Institution- Curricula for 1949-50.

Ref:- From the Special Officer Sandur R.C.No.
G.S./E.B.31-49 dated 12-3-49.

The Special Officer has reported to me that prominent Citizens of the Sandur State have made representations to him, suggesting that the courses of studies in the State should be assimilated to the S.S.L.C. Course of the Madras University. He has also reported to me that this matter was under the serious consideration of the Rajah's administration before the administration of the Sandur state was taken over.

In view of the fact that the State will be merged with this Province sooner or later, it will be very desirable to assimilate the curricula of studies in the High School and the Middle School Sections of the Vidyamandir (Educational Institution of the Sandur State) to the proper courses in the Madras Province. The institution will be closing for summer in the last week of April 1949. I suggest that before the institution closes, the authorities of the Educational Department may make a preliminary survey of the existing system of the State and investigate how best the process of assimilation can be achieved.

I therefore request that the Director of Public Instruction may be requested to instruct the District Educational Officer Bellary to conduct a preliminary survey on the matter.

Copy of letter No.D.3588-P/49 dated the 20th April 1949 from the Government of India, Ministry of States, New Delhi to the Chief Secretary to the Government of Madras, Madras.

Sub: Merger of Sandur State.

...
I am directed to enclose a copy of the agreement signed by the Raja of Sandur regarding the merger of his State (together with enclosures) and a copy of the collateral letter issued to the Raja. The Government of India are issuing separately a notification delegating powers under the Extra-Provincial Jurisdiction Act to the Provincial Government for the administration of the State.

2. It will be seen from paragraph 1 (6) of the collateral letter that the Government of India have admitted the claims of the Raja and members of his family to certain amounts given as loans by them to the State out of personal funds and the amounts invested by the Raja and his family in fixed deposit in Sandur State. It is requested that arrangements may be made to pay the amounts due to the Raja Sahib or members of his family on surrender of the fixed deposit receipts and other documents in their possession. Item 3 of the schedule of loans namely Rs.33,878-0-5 should be paid after verification with reference to documents.

3. With reference to paragraph 1(5) of the collateral letter the payment of Rs.36,000/- per annum to the State Temples Fund will be continued subject to audit of the accounts by an officer on behalf of the Government of India. It is requested that an officer of the Finance Ministry of the Government of Madras may be deputed for this purpose.

- 2 -
4. The Government of India have also accepted certain modifications in the Pension Order No. IX-7/48 dated 26th December 1948, passed by the Raja in favour of certain State Servants of Sandur. It is requested that arrangements may kindly be made to give effect to these pensions with effect from 1st April 1949.

Yours faithfully,
(Sd.) S. Narayanaswamy,
Deputy Secretary to the Govt. of India.

Ministry of States,
New Delhi.
The 1st April 1949.

My Dear Raja Sahib,

With reference to the agreement signed by you on the 1949 ceding to the Dominion Government, full and exclusive authority, jurisdiction and powers for and in relation to the governance of your State, I write to say that:-

(1) Your privy purse of Rs. ~~10,00,000~~ ^{Twenty thousand} which is provided for in the agreement signed by you is payable in perpetuity to you, your heirs and successors and will neither be increased nor reduced for any reason whatsoever. It will be free of all taxes whether imposed by the Government of any Province or by the Government of India. Till the 31st March 1949 all amounts payable under the Palace (Civil Lists) Proclamation, 1949 (III of 1948) will be paid to you from the provision made in the State budget of 1948-49. The privy purse according to this agreement will come into force with effect from the 1st April 1949.

(2) Reference to the Ruler in Articles 2, 3 and 4 include the heirs and successors on the Gadi of the State. This is indeed the significance of the guarantee in Article 5 which expressly extends to succession to your personal rights, besides privileges, dignities and titles.

(3) The Ruler and his successors on the Gadi will continue to retain their hereditary distinctions, designations, titles and honours to which they were entitled prior to August 15, 1947.

(4) The accumulated balances which will be transferred along with the State, shall, as far as possible, be spent for the benefit of the people of your State.

(5) The payment of a sum of Rs. 36,000 per annum to the State Temples Fund constituted by the Sandur State Temples Proclamation, 1948 (No. II of 1948) a copy of which is annexed, for the proper maintenance of the temples and institutions specified therein will be continued. The audit of the accounts of the Fund will be carried out by an officer appointed by or under the authority of the Dominion Government.

(6) The amounts given as loans to the State by you or the members of your family, out of personal funds, and the amounts invested by you (or by them) in fixed deposit in Sandur State Treasury shall be returned to the depositor or lender on production of the Fixed Deposit Receipts and other receipt issued by the Sandur State Treasury. A schedule of the aforesaid amounts is annexed hereto.

(7) It is intended that permanent members of the public services of Sandur State will be continued in service on conditions as near to those on which they were serving on 29th July 1948 as changed circumstances may permit. In the event of continuance in service not being possible in any case, reasonable compensation will be paid.

(8) Pensions, compassionate allowances, and leave salaries sanctioned by competent authorities in the State before 29th July 1948 to permanent member of its public services who have retired or proceeded on leave preparatory to retirement will be continued. The pensions sanctioned in your Huzur Order of 26th December 1948 as modified by the Government of India, will take effect from 1st April 1949.

(9) The Ruler of Sandur and his successors shall have exclusive shooting rights in the following areas, Rangolla (Deogiri) Hathi Maradagolla (Rangad) Plans no: 3 & 7.

- 4 -
(10) All expenses (including legal fees and travelling and other charges) incurred in connection with the negotiations and finalization of the agreement referred to in this letter, upto the date of such finalisation, shall be paid from the State funds. The salary of Rs. 250/- per mensem payable to the Industrial Adviser upto 31st March 1949 shall also be paid from State funds.

(11) No enquiry shall be made nor shall any proceedings be in any court in India against you, whether in a personal capacity or otherwise, in respect of anything done or omitted to be done by you or under your authority during the period of your administration of your State.

(12) Except with the previous sanction of the Government of India, no proceedings, civil or criminal, shall be instituted against any person in respect of any act done or purporting to be done in the execution of his duties as a servant of the State before the date of this agreement.

(13) Any dispute arising under this agreement shall be referred to the Government of India, whose decision shall be final.

2. The contents of this letter will be regarded as part of the merger agreement entered into by you with the Governor General of India.

Yours sincerely,

(Sd) M. K. Vellodi

Raja Shrimant Yeshwantarao,
Rao Sahib, Hindu Rao Ghorpade,

AGREEMENT MADE THIS First day of April 1949 between the Governor-General of India and the Raja of

7
SANDUR STATE

WHEREAS in the best interests of the State of Sandur as well as of the Dominion of India it is desirable to provide for the administration of the said State by or under the authority of the Dominion Government;

It is hereby agreed as follows:-

ARTICLE 1

The Raja of Sandur State hereby cedes to the Dominion Government full and exclusive authority, jurisdiction and powers for and in relation to the governance of the State and agrees to transfer the administration of the State to the Dominion Government on the 1st day of April 1949 (hereinafter referred to as "the said day").

As from the said day the Dominion Government will be competent to exercise the said powers, authority and jurisdiction in such manner and through such agency as it may think fit.

ARTICLE 2

The Raja of Sandur shall with effect from the said day be entitled to receive from the revenues of the State annually for his privy purse the sum of Ninety thousand rupees free of taxes. This amount is intended to cover all the expenses of the Ruler and his family, including expenses on account of his personal staff, maintenance of his residences, marriages and other ceremonies, etc. and will neither be increased nor reduced for any reason whatsoever.

The said sum may be drawn by the Raja in four equal instalments in advance at the beginning of each quarter by presenting bills at the State Treasury or at such other Treasury as may be specified by the Dominion Government.

ARTICLE 3

The Raja shall be entitled to the full ownership, use and enjoyment of all private properties (as distinct from State property) belonging to him on the date of this agreement, and specified in the schedule hereunto appended.

ARTICLE 4

The Raja, the Rani, the Rajmata, the Yuvraj and the Yuvrani shall be entitled to all personal privileges enjoyed by them whether within or outside the territories of the State, immediately before the 15th day of August 1947.

ARTICLE 5

The Dominion Government guarantees the succession, according to law and custom, to the gadi of the State and to the Raja's personal rights, privileges, dignities and titles.

In confirmation whereof Mullath Kadingi Vellodi Secretary to the Government of India in the Ministry of States has appended his signature on behalf and with the authority of the Governor-General of India and Raja Shrimant Yeshwantarao and Rao Sahib, Hindu Rao Ghorpade, Raja of Sandur State has appended his signature on behalf of himself, his heirs and successors.

14-16-17 mfm In submitting herewith a copy of letter R.C.

SPARE COPIES No. 161 E/49 dated 20-4-49 from the District Educational

Officer, Bellary, I may state that there is only one Secondary School
at Sandur which is called "Vidya Mandir" and the subjects taught in
the School are:-

English, Mathematics, Sanskrit and any two of the optional subjects
prescribed Viz., History, Geography, Agriculture, Physics and
Chemistry, Botany, Zoology, Commerce and Drawing. According to the
new scheme of Secondary Education which has been introduced in Forms
I and IV in all Schools of this Province in 1948-49 certain new
subjects such as First Language, (Regional Language), Arts and Crafts,
General Science, Social Studies, Citizenship, Physical Education,
and religious or moral instruction, besides other subjects, are included
in the new scheme and these subjects are not now taught in the Sandur
Secondary School. In view of this, Government may kindly consider
the desirability of the Sandur Secondary School being enabled to
introduce the new Scheme of Secondary Education with effect from
the school year 1949-50.

2- As regards Elementary Schools in the State,
there exists no difference in the courses of instruction except
for the fact that the courses of instruction followed for Standards

IV & V of this Province, are mixed up and prescribed for Standard IV, the highest Standard in the Elementary Schools of the State. Hence the taking over of the Elementary Schools and placing them on a par with the Elementary Schools of this Province will not involve any difficulty, if the course of instruction followed in Standard IV is split up and Standard V opened in the next school year i.e., 1949-50.

Yours faithfully,

Sub: Schools - Secondary - Sandur State - Reorganisation -
Educational Survey - Report - Submitted.

Ref: Your Proceedings No. 661-E.1/49 dated 1-4-49.

I submit herewith a brief Survey of the Educational System in Sandur state.

1. Elementary Education:- There are 12 schools in all in the State imparting instruction in Kannada medium upto IV standard (equivalent to V standard of Madras Presidency). The School at Sandur is the biggest. It has 206 boys and 96 Girls and there are 9 teachers working in the School. The other eleven elementary Schools in the state comprise of 374 boys and 54 girls. In all, the number of children attending schools being 580 plus 144 girls, are distributed over four standards (IV - 62 plus 14; III - 81 plus 18; II - 133 plus 38 and I - 304 plus 74). The total number of teachers working in all these 12 elementary Schools is 24 including the Music Instructor. There are among them 7 trained (i.e., 4 Higher Grade and 3 Lower Grade) teachers and 16 untrained teachers (two of whom are S.S.L.C. hands). The teachers have undergone training at Hospet. The syllabus adopted in the State is the same as prescribed by the department with the only difference that the courses of IV and V standards have been mixed up and prescribed for IV standard. At the end of the IV standard course, a Public Primary Examination is held and Certificates are issued by the State Education Board.

2. Secondary Education:- A. Syllabus:- There is only one Secondary School. It has now ten classes (i.e.) upto V form and is run under the name "Vidya Mandir". The syllabuses of the matriculation Examination of the Hindu University, Benares are followed. Instructions are accordingly imparted in English, Mathematics, Sanskrit and any two of the Optional Subjects Prescribed (Namely History, Geography, Agriculture, Physics, and Chemistry, Botany, Zoology, Commerce and Drawing). Class XII will be opened this year (i.e., in June 1949). The S.S.L.C. syllabus does not differ much except that the re-organised syllabus in regional languages, craft and practical hobby, Social Studies and Citizenship Training will have to be introduced. During the ensuing year the pupils may choose only Mathematics for C. Group.

P.T.O.

B. Present Condition:- There are 122 pupils in all, now in the School. It is staffed with 9 teachers, three of whom are trained graduates of Madras University. The State Vidyadhikari is an old veteran of the Educational Department who was the Headmaster from 1929 to 1939 and had sent up pupils for S.S.L.C. Examination. As such there are no difficulties at all in affiliating the school to Madras.

3. The scale of Salaries for Graduate assistants is the same as in the Madras Province. But salaries paid to the Elementary teachers are very low ranging from Rs.12/- to Rs.20/- per mensem with a craft allowance of Rs.5/- in addition. The scales will have to be raised and regularised and untrained teachers will have to be replaced by the trained in due course. True copies of previous orders issued by the Director of Public Instruction, Madras on previous occasions when the State High School was sending candidate for S.S.L.C. Public Examination are also enclosed for favour information.

Sir,

Sub:- Educational institutions - Sandur state - curricula
of States - Re-organisation of - report - submitted -

Ref:- Govt. Memorandum No. 23884-BI/49-5 Edn. and Public
Health Department dated 27-5-49

In the Sandur state, now merged with this Province, there are one high school and eleven Elementary Schools with 9 teachers in the former and 25 teachers in the latter. The High school was not affiliated to any University, but students preparing for the Matriculation Examination from this school, are sent to the Benares for the examination at state expense every year. The medium of instruction in the High School is English.

2. As regards the question of introducing the changes in the curricula of studies in the secondary school (High School) and the Elementary Schools, I consider that this question may be deferred till the next school year (1950-51) for the following reasons:-

3. As the Director of Public Instruction has reported to Government in his letter Rc.No. 661-E-1/49 dated 10-5-49, the new scheme of Education which has been introduced in this Province in 1948-49, includes the introduction of certain new subjects such as First language (Regional language) Arts and Crafts, General Science, Social studies, Citizenship, Physical Education and religious or moral instruction besides some other subjects. But in the Secondary School at Sandur none of these subjects is taught at present. English, Mathematics, Sanskrit and two optional subjects out of History, Geography, Agricultural, Physics, Chemistry Botany, Zoology, Commerce and Drawing are taught here. The school year has already begun in June and it is further reported that the number of teachers now employed in the High School are not sufficient for the Madras Educational system and the new system necessitates the appointment of teachers scientifically technically qualified for teaching these subjects. Further even if additional teachers are employed, the articles required (with the articles for teaching arts and crafts) have got to be urgently provided if the new system is to be introduced in this year and this will add to the delays in introducing the new scheme.

4. Further it is reported that the standard of instruction in the High School is higher than what what is obtaining in the other schools in the district. It seems highly desirable to maintain this standard as otherwise the people of Sandur will complain that they were better off during the Rajah's rule. The medium of instruction has to be changed into Kannada and such a sudden change may affect the students badly. There is also

V class in the High School which, it is reported, is not necessary according to the educational system obtaining in this district. The students in this class may have to be examined, and as the standard of education is said to be higher than that of this district, some of them who are found fit for the 1st form standard of our curricula of studies may be promoted and the rest sent to the Elementary schools.

5. The scales of pay of the teachers has to be fixed with reference to the scales obtaining in this Province and this will have to be examined in detail.

6. In view of the above reasons and the fact that ~~the school year has already started~~, I consider that ~~it is too late to introduce the changes in the curricula~~. The question of assimilation of the curricula of studies with that of the Madras University, may, in the interest of the pupils of the school as well as of the reputation of the Government, be deferred till the school year 1950-51 and the existing system of education, allowed to continue for this year. As regards the students appearing for the Matriculation examination, the Educational department of our Province may examine the question of holding separate examinations for them for this year in accordance with the existing standards in question, or even send the papers to Benares for valuation ~~as was being done~~, by arrangement with the authorities of the Madras University, so far as the High School is concerned.

7. As regards the Elementary schools, I agree with the Director of Public Instruction that it will not be too difficult to bring them on a par with those in this district, but even here, I am of the opinion, that the standard of education which is said to be higher than that in Bellary district, must not be brought down, if Government wish to maintain their prestige.

8. With reference to the willingness of the ~~Kirkur~~ District Board Bellary to take over the educational institutions in the Sandur State, the following facts are submitted for Government's consideration:-

(1). The annual charges towards salaries for the High School staff is Rs. 7284/-. If the District Board is to take over this institution, naturally the pay of the teachers has to be fixed in the corresponding scales in the District. I therefore suggest starting them on the minimum of the new scale if their present pay is less than the minimum and if it is higher fix it in the time scale and treat the difference as personal pay. The dearness allowance paid to district Board teachers will also apply to these teachers. The approximate expenditure will then be

Salaries for the existing staff at District Board scales	...	Rs. 8604/-
Extra cost for three more secondary grade teachers necessary	...	" 2204/-
Night watcher cum sweeper (who is not at present employed)	...	" 380/-
Contingencies	...	120/-
Maintenance charges	...	200
Total	...	11,508

P.T.O.

25
--3--
This estimate excludes the pay of the " Vedadhyapak" the teacher teaching Vedas. His post has to be abolished paying him suitable compensation, or he may be useful for giving religious instructions or moral teachings.

9. RECEIPTS: No school fees are collected from resident-pupils of the state. According to the rate of fees collected by the District Board based on this year's strength the receipts will be Rs. 5600/- per annum.

10. In this connection I may suggest that the Government may order the collection of suitable school fees from the students of the High School from next school year. This will give the parents time to get accustomed to the ideas and will make it perhaps less unpalatable for the public.

11. Comparing the expenditure and the receipts, it is seen that ~~the net cost will be met~~ from the general funds will be Rs. 5900/- per annum approximately (Rs. 11508 minus 5600). The District Board is getting half the net cost for each school from Government, and it will have therefore to spend Rs. 3000/- annually towards the maintenance of the High School, excluding the expenditure involved in the introduction of the new subjects in accordance with the curricula of studies existing in this district.

12. The building in which the school is at present located is sufficient to accommodate the classes, but doors and windows to one of the two wings have to be fitted up, and the central hall which is constructed only upto the basement has to be completed. The expenditure for this is estimated to be at least Rs. 5000/-. This building is at present under the control of a local committee. Nearly 10 acres is attached to the School for purposes of playground. The committee passed a resolution that the State may take over the institution and if the Board is to take ~~charge~~ over the institution, the building, equipment, and play ground should be legally conveyed to the Board.

13. The financial position of the Board is not satisfactory and the additional expenditure involved in its taking over this institution, is difficult to be borne. The District Board is therefore willing to take over this institution, if the Government were to bear the entire cost of its maintenance upto a maximum of Rs. 6000/- per annum, for a period of 5 years from the date of taking it over, and a lumpsum grant of Rs. 5000/- is sanctioned by Government for completion of the building.

14. So far as the elementary schools are concerned, only six out of the 25 teachers are trained, but the rest can be considered for continuance on their experience. According to the scales of pay admissible to Elementary school teachers in this district, the pay of a Higher grade trained teacher is Rs. 30/- per month and even if some of the teachers are found unfit, the new teachers posted will have to be paid Rs. 30/- p.m., being the minimum of the scale. At this rate, the cost of maintenance of the eleven schools is approximately worked out to come to Rs. 15000/- per year. The Elementary education fund of the District Board is already in deficit, and it is not possible for the Board to bear any extra burden by taking over these institutions. In this connection it is submitted that in the late Sandur State educational cess is not collected. The District Board is of the opinion that if the Government undertake to levy educational cess, as presumably it would in due course, and adjust it to the credit of the District Board, the elementary schools can be taken over and run as the other schools in the district. But particulars of the

P.T.O.

15 In view of the facts stated in the foregoing paragraphs and specially in view of the higher standard of education obtaining in the late Sandur State, both in the High School and the Elementary schools, I would prefer the District Board not to touch these schools and that the Government should undertake the running of the educational institutions departmentally for some years to come. This will help the Government in establishing a good name at the outset. Though it may cost some thing extra for the Government, it is very desirable to keep up the standard of education.

re-emphasizes very urgently on the points raised by the Collector of Bellary in his letter cited above a copy of which has been sent to him. The Director is requested to issue necessary instructions to the subordinate officers for the running of these schools and also in regard to the question whether fees should be levied in the current term or not.

pending a final decision in regard to the future management of these schools. He is requested to report the action taken with reference to G.O. 2067 DH of 7-6-49.

2. In regard to the high school, the DPD is requested to offer his remarks particularly on the question of transfer of management to the DPD on the terms proposed by the Collector and to furnish an approximate estimate of cost of running the school after the reorganised system of studies is introduced in the school, from the next school year whether by Govt or by the DPD Bellary. The provision of suitable accommodation for the school & the purchase of equipment required should be considered in connection with Part II Scheme for 1950-51 by calling for detailed proposals in this regard immediately.

To
The DPD.

To
The Collector, GOVT. OF MADRAS.

We are the parents and guardians of eleven students now in the final year class of Shri Chitrapathi Shivaji Vidyamandir, Sandur. On account of the political changes that have overtaken Sandur, the education of these boys over the past year has been without any specific objective. These boys have to appear for their Matriculation Examination, whichever University they go to, in March 1950 i.e. in another eight months. Nothing has been decided yet about their ultimate destination, and this causes us, and the boys also, grave anxiety.

2) We realise that you may have to refer this matter to the decision of experts. But we address you, in the earnest hope of securing your sympathy and help, as there is no other authority whom we can appeal to. We feel that the uncertainty and anxiety that we and our sons are now experiencing could have been avoided, and that it was the responsibility of the administration to remedy the position. We beg of you to give this petition your earnest consideration, and to take all steps necessary to solve our problems at once.

3) The last set of students to pass out from the Vidyamandir were sent to the Benares Hindu University, for the ^{admission} Entrance Examination of that University, in March 1948. There were no students in the Matriculation Class in 1949, and hence none was sent up from the Vidyamandir in March 1949. Since the opening of the Vidyamandir (in 1942) only three batches of students have been sent up for the Matriculation, in March of the years 1946, '47 and '48.

and all three have taken the ^{admission} Entrance Examination of the Benares Hindu University, at Benares. We may add that for this examination Sanskrit is a compulsory subject, and that since early in 1948 there has been no qualified Sanskrit teacher in the Vidyamandir. All the three batches of examinees sent to Benares from the Vidyamandir have gone up for their examinations as private students, and under certification of their being private students by the Vidyadhikari, Sandur on the basis that the last year of their study was more or less unofficial-- the Benares Hindu University rules require such certification as the Vidyamandir is not affiliated to that University the students cannot be sent up for the Benares entrance examination as from the Vidyamandir.

4) Because there was no student in the Vidyamandir appearing for any final Public examination in 1949, the question of affiliation of the Institution to any University and of arranging for the proper tuition for the students towards a specific goal were not pressing--ly in issue. The boys in the final year class of the Vidyamandir do not know the curriculum they have to study, for for which examination they have to prepare. It is of the utmost urgency that these students, who are now in an indeterminate final year class without knowing what books or syllabus they have to follow, should have their future decided immediately and that all facilities for their instruction for the chosen examination should be ~~prayed~~ provided immediately. We submit that the position is one that calls, not only for urgency, but for the provision of exceptional means also. Without help in the procurement of books, and special instruction, they will not have even a sporting chance in their examinations in March 1950.

5) We understand that the Dominion Government can authorise the sending up of any batch of students

-----Contd.

from any institution in a merged State for the ^{admission} entrance examination of any University. Such authorisation should be obtained for the boys in the final year class of the Vidyamandir. If it is decided to send up the present set for the Madras S.S.L.C. examination as a special case or under the authorisation of the Dominion Government, intensive tuition towards that end be provided immediately, and additional staff engaged for the year if necessary. Help in the procurement of books, and laboratory work might also have to be provided.

6. We would reiterate, finally, the need for urgency and for treating this as an exceptional case, and the fact that you are our only hope.

Yours faithfully,

Subject: Sandur State - Merger - Elementary Schools -
Transfer of management and control.

R e f: Government Memo. No.23884-B.1.49-1 Education
dated 18-6-49. and
Letter ROC.No.2781-49-C.C. dated 13-6-49 from
the Special Officer, District Board, Bellary.

With reference to the remarks of the Special Officer,
District Board, Bellary regarding the management of the Elementary
Schools contained in his above letter, I recommend that the District
Board may be paid the full subsidy for maintaining the 11 Elementary
Schools, till the levy of Education cess is introduced. The
Special Officer has stated that the approximate annual cost will
be Rs.15,000/-. The teachers will be paid according to their quali-
fications, whether trained or untrained and the actual cost will
be less than the estimated cost of Rs.15,000/-.

I request the favour of immediate orders in regard to
the above recommendation of mine so that the Special Officer, District
Board and the District Educational Officer, Bellary may be informed
accordingly.

Secondary School:

The approximate estimate of cost of running the High
School by Government or the District Board as the case may be is
~~xxxx~~ furnished in the annexure. I am of opinion that it is not
necessary for Government to take over the management of the School
as it is not the policy to maintain secondary schools for boys
~~except~~ except for communities and areas which are educationally
backward. I therefore recommend that the procedure followed in
respect of secondary schools in Banganapalle state may be adopted
in respect of the High School under reference. If this view is
agreed to, the District Board, Bellary may kindly be asked to take
over the management of the Secondary School under question. I
wish to state in this connection that the Collector and the
Special Officer, District Board has requested in his letter under
reference that Government should bear the entire cost of maintaining
the school upto a maximum of Rs.6,000/- for a period of 5 years
from the date of taking over the school. In the case of Secondary
Schools under the Ex-Banganapalle State taken over by the District
Board, Kurnool, Government have in their order No.1727 Edn dated
9-7-48 allowed, as a special case, teaching grant on the basis of
full net cost instead of the usual half ~~for~~ for a period of three
years and they have also stated therein that the position will
be reviewed at the end of the period. I suggest that the present
case also may be dealt with likewise in case it is decided that
the school should be taken over by the District Board, Bellary.

Regarding absorption of the teachers and fixing their pay
either under District Board Service or under Government management, I
invite your attention to G.O.No.355 Public (Political) Department
dated 26-3-49 wherein Government have laid down principles in this
respect in connection with the merger of Banganapalle and Pudukkottai
states and also to Government Memo. No.65245-B.1/48-3 Edn dated
18-5-49 wherein Government have stated that the same principles
should be observed in regard to the absorption of the State employees
under District Board Service.

5 As regards the suggestion in para 1 of the Government Memo. No.23884-B.1/49-1 Education dated 13-6-49 re: the running of these schools, I wish to point out that there is a state Vidyadhikari in the State looking after Educational Institutions and hence the District Educational Officer is being instructed to instruct the State Vidyadhikari to carry on the administration of the Schools as hitherto both in regard to levy of fees in the high schools as well as in other matters till the question of future management of these schools is decided. According to these instructions the Resident pupils of the State who were not being charged fees in the High School hitherto according to the State Laws will continue to be treated likewise and no fees will be collected from them till the question of future management of the High School is decided and such a position is considered desirable since it is very likely that the people of the State will resent any sudden change especially in regard to matters affecting them financially.

6. Regarding the suggestion of Government in para 2 of the Government Memo. under question that provision of suitable accommodation and the purchase of equipment required for the High School should be considered in connection with Part II scheme for 1950-51 by called for detailed proposals in this regard and also in regard to the information required in para 3 of the Government Memo. No. 23884-B.1/49-5 Education dated. 27-5-49 re: the amount of teaching grant payable to the Secondary School when it is taken over by the District Board, I wish to state that the District Educational Officer, Bellary has been addressed in the matter and a further report will be submitted to Government on receipt of his reply.

Yours faithfully,

for Director of Public Instruction.

Sandur to the Collector, Bellary.
(iii) The interview of the Vidyadhikari, Sandur with the
Collector of Bellary 5.7.49.

43

The collector in his report to the Government
C.No. 2781/49 cc dated 13.6.49 recommended that "it is too late
to introduce the changes in the curricula. The question of
assimilation of the curricula of studies with that of the
Madras University may be deferred till the school-year
1950-51 and the existing system of education allowed to continue
for this year."

2. This year the boys cannot appear for the Benares Hindu
University Admission Examination for the following reasons:-

(i) They have had no coaching in Sanskrit during the whole
of last year and it is not possible for the pupils to make
up in this subject which is a compulsory subject for the
Benares Hindu University Admission Examination, even if we are
able to secure the right type of Teacher which is rather difficult

(ii) The boys could have appeared only as private candidates
for the Benares Hindu University Admission Examination. But
now that they have put in attendance for more than a month
in the Eleventh class they cannot appear as private candidates;
for they cannot be classed as private candidates under Regula-
tions governing the Benares Hindu University Admission
Examination (copy of Regulation 8 of the chap.XL. enclosed)

Hence on practical consideration the question of sending
up boys for Benares Hindu University Admission Examination
will have to be dropped.

2. As for sending up boys for S.S.L.C., Examination the
following considerations make it quite feasible.

(i) The revised curricula of studies apply only to the
examination (S.S.L.C.) to be held in March 1951, and for the
examination to be held in March 1950 the old scheme applies.

(ii) The present staff will be adequate for the purpose of
coaching boys for the S.S.L.C., examination to be held in 1950;
any deficiency in staff will not be as serious as in the case of
Benares Hindu University admission examination.

(iii) Any small objections (technical) are such the D.P.I.,
Madras can waive them as in the case of Hyderabad refugees
and especially in view of the arrangements that existed between
the state and the Government of Madras in this regard.

(iv) The people are also in favour of the change over.

44

--2--

4. The D.P.I. Madras may be moved, therefore, to permit the Vidyamandir to send up the pupils for the S.S.L.C., Examination even from 1950.

5. If considered desirable the Vidyadhikari may be permitted to meet the Director of Public Instruction, Madras in the matter to explain the technical aspect of this question and to facilitate expeditious decision. A month has already passed during which the final year boys of the Vidyamandir have not been able to do any purposeful work and further delay is detrimental to their interests.

I can assure the District Educational Officer that the present system of curricula of studies obtaining at the Vidyamandir, Sandur, are almost the same as in the Madras Province of course with a little difference in nomenclature. I, therefore, promise that the Vidyamandir is adequately equipped and capable of coaching the students of the eleventh class (VI Form) and presenting them to the ensuing S.S.L.C. Examination with either Mathematics or History as optional subjects. As such an affiliation to the S.S.L.C. may kindly be recommended immediately.

The Vidyamandir maintains permanent records from which all the necessary particulars required for filling in the S.S.L.C. Certificates of the examinees to be presented at the ensuing examination can be easily gathered.

There are trained graduates to coach the pupils in the subjects under Group "C".

(Vide Govt.Memo No.23884-B1-49-1 Edn., dated 18-6-1949).

In continuation of the Director's letter referred to above (vide last para of the letter) I wish to report that the amount of teaching grant payable to the District Board, Bellary (in case it is decided by Government that the school should be taken over by the District Board, Bellary) towards the maintenance of the school for a year on full net cost basis is Rs.13,364. I may also add that provision is being suggested in Part II of the Budget Estimate for 1950-51 towards the provision of suitable accommodation, improving the playground and the purchase of equipment for the school and also towards the payment of teaching grant in respect of the school for 1949-50.

I request that Government may be pleased to issue early orders in regard to the transfer of management of the school under question.

2. Elementary Schools The Director has reported that there is not much difference between the course of instruction given in the ^{Sangur} Elementary schools of the state and in those in this Province except for the fact that the courses of instruction followed for standards IV and V of this Province are mixed up and prescribed for standard IV- the highest standard in the elementary schools of the State. The Director is of the opinion that the taking over of the elementary schools will not involve any difficulty if the course of instruction followed in standard IV is split up and standard V is opened in the schools in the school year 1949-50. In the circumstances stated by the D.P.I. it is for consideration whether the change may be introduced from the ensuing school year.

3. Secondary schools There is only one incomplete secondary school in the State with Form V as the highest form. It is proposed to convert it into a complete high school from the school year 1949-50.

The syllabus now adopted in the school is that prescribed for the matriculation examination of the Benares Hindu University. This syllabus is different from the syllabus followed in the high schools in this Province under the reorganised scheme of secondary education and there is no provision in the school now for the teaching of the regional language, Arts and crafts, social studies, Citizenship etc.

The D.E.O. Bellary has reported that in view of the fact that experienced and qualified teachers are employed in the Vidya Mandir there will be

no difficulty in adopting the revised syllabus of secondary education in the state. In the circumstances stated by the D.E.O. the syllabus for the reorganised scheme of secondary education may be introduced from the school year 1949-50 commencing from Form 1 ~~XXXXXXXXXX~~. As there is no provision for the teaching of the regional language in the school and only Sanskrit has been taught as a second language it may not be possible to introduce the revised syllabus in the high school ^{stage} commencing from Form IV in 1949-50. This may be settled in consultation with the D.P.I. The regional language may be taught from Form 1 as the first language and Sanskrit as the second language. Provision may be made for the study of Hindustani as the second language also if there are pupils offering to take up that language also. English may be taught as the third language from Form I if it is not already taught in the primary standard IV. The medium of instruction now adopted in the school (apparently English) may be continued until the new batch of students learning the regional language is able to follow instruction given through that medium. The minimum period for the change over will be three years. In the case of students who have passed from I, the old syllabus of studies will have to be continued. The question of the future management of the elementary schools and the secondary school has to be settled. The policy of Govt is not normally to run such schools under their own management. It is for consideration whether the management of the schools may be entrusted to the Dt Bd Bellary. So far as secondary schools in the ex-Banganapalli state were concerned the management was transferred to the District Board ^{Kurnool} Bellary subject to certain conditions. Similarly it would seem convenient to transfer the management of the Vidya Mandir to the Dt Board Bellary from the school year 1949-50 on payment of teaching grants towards the maintenance of the school. If the financial position of the Dt Bd does not permit the incurring of any expenditure from its funds on the maintenance of the secondary school, the Govt will have to give teaching grants towards the full net cost of maintenance for a period of three years as has been done in respect of schools in the

10 other languages now, if the cabinet accepts the sub-committee proposals

ex-Banganapalli state. Equipment grant will have also to be paid if the school is badly in need of equipment as some additional equipment will be necessary if as proposed form VI is opened in the school in 1949-50. ^{one D.P.S. may be added to report the salary payable for elementary schools}
5 Revision of salaries. This may be considered after the future management of the schools is decided on as it will depend upon the question whether the schools should be run as Govt schools or transferred to the management of the Dt Bd.

Public (Political) Department

The detailed report of the collector of Bellary regarding the management of the educational institutions in the Sandur State and the introduction of the Curricula etc, may be perused. The collector is of opinion that the educational institutions in the State may very well be managed by the Govt. maintaining the same standard instead of handing them over to the Dt. Board for management. This in his opinion will help the Government in establishing a good name in the outset. The Govt. of India has also no

remarks seem called for at present.

The D.P.G. has submitted his report with reference to the Govt. Memo No. 23884 B/49-1 Edn d/18-6-49. Relevant extracts from the current and note files have been given to B2 Section for taking necessary action in respect of future management of elementary schools in the ex. state of Sandur.

2) As regards the Secondary School in the State, the D.P.G. is of the opinion that it is not necessary for Govt to take over the management of the school. He considers that it will be sufficient if the management is handed over to the Bd. in accordance with the policy of the Govt. to rely on private agencies and local bodies for the provision of facilities for secondary education. The ques Director has reported that as an interim arrangement, the Vidhyadhi Kari of the ex. state has been asked to carry on the administration of the school. The question of future management of the school may be decided after the receipt of the particulars promised in para 6 of the Director's letter at M 33-35cf.

3) Meanwhile the collector of Bellary has forwarded a petition from the parents and guardians of the final year students of the Secondary School, requesting early orders on the question whether the students should appear for the S.S.L.C examination or the Benares Hindu University Matriculation examination. The petitioners have explained the difficulty in sending the students to Benares. The collector has also forwarded a note by the General Secretary in this regard and requests early orders. As the question of future management of the State Secondary School is still under consideration and as it will take considerable time before a decision is reached in this regard, the Director's recommendation to allow the students of the eleventh class of the State School to sit for the S.S.L.C Exam. may be accepted.

A draft memo is submitted below for approval.
