Sub: Stipends - Training Colleges - Grant to all students who do not pay fees.

It has been suggested that the concession of stipends to students of backward classes in the Training Colleges (provision for which was made in the B. E. for 1948-49) should be extended to all ^{other} students who do not pay fees. The D. P. I. is requested to submit an estimate of additional cost involved in the proposal. As it will have to be treated as a Part II scheme for 1949-50, a reply should be submitted not later than 6.12.1948.

Sir,

SUB:- Stipends - Training Colleges - Sanction
of to students who do not pay: *blank*

REF:- Government Memorandum No. 88645/48-1-C.1
Education, dated 30th November 1948.

The information required for the consideration of the
proposal referred to in the Government Memorandum quoted
above is furnished below:

The following is the sanctioned strength of the
Training Colleges in this Province.

(1) Government Training College, Rajahmundry:	110
(2) St. Joseph's Training College, Guntur	22**
(3) Teachers' College, Saidapet	150
(4) Lady Willingdon Training College, Madras	110
(5) Meston Training College, Royapettah	60 (25 M.Ed)
(6) St. Christopher's Training College, Vepery:	50
(7) St. Ann's Training College, Mangalore	30

** The figure given does not represent the sanctioned
strength but only the actual strength of the college during
1948-49 as the information regarding the sanctioned --
strength of the college is not available in this office.

The cost involved in the proposal based on the re-
quirements of the above colleges according to their sanc-
tioned strength would, therefore, come to Rs. 532 x 9½ x 20
i.e. 1,01,080 or Rs. 1,01,000/- annually in round figures.
Information regarding the number of pupils paying fees
in these colleges is not available. Their number is taken
as 50. The immediate cost would therefore be reduced to
(1,01,000 - (50 x 9½ x 20) 9,500) i.e. 91,600/-.

The above estimate is arrived at on the basis that
training colleges begin to function from July to 1st week
of April when the examinations for the B.T. or the B.Ed.
degrees are usually conducted. The period covered comes
to 9½ months roughly i.e. from the re-opening of the
colleges to the last date of the B.Ed. or B.T. Degree
examination. The amount of stipend proposed to be
sanctioned by Government is presumed to be Rs. 20/- per
mensem per trainee with reference to the Government Memo.
No. 68491/C.1/47-7 Education, dated 24th March 1948.

M.A.H. (Exp. file)

The ultimate cost of the proposal would be the same namely Rs.91,600/- annually until there is a demand for increasing the number of stipendiaries allotted to each college consequent on the increase in the sanctioned strength of the colleges. Although the sanctioned strength in these colleges is 532, the actual number of pupils onrolls during 1948--49 was 490 and the average of the strength of these colleges for the three years from 1946--47 to 1948--49 comes to only 475. It is apparent, therefore, that the existing provision in these training colleges has not been fully availed of. The need for increasing the allotment can be considered only as and when it is felt and it is difficult to forecast the additional ultimate cost as the strength in these colleges fluctuates every year. The immediate cost and ultimate cost may therefore be put at Rs.91,600/- annually.

The draft amendments to the Madras Educational Rules 116, 117, 117A and 118 submitted in this office letter RC.No.2080/E.4/46 dated 3rd July 1948 would need revision, if Government sanction the stipend to trainees in training colleges. Besides the rules mentioned supra Rules 130 and 133 in Chapter X of the Madras Educational Rules also need to be amended suitably. I shall submit the draft amendments on receipt of Government orders on the proposal.

Yours faithfully,

PART II SCHEME FOR 1949-50.

[Subject: Payment of stipends to candidates undergoing B.T. or B.Ed. Training.]

C.Teachers' Colleges-	year for each student.				
3. Other charges-Stipends.					

Previously graduate students admitted to training colleges were given stipends. These were abolished as a measure of retrenchment in 1932. At present they are given free tuition and this concession is restricted to students of this Province. Students outside the Province except those who are bona fide teachers employed in the schools in this Province with guarantee of future employment in such schools have to pay tuition fees. It has been brought to the notice of Government that applications for admission to teachers colleges have been very few during the past few years. On the other hand the secondary schools have doubled in the last four or five years. It is therefore, necessary to attract more students to the training colleges so that the schools may be properly staffed. It is proposed that stipends at the rate of Rs.20 a month for 9 and half months in the year may be paid to candidates who are admitted into the training college and do not pay fees. The D.P.I. has reported that the cost of granting stipends will be about Rs.88,500/- Provision may be made in the B.E. for 1949-50 as shown in the summary at the top.

I find that enough applications are not forthcoming for the L.T. colleges. We provided for giving them stipends in the last year's Part II proposals. They passed that only for backward communities it may be given and that generally, it need not be given for others and that we may wait and see. But even in this year, the admissions have not considerably improved. I think we must revise that proposal to give stipends for L.T. students. The last year's proposals may be put up for this year also. 10

Immediate steps may be taken so that the proposals may be put up in time.

The main file on the proposals referred to at A' above has been sent to Finance. As stated by H.M., these proposals relate to the grant of stipends only to students of backward classes in the Training Colleges. H.M. now desires that the concession should be extended to all students (who do not pay fees). The D.P. I may first be asked to submit an estimate of cost. The draft memo. below is for approval.

2. It is presumed that the proposal should be treated as a Part II Scheme for 1949-50. If so, Finance may see, after issue of the memo., for remarks as to whether the proposal may be admitted for consideration as Part II scheme, on receipt of the estimate called for from the D.P.I.

Proposals in regard to Part II schemes for 49-50 were due in this Dept. by 1.11.48. This will be

a belated scheme. Special orders of HOC (P.C.) will have to be taken for admitting the scheme for consideration as a Part II scheme for 1949-50. The last date for receipt of copies of the Part II scheme Note in the Finance Deptt is the 13th inst. Statistics of admissions to the Training Colleges may also be obtained, if the scheme is to be pressed.

J.H. from the D.P.I. dated 3.12.48.

The D.P.I. has furnished a statement of the number of students admitted during each of the years 1946-48 in the various Training Colleges in the province. The total number of students admitted in all Training Colleges is as follows.

1946-47 ——— 472

1947-48 ——— 464

1948-49 ——— 490

Details regarding the number of applications for admissions into the Training Colleges have not been furnished as they are reported to be not available.

The D.P.I. says that the information called for in the Memo. on p.1 of will be furnished separately. It may be awaited.

The D.P.I. has furnished the statistics regarding admission in the Teachers' Training Colleges required by Fin. Vide note on page 2 ANTE. The Director estimates the cost involved in the grant of a stipend of Rs. 20/- each a month for 9½ months for all students in Training Colleges who do not pay fees at Rs. 91,600 per year. He has included in his calculation the cost of payment of stipends to students belonging to backward classes also. The payment of stipend to backward class candidates has already been approved. The cost was estimated at Rs. 3100. The additional cost is therefore only Rs. 88,500. File may be sent to Finance for remarks before circulation.

Part II Scheme for 1949-50.

Grant of Stipends to students in the Teachers' Training Colleges, who do not pay fees.

Ultimate Cost. Recurring.	Cost in 1949-50. Recurring.
Rs. 88,500	Rs. 88,500

(Previous Finance note on pages 1-2 above).

Please see the letters from the D.P.I. at pp.5-8 C.F. and the notes on pages 2-3 above. The extra cost involved in the proposal to sanction the payment of stipends at Rs 20 each a month for 9½ months for all students in Training colleges who do not pay fees is estimated at Rs 88,500 per annum recurring.

The point for consideration is whether the proposal can be considered to be so imperatively and immediately essen-

4
essential for the proper running of the department as to be introduced in the next year itself.

3 The total sanctioned strength of all the Training colleges, in this Province is ⁵³². As against this, the total number of students admitted in all the colleges during the years 1946-7, 1947-8 and 1948-9 was 472, 464 and 490 respectively. The number admitted during 1948-9 falls ~~the~~ short of the total sanctioned strength only by about 40 seats. This may be due to various reasons. Students who were offered seats in the colleges might not have actually joined the college at the last moment for some reason or other. (Details regarding the number of applications received for admission into the Training colleges have not been furnished by the D.P.I.).

4 It is submitted that with reference to the admissions made into the Training colleges during 1948-9, there does not appear to be a strong justification for the grant of ~~stipends~~ stipends to all students in the Training colleges who do not pay fees. Moreover, the extra cost involved in the proposal is also large. It would seem desirable therefore to wait for some more time to see whether or not sufficient number of applications for an admission into the colleges would be forthcoming, and then to consider the need for the grant of stipends to these students, as a measure of inducement. It is likely that with the recent revision of scales of pay for collegiate trained teachers ^{a larger} more number of applications would be received in future.

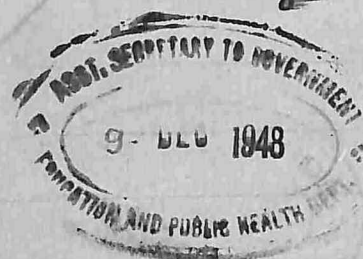

5 In the circumstances stated ~~at~~ above, and in view of the fact that the proposal does not strictly satisfy any of the criteria laid down for Part II Schemes for 1949-50, Fin. may advise against the proposal and suggest that it may be ~~def~~ deferred for the present. If E. & P.H. do not agree, they may be requested to take orders in circulation including H.M. (Fin.)

The difference between the sanctioned strength & the actual no. of admissions is not so large as to justify the very large extra expenditure involved. There are also the considerations
