Subject:

Advanced studies overseas - Utilization of
the Services of Mr. B. N. Patel.

I am directed to state that under this Ministry
1945-46 overseas scholarship scheme Mr. B.N. Patel was sponsored
by the Government of Bombay for studies in 'Pharmacy'. The Govt.
of Bombay have now informed this Ministry that they are not likely
to require Mr. Patel's services on his return to India, and have
requested this Ministry to explore the possibilities of securing
such employment for him as would put to profitable use the
training he has received abroad.

A copy of the scholar's employment form (with
enclosures) giving full particulars of his qualifications and
practical training is enclosed herewith for your information.

Mr. Patel is at present in the U.S.A., and is
likely to return to India in August 1949 as he has been permitted
to accept the offer of Post doctorate fellowship of the Purdue
University (U.S.A.)

The Provincial Government may kindly let this
Ministry know at an early date whether it would be possible
for them to utilize the services of the scholar in any
suitable capacity.

Yours faithfully,

D. Madhavi.

(D. Madhavi)
for Secretary.

GOVERNMENT OF INDIA
MINISTRY OF EDUCATION.

Overseas Scholarships (Central) Application for
Employment of Scholars.

N.B. This application must be submitted (in quadruplicate)
at least FOUR MONTHS before a scholar's stay abroad is to
come to an end.

1. Full Name (in block letters) **PATEL HADUNHAI N.**
2. Date of birth **July 7th, 1921**
Place of birth
Province or State of Domicile.
3. Father's Name. **Naghibhai G. Patel**
4. Full address in India on which
correspondence should be
addressed to the scholar on
his return. **Anand Chawk
Dharmaj (Baroda State).**
5. (i) Subject of scholarship **Pharmacy**
(ii) Exact Branch. **Manufacturing Pharmacy**
6. Year of Selection. **1945**
7. Date of commencement of
scholarship (Date of
arrival in the country of
study). **Bombay
4th December, 1945**
8. Date on which the course of
his studies is due to terminate. **June 13, 1948**
9. Approximate date of return
in India.
10. Qualification prior to
selection:

	Name of college Institute or University attended.	Exami- nation passed	Division obtain- ed	Year.	Subject taken.
(a) Academic	Baroda College				
(i) Degree & Post- graduate examinations only.	B.Sc. of Chemical Technology - Bombay University, B.Sc., Tech.,	1st 67%	1942 1945	Chemistry-Bot Pharmaceutical & Fine Chemist	
(ii) Post- graduate training or re- search.					
(iii) Published works give names of the papers published if any.					

Institution C P., Post or Pay (if Period
or office where capacity any
trained or employed. in which drawn
employed.(with scale)

- (b) Practical training & industrial or professional experience gained (including apprenticeship) **Nonwala Precious Chemist Metal Refinery Bombay Alambic Chemical & Apprentice Pharmaceutical Works (Baroda)** **1 year 3 months**

- (c) Additional qualifications not covered in (a) & (b) above. **Recommended for the sishanee Fellowship in the Deptt. of Chemical Technology - Bombay University**

- (d) Post held at the time of Selection:
(a) Name of the post. **Research student under the above mentioned Fellowship**
(b) Pay last drawn and the scale of pay.

- (b) Office or Govt. where employed.

- (d) Did you resign, or go on study leave terms or on extraordinary leave?

11. OVERSEAS QUALIFICATIONS ACQUIRED:

- (a) Name of the country of study. **United States of America**

- (b) Details of the course of study covered (up-to-date)

Institution or University, etc. attendedn.	Duration. From To.	Subject with exact. Branch.	Some details of the course (if the space is not sufficient attache a separate sheet.)	Degree Diploma or Certi- ficate if any, obtained

(i) Academic
Courses taken at Purdue University.

- Pharmacy**
Pharmacy 140 -- Manufacture of tablets, emulsions, ointments, capsules, elixirs, syrups, solutions, magmas, lotions, and many pharmaceutical preparations on a semi-commercial scale.
Pharmacy 141 -- Continuation of course 140 and Laws and Regulations regarding new products.
Pharmacy 192 -- Formulation of new products (one under question-- preparations for the cure of Scales).
Pharmacy 201 -- Studies on the official preparations & Modifications and improvements in these preparations.
Pharmacy 202 -- Continuation of course 201.
Pharmacy 139 -- Pharmacy as practised in a Pharmacy in large-size hospitals.
Pharm. Chem. 252 -- Special Problems (Study of Infra-red drying).
Pharmacy 291 -- Pharmacy Seminars -Presenting a paper on a selected topic before the group of Graduate students & staff.
Pharmacy 299 -- Pharmacy research - Application of Infra-red drying to Tablets-Formulating various kinds of tablets.

Pharmaceutical and Organic Chemistry.

- PharmaChe. 222-- Study of Synthesis and Relation between structure & Physiological action of Synthetic and Naturally-occurring medicinal chemicals.
Pharm. Chem. 243-- Study of theoretical & Practical aspects of various instruments used in the control of pharmaceutical & chemical production.
Pharm. Chem. 244-- Continuation of course 2432 & study of Production, Detection, and Medicinal Applications of Radio-active isotopes.
Organic Che. 107 Fundamentals of organic chemistry with special emphasis on the electronic structure and chemical reactivity of organic substances.
Org. Chem. 108 Continuation of course 107.

Chemical Engineering.

- Chem. Eng. 128--- Chemical process industries (attention on the Flow-charts and equipment used in the Chemical Industry).
Chem. Eng. 129 .. Continuation of course 128
Chem. Eng. 228 Unit in organic synthesis (Laboratory study Presses. of Processes like sulfonation, reduction, halogenation, diazotization, Polymerization, oxidation, esterification etc.

Course taken at Purdue University.

Pharmacy 140 -- Main structure of tablets, emulsions, ointments, capsules, elixirs, syrups, solutions, suspensions, and many pharmaceutical preparations on a semi-commercial scale.
Pharmacy 141 -- Continuation of course 140 and laws and regulations regarding new products.
Pharmacy 142 -- Formulation of new products (one under question- preparations for the cure of scabies).
Pharmacy 143 -- Studies on the official preparations & modifications and improvements in these preparations.
Pharmacy 144 -- Continuation of course 143.
Pharmacy 145 -- Pharmacy as practiced in a pharmacy in large-size hospitals.
Pharmacy 146 -- Special Problems (Study of Infra-red drying).
Pharmacy 147 -- Pharmacy Seminars - Presenting a paper on a selected topic before the group of Graduate students & staff.
Pharmacy 148 -- Pharmacy research - Application of Infra-red drying to Tablets - Formulating various kinds of tablets.

Pharmaceutical and Organic Chemistry

Pharm. Chem. 232 -- Study of Synthesis and Relation between structure & Physiological action of Synthetic and Naturally-occurring medicinal chemicals.
Pharm. Chem. 243 -- Study of theoretical & Practical aspects of various instruments used in the control of pharmaceutical & chemical production.
Pharm. Chem. 244 -- Continuation of course 243 & study of production, detection, and medicinal applications of Radio-active isotopes.
Organic Chem. 107 -- Fundamentals of organic chemistry with special emphasis on the electronic structure and chemical reactivity of organic substances.
Organic Chem. 108 -- Continuation of course 107.

Chemical Engineering

Chem. Eng. 128 -- Chemical process industries (attention on the flow charts and equipment used in the Chemical Industry).
Chem. Eng. 129 -- Continuation of course 128.
Chem. Eng. 130 -- Unit in organic synthesis (Laboratory study Process of Processes like sulfonation, reduction, halogenation, nitration, polymerization, oxidation, esterification, etc.

(iii) Educational visits and study tours
Attended the annual meetings of the American Association of Colleges of Pharmacy and the American Pharmaceutical Association visited the Laboratories and/or Manufacturing plants of the following major Pharmaceutical Industries and Institutions:

1. University of Michigan Hospital - Ann Arbor, Michigan
2. Frederick Stearns and Company - Detroit, Michigan
3. Abbott Laboratories Chicago, Illinois
4. Eli Lilly and Company - Indianapolis, Indiana
5. Upjohn Company - Kalamazoo, Michigan
6. Irwin Neissler and Company - Decatur, Illinois
7. Biological Laboratories of the Pitman-Moore Company, Zionsville, Indiana.
8. Manhattan Eye Salve Company - Louisville, Kentucky.
9. Battle & Company St. Louis, Mo.
10. Cole Chemical Company - St. Louis Mo.
11. Anheuser Busch Inc., St. Louis Mo.
12. Grove Laboratories - St. Louis Mo.
13. Meyer Brothers Drug Company - St. Louis Mo.
14. William R. Warner Company - St. Louis Mo.
15. George A. Breen and Company - Kansas City Mo.
16. San Antonio Drug Company - San Antonio Texas.
17. Davis Brothers Drug Company - Denver Colorado
18. Smith Dorsey Company - Lincoln, Nebraska
19. Cutter Laboratories - Berkley, California
20. Associated Physicians Laboratories Ltd. San Francisco. Calif.
21. Coffin Redington Company, San Francisco, California
22. Harrower Laboratories Inc., Glendale, California
23. E.S. Miller Laboratories Inc., Los Angeles, California
24. Brunswick Drug Company - Los Angeles, California
25. Schering Corporation - Bloomfield, N.J
26. Winthrop Stearns Inc., New York N.Y.
27. Parke Davis and Company Detroit, Michigan.

Note: While visiting these various industries, opportunities to visit several universities, especially schools of Pharmacy were availed of, and organisations of these various schools was noted.

Copy of letter dated 10th June, 1948 from Purdue University to the Educational Liaison Officer for India, Washington,

Mr. Patel has asked me to write a letter of recommendation to you relative to his work while at Purdue, which was under my supervision. I am very happy to recommend Mr. Patel as a young man of outstanding ability and who should go far in Pharmaceutical fields.

He has done an exceptionally good piece of work on both his Master's and Doctor's theses, and I have studied him during this time. He does have a pleasing personality, is ambitious and very cooperative. I do not hesitate to give him my highest recommendation.

Copy of letter dated 11th June, 1948 from Purdue University to the Education Liaison Officer for India, Washington.

Mr. Babubhai Narshibhai Patel, who will receive the Doctor of Philosophy degree with a major in industrial pharmacy from Purdue University at Commencement on Sunday, June 13, has asked that I write relative to his character and qualifications.

Mr. Patel has been engaged in graduate study and research here partly under my supervision and is the holder of a government fellowship from India. His work with us has been very commendable in all respects. He has been a superior student, a diligent research worker, and has given evidence of scholarly ability. He has excellent mental capacity and is a careful laboratory experimenter. Throughout his work with us he has given evidence of good habits, excellent character, and good cooperative spirit. In general, we think highly of his professional competence for the area of work in manufacturing pharmacy and pharmaceutical chemistry. In fact, we think so highly of his capacities that we have offered him a postdoctorate fellowship, provided he can secure the consent of the Indian Government. I am pleased to recommend Mr. Patel as a man competently trained in the area of pharmacy and pharmaceutical chemistry.

With reference to the Government memo cited, I
furnish the following information:-

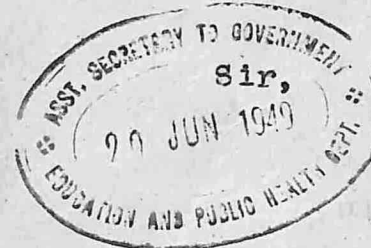

1. Mr.Patel's qualifications are suitable for appointment in the
Department of Pharmaceutics.
2. There are two posts at present in the Madras Medical College,
(1) Assistant Lecturer in Pharmaceutics and (2) Assistant
Lecturer in Pharmacognosy.

The post of Assistant Lecturer in Pharmaceutics is
held by Sri.K.S.Srinivasa Varadan, in a temporary capacity.
Proposals have been submitted to Government through the Madras
Public Service Commission for appointing him on a regular basis.
Vide. letter ref: 44654-E.1/49 dated 8-6-49 (Copy enclosed for
reference)

The Assistant Lecturer's post (in Pharmacognosy)
is held by Sri.S.Ramamurthi, a war service candidate, temporarily.
The question of regularising his appointment has also been referred
to Government.(Vide. letter Ref: 106877-E.1/48 dated 9-5-49).

As Mr.Patel is not a Medical man he cannot be
considered for appointment as Civil Assistant Surgeon, Class I,

Advanced Studies Courses.

Utilisation of the services of Mr B. N. Patel
Ref your letter no. F. 3.23/5.5/55.2.9.25.1.49

I am directed to state that

the services of the scholar are not required
by his Govt.

5.4.49

PH
6/4/49

7 f

The Bombay Govt. has not required the scholar.

Mr. B. N. Patel has specialised in 'Pharmacy'. The S. G. states that there is no suitable vacancy for his appointment in the Madras Medical Service. The draft above is for approval for orders as to circulation.

W3
5.4.45

DM
b1/1/1/1

Don't what posts is he eligible. How are they filled now. I do not like the tendency that no outsiders should be employed, because some kind of substitute is locally available.

L2
4

Submits that the Bombay Scholar has

3
Specialisation in 'Pharmacy' and may therefore be eligible for a post in the Madras Medl Service in some capacity where his specialisation could be utilised properly. (Courses Scholars have to be of gazetted posts only). It is difficult to say for what posts he is eligible. This Group had sponsored one scholar, Miss R. J. Irani, for specialisation in 'Pharmacy' - Manufacture of Drugs & Pharmaceuticals and she has been appointed as Chemical Assistant in the Dept of Biological Control in the King Institute, Grindy, in the M.M.S. In the present case, the S. G. says that there is no suitable vacancy for the scholar's appointment in the M.M.S.

p124 X

2. Appointments to gazetted posts are ordinarily made in consultation with the MPSC. In the case of Courses Scholars sponsored by this Group, this Group have already decided that the scholars could be appointed straight-away without the statutory reference to the Commission. But it is doubtful whether this decision can be made applicable to scholars of this Group. There has not been any occasion to consider and take decision on this point. However, even if this concession cannot be applied to scholars of this Group, they can be appointed temporarily under 9(a) of the General Rules, in the first instance. The scholar can then be required to appear before the Commission at the time of regular selection by that body and he may be expected to stand a sure chance of selection by virtue of his Courses qualifications.

3. In view of X above, it is for consideration

whether this may be proposed as proposed
~~proposed at present~~ in the draft also auto.

12.4.49
Cura
12.4.49

If we are seriously concerned with improving the quality of our medical services, I think we should offer a post in the M.M.S. to Dr. B.N. Patel, without reference to the Public Services Commission, on the analogy of overseas scholars sponsored by this Government.

H.M. (Edn) What is the post to which he can be appointed?

Submits that the S.G. has already stated that there is no suitable vacancy for the scholar's appointment in the M.M.S. for order.

18.4.49
Cura
18.4.49
Surely there are many unfilled vacancies in the M.M.S.

With reference to T.S. 5.2.2. above, the S.G. may be requested to draft a memo and submit it to the Government.

22.4.49
8
22.4.49
Issued as Memo No. 7157 D2/H.21 25.4.49 p.15 of D2

Edn. & P.H. (D2)
From the S.G. In R. No. 13205-Res/49 dated 28.6.49.

Please see the S.G.'s reply at pages 21-22 of. He states

that Mr. Patel's qualifications are suitable for appointment in the Department of Pharmaceutics. Of the two posts referred to by the S.G., the temporary appointment Sri S. Ramamurthi as Assistant to the Lecturer in Pharmacognosy has since been regularised with effect from ~~25.7.1946~~ 25.7.1946. Hence the only post available for consideration in this case is the post of Assistant to the Lecturer in Pharmaceutics. This post is ^{now} being ~~now~~ held by Sri K.S. Srinivasa Varadan on a temporary basis. It was originally proposed to fill this post regularly by an appointment by transfer of a suitable person from the Madras Educational Subordinate Service. The Public Service Commission however stated that before recruitment to the post is made by transfer it should be ascertained whether a candidate ~~is~~ is available for direct recruitment. It ~~has~~ accordingly proposed that the vacancy may ^{first} be advertised for direct recruitment from civilians. It is proposed to agree with the Commission-wide ~~file~~ file. When the vacancy is advertised ~~it~~, it is open to Mr. Patel also to apply for the post. If, however, it is considered that the concession allowed to overseas scholars sponsored by ~~this~~ Govt. namely, that they can be appointed straightaway to gazetted post without the statutory reference to the Service Commission, may be extended to Mr. Patel also who is a overseas scholar sponsored by ^{the} ~~Bombay~~ Govt., then the vacancy referred to in the ^{linked} ~~top~~ file need not at all be advertised. Mr. Patel may in that case be appointed straightaway to the post of Assistant to the Lecturer in Pharmaceutics, for which post his qualifications are reported to be suitable.

~~Subject to orders~~ ^{on the point 'A' above,} the case may be sent to Public (Services) U.O. for remarks ~~prior~~ prior to circulation.

PUBLIC (SERVICES) DEPARTMENT

Please see the note of E & P.H. from 'XX' on p.4 ante. The file has been sent to this department for remarks with reference to 'A' on p.5 ante. ^{under} ~~by~~ G.O.

No.1685, Education, dated 2nd July 1948, consultation with the Commission is not ~~not~~ necessary for appointment ~~to~~ ^{of} over-seas scholars sponsored by this Government. ~~The idea of~~ ⁱⁿ dispensing with ~~the~~ consultation in regard to the appointment of these scholars

was that the scholars deputed by this Government should be provided with some job or other after they return ~~from overseas studies~~. Otherwise the money spent on them will be a waste. Mr. Patel was sponsored by the Government of

~~India for~~ Bombay for overseas ^{studies but that Govt is not anxious to employ him} scholarship. His appointment ~~in~~ ^{with} this Government will not, ~~therefore~~ ^{directly speaking} be governed by the orders in G.O. No.1685, Education, dated 2nd July 1948. He can, normally, be appointed under this Government only after consultation with the Commission. In the linked file the Commission has suggested that the vacancy in the post of Assistant Lecturer in

Pharmacutics may be advertised for ^{direct} recruitment from Civilians. It seems better to agree to this. Mr. Patel can also apply when the Commission advertises for direct recruitment and take his chance along with other qualified candidates of this province.

With the above remarks the file may be returned to E & P.H.

Education and P.H.(D2) Deptt.

The case relates to the appointment, in any of the suitable posts under this Government, of Mr.B.N. Patel, a Bombay Government sponsored scholar who has been sent abroad for specialisation in Pharmacy. The Bombay Government are not likely to require Mr.Patel's services on his return to India. The Government of India have therefore enquired whether it would be possible for this Government to utilize the services of the scholar in any suitable capacity on his return to India in August 1949. The Surgeon-General who was consulted in the matter states that Mr.Patel's qualifications are suitable for appointment in any of the two posts which are at present available in the Madras Medical College, in the Department of Pharmaceutics viz. (1) Assistant to the Lecturer in Pharmaceutics and (2) Assistant to the Lecturer in Pharmacognosy. In the second post the temporary appointment of Sri S.Ramamurthi as Assistant to the Lecturer in Pharmacognosy has since been regularised with effect from the 25th July 1946. Hence the only post available for consideration in this case is the post of Assistant to the Lecturer in Pharmaceutics. This post is now being held by Sri K.S.Srinivasavaradan on a temporary basis. It was originally proposed to fill this post regularly by appointment by transfer of a suitable person from the Madras Educational Subordinate Service. The Madras Public Service Commission has however stated that before recruitment to the post is made by transfer, it should be ascertained whether a candidate is available for direct recruitment from civilians, the vacancy being advertised. When the vacancy is advertised, it is open to Mr.Patel also to apply for the post and he may be expected to stand a fair chance of selection by the Madras Public Service Commission by virtue of his overseas qualification. This department however proposed that the concession allowed to overseas scholars sponsored by this Government namely that they can be appointed

straightaway to gazetted posts without the statutory reference to the Service Commission, might be extended to Mr. Patel also who is a overseas scholar sponsored by the Bombay Government; then the vacancy in the post of Assistant to the Lecturer in Pharmaceutics need not at all be advertised and Mr. Patel may be appointed straightaway to it. Public (Services) have noted that under G.O.No. 1685 Education dated 2nd July 1948, consultation with the Commission is not necessary for appointment of overseas scholars sponsored by this Government and that Mr. Patel's appointment under this Government will not strictly speaking be governed by the orders in that G.O. as he was sponsored by the Government of Bombay for overseas studies. They are of the opinion that he can normally be appointed under this Government only after consultation with the Commission. Public (Services) therefore suggest that it is better to agree with the view of the Commission suggested in the linked file that the vacancy in the post of Assistant Lecturer in Pharmaceutics may be advertised for direct recruitment from civilians; then Mr. Patel can also apply and take his chance along with other qualified candidates of this Province. In the circumstances it is for orders whether the Commission's suggestion in the L.F. may be accepted and the Government of India informed accordingly.

The file may be circulated to H.M.(P.H.) and H.Pr. for orders.

~~I do not see any harm~~ A reply on the lines of 'A' above with only result in the Govt of India. Reasoning for the appointment of Sri Patel straightaway and without in any way suggesting that we should be particular in our work. I would submit that it is not desirable to appoint an outsider. Our needs of pay are low and no outside man.

Especially we have been about with him to a post in Madras or low scales of pay. The result will be a change & dislocation of work. I suggest the Govt of India may be informed that ~~to extend~~ the service of the scholar are not required as first proposed at p.1 ante. I am dealing with the L.F. separately to see whether the existing holder of the post in a temporary capacity, Sri Sankar Varadan cannot also apply for direct recruitment. The Prof of Pharmaceutics, the Principal and the S.A. have all recommended that Sri Varadan who being in the Education dept and who has been working in the post temporarily for 3 years may be recruited by transfer. Under the rules as they stand recruitment by transfer should be resorted to only if ^{no candidates are available for} direct recruitment.

The first thing I noticed when I stepped out
 of the car was the smell of the sea. It was
 a fresh, salty breeze that seemed to wash
 away all the worries of the world. I took a
 deep breath and felt a sense of peace I
 hadn't felt in a long time. The sun was
 just starting to rise, painting the sky in
 soft shades of orange and pink. The water
 was calm, reflecting the colors of the dawn.
 I walked along the shore, feeling the sand
 under my feet. The sound of the waves
 crashing against the rocks was a beautiful
 melody. I felt like I was in a dream.
 The world was so beautiful, and I was so
 lucky to be here. I took a picture of the
 sunrise and smiled. It was a perfect day.
 I had found what I needed.
