EDUCATION DEPARTMENT.
Rec. No. 2506-E4/48 dated 10-8-49.
From

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education & Public Health Department,
Madras.

Sir,

SUB:- EDUCATION - Preparation and Publication of
Guide Books - Revision of certain departmental
codes - Special Officer and additional staff-
Further continuance - Proposals - Submitting.

The sanction accorded in G.O.Ms.No.532, Education,
dated 26-2-1949 for the further continuance for a period of
6 months of the temporary post of the Special Officer and of
the additional staff sanctioned in G.O.No.368, Education, dated
25-2-1948 and extended in G.O.No.2145, Education, dated 31-8-48
expires by 27-8-1949 and for the reasons stated below there is
a clear need for the further continuance of the posts.

2. Guide Books have actually been found to take
much more time in preparation and printing than was anticipated,
as they are not being printed at the Government Press as
originally proposed, due to the pressure of work there, but are
being printed in private presses as approved in G.O.Ms.No.1785,
Education, dated 30-5-1949. In order to get them out, as
quickly as possible, the Special Officer has to visit the press
personally to give detailed instructions on size of types,
lay-out, get-up etc., and to read the later proofs on the spot
to save the to and fro transit time. Moreover, some of the
manuscripts which were originally ready for the press, like
English, had to be sent back to the author for revision in the
light of later changes in the syllabuses e.g. change in the
starting of English from II to Form I. To accelerate the
revision, consultations have replaced correspondence and a large
part of the former is done by the Special Officer. There are
12 Guide Books to be brought out. Of these, proof-reading and
publishing of 6 Guide Books already given for printing have
be done. Two more Guide Books whose manuscripts copies are
just ready will have to be edited and given for printing. The
work of getting the other 3 Guide Books from those who agree
to write them, editing them and publishing them still remains
to be done. A Guide Book in Agriculture, a subject under the
Bifurcated course is necessary and steps have to be taken for
its preparation, as only a Guide Book in Engineering, a
bifurcated subject, was got prepared.

3. The work of the Committee for revising the
examination system is not yet complete; although the Committee
has submitted its recommendations, the Secondary Education
Board has not considered the report and final recommendations
have not been submitted to Government. The attention of the
Special Officer will therefore, be required until these are
given effect to, and S.S.L.Certificate form is suitably revised.

4. Publicity and correspondence with Government
connected with the journal, "New Education", is now being
attended to by the Special Officer while the editing, printing
and managing alone are done as part-time work by the Principal,
Lady Willingdon Training College, Madras. The full complement
of subscribers and advertisers to make the journal self-support-
ing as required in G.O.No.1693, Education, dated 24-5-1949 has
not yet been secured and it will need a few months' work, taken
along with other items of work of the Special Officer.

5. Due to the formation of additional Deputy Inspectors' ranges and incorporation of Adult Education, Basic Education instructions and rules, the revision of the Madras Inspection Code which was considered complete recently, has again to be modified to include the new duties of the inspecting officer. For the same reason, the revision of the Madras Educational Rules, and the Grant-in-aid Code is also requiring more time.

6. Further, consequent on the revision in the language structure of the secondary education reorganisation, some more syllabuses have got to be prepared. It will therefore be obvious that there is still much work for the Special Officer to do.

7. In the above circumstances, I request that Government may be pleased to accord early sanction for the further continuance of the temporary post of the Special Officer and of the additional staff for a further period of 6 months.

D. Parthasarathy
For Director of Public Instruction.

K.S.11/8.

2. The Director is requested to lay down a timetable for the work of the Special Officer and staff, which they should be required to complete within the extension of time now given.

In the circumstances stated by the Director of Public Instruction in his letter cited above, Government sanction the further continuance of the temporary post of Special Officer and the additional staff in the office of the D.P.I., first sanctioned in G.O.No.368, Education, dated 25th February 1948, for a further period of six months from the 28th August 1949. Sanction is also accorded to the continuance of the drawal of the Conveyance Allowance of Rs.75/- per mensem by the Special Officer subject to the condition that he maintains a motor-car. The expenditure will be debited to the budget head "37.(o). Education - General - Direction".

Note:-

It is seen from the D.P.I.'s report in the c.f. that for the reasons mentioned by him, the work of the Special Officer for the preparation of Text-books sanctioned in G.O.No.368, Edn. dated 25-2-1948 has been delayed. He has reported that the work of preparation and printing of Guide Books in accordance with the revised syllabuses is taking up much time. It will be observed that the Spl. Officer is also dealing with the correspondence relating to the journal "New Education".

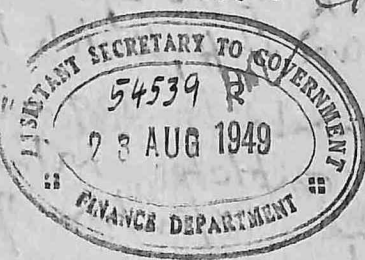

which is to be started. In the circumstances, the D.P.I.'s proposal to continue the temporary post of Special Officer and the special staff for a further period of 6 months, may be sanctioned.

Special Officer & Special staff have been in existence for nearly 18 months now.

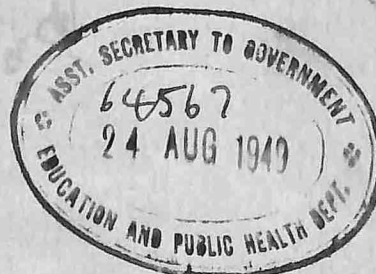

May agree that D.O. should be directed to lay down a time table for the work, which should be completed within the extension given.
