[Despatch Abstract.]

Schools - Secondary - T.D.T. Kalanilayam Middle School,
Periyanaickenpalayam - conversion into a basic middle
School - Not objected to.

Enclosure I:
Copy of letter dated 29th June 1949 from the Correspondent, T.A.T.Kalanilayam, Perianaickenpalayam.

Ref: RC.No.536-D.3/49 dated 11th June 1949 of the D.P.I.

As per the above Proceedings there is to be a Middle School and a Higher Elementary School side by side at Perianaickenpalayam. It is not possible to find sufficient strength to make both schools economic. Therefore, there can be only one institution to cater to the needs of the locality. Now that we have a Senior Basic Training School there must be a Model School which is conducted on the lines of Basic Education. Hence I request that permission may be granted to run only a Middle School which will be run on basic lines.

Enclosure II

Copy of letter dated 14th July 1949 F.44/49 from the Correspondent.

I have the honour to furnish the following particulars regarding the running of the Middle School on basic lines.

The school will be run on the lines of a self governing community with spinning and weaving as the Basic craft. The other activities of the school will include Saphai, Gardening Kitchen work (whenever possible) and Administrative and recreational activities of the Community. One and a half hours will be devoted every day for the spinning and weaving.

The syllabuses prescribed for Form I of a Secondary School will be adhered to, but the pupils will be helped to acquire and integrated mass of knowledge through studies correlated with the various activities in home and school. No radical change in the syllabuses is contemplated, as these have been framed on the basis of the work done in standards I to 5 of the Basic School and in keeping the spirit of Basic Education.

The school will work for 5½ days in a week and there will be 8 periods per day. The allocation of periods among the various subjects of the curriculum will be as follows:-

1. Regional language (Tamil)	6
2. Second ,, (English)	6
3. Third language (Hindi)	3
4. Arithmetic	5
5. Social studies	2
6. Saphai, Health and Hygiene	2
7. Rural Service and Citizenship training	2
8. Drawing	2
9. Music and Folk arts	2
10. General Science	2
11. Basic Craft	12

Half a day on Saturday will be spent on rural ~~service~~44 Service.

The school will work for 200 days in an year. Important festivals, National, Religious and Social will be celebrated in the school itself. The loss in periods that will result from this will be made up by working for 200 days instead of 180 days in the year.

I am inclined to

allow the basic middle school as an experiment, provided a syllabus for the new subjects is prepared and approved.

In order to remove the physical strain, it may be possible to give up some
