GOVERNMENT OF MADRAS

Camp - 13-D, Ferozshah Road,
New Delhi,
30th April 1948.

My dear Maulana Sahib,

I am sorry I was not able to meet you to-day though I waited for nearly an hour as you were engaged in the Cabinet meeting. I would not be able to meet you before I leave because I am meeting Sardar Patel at Mussorie. I hope you have received the letter of my colleague, Sri Avinashilingam Chettiar about the admission to Colleges. I am sure the reply would satisfy you. There are two other matters I ~~have~~ wanted to talk to you and which I am putting down here. One is about the two Scout organizations, (1) The Hindustan Scouts and (2) the Baden Powell Scouts. I think it is unnecessary and even harmful to have two Scout Organizations. In Madras I met both the organizations and told them that ~~I would not make any grants to them until they amalgamated themselves.~~ it is better to amalgamate themselves They told me that the difficulties are really with the ~~Govt.~~ all India of India and if the Govt. of India ~~could be made to agree~~ urges them to agree to the amalgamation they ~~have no objection.~~ would be willing to amalgamate I need hardly point out to you the desirability of having one single Scout ganisation. I hope you would find it possible to take

action in this matter very soon. The other matter is about the publication of many useful books which are yet in manuscripts in the Saraswathi Mahal Library at Tanjore and the Oriental Manuscript Library and Adyar Library at Adyar. There are many books in Sanskrit, Tamil, Telugu and Marathi on subjects like philosophy, medicine, science, etc. It has been calculated that to publish all of them it might cost between Rs. 30 to 50 lakhs. The subject is of an All-India interest and importance and it is not fair for one Province alone to have to bear the burden of publishing them nor are we in fact able to bear the full burden. I would like the Government of India to give us a grant of the whole or at least half the amount necessary for publishing those books. I hope you will find it possible to help us soon and sufficiently in this matter.

With kind regards,

Yours sincerely,

O/C

The Hon'ble Mr. Maulana Abul Kalam Azad,
Minister for Education,
New Delhi.

My dear Reddiar,

Thank you for your letter of April 30th 1948. I am sorry that I was not able to have the pleasure of meeting you when you came to see me on Friday. I am still more sorry that I was not able to keep the appointment with you and that you had to wait for an hour. There was rather an important Cabinet meeting that day and though I thought that it would finish before noon, it actually dragged on up to 1-30 p.m. and I was, therefore, unable to come to office.

I am in full agreement with what you have said about the Boy Scouts organisations and I gave expression to these very views during the course of a statement in the last session of the Assembly. I have the matter in hand and I am hopeful that it will soon be settled satisfactorily.

With regard to the publication of the old manuscripts about which you have written there can be no doubt this is a very important work and we should give serious thought to it. Will you kindly let me have a detailed note on the subject and also the titles and other particulars of a few books in order that we may be able to get a better idea of these books and this Ministry may be able to cosider what steps to take in the matter.

Yours sincerely,

A. R. Basu

The Hon'ble Mr. O.P.Ramaswami Reddiar,
Premier, Madras.

New Delhi,
28th June 1948.

My dear Reddiar,

I have received your letter dated the 18th June 1948 regarding the publishing of the manuscripts now in the possession of the Saraswathi Mahal Library, Tanjore.

While I share your concern that the ancient works on different branches of knowledge should be brought to the notice of scholars, if they possess value either from the historical or scientific point of view, I am afraid your estimate is based on the assumption that every one of the unpublished manuscript in the Saraswathi Mahal Library is to be published.

Apart from considerations of finance which are overriding, I should like to point out to you that there are numerous libraries of manuscripts in India owned either by individuals or societies which contain thousands of manuscripts. It is obvious that no Government can find funds to undertake the printing of all these. For if the manuscripts of Saraswathi Mahal Library are all worthy of publication, on what grounds are we to deny the same treatment to manuscripts elsewhere?

The only proper way of dealing with this matter is that our scholars should examine these manuscripts. In a case where the manuscript deals with a particular science a scholar knowing the branch of science concerned should be associated with the Sanskrit or Tamil or other language scholar who can read the manuscript.

In

80

In this way a small number of really valuable manuscripts will be selected and then we will be in a position to judge the financial implications of the Scheme.

For example your list states that there are 141 manuscripts in Tamil on Medicine. It may be that a great many are merely copies of just a few original works; or they may be translations of original Sanskrit works. It is also possible that most of them have little value, for example they may be of no use as treatise on medicine, nor have they much value from the historical point of view as throwing light on the evolution of medical science etc.

The manuscripts which are intrinsically worth publication may be just a few and we may consider what expense will be involved in printing them.

Similar considerations apply to all other manuscripts whether in Tamil, Telugu or Sanskrit.

I will therefore suggest to you that the first step is to ask the scholars to examine the manuscripts and give us reports after a careful and critical examination.

Yours sincerely,
A. R. Bard

13th July '43.

Dear Mr. Gopalan,

Your letter of the 12th instant and the list that you have sent along with it. Sending a list like this is not of very much use. Many of these books must have been published before. Only a list of those books which have not been published and which will be useful if published may be sent to me. When large lists like this are submitted, usually they are shelved since the cost involving the publication is much. If you are interested in publication, you should select the best among them and submit them to Govt.

For some of the works the matter has to be taken from a number of manuscripts and properly arranged and edited. The Sanskrit works have to be published with translation and notes, as most of the Sanskrit publications of the oriental libraries have not attracted much attention for wnat of translation.

I am arranging with our Agents the Theosophical Publishing House, Adyar, Madras-20, to forward a copy of the printed Catalogue of Sanskrit Manuscripts in the Adyar Library, Parts 1 and 2, to you as mentioned in our letter No.(8560) 956 of 1947-8. Kindly acknowledge receipt of the same when the volumes are delivered at your office.

As for furnishing you with a list of manuscripts not published by our Library, this is practically the same as the recorded list of manuscripts in the published list of manuscripts in the Adyar Library omitting the 155 manuscripts utilised for the publication of works in the Adyar Library series a list of which is sent herewith. As for giving you a rough estimate of the cost of publishing them, this can best be done when our scheme of Descriptive Catalogues is completed and we are in a position to assess the value of each manuscript to the world of scholars, students and Research workers; the magnitude of the task can best

162

be judged by yourself from the following programme of the publication activities ~~of~~ chalked out for our Library.

In order to evaluate the treasures of the Library, we have planned a scheme of Descriptive Catalogues in 12 volumes, and the preparation of the Catalogue has been going on since 1937. At the present moment Vol.1 dealing with vedic manuscripts and Vol.6 dealing with Vyakrana, Chandas and Kosa have been completed and are available for sale with our Agents the Theosophical Publishing House, Adyar, Madras-20, at Rs.15 and Rs.25/- per copy respectively. The cost of bringing out these two volumes has amounted to about Rs.4000/- per volume for printing only at the much cheaper cost of printing of ~~xxxxx~~ those days. To this should be added the cost of staff specially employed for the purpose which amounted to Rs.8030 for Vol. 1 and Rs.8500 for Vol. 6. The total cost of printing the rest of the volumes is approximately estimated at Rs. 1,00,000. This is of course a very modest and economocal estimate of charges incurred as compared with the charges incurred for the preparation and publication of Descriptive Catalogues of Manuscripts contained in the office of the Secretary of State for India - now the Commonwealth Relations Office. We have just started the printing of the third of the Descriptive Catalogues - Vol.V dealing with

163

75

Kavyas. The other parts are under preparation.

Under the circumstances the exact evaluation of our treasures will have to wait till the Descriptive Catalogues are completed when we will be able to decide the order of priority in which manuscripts are to be taken up for publication.

Ref: Government Memorandum No.34913-C.2/48, Dated 13th May 1948.

- - - - -

In continuation of this office letter R.O.C. No.727-L/48 dated 25-6-1948, submitting a list of the unpublished manuscripts in the Government Oriental Manuscripts Library, I have the honour to submit the following further report:-

2 The Director of the Adyar Library has sent the printed catalogues of the Sanskrit manuscripts in the Library. I am sending the catalogues herewith and also a copy of the letter of the Director of the Library, dated the 20th June 1948. It is seen from this letter that they propose to finish the descriptive catalogues first, and then take up the question of publication of manuscripts. But it is however open to Government to seek their permission and publish under Government auspicious the manuscripts selected by the Government.

3 The Andhra Historical Society, Rajahmundry has sent a list of manuscripts with them which have to be published. The letter of the Hony. Secretary dated 26th June 1948 is submitted herewith. He has given an estimate of the cost of publishing two manuscripts for this year. This amounts to Rs.3,300/- including the salary of two pandits.

4 The question of a Grant-in-Aid to this society is under consideration by Government. I have already recommended to Government a scheme of grants - recurring and non-recurring

to the above Society for their activities.

5 The Hony. Secretary, Tanjore MahaRaja Saraboji's Samakwathi Mahal Library, Tanjore has sent a list of the unpublished manuscripts in Tamil and Telugu. He has stated that the Sanskrit list of unpublished works is a long one and is not yet fully ready. The list of Tamil and Telugu manuscripts sent by him is submitted herewith.

6 The question of a grant-in-aid to the above library is also under consideration by the Government. 7 The Curator, Government Oriental Manuscripts Library had separately addressed a number of libraries and institutions for information about manuscripts to be published. He is awaiting replies from the various libraries.

8 2. The Curator has gone through all the lists received so far. The question was discussed with the curator. I submit herewith a copy of his letter Roc. No.325/48, dated 22-7-1948 which contains the scheme for the publication of manusctipts. I recommend that a Committee may first be appointed to select the manuscripts for publication. After this is done, the number of them to be published in a year may be decided with reference to the cost and the provision that may be made available for the purpose.

PP.185-189 infra

9 In regard to its personnel, however, I do not accept his recommendations. The Director and the Personal Assistant should be omitted and the rest should be appointed not by virtue of office but on the basis of real scholarship. I shall submit suitable names if the proposal is approved.

p 187 infra

10 After ~~After~~ the provision that may be made in the current year, I recommend that a sum of Rs.20,000/- may be provided in the current year, for this purpose as the first instalment of a five year plan estimated to cost one Lakh of Rupees.

The Curator may be appointed as the General Editor of the publications.

11 III. The Government have made grantse to the Tanjore Library and are considering grants to the Andhra Historical Research Society for the publication of manuscripts. These libraries may be required to get their scheme of publication approved by the Committee proposed to be constituted. ~~On thelines recommended by the Curator~~. 	For printing one manuscript from Rao Saheb G.V.Ramamurty's telugu collections.	Rs.750/-	-do-
	For printing one manuscript from	Rs.3,300/-	

A work on drama or Astronomy or history or philosophy may be taken at the discretion of the authorities concerned.

We already printed "Kaumudi Mahaotrava" a sanrktit drama of Mavavathi Ramakrishnakavi, M.A. in 1930 and published the same in our society journals and it then cost us Rs.500/- for 500 copies. To-day the prices, altound have gone up and the estimate is provisional. It is requested that a generous help may be recommended to the Government as it will afford satisfaction to the collectors of manuscripts and others concerned. The grants may be made annually so that the work may not be stopped.

Sub: Government Oriental Manuscripts Library, Madras - Unpublished Manuscripts.

Ref: Govt. Memo. No.34913/C.2/48-1, Education, Dated 13--5--1948 communicated in your proceedings R.C. No.727/L4/48, dated 25th May 1948.

- - - -

So far, I have received lists of unpublished manusctipts bearing on subjects like Philosophy, Medicine, Scienee etc., only from the Tanjore Maharaja Serfoji's Saraswathi Mahal Library, Tanjore (TAMIL AND TELUGU Only) and Andhra Historical Research Society, Rajahmundry. The Director of the Adyar Library has only sent two volumes of printed Catalogues from which I am now selecting the unpublished manuscripts. Replies from other Libraries like (the Travancore manuscripts Library and the Mysore University Library) as well as the list of Sanskrit, Maharathi and Telugu from the T.M.S.S.M. Library, Tanjore are still awaited. The lists reeeived so far and the list prepared by this office contain nearly 600 manuscripts all of which cannot be taken up for printing simultaneously. The work of printing all the unpublished manuscripts will have to be spread over a period of five to ten years. The present market condition may not be the same after five years. Moreover, there may be some copies of manuscripts in different lists and the name of printed, books also might have crept in the lists. In some cases, the titles may differ but the works may be identical. In a few cases, the titles may be the same but the works may be by different authors and thus they may be entirely different works. There may be many commentaries for the same work and from the lists, it is difficult to find whether the commentaries are identical or different. There are some cases of abridged manuscripts with slightly different titles. Thus, the selections of manuscripts for printing cannot be done immediately, without actually looking into the manuscripts; and hence the actual number of manuscripts to be printed cannot be determined now. For giving an estimate, information regarding the number of pages in each manuscripts, the size of the palm-leaf or paper and the number of

and the number of lines per page is also necessary. The quantity and the cost of the paper required can also be known only after ascertaining these details. Hence it is not quite possible to give even a rough estimate of the cost of printing all the unpublished manuscripts before examining them. At the best, only a fixed amount can be granted every year for the publication of these manuscripts. For the selection of the manuscripts, the Government may [contribute] constitute an expert Committee consisting of:

1. The Director of Public Instruction, Madras.
2. The Personal Assistant to the Director of Public Instruction, Madras.
3. The Curator, Government Oriental Manuscripts Library, Madras.
4. The Director of the Adyar Library.
5. Professor of Sanskrit, Presidency College, Madras.
6. Professor of Telugu, Presidency College, Madras.
7. Professor of ~~Telugu~~ Tamil, Presidency College, Madras.
8. Head of the Department of Malayalam, University of Madras.
9. Head of the Department of Kannada, University of Madras.
10. The Principal, Government MuslimCollege, Madras.

The Committee will make the final selection and also fix the order in which the manuscripts in the different language should be taken up for printing.

I called for quotations from some of theimportant Presses in the Madras and the following is the rates given by them for printing.

1.	Thompson and Co., Madras	Rs.45/- per forme of 8 pages for all languages.
2.	Central Arts Press.	Rs.30/- plus 5 per forme of 8 pages for Telugu and Tamil only.
3.	Sri. Balamanorama Press.	Rs.45/- per forme of 8 pages for Sanskrit only.
4.	Kesari Printing Works.	Rs.28 to 35/- per forme of 8 pages for Tamil only.
5.	Karimi Press.	Rs.28/- per forme of 8 pages for Urdu, Arabic and Persian.

The manuscripts in different languages may be distributed among the different presses instead ofgiving them to the same press so that the printing may be expedited quickly.

To sum up, my suggestions are:-

1. An expert Committee may be constituted.
2. A sum ofRs. One Lakh be granted forpublication of the manuscripts and
3. The Curator of the Government Oriental Manuscripts Library, Madras, may be appointed as the general Editor of the books to facilitate the control of the publication by the Government.

p.215 ante

With reference to the Government Memorandum No.34913/48-10 Education dated 4-4-49, I have the honour to submit herewith the minutes of the meetings of the Committee appointed by Government for the selection of manuscripts for publication.

pp.235-244 infra

The Curator, Government Oriental Manuscripts Library has consulted seven private presses regarding rates for printing and binding. The estimated cost of Printing all the manuscripts comes to Rs.2,02,638/- *~~including~~ the cost of paper. But the provision in the Budget Estimate for the current year is Rs.1,20,000 only (Rs.50,000/- for the Government Oriental Manuscripts Library Rs.70,000 for the Tanjore Mahal Library) The Curator has therefore selected from the recommendations of the Committee a list of manuscripts that may be published restricting the expenditure to the Budget Provision.

*excluding

pp.225-233 infra

2. A list of the manuscripts proposed to be published accordingly is submitted herewith.

(a) The Secretary of the Library at Tanjore has agreed with the selections made from the manuscripts of that Library.

(b) The cost of publishing each manuscript and the person who will edit the manuscript is indicated in the list.

(c) It is proposed to print 500 copies of each manuscript.

(d) The printing will be entrusted to different private presses as the Government Press will not be able to undertake the work and finish it in time.

(e) The price of each copy will be fixed later when the publication is ready (A certain number of copies will have to be supplied free to scholars and learned bodies. This will be submitted for orders separately.

(f) The publication will be called the 'Madras Government Oriental Series' and the Curator will be the General Editor of the publications.

(g) The books published from the Tanjore Library will be the property of that Library and the accounts will be kept by that Library.

(3) I request that the above proposals may be approved as early as possible.

(4) It is estimated that 600 Reams of Royal Printing paper will be required for printing the publications. I request that the Government may be pleased to authorise the

the Superintendent of Stationery, Guindy to supply the quantity to the Curator as early as possible. The cost will be approximately Rs.9800/-

6) I request the favour of early orders.

7) In this connection, I recommend that the Government may request the Government of India for a grant towards the work on a five year plan so that all the useful and worthy manuscripts may be printed and published.

Please see herewith ~~a copy of~~ the letter of our H.Pr. to the Hon'ble Moulana Abul Kalam Azad, Education Minister of the Government of India and his reply. H.Pr. had written to him for help in connection with the publication of the various manuscripts that we have in our Manuscript Libraries in Sanskrit, Tamil, Telugu, Marathi on subjects like philosophy, medicine and science, etc. With reference to this, the Hon'ble Minister for Education of the Dominion Government has written as follows:-

> "With regard to the publication of the old manuscripts about which you have written there can be no doubt this is a very important work and we should give serious thought to it. Will you kindly let me have a detailed note on the subject and also the titles and other particulars of a few books in order that we may be able to get a better idea of these books and this Ministry may be able to consider what steps to take in the matter". -

In view of that, H.Pr. would like to have a list of the manuscripts in our various Manuscript Libraries which have not been published and the subjects to which they pertain. I believe the Manuscript Libraries in our Province are: (1) Government Oriental Manuscript Library, (2) Saraswathi Mahal Library in Tanjore, and (3) Library in Kalashetra in Adyar. These three libraries may be addressed separately and the Curator of the Oriental Manuscript Library may be asked to address any other Oriental Libraries that may exist in the Province, for the number of manuscripts that they may have which have not yet been published along with the subjects towhich they pertain. On gathering the information, he may be also asked to make a rough cost of the publication of these books and draw up a rough scheme for the publication and send them on to Government. I believe this information must be readily available in the three libraries mentioned and the matter may be put up to me as soon as ~~possible~~ the information is received.

In continuation of the note sent down by H.Pr. relating to ~~the~~ request made to the Government of India for grant for the publication of unpublished works in the Oriental Libraries in this Province, H.Pr. handed over to me the statement which I am sending herewith relating to the Saraswathi Mahal Library. He wants the information to be obtained quickly from the other libraries also, and action expedited on the note which he has sent round.

Please see the minute of H.M.(Education) and Secretary's note on pp 3 & 5 supra. The papers referred to by H.M.(Edn.) and/Secretary will be found on pp 9-42 cf.

The replies from the ~~Regional~~ manuscripts library contains the number of manuscripts fit for publication, but does not contain the estimated cost of publication. The DPI has furnished a list of unpublished manuscripts in the Govt. Oriental MSS Library. Regarding the other libraries and Sangams in Tamil nad and Andhra desa and other private associations, the DPI states that a consolidated reply will be sent in on receipt of the replies from them. The DPI has not submitted a rough estimate of the cost of the scheme of publication of the MSS. The reply from the Adyar Library has yet to come. to the Memo on page 5 cf

Attention is specifically invited to the portions set out at 'Z' on p 79 cf and 5 on p 80 in the letter from the Hon'ble Minister for Edn, Govt of India. Unless these Conditions are satisfied, it does not appear that the Govt of India will favourably Consider the question of granting any help for the publication of manuscripts and the D.P.I. will have to be asked to observe these requirements. ~~In the Case~~ In the Case of the Govt. Oriental Mss. Library, there is an Advisory Committee for the Library & an editorial Committee for the each language and the whose help may be availed of and in respect of Science subjects scholars of these subjects ~~the language~~ will have to be Co-opted in the Committee. ~~It may be necessary that such Committees are formed in the Case of the T.M.S.S.M. Library also~~ The D.P.I. may be informed of this Requirements at 'Z' on p 79 cf in Co-ordination of ~~Special Adoption~~ the Memo on p 5 cf.

'A' on p 1 ante

Even if the Govt of India agree to give a grant for the purpose, it will be for this Govt. to arrange for the execution of the rules and publications etc. It is therefore very necessary that there should be a scheme of Publication

10

It should be worked out as how many works in each language can be published each year and at what cost. ~~and in how many years in all, all the necessary works will be published,~~ ~~and~~ A year wise statement may be of more advantage.

The agencies for the execution of the works, the presses, ~~the~~ where these will be published will have to be taken into account ~~as~~ as it may ~~not~~ not be possible to have all these works published in Govt. Press and the capacity of the private press, which will have be ~~engaged~~ entrusted with the work will have to be ascertained ~~and~~ as also the feasibility of having the works published in private presses.

Perhaps it may be better to ask the D.P.I. to ~~get~~ ~~from~~ ~~him~~ obtain full details and submit his considered proposals to Govt. A draft ~~letter~~ reply to the D.P.I. with reference to the minute of HM (Edn) at 'A' on pl ante and p 7 ante and the letter of H.M. With reference to the minutes of H.Pr. at X above, it is submitted that the Director of Public Instruction has since sent his reply vide pages 171-175 c.7. to the Memo. at page 155 c.7. In the above Memo., he was asked to work out the estimated Cost of publishing the unpublished manuscripts which may be useful and worthy of publication. The Director says that of the manuscript libraries addressed by the Curator Govt Oriental Manuscripts Library regarding the publication of unpublished manuscripts, replies have been received so far or from (1) the Director of the Adyar Library, (2) the Hon. Secy.

p.173 c.7.

Secy. of the Tanjore Maharaja Serfoji's Sarasvathi Mahal library and (3) the Hon. Secy. of the Andhra Historical Society, Rajahmundry and that replies from other libraries which are comparatively insignificant are awaited. Of the lists of unpublished manuscripts received, a selection has to be made as to the exact manuscripts which are to be published, as the policy of the Govt. is to publish only those which are may be useful and worthy of publication and for this purpose the D.P.I. recommends the Constitution of a Committee. He says that after the Constitution of this Committee, it is done, the number of the manuscripts to be published in a year may be decided with reference to the cost and the provision that may be made available for the purpose. The D.P.I. recommends that a sum of Rs. 2,000/- may be provided in the current year for the purpose as the first instalment of a five year plan estimated to cost one lakh of rupees. Thus it may be seen that the scheme will be spread over a period of five years and the cost of it will be about one lakh of rupees. The Director says that he will submit to Govt. the list of suitable persons for the Constitution of the Committee if his proposal is was approved by Govt. It is for orders whether the proposal of the D.P.I. may be accepted and he may be asked to submit the list of personnel of the Committee. The Govt. of India may be addressed for a grant for the purpose after the Committee is constituted and

The main proposal in this file is to publish the various manuscripts in different languages on subjects like philosophy, science, medicine etc. in the original Library, for which Govt. of India Mss. The present proposals are (i) to appoint the Curator, as the General Editor of the publications and (ii) to constitute a committee to select the manuscripts for publication.

Finance may agree to the two proposals.

Please see the minute of 7th P.M. on f. 15 ante & the notes following. The D.P.I. recommends the Constitution of a Committee to select manuscripts for publication & states that after this, the no. of them to be published in a year may be decided with reference to the cost & the provision that may be made available for the purpose.

He also proposes to appoint the Curator, Oriental Mss Library as the Genl. Editor of the Publication. Finance agree to these proposals. They have suggested that H.M (Fin) may also see at this stage as the proposal is likely to involve a very large expenditure ultimately.— vide X on f. 2 cf. In the course of a talk which I have had with the Premier, he asked me to find out whether the Oriental Manuscripts Library have sent up the scheme of publication of its unpublished manuscripts. If no scheme had been sent up, the Premier desired that arrangements should be made as quickly as possible for a scheme for rapid publication of them.

8/1/49.

There is a separate proposal to publish important manuscripts in the several Oriental libraries in the Province. On this question, the Govt. have been in correspondence with the Govt. of India for contribution for this purpose. Before addressing the Govt. of India specifically on the point, certain particulars as regards the Mss. to be published have been called for from the D. P. I. with Oriental Libraries. The Curator, Govt. Oriental Mss. Library, has indeed submitted a list of Mss. with the language & subject to be published. But the D. P. I. proposes to appoint a Committee to go into the matter & select the Mss. with the libraries including Govt. Oriental Mss Library & the publication together with an estimate of cost. The Govt. have approved the proposal & now the D.P.I

.... SECRETARY OF THE COMMITTEE

For orders as to approval. — May be approved. 11-2-49

2. It will be seen that except the persons shown against items 6, 9 and 18, the others are residents in the City. The expenditure involved in the formation of the Committee will be on account of the T.A. of the members of the Committee and the publication of the manuscripts. A certain amount will have to be provided for to meet contingent expenses, such as, stationery, postage stamps and petty contingent expenditure. There is no information as to what will be the cost of travelling allowance of the members. This depends upon the question whether the members will have to tour at all for the purpose of selection of manuscripts as the list of manuscripts ready for publication will be furnished to them.

As the Secretary to the Committee has an office, the expenditure on these items may not be much. 11-2-49

The DPI's letter on pages 171-175 of does not indicate that there will be touring. Prof. S. Very likely there will be tour in future. 11-2-49

3. The Govt. have separately provided one lakh of Rupees for the puplication of unpublished books, ~~Rs. 50,000/-~~ Rs. 50,000/- for the Tanjore Manuscripts Library and Rs. 50,000/- for the Govt. Oriental Manuscripts Library, during the next year. In connection with the general question of publication of manuscripts in the Manuscripts libraries in the Province, including Tanjore library and the Govt. Oriental Manuscripts library, the D.P.I. proposed that a sum of Rs. 20,000/- may be provided in the current year as the first instalment of five year plan estimated to cost Rs. 1,00,000/- . Since a lakh of Rupees has been provided for the publication of manuscripts in the Tanjore manuscripts library and the Govt. Oriental Manuscripts library, it is for orders whether any more provision should be made for the next year for the publication of manuscripts . There

seems no necessity to make separate provision for the expenditure T.A. to the members of the Committee and for contingencies at present as the cost involved thereby will not be large.

4. As regards H.M's orders at ~~xxxxxxxxxx~~ ante 20 attention is invited to the Secretary's note on page 17 ~~ante~~ ante. It has been approved in circulation that the Committee should be constituted first for the selection of manuscripts for publication and for estimating the cost. We may therefore await the report of the committee. The Hony. Secretary Tanjore Library and the Curator Govt. I understand that a Committee has been recently appointed to take up the publication of old manuscripts in the Government Oriental Manuscripts Library, Madras. I am told that representatives of Tamil, Telugu, Sanscrit and Malayalam sections of the Oriental Research Institute of the University of Madras have been nominated to the Committee but that no representative of the Kannada Dept. of the University Research Institute is on the Committee. Since the University Oriental Research Institute is engaged in similar work it will be advantageous to nominate a representative of the Kannada section of the University Research Institute also to the Committee.

It is not possible to consider that the representation of Kannada is sufficient, there being only one member for that language in a total of 21 members. Issued as Memo. No. 34913/48-12 C2. dt. 11/5/49

From the D.P.I. Rc. No. 727 L4/48 dated 5-7-49.

In memo No.34913/48-10 C2.Edn. dated 4-4-49, the Govt. appointed a committee with a view to select important manuscripts in different languages on subjects like Philosophy, Science, Medicine etc., for publication together with an estimate of cost. The Committee consisted of 19 members suggested by the D.P.I. including the Curator, Govt.Oriental Manuscripts Library, Secretary to the Committee and also ~~two~~ three other members viz., Sri C.M. Ramachandran Chettiar, Coimbatore, ~~and~~ Sri R.Krishnamurthy, Editor, 'Kalki', Madras and ~~The Chairman of the committee was Sri T.M. Narayanaswami Pillai, Chairman, Madras Public Service Commission, Madras~~ Sri M. Varadha Pillai of the Oriental Research Institute.

2/ The D.P.I. has submitted the minutes of the meetings of the Committee appointed by Govt. for the selection of manuscripts for publication. He has also submitted list of the manuscripts proposed to be published. The D.P.I. states that the estimated cost of printing all the manuscripts excluding the cost of paper comes to Rs. 2,02,638/- He has pointed out that the provision in the budget estimate for the current year is Rs. 1,20,000 only (Rs. 50,000/- for the Government Oriental Manuscripts Library Rs. 70,000 for the Tanjore Mahal Library) and the Curator has therefore selected from the recommendations of the Committee a list of manuscripts that may be published restricting the expenditure to the budget provision.

3/ On the representation of the Hony. Secretary, Tanjore Manuscripts Library that the annual grant of Rs.20,000 to its Library has been taken ~~into consideration~~ credit by the Committee referred to above in estimating the number of manuscripts to be published as recommended by the Committee, the Govt. recently issued orders separately that the grant of 20,000 sanctioned to the Tanjore Library should not be merged with the grant of Rs.50,000/- sanctioned to that Library in G.O. 2106 Edn. dated 30-6-49. In view of this there is only a lakh of Rs. left at the disposal of the Committee for the publication of the manuscripts. Deducting Rs.9800 towards the cost of paper, the remaining amount viz., Rs.90,200/- may be utilised for the publication of the manuscripts. The D.P.I. may be informed accordingly.

4/ The proposals set out in para 2(a) to (g) may also be approved.

5. The D.P.I. estimates that 600 Reams of Royal Printing Paper will be required for printing the publication. He requests Government to authorise the Superintendent of Stationery to supply the quantity of paper to the Curator as early as possible and the cost is estimated at Rs.9800/- The Superintendent of Stationery may be consulted first. Draft memo is submitted.

6. As regards the proposal of the D.P.I. in para 7 of his letter, the D.P.I. may be requested to submit separately detailed proposals towards the work on a five year plan ~~first~~.

I have the honour to submit the following report regarding the progress made in the printing of manuscripts under the Madras Government Oriental Series for the year 1949-50.

35 books as given below were included in this year's programme for printing of manuscripts. Of these, Nos.8 and 27 i.e., SADASIVA RUPAM, with commentary and DIKSABODHE respectively were dropped as the former was found to have been printed already and as the latter was considered by the editor as not worth printing. SILPASASTRA, forming sub-division (b) under 21 has also to be dropped as the editor considered it as not worth printing. Of these, the printing of the following books was completed on 15-3-1950.

No. in the Series.

1. KAPPAL SATTIRAM.
2. Anubhava Vaidya Murai, Volume.I.
4. Upadesa Kandam Volume I and II.
6. Konga Desa Rajakkal.
7. Sivajnana Dipam.
10. Ausada Yogamulu.
11. Vaidya Nighantu.
12. Dhanurvidya Vilasamu.
14. Khadga Lakshana Siromani.
16. Bhargava Nadika.
18. Brahmasutravritti Mitaksara.
19. Nyayasiddhanta Tatvamrtam.
20. Garbha Cikitsa.
21.a. Vastulaksanam.
c. Silpavisayam.
23. Kanakkusaram.
24. Kriyakramam.
28. Asvasastram.
31. Supasastram. and
34. Tahqiq-al-Buhran.

Before the end of this month, I hope to get the printing of the following books completed.

2. Anubhava Vaidya Murai, Volume II.
4. Upadesa-Kandam, Volume III.
13. Yoga Darsana Visayamu.
17. Hariharacaturangam.
22. Kanakkusaram with Balaprabodham, a new commentary instead of Mahasaram as originally planned.
30. Sangita Ratnakara.
35. Safinat-Al-Najat.

The following books are at different stages of printing and their printing is likely to be completed with the next two months:

5. Colan Purva Pattayam.
15. Visanarayaniyam.
25. Lokopakara.
32. Jamil-al-ashya.
33. Tibb-E-Faridi. and

Mahasaram, which was originally allotted No.22 but for which a new number will be given nextyear.

The following books have not at all been given to the press.

3. Attanakolahalam - Because the editor could not complete the editing of the manuscript on account of the difficulty of the subject.

8. Sadasivarupam, - with commentary - Dropped as it is already in print.

9. Sangitaratnakaramu - As the editor could not complete the editing on account of serious illness.

26. Rattama - As the editor died in the course of the year.

27. Diksabodhe - As the editor reported that it was taken up for printing by others.

Out of the allotment of Rs.50,000/- a sum of Rs.33,608/- was spent till the end of 17-3-1950 and I hope to spend an additional amount not exceeding Rs.5,000/- by the end of this month. Thus a sum of Rs.11,392/- will lapse this year. The lapse of the amount is necessitated by the following three reasons:--

1. Difficulty in getting the press matter ~~edited~~ edited by some of the editors within a reasonable time and an unusually long time taken by them in correcting and returning the proofs.

2. Delay on the part of some of the Presses in executing the printing. There are only one or two presses in Madras which have got Kannada and Persian types and the Curator is solely at their mercy for printing books in these two languages.

3. Late commencement of the printing in the middle of the Official Year i.e., in September 1949 as the orders of the Government approving the whole scheme was received only in the middle of September 1949.

In view of the above difficulties in completing the printing of all the manuscripts within this Official year, I request that the Director may be pleased to address the Government to re-allot a separate sum of Rs.12,000/- representing the lapsed amount of this year, to enable me to complete the existing works and take up new works according to the original programme in the course of the next official year 1950-51.

As already written by me in my letter R.C.No.139/50, 12-2-1950, I request that the Director may address the Government for the constitution of a new committee sufficiently early so that it may meet in the 3rd week of April 1950 to select manuscripts from this library for printing during 1950-51.

I addressed the Honorary Secretary, Sarasvathi Mahal Library, Tanjore, to furnish me with an account of the progress of the publication work in that Library. I have not received the same so far. I request that the Director may be pleased to obtain a report direct from the Honorary Secretary, Sarasvathi Mahal Library, Tanjore.

Sir,

Sub: LIBRARIES - Unpublished manuscripts -
Government Oriental Manuscripts Library,
Madras - Constitution of a fresh Committee.

Ref: Government Memorandum No.7297-1.E, Education
dated 25-4-1950.

With reference to the Government Memorandum cited I submit that the Committee constituted by Government in Memorandum No.34913/48-10-C.2, Education dated 4-4-1949 still continues to exist. But for carrying on the work for the current year the curator has suggested a few additions to the existing members while the following four members of the Committee have not been included for this year.

1. Sri S. Venkatarajulu Reddiar
2. Sri N. Venkata Rao
3. Sri Masthi Venkatesa Ayyangar
4. Dr. C. Kunhan Raja

In this connection it may be mentioned that Dr. C. Kunhan Raja is now not in India. The following are the names of persons who have been suggested for inclusion in the Committee this year.

1. Dr. A. Chidambaranatha Chettiar
2. Sri G.J. Somayaji
3. Sri S. Govindarajulu
4. Capt. G. Srinivasa Murthi
5. Sri M. Mariappa Bhat
6. Sri M. Hiriyanna
7. Dr. Md. Hussain Nainar
8. Sri T.V. Subba Rao.

2. It will be seen from the above that excepting the above eight persons the others are old members of the Committee The proposal submitted by me in my letter dated 14-4-1950 is mainly for the addition of a few members to the existing Committee and not for constituting a fresh committee. While the committee last constituted which now exists consists of 21 members, including the curator who is the Secretary to the Committee, according to my present proposal, the Committee will consist of 26 members. I request that Government may be pleased to approve that proposal.

Yours faithfully,

for Director of Public Instruction.

In his letter on pages 1-3 cf., the D.P.I. proposed the constitution of a fresh committee, in supersession of the Committee constituted in Memo No. 34913/48-10 C2.Education, dated 4-4-1949, for selecting the manuscripts acquired for the Govt.Oriental Manuscripts Library for publication. In the Memo on page 9cf., the Director was asked to report why a fresh committee should be constituted and why the old committee should be considered to have ceased to exist. The Director in his letter on page 11 cf. has replied that the committee constituted by Government continues to exist and that he only meant the addition of a few members to the existing committee and not the constitution of a fresh committee.

2. The names of the new members proposed to be included in the Committee will be found at 'X' on page 11 cf. In his previous letter the D.P.I. has proposed the inclusion of the Principal College of Indian Medicine as a new member which has been omitted in the present letter. It is not clear whether the omission is intentional or by oversight. The D.P.I. has proposed the name of Sri Mariappa Bhat as one of the new members. Sri Mariappa Bhat is already a member of the ~~old~~ Committee.

The D.P.I. has also proposed that the names of the four persons referred to 'Z' on page 11 cf. need not be included. A draft memo is submitted for approval.

Sub GOVERNMENT ORIENTAL MANUSCRIPTS LIBRARY, MADRAS--Members of expert Committee for selection of Manuscripts--Appointment of--Orders--Requesting.

FIRST ASSISTANT SECRETARY 16 MAY 1952 EDUCATION DEPARTMENT

***

I have the honour to state that in the Expert Committee of the Government Oriental Manuscripts Library constituted by Government in their Memo No.34913-48/10.C2. Education dated 4-4-1949 for the selection of manuscripts for printing, some vacancies have arisen in some language sub-committees which have to be filled up by appointing suitable persons. The following proposals are submitted for approval.

2. Sri V. Prabhakara Sastri, Member of the Telugu Sub-Committee is no more. In his place, I recommend that Sri M. Somasekhara Sarma of the Telugu Bhasha Samithi, University Buildings, Madras, may be appointed.

3. In Sanskrit, it is reported that Professor M. Hiriyanna is dead and that Dr. C. Kunhan Raja has taken up foreign Service at Tehran University. The name of Dr. C.Kunhan Rajah was not therefore included in the Committee last year also as he was out of India -(Vide Government Memo No.7297.E/50-3 Education dated 19-5-50). In the place of these two members, I recommend that (1) Dr. V.Raghavan, M.A., Ph.D., Head of the Sanskrit Department, University of Madras and (2) Dr. R.Nagaraja Sarma, M.A., Ph.D., No.45, Car Street, Triplicane, may be appointed.

4. So far as Malayalam is concerned, Dr. C. Achyuta Menon is dead and in his place I recommend that Dr.S.Krishnan Nair, M.A., Ph.D., Head of the Malayalam Department, University of Madras, may be appointed.

5. In Islamic Languages, as Dr. M.Abdul Haq, has now been appointed as Pro-Vice Chancellor, Aligarh University and as it will be highly expensive if he has to attend the meeting of the above Committee, I recommend that Professor S.A.W.Bukhari, Professor of Arabic, Presidency College, Madras, may be appointed in his place.

As the meeting of some of the Sub-Committees have to be called for, for selecting the manuscripts, I request very early orders of Government in the matter.

Yours faithfully,

for Director of Public Instruction.

FIRST ASSISTANT SECRETARY 26 DEC 1952 EDUCATION DEPARTMENT

Sub:- Madras Government Oriental Series - Selection of manuscripts by the Expert Committee.

Ref:- Govt.Memo.No.34913/48-10, Education dated 4.4.1952.

The Curator, Government Oriental Manuscripts Library, Madras, has reported that the Expert Committee which met on the 24th and 25th September 1952 for the selection of manuscripts under Madras Government Oriental Series, has selected some manuscripts like literary poems, songs and dramas as detailed below:-

(i) In Malayalam:- the Committee has selected five works which are kathakalis and one poem.

(ii) In Tamil, the Committee has selected songs, poems by individual writers composed on different occasions, a literary poem and a panegyric.

(iii) In Telugu, the Committee has resolved that manuscripts bearing on culture also be taken for publication and has selected one literary poem, vide: the list below.

2. The Government in thier Memo. referred to above, have sanctioned the publication of manuscripts in different languages on subjects like Philosophy, Science, Medicine, etc. I feel that the intention of Government is not to publish the manuscripts like literary poems, songs, dramas and also books on History, Biography and Rhetoric. If literary works can also be taken up for publication, there are hundreds of rare unpublished manuscripts in the library and if all of them have to be printed, several lakhs of rupees will be required to complete the printing of most of them in the course of next few decades. I therefore, request that Government may be pleased to issue orders regarding the scope of the subject matter of the manuscripts to be printed in the Government Oriental Series.

Yours faithfully,

The Expert Committee for the selection for publication of manuscripts in the oriental manuscripts libraries in the State, has selected certain manuscripts such as literary poems, songs, dramas and the names of these manuscripts will be found specified in the list on p. 3 c.f. Since G.O. No. 2745 Edn., dated 31-8-1949 sanctioning the publication of unpublished manuscripts in the oriental libraries in the State refers only to manuscripts on subjects like Philosophy, Science, Medicine etc., the D.P.I. enquires whether the manuscripts now selected by the Committee may be published under the "Madras Government Oriental Series". The Director has pointed out that there are hundreds of literary manuscripts and that the publication of all these manuscripts will result in spending several lakhs of rupees from State Funds. Attention is solicited to the list of manuscripts on pp. 225-233 of G.O. No. 2745 Education dated 31-8-1949 and paras 2 and 3 of that G.O. It is observed that the list contains manuscripts on the subjects of Art, History, Music, Dance, Biography, etc. The intention is not, therefore, to exclude the literary manuscripts and manuscripts on music, dramas, etc., from publication, but to publish such of the unpublished manuscripts on all subjects which will be useful and worthy of publication - The Director may be informed accordingly.
