Sir,

My father Mr B. Gopalakrishnaiah who has been deputed for higher studies to U.S.A. had been granted leave up to June '49. But his sessions in U.S.A. were closed in June and his voyage takes about one and half months. The Presidency College office people were informed by your Govt that he would be taking up his duty in the middle of August, but never mentioned about his pay here. And he ^{has} ~~has~~ not given the pay for the month of July because the College office did not receive any intimation about ^{the} ~~his~~ extension of his study leave or about the disbursement of his pay.

As There is no other source of income for us we are suffering a lot this month. So I request you Sir, to see to the matter immediately and kindly send necessary orders.

Thanking you.

yours sincerely.

RECEIVED

Sri B. Gopalakrishniah joined duty as Assistant
Prof. of Chemistry in the Presidency College and after
some time proceeded on leave. It is true that with his foreign
training in "Engineering Chemistry" he would be more usefully
and properly placed in an Engineering College than in an Arts
College. But the advanced knowledge in Chemistry acquired by him
by studies abroad could be put to good use in the Presidency
College also. On return from leave he has, however, been posted as
Assistant Lecturer in Chemistry, College of Engineering, Anantapur.

Sri B. Gopalakrishniah, Asst. Prof. - Study leave -
Grant of extension.

Sri B. Gopalakrishniah, Asst.

Professor, Presidency College, was sent to U.S.A in 1947 for
higher studies in "Engg. Chemistry" at Govt. expense. He was
granted study leave for 2 years from 13-4-47, the date of his
relief from his post. Later, in Novr. 1948, at the officer's
instance and on the D.P.I.'s recommendation, the study leave
was extended by 2 months and 17 days, i.e., up to the end of
June 1949, as the examination for the officer in U.S.A. would
be held only at the end of May 1949.

The information recd. latest
from the United States is that Sri Gopalakrishniah completed his
course on 11-6-49 and has sailed for India on 5-7-49. In the
meantime, his son has sent a letter to Govt. representing that
for the month of July (last month) his father's pay has not
been drawn and disbursed to him by the Principal, Presidency
College, for the reason that the period of the officer's
study leave has not been further extended, and requesting
that necessary orders enabling him to get his father's pay may
be passed.

Ordinarily,
it is for the officer himself
to move for a further extension of his leave and to send his
application thro' the D.P.I. But, here, as Sri Gopalakrishniah
is on his way to India and his family is reported to be
hard up for money, the Govt. themselves may take the initiative
and sanction an extension of study leave for him until the
date of his landing in India, which will be in the latter part
of August. It does not seem necessary to consult the
D.P.I. A draft order is subd. The interval between the
date of Sri Gopalakrishniah's landing in India and the date of
his joining duty, may be left to be treated as joining time.

Fin. may see.
