Publications Department

Dear friend,

I am directed to forward to you, under separate book-post cover, specimen copies of "Indian Affairs" (Vol. I Nos. 1-5) the newly started monthly Journal of the Indian National Congress. This Journal seeks to interpret the progress in different fields and to establish closer contacts with our countrymen living abroad. The task we have set before ourselves is a heavy one and we depend upon all our friends and well-wishers to help us in making this magazine a useful vehicle of Indian Thought and Culture. We shall greatly appreciate your valued cooperation in this matter.

In view of the objects with which the Journal has been started, you will agree with us when we say that all students and educationists should be enabled to read this magazine regularly. This can easily be done by including this Journal in the list of newspapers that are recognised to be subscribed for by the various schools, colleges and libraries under the control of the Education Department. We shall therefore be highly obliged if you could kindly pass the necessary orders for enabling the institutions concerned to subscribe to this Journal.

We shall be grateful for an early reply.

Thanking you,

Shri T.S. Avinasalingam
Chettiar,
Minister for Education,
Madras.

Yours sincerely,

2. The Congress Bulletin embodies the important proceedings of the A.I.C.C., the resolutions passed by the A.I.C.C. and the P.C.C.'s speeches by the Congress President, monthly reviews of Provincial Congress Committee, reports from the departments in the A.I.C.C. office, circulars issued by that office and occasionally some special study of the situation in the country, economic and political, most of which would have been released through the medium of the daily press already before their publication in the Bulletin. Further more, although at present in all the States and in the Union Centre it is the Indian National Congress that rules, any attempt on its part to give special treatment to its publications will be construed as misuse of its power by other parties in the country though they are to-day not comparable in their numerical strength or in their hold upon the imagination of the people, to the Indian National Congress. Further the bulletin will not be of any use for Training Colleges or Training Schools.

Under these circumstances, orders of Government in the matter are solicited.
