There are no "Thurpu Kapus" in this district. So,
I have no remarks to offer in the matter. However, I think
"Thurpu kapus" may be included in backward classes where they do
not possess sufficient means to educate their children.

Ref: Government memorandum No. 2222/49-2 C1 Edn dated 29-3-49.

Thurpu Kapus live as laborers and are economically poor. They are generally illiterate. They are socially backward in status. The recent economic and social status of the members of the community warrant their inclusion in the list of 'backward classes'. It is really necessary to grant them educational concessions.

There are no "Thurpu Kapus" in this District except in one
Taluk. The Turpukapus are otherwise known as "Edigas". These are
said to be backward in social and economic status and the percentage
of literacy is low. Hence the educational concessions may be extended
to this community also.

in Southern India (By E.Thurston) THURPU is described as a subdivision of
YERUKALA AND YANADI and not as a subsect of KAPUS and if the Kapus referred to are
a branch of Yerukala or Yenadi they may be included in the list of backward

Those 'kapus' who have migrated to these parts and are domiciled
are called 'Thurpu Kapus'. Their economic condition is poor. Socially they are backward.
The percentage of literacy among them will be less than 5%. It is therefore necessary
to classify them as a 'backward' class and grant all facilities to encourage them.
