R.C.No.566-K2/49 dated 12th May 1949.

SIR,

LEGISLATIVE COUNCIL QUESTION No.415 Starred --Lecturerships in
Languages in Government Colleges.

Reference:-Government Memorandum No.23137-1/49-A Edn., dated 19.4.49.

I am submitting below my remarks on the points raised in
the Legislative Council Question No.415.

(a) Lecturerships are created for regional languages taught upto
the Degree standard taking into account the strength of
classes and importance of the languages. There is also a
Professor for Sanskrit in the Presidency College where the
language is taught upto Honours standard. There are lecturers
in Arabic and Urdu in the Government Muslim College where
there is provision to teach these languages in Part II and III
of the B.A.Degree course.

(b) The study of Sanskrit continues to be popular in all the Government
colleges having provision for the teaching of the language.
[The two Second grade colleges namely Government College for
Women, Guntur and Government College, Cuddapah have no
provision for the teaching of the language.]

(c) A proposal for changing the status of Pandits and Munshis as
Assistant Lecturers of Grades I to III is under the
consideration of Government.

(d) In making appointments to the posts of Lecturers, seniority was
also taken into account along with other factors. Such as
qualifications and record.

(e) For purposes of filling the posts of Lecturerships,
each language is regarded as a separate unit. If the
incumbent of a post of language lecturer happens to be
junior to members of the teaching staff of other languages,
the position cannot be characterised as an "anomaly"

(f) It is not known what "particular languages" the Hon'ble Member has
in view. No precise answer to this clause can therefore be
given. It is however not correct to say that the prospects
of promotion in the present set-up lead to anomalies
in regard to seniority. In fact seniority has to be
considered language-wise; it cannot cut across different
languages.

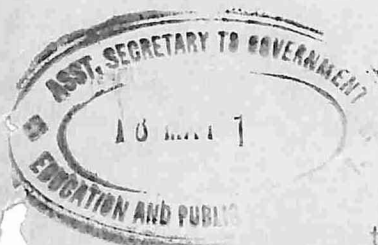

Yours faithfully,

The question is what steps have
been taken to improve the status and
emoluments of language teachers. ~~for the~~ ^{you have}
stated that a proposal for changing the status
of Pandits and Chunchis as Asst Lecturers of
Grade I to II is under consideration. The
answer requires amplification

Question No.415 - Lectureships in languages
in Government Colleges.

Clause (C).

The Government have already improved the status and emoluments of language teachers in Government Colleges by creating a M.E.S.post in the regional language in each of the First Grade Arts and Training Colleges and by classifying Pandits and Munshis into two grades viz. I Grade and II Grade. The scale of pay for Grade I is the same as for Assistant Lecturers and in the case of Grade II Government have been addressed for the grant of the scale of Rs.85-175 as in the case of school assistants instead of the present scale of Rs.80-170 and their orders are awaited. The answer to clause (c) of the Question given in my letter Rc.No.566 K2/49 dated 12-5-49 refers to the proposal for the change of designation of Pandits and Munshis as Assistant Lecturers of Grades I, II and III in order to satisfy the desire of some of the incumbents to be called as Assistant Lecturers rather than Pandits and Munshis. This does not further improve their emoluments.

2. The 'other factors' referred to in the draft answer to clause (d) of the question are qualifications and record of work.
