatore and orders were issued

issued in G.O. No. 1443 Edn. dated 9-5-43.

2. Under the rules in Chapter VII of the Grant-in-Aid Code, the Director should maintain a list of schemes approved from a technical point of view. The inclusion of schemes in the list ~~will~~ ^{does} not convey any guarantee of grants but will render the scheme eligible for a grant towards one-half of the actual cost of construction not exceeding Rs. 35,000/-. The Director recommends for the consideration of Govt. every year such new schemes out of the list for which provision should be made for payment of grants in the next year's budget under Part II.

The inclusion of schemes for the construction of buildings in the list of approved works is now sanctioned by Govt. For this purpose the Director submits a consolidated list of building schemes once in a quarter. The list for the quarter ended 31-3-49 will be found on pages 21-29 c.f. This includes all the schemes left out in the list for the previous quarter and some more new schemes.

3. Prior to 1947-48 grants for the construction of buildings for secondary schools for boys under private managements were made only in exceptional cases where it was considered that a grant was essential, while there was no such restriction in respect of secondary schools for girls. In 1947 the Cabinet decided that the restriction in respect of boys schools should be relaxed and grants should be specially provided for every year for construction of buildings for secondary schools for boys. Accordingly grants were sanctioned for the construction of buildings for a number of secondary schools for boys in 1947-8 and 1948-9. The outstanding commitments on 1-4-49 in respect of schemes for the construction of buildings for secondary schools for boys and girls under private managements for which grants have been already sanctioned will be Rs. 243,200 (Approximately).

Mr 3-4 (S)

Statement at p 7 of I
may be useful for this purpose

It is proposed to sanction grants in the current year to secondary schools for boys and girls involving a maximum liability of Rs. 4,37,500. As against the total commitments ^(of Rs. 680,700) a sum of ~~Rs.~~ ^{Rs.} 2,28,800/- has been provided for in the current year. The balance to be provided for in 1950-51 and subsequent years will be Rs. ~~4,37,500~~ ^{about 4,51,900}. A list of schemes which have already been included in the H.M. (Edn.) has already minuted that seven schemes for the construction of buildings which have already been taken up for execution without the prior approval of Govt. may be included in the list of approved works and action is being taken up separately in this regard. Provision will have to be made in the B.E. for 1950-51 in respect of these schemes also. It is therefore for consideration whether the inclusion of any more new schemes should be sanctioned. If so selection may be made from the list at pp 3-5 of ^(K) which are arranged district-war.

4. The scheme referred to by H.M. (Fin.) at p.1 ante ~~may~~ was in the consolidated list sent by the Director for the last quarter. It is for consideration whether in the circumstances stated, it may be included in the approved list. The Secretary Pachaiyappa's Trust has once again requested for the inclusion of the building scheme for the High schools at Chidambaram and Kanchipuram. Attention is in this connection invited to pp.3-4 n.f. of 'S' wherein the position of these schools was examined. Since then the ^{Advocate General} ~~Adv.~~ has agreed to move in the High Court for the amendment of the trust so as to permit the admission of non-Hindus in these schools. In these circumstances it is for consideration whether pending the amendment of the scheme, the scheme should be selected for inclusion in the list of approved works. In selecting new schemes for inclusion in the list of approved works preference may be given to schemes relating to districts for which grants have not been paid in recent years. The statement at p 7 of I shows the districts in respect of which grants have been sanctioned in recent years.

HM (Edn)
HM (Fin)

The scheme for the construction of a building for the Guntakal High School at a cost of Rs 1,60,000/- is included in the list of schemes costing Rs 7,74,520/- sent by the D.P.I. Before the scheme and the entire list can be considered, provision will have to be made for (1) grants already sanctioned in the past but have not been paid in full the amount outstanding being Rs 2,43,200, (2) 7 schemes for buildings under execution costing Rs 1,24,188 which H.M. (Edn) has approved, and (3) 8 schemes already included in the list of approved works involving a cost of Rs 2,37,500/-

It is for orders whether the scheme for the construction of a building for the Guntakal High School should be included in the list of approved works and considered for grant in the next year.

H.M. (Edn) may be considered for grant in the next year. 25/5

H.M. (Fin) Will find difficulty long term created in his backward track.

Can't we somehow find the amount this year itself?

R.H. 1.6

with reference to the minutes of HM (Fin) above, it is submitted that if the grant is sanctioned in the current year itself, additional funds will have to be provided at the end of the year for disbursement of the grant claimed with reference to the progress made in the execution if the sanctioned allotment is

GOVERNMENT OF MYSORE

found insufficient to meet all the claims. The file may be circulated to HM (Edn) + HM (Fin) for orders whether the scheme for the construction of a building for the high school at Guntakal at an estimated cost of Rs 160,000 may be included in the list of approved works and a grant not exceeding Rs 35,000 may be sanctioned in the current year as a special case, as was done in respect of the Desanga High School, Coimbatore in G.O. No 1443 Edn & 9.5.49. Finance may see for same.

2. It is presumed that it is not the intention to select any other schemes out of the list mtd. by the DP 9 for inclusion in the list of approved works. [Two letters received from the DP 9 has been added to CF.]

Please see the minutes of HM. Finance on pages 1 and 4 above and the further note of Exp A on pp 4-5 above.

Attention is invited to the extracts of notes put up at P. dealing with a sub-committee in connection with the proposal to sanction in the current year, a building grant for the Municipal High School, Cuddalore. This Deptt. considered that if fresh schemes are approved in the course of the current year it would not only lead to the provision made for this kind of expenditure in the budget for the current year being exceeded, but will also amount to going beyond the Cabinet decision to

the question of providing funds in the budget for sanctioning grants ~~can~~ be considered as a Part II scheme. So there is no possibility of a grant being sanctioned for the scheme in the current year unless the scheme is now selected for inclusion in the list of approved works and the sanction of the Cabinet is obtained for sanctioning grants in the current year itself as a special case as is proposed to be done in the case of the school at Quntakal. In that case finance should be provided by circulation.

The maximum amount of grant is Rs 35000/-
24/6/49

I doubt if we can give this school precedence over selected schools. In any case, the question can only be considered if and when Cabinet sanctions a fresh allocation

We shall consider this at the next meeting

Please see the notes on p 110 ante. The scheme for the construction of a building for the high school at Quntakal & the scheme for the construction of an additional building for the St Joseph's Secondary School Tirupurapuram have been included in the list of schemes to be newly placed on the approved list for which grants have ~~been~~^{to be} sanctioned in the current year appended to the note for the cabinet in the top file.

2. It is for consideration whether some more schemes may also be included. Attention is solicited to item 13 in the list on p 21 of - Scheme for the construction of a building for the St High School Gundlavalloor & the previous correspondence in Memo No 73795 40/47-1 20n 3 15.1.48. This is a scheme which has been commenced & progress to the value of Rs 28,889 has been reported. The DP has been recommending the inclusion of the scheme in the approved list since the beginning of the last year. The scheme for the construction of addl class rooms & three rooms for Manual Training in the St High School Mysore (Item 2 on p 21 of) is also an old scheme which is pending inclusion in the list of approved works since 1947.

May be included.
24/7/49

It is for consideration whether both these schemes may be included in the list.

p 1 of 4 -
Item 11 on p 21 of

3. The Correspondent of the Sangumthar High School Erode has also specially applied for inclusion of the scheme for the construction of class rooms at an approximate cost of Rs 5000 as the classes are now held in thatched sheds. ~~to this is intended for girls~~ It may also perhaps be considered. Attention is also in this connection solicited to the application of the management of the Mahakma Gandhi High School Shreyapuram Sec

24/7/49

Godavari & and the end thereof by the present H.M. (H.R.) and H.M. (Son) on 1/3 5 + 3 9 94 - It is for consideration whether these two schemes may also be included so that the question of provision of funds for these schemes may be considered in connection with Part II estimates for 1950-51

in 12/7/49

In order The four schemes mentioned on pages 11-12 of the note may also be included in the circular to the note for the Cabinet in the top file. No increase in the additional allotment applied for, need be made, as the managements may claim only a portion of the grant in the current year.

in 12-9-49

We are asking the Cabinet to approve of an additional grant of Rs 1,13,800 in order (1) to supplement the grant of Rs 1,43,700 already given to 20 schools, (2) for 6 schemes already shown in the Annexure. The question is whether 4 more schools mentioned in this note should be added to the 6 already in the Annexure. Of these schemes only the school at Gudlavelluru is already under construction. In view of the fact that payments even in small amounts this year will commit us to the payment of full amounts when funds are available, it does not seem expedient to add the three schools whose work has not been commenced. In respect of the school at Gudlavelluru where the work has commenced, the expenditure can be sanctioned if H.M. so decides.
