Sir,

Ref: No. Rc.539-D2/48, dated 28-4-1949, from the Director of Public Instruction.

Sub: Grant - Building -Firka Development Trust High School - Malikipuram - Building under construction.

The plans and estimates for the above work are herewith resubmitted in duplicate, duly incorporating the corrections pointed out in the duplicate and signed by the Engineer in charge of the buildings.

As I have to give finishing touches to the buildings already constructed at a cost of about Rs.2,00,000/-. I request that the eligible grant of at least Rs. 35,000/- may please be sanctioned immediately.

As you are also pleased to sanction 'Engineering Course' (Bifurcated Course) for this school from the ensuing school year 1949-50, I have to establish a building with necessary equipment at least by end of June 1949. So if the grant is sanctioned early, it will be great source of help to rush the other Bifurcated Courses and also other necessary equipment to the High School.

In case, it is not possible to grant the amount immediately ~~you~~ for want of any objection, I request that this

I submit herewith a copy of letter dated 23-5-1949 (Advance copy at pp 1-2 ante) from the President, A.F.D. Trust, Malkipuram requesting for the payment of the building grant during the current year.

2. As this scheme was approved by Government in November 1948, long after the submission of the proposals for the Budget Estimate for 1949-50, no advance grant could be suggested for this scheme. In view of the representation made by the President, I request that Government may be pleased to sanction the disbursement in the current year of a "Special grant" or "an advance building grant" of Rs. 30,000/-.

Yours faithfully,

COPY OF MEMORANDUM NO.40742 B1/49-2 EDN. DATED 15--6--1949.

Buildings - Secondary schools - Additional allotment of funds.

The Director of Public Instruction is requested to report very urgently the amount required for payment of subsidies to local bodies and grants to private managements towards the construction of buildings for secondary schools in addition to the amount already provided in the Budget Estimate for 1949-50, in respect of the following:

(1) schemes for which grants have been sanctioned without considering as a Part II scheme for 1949-50 for example (a) Subsidy sanctioned to the District Board, Guntur in G.O.No.1201 Edn. dated 20-4-49 (b) scheme for the construction of a building for the Devanga High School, Coimbatore approved in G.O.No.1443 Edn. dated 9-5-49.

(2) schemes for which grants have been sanctioned in previous years but for which no provision has been made in the budget as it was then considered that the scheme was not likely to be taken up for execution during the current year, for example the schemes relating to
(a) construction of a building for the Board High School, Kamuti
(b) construction of a building for the Municipal High School, Chicacole.

2. The Director is also requested to report whether there are any schemes other than the scheme for the provision of terraced roofing to the Municipal High school, Cuddalore, for which the question of sanctioning a subsidy should be considered in the current year without treating it as a Part II scheme for 1950-51.

Post Copy of Telephonic Message dated 28-6-1949 from Government regarding the progress of work in respect of certain aided Secondary Schools for girls.

I submit herewith the particulars called for in the Post Copy of Telephonic Message in respect of the three Girls Schools.

Institution.	Amount reported to have been spent.	Grant desired by the management during 1949-50.	Remarks.
Sarada Vidyalaya Girls' High School, T'Nagar.	133 12 0	Rs.20,000/-	The management having invited tenders for the scheme and accepted, will execute work during the current year. Grant of Rs.5000/- can be recommended.
Kasturi Devi Girls' High School, Nellore.	Rs.3,226/-	Rs.25,000/-	The management accepted the tender for the scheme as early as November 48. They have also collected enough building materials and are proceeding with the construction. Hence an advance grant of Rs.5,000/- or Rs.~~10,000/-~~ 7,000/- is recommended.
Shanti Vijai Hindu Girls' High School, Coonoor.	-	-	The management decided not to start this Scheme, due to huge cost of building materials. Hence no provision was suggested in the Budget Estimate of 1949-50 in respect of this Scheme.

Order Ms No 2406 Education dated 25.7.49

The Govt sanction grants not exceeding one half of the actual cost of acquisition of site and construction of buildings for secondary schools specified in the annexure subject to the maximum limits specified against them. The grants will be disbursed in accordance with the provisions of the Grant in Aid code. The DPI is requested to communicate the orders to the managements concerned.

2. In G.O. No 2080 Education dated 28-6-49 the Govt have already authorised an expenditure of Rs 143,700 on part payment of grants in the current year to 20 new building schemes - (19 for secondary schools and one for ~~a hostel~~ an orphanage) specified in the annexure to that order. As grants have been sanctioned in the current year for seven more schemes for which provision has not been made in the budget for payment of grants, the Govt have decided that an additional expenditure not exceeding Rs 1,13,800 may be incurred in the current year under "37 G Education - Secondary - Direct grants to Non-Govt Secondary Schools (A-General (i Excluding Post war Reconstruction) 3-Buildings") on payment of grants to these new schemes. The actual amount required in excess of the budget provision will be ~~ascertained in January~~ reported by the D.P.I early in Feb. 1950 and steps will be taken to obtain a supplementary estimate. ~~[illegible]~~. In the meantime, the A.G. is authorised to admit the expenditure on payment of grants for the new schemes specified in the annexure pending provision of funds in due course.

3. The DPI is informed that as against the addl. expenditure of Rs 113,800 referred to in para 2 above ~~only~~ a sum of Rs ~~98,800~~ 82,000 only has been distributed to the seven new schemes and that the balance of Rs ~~15,000~~ 31,800 will, if necessary, be allotted ~~later~~ on to some of the schemes for which the amount allotted is found to be meagre. ~~There might be savings in the amount provided for some of the schemes. It will be open to~~ the DPI may use to utilise the savings for disbursement in cases where the grant claimed is more than the amount provided for if from the progress reports received, it is considered that ~~the amount now provided for is insufficient~~ a further payment in the current year is justified.

Please see the minutes of H.M.(Fin.) above. A A provision of Rs.1,70,000/- has been made in the Estimates of Expenditure for 1949-50 for part-payment of building grants to the schemes specified in the annexure to the memo No.73691 B1/48-5 Edn. dated 25-4-49. The scheme for acquisition of site, construction of class rooms and science block for the A.F.D.T. High school at Malkipuram was included in the list of approved works only after the Part II scheme for 1949-50 was finalised. No provision has been made for the payment of grant to the building scheme for the A.F.D.T. High school, Malkipuram in 1949-50. B The question of providing funds for sanctioning grant (Rs.35,000) to this scheme will have to be considered only as a Part II proposal for 1950-51. The extracts at plante and the letter from the D.P.I. at p3 c.f. may be perused.

2. The Director has forwarded a copy of the letter from the President of the A. F. D. T. High School, Malkipuram and has stated that no provision was suggested by him ~~was~~ for payment of grant to this scheme during 1949-50 as the scheme was included in the list of approved works long after his submission of the proposals for the B. E. for 1949-50. In the circumstances stated by the President of the School the Director recommends that sanction may be accorded for the payment in the current year, as a special case, ~~of a part grant~~ of the grant of Rs 35000 due to the management even though no provision ~~was~~ has been made in the B. E ~~for~~ 1949-50 for the purpose or atleast Rs 30.000 (as advance grant) × pp 3-4 c.f. p3 c.f. pp 3-4 c.f. p3 c.f.

3.) On an enquiry from H.M. (Fin), the proposal was examined and it was stated that under normal circumstances the question of providing funds for the sanctioning of a grant (Rs 35,000/-) to this scheme will have to be considered only in connection with the Part II proposals for 1950-51. H.M (Edn) and H.M. (Fin) to whom the file was circulated agreed with this view. However in view of the Director's recommendation ~~and in view of the management's representation that the grant would enable it to give the finishing touch to the Scheme~~ it is for consideration Minutes at plante Ex plante plante

Sanction was accorded for the payment of building grant to the Devanga High School, Coimbatore in the current year as a special case even though no provision was made for the purpose in the B. With reference to the orders in circulation extracted on page 1 above, the proposal to pay a grant of Rs. 35,000 to the A.F.D.T. High School, Malkipuram, East Godavari Dt., has ordinarily to be treated as a Part II Scheme for 1950-1. In view of the management's representation on pages 1-2 C.F. E&P.H's proposal at K above may be accepted, ~~subject to orders being taken in circulation~~ as a special case, ~~[illegible]~~ The provision of Rs. 1.70 lakhs referred to at A on page 1 above is the reduced provision recommended by the J.F.C. and accepted by the Cabinet ~~[illegible]~~ as one of the ways of balancing the Budget for 1949-50.

The A.F.D.T. school was not included in the list sent by the D.P.I. and therefore was not selected for ~~the~~ provision in the current year. The D.P.I. however now proposes that as the Management has spent 2 lakhs, a building grant may be given to it in order that the work may be completed. If this is agreed to it is suggested that the grant may be limited to Rs 20,000 during the current year because this will be about the size of the grant which will be given to the schools for which provision has been made in the budget. The grant may also be approved under the short circuit procedure.

Please see the minutes of H.M.(Edn) above. Finance is likely to object to lump sum provision being made in the current year for sanctioning grants to schemes for the construction of buildings for secondary schools (which were not considered as a Part II Scheme for 1949-50) under private managements without knowing the exact ~~rex~~ requirements. The amount suggested for inclusion in the budget for certain schemes which were considered as Part II scheme for 1949-50 was reduced by the cabinet from Rs 257500 to Rs 143700 so far Secy schools were concerned. The D.P.I. has reported that the allotment of Rs 143700 made for disbursement of grants to those 20 schemes is insufficient and that an additional allotment is necessary but he has not specified the amount required. As the actual amount required for disbursements to those schools in which the new wroks are proposed to be undertaken will be known only towards the end of the year with reference to the progress made in the execution of the schemes, it has been suggested that the amount provided for may be allotted to the schemes and orders may be issued sanctioning

The two schemes for the construction of buildings for secondary schools for boys referred to above have been executed to such an extent as to earn the maximum grant admissible for those works. A provision of Rs 70,000 is required for payment in full. If partpayment is to be made as in the case of other schemes a provision of atleast Rs 50,000 is required for the two schemes. Inregard to secondary schools for girls, ~~[illegible] recommended that~~ in connection with Part ~~II~~ schemes for 1949-50 the D.P.I. recommended that the question ~~xx~~ of providing for payment of grants for the three schemes may be considered, but as these were costly ones and the grant promised was compartitively small when considered with the estimated cost, no provision was included for these schemes. The D.P.I. may be asked whether any of these three schemes are now under execution, and whether provision should be made for sanctioning grants in the current year itself

3. Application has been made for a grant for the construction of a building for the high school at Guntakkal which is now accommodated in thatched sheds. The Hon'ble the Finance Minister who inspected the school has reported that the school is badly in need of pucca buildings. The Secretary S.J.P. high school, Guntakal, has reported that the management has on hand a contribution of Rs 50,000 and that if the

grant is promised, the work can be taken up for execution. This scheme may also be included in the list of approved works as a special case and a grant may be sanctioned in the current year subject to a maximim of Rs 35,000 For part payment, a sum of Rs 20,000 may be provided for. It has also been decided that the question of sanctioning a grant for the St Joseph's Secy School Tiruppapuliyur should also be considered.

The Cabinet reduced the provision for payment of building grants to secondary schools under private management from Rs 2,57,500 to Rs 1,43,000. Accordingly the grants to the schools approved have been rateably reduced. It is being felt by the D.P.I. that this rateable reduction is unfair and inexpedient. At the same time it has been found that certain schools mentioned at p. 6 ante are urgently in need of grants to complete works under construction. H.M.(Fin) and H.M.(E.&L.) appear to be satisfied that the provision should be increased. In any case it may be restored to the original figure of Rs 2,57,500. The increase will be distributed to the approved schools and such other schools whose urgency for the grant is established.

(Previous Finance notes on page 3 above).

The notes ~~of E.&P.H.~~ and ~~the~~ orders in circulation from pp.4-~~5 above~~ may be perused. Orders have since been issued in G.O.Ms.2080 Edn. d/28-6-1949 distributing the reduced budget provision of Rs.1.44 lakhs among the various secondary schools under private management, as building grants. The present proposal of Secretary, E&P.H., to incur expenditure to the extent of the original demand of Rs.2,57,500 against the reduced provision of Rs. 1.44 lakhs may be ~~accepted~~ agreed to in full. It is presumed that this will be done with the approval of the Cabinet - cf. the minute of H.M.(Edn.) on p.5 above.

It appears that the intention is to allow the distribution of Rs.1.44 lakhs already sanctioned in the G.O. cited above to stand and to utilize the difference of Rs.1,13,800 between ~~the figure~~ Rs. 143700 and the original demand of Rs.2,57,500 for giving grants for approved schemes of the kind listed on page 6 above. The amount of grant to be given in 1949-50 for each of these schemes will ~~apparently~~ presumably be in about the same proportion as that sanctioned for similar schemes in the above G.O., as otherwise it will amount to a liberal treatment being ~~amended~~ accorded to these new schemes as compared with those provided for in the current year's budget estimates- cf. the orders at M on page 4 above.

The actual amount required in excess of the budget provision of Rs.1.44 lakhs with reference to the progress of actuals on all sanctioned ~~works~~ schemes will have to be ascertained by E & P.H. in January 1950 and action taken to obtain a supplementary grant from the Legislature. Meanwhile, the A.G., will have to be authorized to admit the expenditure on the new schemes, pending provision of funds in due course. It will however be necessary to follow the appropriate financial procedure before sanctioning each of the new schemes not considered as Part II Schemes for 1949-50-cf. para.2 of this Department's note on page 3 above.

In connection with Part II estimates for 1949-50, this Deptt proposed that a provision of Rs 2,57,500 may be made in the estimates of expenditure for 1949-50 for payment of grants to 20 new approved schemes for the construction of buildings of secondary schools under private managements. The amount was reduced by the Cabinet to Rs 143, 700. This reduced provision has been distributed ~~to the schemes~~ rateably. The D.P.I. has pointed out that the amount will not be sufficient and that it will be necessary to provide additional funds during the course of the year.

(B)

In addition to the 20 new schemes referred to, there are certain schemes which have already been included in the approved list of approved and for which funds have not yet been provided for payment of grants. There are also a few very urgent schemes for which grants have been applied for in the current year as the managements want to proceed with the execution of the schemes as the schools concerned are badly in need of suitable buildings or additional accommodation. In view of the urgency it is considered that the schemes should be included in the list of approved works and grants sanctioned in the current year. There are 5 schemes which have already been included in the list of approved works as already stated on page 6 an The two new schemes which have ~~now to be included~~ already been considered for inclusion in the list of approved works are (1) the scheme for the construction of a building for the high school at Guntakal and (2) Constructi of an additional building for the St Joseph's secondary schoo at Tiruppapuliyur. In respect of both the schemes, the maximu grant payble will be limited to Rs 35,000 in each case. In the circumstances stated above, this department have proposed to raise the provision made for payment of building grants to secondary schools under pribate managements for ne schemes from Rs 143,700 to Rs 2,57,500 as originally recommended by this department and to utilise the difference of Rs1,13,800 for payment of grants in part to new schemes which have alrea been included in the list of approved works and for which grants have not yet been provided and for certain new scheme

Building grants to secondary & Training schools under private managements are sanctioned and disbursed in accordance with the rules in the Grant-in-Aid Code. Under these rules, the Director of Public Instruction maintains a list of schemes approved from a technical point view. The Govt sanction the inclusion of schemes in the approved list. The approval does not convey any guarantee of grant, but it will render the institution eligible for a grant upto one-half of the Cost of Construction ~~not exceeding~~ subject to a maximum of Rs 35,000 as & when funds become available. The Director recommends for the consideration of Govt every year such new schemes out of the list for which provision should be made for payment of grants in the ~~next~~ subsequent years budget. After budget provision is made grants are sanctioned to those schemes and the grant is disbursed on the post execution system. To enable the managements to execute the works without having on hand the entire amount required for completion of the work, grants are disbursed in part as the ~~ass~~ work progress, the grants disbursed in a particular year being limited to one half of the actual expenditure incurred on the work subject to the maximum limit specified above.

2. A draft order sanctioning grants for certain new
schemes specified in the note for the Cabinet is
submitted below for approval. with reference to
the portion marked Z in the Finance Deptt's note on
page 8 ante, it is submitted that the grants to
be disbursed in the current year is limited to about
one third of the maximum grant payable in each
case except in regard to three schemes which have
already progressed. The building for the Devanga
High School has already been constructed - The building
for the A F. D T. High School Malkipuram is nearing
completion ~~which~~ and an expenditure of Rs 28 500 has
already been incurred on the construction of a building
for the E R High School Gudlavallem. In these cases the
amount payable in the current year may be more than
one third. The total amount distributed according to
the draft order comes to Rs 98,800. The amount that is
left undisbursed is Rs 15,000. This amount may be
utilised in the course of the year for payment in cases where the buildings have
already progressed much & the amount provided may
be meagre.
