Dated 1st April 1949

Sir,

Sub: NATIONAL CADET CORPS - Inspection of small arms received from the Ordnance Depots - Deputation of Police armourer.

Ref: Government Memorandum No. 8381-B1/49-2 Edn., Education and Public Health Department, Dated 12-2-49.

The Government in their memorandum cited above have issued instructions to depute one of the Police armourers to check and inspect the arms of the National Cadet Corps received from the Ordnance Depots as there is no qualified armourer in the National Cadet Corps staff. One of the armourers of the City Police was deputed to check all the arms of the National Cadet with the result that the work in the City Police armoury is suffering badly.

The present strength of the armourers for the whole City Police Force consists of 2 Head Constables and one Police Constable Assistant and their whole time services are most necessary for the general care and proper maintenance of the arms held by this Department. Besides they have also to attend to the arms of the Home Guards in the City. The City Armed Reserve can ill-afford to depute one of the Armourers to inspect the arms supplied to National Cadet Corps Units.

I therefore request that a separate armourer may kindly be sanctioned for the National Cadet Corps.

Sir,

The O.C. 3rd. Engineering Pl., was consulted and his opinion is that an armourer's appointment is necessary, and if he is entrusted with the proper maintenance of the arms of the units of the N.C.C. already raised and proposed to be raised in the current year, the arms should always be in a fit fit condition. In his and my opinion, he will have a whole-time job.

The armourer should be an ex-Army personnel.

It is presumably the intention of the Officer Commanding

should be sanctioned by the Provincial Govt temporarily
pending receipt of the detailed instructions from the
Directorate in regard to the maintenance of the arms which is
the property of the Central Govt. As the instructions are expected
