From R. Siddique, Esq., Superintendent, Government Press, Madras. To The Secretary to Government, Education & Public Health Department, Fort St. George, Madras. No. C.73/Estt/49-50, dated 17-6-1949.

Sir, Sub: Government Press - Temporary additional staff for work connected with the printing of Electoral Rolls - Ref: G.O.Ms.No. 793 Edn., dated 19-3-49.

I have to state that as the first batch of manuscripts for the printing of Electoral rolls have been received only on 10-6-1949, the actual work of printing of Electoral rolls has commenced from 15-6-1949.

I have commenced appointing the staff sanctioned in items 1 to 15 of the G.O. cited above from 15-6-1949 to the extent necessary at present and the remaining will be similarly appointed to the limit of the sanction as and when necessary. Sanction is required to continue this staff till 31-12-1949 or till the final despatch of the rolls whichever is earlier.

When applying for the additional staff required in connection with the printing of the Electoral rolls in my letter No. C.73, dated 30-12-1948 and 4-1-1949 there has been an omission to include 8 Layers-on on Rs 30-50 for the Press and Machine Department. As these Layers-on are essentially required for transit of forms, etc., which will necessarily be very heavy, I request Government to sanction the employment of these layers-on also.

As regards the staff sanctioned in items 16 to 20 of the G.O. cited above, I propose to appoint them from the date of the receipt of printing Bills from the District Collectors for check and scrutiny. This will be intimated to Government in due course.

R. Siddique

With reference to the above, I am to state that a separate department for the Electoral Rolls work is being formed as stated in my letter No.C.73 dated 30-12-1948. Compositors Imposers, Binders, Readers, Copyholders and others are engaged in accordance with the sanction for this additional work. In proportion to this extra staff and to cope up with the additional work entailed by the daily turnover of these men, the necessity of 8 Layers-on requested for is justified. These men will be solely utilized for assisting in putting proofs at the Hand Presses and Galley Presses, transit of the formes from the Composing room to the various machines in the machine room, washing up these formes after printing and return back to the Composing Sections.

Therefore the services of these 8 Layers-on will be absolutely essential to cope up with the volume of additional work involved in the printing of Electoral Rolls for the Press and Machine Department.

The printing of Election forms on machines has commenced since the beginning of this month and hence sanction for the employment of these Layers-on may please be accorded early.
