Madras.

No.1913/48-P-22., dated 22nd June 1949.

Sir,

Sub: SCHOOLS - Municipal High School, Hospet
Opening of parallel Telugu and Tamil Sections
Ref: Govt.P.W.D. Endt.No.1859 SI/49-1,
dated 10-6-49.

In my letter No.1913/48-P-12, dated 28-4-49 I requested Government to accord sanction for the opening of additional sections in forms I to VI in the Municipal High School, Hospet with Telugu and Tamil as medium of instruction. But in their order No.1890 (Education), dated 8-6-49 communicated with the Government Endt., read above, Government have accorded sanction to the opening of additional sections in Forms I to III only.

2. I enclose in this connection extract of a further report received from the Superintending Engineer, Tungabhadra Project, Headworks which indicates that there are prospects of some of the present students in IV and V Forms changing over to the new medium if the opportunity is given. I may also observe that one of the handicaps which the project staff have been feeling all along has been want of appropriate educational facilities and granting this even at this stage is likely to have salutary results. I therefore request the Government to permit the opening of the additional sections atleast in IV & V forms also this year itself. The question of extending the facilities to the VI Form being considered next May (1950).

Encl: One Extract.

Ms/22-6-

for Addl. Chief Engineer, P.W.D.

Enclosure:--

Extract from the letter No.380 CE, dated 19-6-49 from the
Superintending Engineer, Tungabhadra Project, Headworks Circle,
Tungabhadra Dam, P.O. (Via.) Hospet to the Addl. Chief Engineer,
P.W.D., Chepak, Madras.

Sub: Schools - Municipal High School, Hospet - Opening of
parallel Telugu and Tamil sections in Forms I to III
for the benefit of the Project staff.

XX

XX

2) As discussed with you in person, I request that Government
may be approached again for opening the IV & V Forms also in
Tamil and Telugu this year, for the reasons noted below:

- a) There are 2 IV Form students in Tamil and 1 IV Form student
in Telugu; 2 V Form students in Tamil and 1 V Form student
in Telugu, in the Project colony proper, who have been
detained here in the hope that these classes will be opened.
I expect that there will be more students once the classes
are opened either this year itself to be admitted in next
term, or next year if these Forms are actually opened.
I also understand that about 4 to 5 students more who
have been admitted already in IV & V Forms of the Municipal
High School with Canarese as the medium of instruction but
with Telugu as the language in which the question papers
are to be answered in examinations, are anxious for
joining the classes with Telugu as the medium of instruction.
A few more also from Hospet Town proper and Indian Sugar
Factory at Hospet, would probably be coming.
- b) The non-opening of the classes in IV Form has deterred
many Project employees in admitting their children in III
Form in the High School, Hospet, because a change in the
consequent domestic arrangements may have to be only for
a temporary period of one year.
- c) Parents having some children reading in I to III Forms
and some in IV or V Form are in no way benefitted by the
present orders of the Government since they have to
maintain 2 families for the education of their children, one
at the Project and one at their native places.
- d) In any case, the opening of IV Form next year will be
necessary to give continuity of education to students
to be admitted in III Form now in the High School,
Hospet. By opening these classes this year itself
the financial implication would be comparatively
insignificant. After all we require only 2 trained
L.T. teachers in Tamil and 2 Trained L.T. teachers in
Telugu, for running the IV & V Form in Tamil and Telugu.

No.1913/48-P-25., dated 26th July 1949.

Sir,

Sub: Education - Secondary Municipal High School,
Hospet Opening of Addl. Sections in IV and V forms
proposal.

Ref: My letter No.1913/48-P-22, dated 22-6-49 and
Govt. Education & Public Health Memo No.50395 BF
49-2, Edn. dated 14-7-49.

57394
S

Government in their Memo read above have stated that the question of opening parallel sections with Telugu and Tamil media in Forms IV to VI in the Municipal High School, Hospet for the benefit of the children of the Tungabhadra Project staff can be considered only in connection with the B.E. for 1950-1951, if the strength of pupils in the additional sections in form I to III opened in the current year warrants the opening of higher forms. The Superintending Engineer has now reported that there are already pupils, ready to be admitted in forms IV and V if parallel sections with Telugu and Tamil media are opened even from the next term, this year. Vide copy of Superintending Engineer's letter enclosed. In the circumstances I request reconsiderations of the orders already passed by the Government in their memo read above.

Sub: Education - Secondary - Municipal High School,
Hospet - Opening of additional sections in
IV & V Forms.
Ref: My reference No.880-CE dated the 19th June, '49.

In continuation of my letter cited above, I may inform you that the actual number of students likely to be admitted in the IV & V Forms if these classes are opened at least in the next term of this year, are as given in the enclosed list.

I am furnishing this information as I understood from a talk with the Secretary, Public Works Deptt., in your recent visit here that it may be difficult for the Government to accord approval for opening of these classes with the expected strength of these classes as furnished in my original letter.

I may add however that once these classes are started, it is quite possible that the actual strength of these classes is likely to be increased.

Sd/-
for Superintending Engr.

NAMES OF STUDENTS LIKELY TO JOIN IV & V FORMS (TAMIL & TELUGU SECTIONS) IF OPENED

IV Form - Tamil:

1. Sow. Anasuya daughter of Sri D.Krishnamacharulu, Executive Engineer, W&M Division.

Resubmitted.

2. Attention is invited to Director's reply RC.1722-G.2/48 dated 28-5-49 (vide Government Endt. No.50183-B.1/48-7 Edn dated 6-5-49) wherein it was suggested that the opening of additional sections with Tamil and Telugu as the medium of instruction might be permitted to be opened in the school, even though there would not be economic strength in these sections, since these sections were being opened under extraordinary circumstances. Since the letter of the Superintending Engineer shows that there will be a strength of 6 and 3 and 6 and 2 respectively in the proposed sections in forms IV and V the opening of these sections in both the Forms IV and V during the current year may also be permitted.

Rc 1722-G2-48

Office of the Director of Public Instruction, Madras dated 10th September 1949.

From The Director of Public Instruction, Madras.
To The Secretary to Government, Education & Public Health Department.

Subject: Municipal High School, Hospet. Opening of additional section for the pupils of the Project staff
Reference: G.Os. (Ms) No. 1890 Edn. dated 8.6.49 and 2744 Edn. dated 30-8-49

With reference to para 2 of G.O. (Ms) No. 1890 Edn. dated 8.6.49, the strength of the staff in respect of the Tamil and Telugu sections of Forms I to III has been fixed and permission also has been accorded for the admission of Girls into these sections. As regards granting of higher starting pay, the staff employed for these sections have been permitted to be paid an allowance of 33.1/3% of their pay in addition to the scale of pay admissible to them.

Proposals in regard to the similar points in respect of the sections permitted to be opened in Forms IV and V in the G.O. 2744 Edn. dated 30-8-49 are being called for from the Dt. Educational Officer and on their receipt, necessary orders will be issued in the matter.

Yours faithfully,

OFFICE OF THE ADDITIONAL CHIEF ENGINEER, P.W.D., MADRAS.
Endorsement No.1913/48-P-30., dated 21st September 1949.

Read: Letter No.1240 dated 15-9-1949 from the Superintending Engineer, Tungabhadra Project, Headworks Circle to the Additional Chief Engineer, P.W.D., Madras.

Sub: Schools - Secondary - Municipal High School Hospet -
Opening of additional Section in forms IV and V in
Telugu and Tamil as medium of instruction for the
benefit of the Tungabhadra Project staff - Sanctioned.
Ref: G.O.Ms.No.2744 - Education dated 30th August 1949.
Chief Engineer's (Addl.) No.1913/48-P-22 dt.3-9-1949.

The Tungabhadra Project staff feel highly grateful for the Orders of the Government sanctioning opening of additional sections in Forms IV and V in the Municipal High School, Hospet with Telugu and Tamil as medium of instruction from the current year.

In this connection, I wish to bring it to your notice that even though it is the intention of the Government to commence opening of the additional Section in Form IV and V during the current year itself, the G.O. as it reads now, is not much helpful. It is stated in the G.O. (cited above) that the opening of the additional section will commence from the second term in the current year. I understand that the second term in the current year starts in January, 1950 by which time it will be too late in the current academic year to expect either any fresh admissions or transfers of students from outside schools for the additional sections to be opened in the local High School. It would be much helpful if the sanction is accorded by the Government to commence opening of additional section from October 1949 of the 2nd term in the current year.

I request you, therefore, to please address the Government to amend the G.O. under reference suitably i.e., substituting the words "From the Second Term in the Current School Year" by "From the Month of October 1949".

 D. 22.6.49

To OS.

Please see the letter from the Addl. Secy. and its encls on pp 1-3 of. The Govt. sanctioned additional sections in forms I to III with Tamil & Telugu media for the benefit of the children of Project Staff against the proposal of the Addl. Secy. to open classes in forms I to V and VII. The Addl. Secy. has now pressed that sanction might be given for opening sections in forms IV & V this year itself. vide the reasons given in para 2 of his letter and also the Secy's report at p. 3 of. In the circumstances it is for consideration whether this Dept. may support the proposals of the Addl. Secy. After orders are passed the file may be remitted to Encl.

Go. 1850 Encl.

8649, p. 369/2

III & I

X mp 23 of 2

para 2 of

para 2 of

M
 27/6/49

The previous Secy recommended that the Addl. Secy's proposals (ref to at X on pp 22-23 of in Govt. 1850 Encl. 8649) might be accepted.

The note of Secy & the orders in Encl. on p 25 of in Govt. 1850 Encl. 8649 may be read.

The orders actually issued sanctioned only the opening of addl sections in forms I to IV.

D. 27/6/49

Hence the orders may perhaps stand as they are but sections in Tamil & Telugu should be opened for TD form.

next year. The number of students in IV & V forms
this year are not very many

P.W.D. no. 1998-59/49-1

E & P H (3-1)

Please see the Public Works Dept note above.
The note of the previous Secretary P.W.D. at the
bottom of page 23 of W.P. no 1890 Edu of
8.6.49 is against the suggestion of the Deputy
Secretary that it would meet the case for the
present if Tamil sections are opened in Form I
and Telugu section in Form I only and it was
understood to imply that he was in favour of ~~Form I~~
addl sections being opened in Forms I to III both
for Tamil & Telugu pupils without discrimination &
It is not clear whether he supported the opening of
higher forms also. whatever may be said about
the necessity to provide special facilities for the children
of the project staff, the Govt should consider whether
they would be justified in opening ~~Form I to III~~
separate sections in Forms IV to VI with Tamil &
Telugu medium for the sake of one or two pupils.

B.T. Assistants will have to be employed for teaching
in the higher forms & the cost will be heavy. It is
now too late to consider the question of running parallel
sections in the current year. If the strength of pupils
in Forms I to III in the current year justifies the opening
of higher forms, the question may be considered in
connection with the budget for estimate for 1950-51.

The additional CE P.W.D. may be informed accordingly

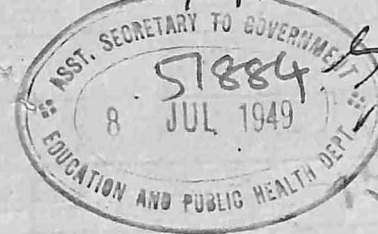

For orders

P.W.D. may again see.

Memo No 50395 bl/49-2 Edn dated 14-7-49

From the Additional Chief Engineer P.W.D. NO 1913/48
P 25 dated 26-7-49

From the D.P.I., R.C.No 1722 G2/48 dated 11-8-49

The Additional Chief Engineer requests that the
orders passed in the memo read above may be reconsidered
and that sanction may be accorded for the opening of
parallel sections in Forms IV and V in the Municipal
High school, Hospet, in the current year itself with
Telugu and Tamil as the media of instruction from the
second term. It is reported that the strength of pupils
awaiting admission into these sections is 6 & 3 and 6 & 2
respectively. The D.P.I. recommends that permission
may be accorded.

2. Presumably the D.P.I. will condone the shortage
shortage in the term days if the sections are opened
opened from the second term. The students will have
to make up their studies and it is not clear whether
whether the services of qualified L.T. Assistants can

be secured in the middle of the year. The Municipal Council should have sufficient time to advertise and recruit teachers, purchase equipment and make all the necessary preliminary arrangements for the opening of the additional sections. In the circumstances it is for consideration whether the orders already passed should be reconsidered.

The remarks of P.W.D. and Finance may be invited u.o.

12.5.49
17.8.49

The strength reported does not justify the proposal on an urgent ground. Unless P.W.D support the proposal on administrative grounds, it should wait 1950-51

P.W.D.
Fin

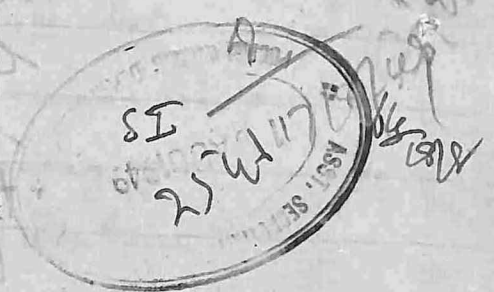

To D.S.

Pr(CS)

Please see the notes of L.P.A. from the middle of p. 3 ante. The addlce. proposed that additional sections should be opened in forms IV & V this year itself. with Tamil & Telugu media in the Municipal High School, Hospet and he was informed that this will be considered in 1950-51. if the strength of pupils in forms I to III in the current year justified the opening of higher forms. In this connection attention is also invited to the notes of Secy at pp 1-2 ante. The addlce has however requested reconsideration

Apparently to D.P. would have satisfied himself on these points before recommending the proposal. The Director's recommendation may perhaps be supported.

we may support the proposal. The D.P. has indicated that 11/19/49

of the orders in memo. at pps-6 of report at pp 9-10 y on the plea that there are already pupils ready to be admitted in forms IV & V from the next term, this year. The strength of pupils awaiting admission is reported to be 6+3 in form IV & 6+2 in form V. The D.P. has recommended that permission might be accorded to open additional sections in forms IV & V during the current year. E.P.H. Secy considers that the strength reported does not justify the proposal on emergent grounds and that unless this Dept support the proposal on administrative grounds, it should wait till 1950-51. It has already been conceded that amenities should be provided to the Project Staff and the addlce. has observed that one of the handicaps which the Project Staff had been feeling all along was the want of appropriate educational facilities and that the grant of such facilities would have salutory results. Though the strength reported may not warrant the opening of additional sections in higher forms, it is still for consideration whether this Dept may support the proposals in view of A above and also in view of D.P.'s recommendation. After orders are passed, the file may be sent to

A on p 1 y

Finance (E.I.).

Please see the notes from page 3 above.

The proposal of the P.W.D. that additional sections be opened in forms IV and V in the Local High School at Hospet does not criteria referred to in the note of Secretary, Edn. & P.H. on p.4 above.

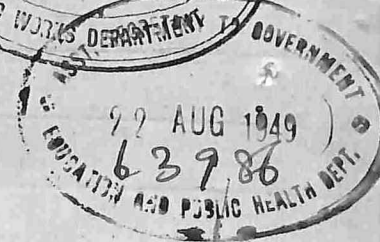

The strength of the forms viz. 6 and 6 and 2 in the proposed sections is too small. It is also too late, and the question also arises about the shortage in the term days. This Deptt. may support the view of Edn. & P.H. Secretary to defer the proposal to next year, and that all preliminary steps be taken in the mean time.

With the above remarks the case may be returned to Edn. & P.H. u.o.

PWD UO. NO. 2546-69/49

Education and Public Health Dept-
Bl section.

With a view to provide educational facilities for the children of the staff of the Tungabhadra Project the Govt sanctioned the opening of parallel sections in Tamil and Telugu in Forms 1 to III in the Municipal High school, Hospet, for a period of three years from the current school year subject to certain conditions.

Subsequently, the Additional Chief Engineer proposed that ~~that~~ additional sections should be opened in Forms IV and V also in the current year itself with Tamil and Telugu as the media of instruction and he was informed that this would be considered in 1950-51 if the strength of pupils in Forms 1 to III in the current year justified the opening of higher forms. The Additional C.E. has now requested that the orders passed in Memo No 50395 Bl/49-2 Edn dated 14-7-49 may be reconsidered on the plea that there are a few pupils ready to be admitted in Forms IV and V from the next term- the number being 6&3 for Form IV and 6&2 for Form V. The D.P.I. has ~~reported~~ ^{recommended} that the opening of the additional sections may be permitted. ~~This Department suggested~~

It is late in the current year for the opening of the additional sections and the pupils will find it difficult to make up the studies in the remaining two terms. Further in view of the poor strength of the pupils awaiting admission and the difficulties in getting the teachers required for the additional sections during the middle of the academic year, this department considered that the proposal may be deferred for the next year. Finance have agreed with this view. P.W.D. are however inclined to support the Additional C.E.'s proposal.

The point for decision is whether the opening of additional sections in Forms IV and V in the Municipal High school, Hospet, with Tamil and Telugu media in the current year should be permitted as requested by the Additional C.E. or whether the proposal may be considered for next year after making the necessary

arrangements and after knowing how many students in Form III
will be eligible for admission into Form IV

The file may be circulated to H.M. (Edn) H.M. (P.W.D.)

H.M. (Fin) and H.Pr for orders.
