Yes: I remember the proposals for compensating the Andhra University for their Harijan students was taken up in another file. I see that in the colleges maintained by the Universities we are not giving compensation for the loss of fee income. This matter may be put along with that and considered.

In the minute of H.M.Edn. (on page 12 ante) he has raised the question of granting half fee concession to backward classes, that is non-Harijan students in University institutions. He has minuted that the question may be put up along with the question of payment of compensation to Universities for the grant of full fee concession to Harijan students. The estimate of expenditure given by the D.P.I. on page 15 ^{above} takes into account the compensation payable for all classes of students eligible for fee concession under Rule 92 of the M.E.R. If no compensation is paid to the Universities towards the loss sustained by them for granting fee concession to students of the backward classes, the Universities may not grant the concession. This point may be taken up separately after the order is issued.

M.V.S.

Sub: Fee concession - backward students in University institutions - payment of compensation to universities.

Please see the extract of notes on page 1 ante. Orders have already been issued in G.O. No. 1962 Edn., dated 9-8-48, sanctioning payment of compensation to Universities for the loss sustained by them by the grant of full fee concession to Hindu Harijan students studying in University institutions. The expenditure is to be met from the Harijan Uplift Fund. The question now to be considered is whether compensation should be paid to Universities for the loss that may be sustained by them in granting fee concession to students belonging to Harijan ~~and~~ backward communities. Students belonging to backward communities are eligible only for half fee concession. Unless compensation is paid the Universities will not grant the concession. It seems that compensation ~~should~~ ^{may} be paid to Universities in respect of backward class students also. The estimate given by the D.P.I. on page 15 c.f. of G.O. 1962, dated 9-8-48, included the loss in fee income on account of the admission of students of backward classes also. Separate figures for backward classes are not available. The expenditure will not however, be considerable.

The file may be sent to Finance for remarks before circulation.

Fin (EXPA)

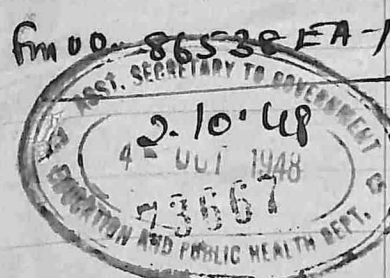

Please see the extracts overleaf and the note of the Exp. H. Dept. above.

Finance may agree to the proposal of Exp. H. at A above. (In connection with the B.E. 1948-9, the need for separate provision for the amelioration of the condition of backward classes as P.T.O. District. For Harijan was recognized and a lump sum of Rs. 100 lakhs was provided.)

made in B.E. 1948-9 for the purpose under (4) - Miscellaneous Dept.

3 This is not a 'new service' as the proposal to give compensation to Universities for loss incurred by them in the grant of educational concessions to Harijan students was ^{and the present proposal is merely an extension of the concession to backward class} treated as a new service. H.M. (Fin) may, however, see. B. 1.10.48 Exp H. 21/9/48

While the Harijan will be eligible for full fee concessions, backward class students will be eligible only for half fee concessions.

With reference to the remarks of the Exp. H. Dept. in their note at 'M' on pages 2-3 above the file may be sent to Finance Dept. prior to circulation. 21/9/48

Exp. H. Dept. No. 70205/48-2 C1 Edn. On pp 2-3 above the following is submitted for consideration. 25.10.48

2. A sum of one lakh of rupees has been set apart for the Amelioration of the Backward classes, as distinct from the Harijan, in the B.E. for 1948-49. It was ordered that the sum should be increased if found necessary. As a result of the recent informal conference held which H.M. (Fin) conducted, it was decided that 75% of the allotment should be set apart for granting scholarships to backward class students studying in professional colleges, including law and the remaining 25% of the provision to be awarded to deserving and promising students studying in high schools. To administer this fund it has been decided to

File sent in circulation

to constitute a Committee of 15 members including officials and non-officials. The Govt. has asked for instructions of the Govt. file in O² whether he may contact the Principals of the Colleges and Heads of Institutions for the applications from the candidates. No final orders have yet been issued in this matter. With these remarks the file may be returned to S. & P. H. Dept.

Consult to C. & L. whole students

The proceedings of the Informal Conference held by H.M.(Fin) do not disclose that the fund of one lakh is to be spent on backward class pupils studying in Art Colleges or in Universities. This point has not been specifically raised even by the Commr. of Labour in his letter asking for orders for the constitution of an advisory committee, etc. As pointed out above, the file on the subject is in circulation. It is not known whether the intention is to award scholarships for students reading in Art Colleges as well. If it is so, it may be extended to Universities also. E.&P.H. may be requested to circulate the case to H.M. (R.D.) also.

h

E & P H Dept
C1

Note from page 1 ante may be perused. The file deals with the question of compensating the universities for the loss that may be sustained by them

on account of the grant of fee concessions to students belonging to Non-Harijan backward classes studying in the institutions maintained by the Universities. Orders have already been issued sanctioning payment of compensation to universities for granting full ~~fee~~ fee concession in respect of Harijan students studying in their institutions. The expenditure on this account is to be met from the Harijan Up-Lift Fund. Finance have agreed to the proposal of this Department to compensate the Universities for the loss that they may sustain in granting half-fee concessions to the non-Harijan backward class~~es~~ pupils studying in their institutions. They have also drawn the attention of this department the provision of a lakh of rupees made in the B.E. for 1948-49 for purposes of the amelioration of the backward classes. The Firka Devt. Department is doubtful whether a portion of this amount could be utilized for compensating the Universities in the manner set out above. The expenditure seems to be a legitimate charge on the provision made for the amelioration of the backward classes.

The case may be circulated to H.M.(Edn.) H.M.(Fin.) H.M.(R.D.) and H.Pr.

The entire one lakh should be set apart for awarding scholarships to the backward classes pupils including Arts and University College. No compensation be paid to the University and Arts College towards the loss of tuition fees from this one lakh.

The Harijan fund can be used only for the scheduled classes. The other backward classes can not have the benefit of this fund. The scholarships 11-12-48

For colleges and universities students should be paid from the Harrison fund - 74 or others from the ^{that is backward classes} a separate amount should be allotted each year apart from general scholarships.

C.P.R.

29/12

A separate fund may be constituted for the advancement of education among backward communities

With regard to compensation unless we give compensation, the Universities may not be willing to admit as many Harrison students as one may lay down

TSA

15-1-49

a new detailed head "payment of compensation to Universities for loss of fee income" under may be debited to 47. Miscellaneous Departments - a. Labor nities eligible for help by the Labor at no part of one lakh of rupees, a. scholarship for backward class students' scholarships, should be given to Universities for loss of tuition fees on account of such students. This question has been raised by H.M. (Edn.) suo motu. I feel that public bodies like Universities have a definite responsibility for the spread of higher education among all classes and have been paid plenty of ex gratia grants. They ought not to act like commercial bodies. If, as feared by H.M. (Edn.), they insist on compensation being paid to them for loss of tuition fees, the ex gratia grants paid to them should be reduced correspondingly.

I would welcome Hon. Premier's proposal to constitute a separate fund for the advancement of education for backward communities.

Funds are not likely. For 49-50, we are providing Rs 5 lakhs. The Universities must be made good.

F.D. IV

Orders in circulation on page 10 ante, the note of E.& P.H Dept. above and the draft order below may be perused.
2. Orders have since been issued in regard to the distribution of the lump sum provision of five lakhs ^{grapes} set apart for ameliorative measures of Backward Classes. It would seem that the expenditure on account of payment of compensation to the Universities for the loss sustained by them due to grant of half-fee concession to students ^{of Backward Classes} should be debited to the same head to which the expenditure sanctioned for ameliorative measures of Backward Classes is debited, (vide para 2 of the G.O)
3. The draft order may be accepted, subject to the above remarks and the file passed on to Fin. Deptt.

16/7/49

Fui (Exp A)

(Previous Finance Note on pp 8-9 above)

The orders in circulation on p 10 above, the further notes on pp 10-11 above and the draft order may be perused.

2 It has been ordered that the expenditure on the payment of compensation for loss of income to Universities in respect of the concessions granted by them to students belonging to backward classes, should be met from the lump sum provision of Rs 5 lakhs made in the Budget for 1949-50 under "49 Miscellaneous Departments." ^{apparently by re-appropriating funds.} Fui Devt. have since issued orders distributing the lump sum of Rs 5 lakhs referred to above for various schemes.

As the orders in circulation is specific, Fui Devt. may be requested to ^{amplify item 2 in para 1 of the fo. at (G)} ~~redistribute~~ the lump sum among their schemes, as as to provide for the payment of compensation from the one lakh allotment. These distribution of the amount will not suffice for appropriation purposes. ~~taking into account the expenditure involved in this case to the various units~~ It is necessary to sanction necessary re-appropriation from the lump sum of Rs 5 lakhs of appropriation under which the expenditure will be made. FD may take necessary action in this regard.

3 Subject to the above ~~last~~ remarks and to the ~~other~~ amendments indicated in pencil, the draft order may be accepted. The file may be returned to

Exp. H. through the Di. Devt. Deptt.
