No.320 M/49 dated 22-7-49

Sir,

Sub:--Basic Education--Grant for construction of buildings--Valluvar Gurukulam Higher Elementary School, Kadapperi, Tambaram.

32352/49

57407

799

Ref:--Govt. Memo No.41776/49-B2 Education dated 6-6-49

The plans and estimates for the construction of a building for the Basic School, Kadapperi have been scrutinised by the Joint Consulting Architect to Government. He recommends that they may be approved for Rs.41,500/- According to the proposal, there will be four class rooms, one Charka Room and one library room. As ordered in Government Memorandum referred to above, the application for grant will be entertained by me. But according to the instructions contained in G.O.1427 Education dated 6-5-49 the School will be eligible only for a maximum grant of Rs. 7,000/- being a Higher Elementary (Senior Basic) School. The Correspondent says in his letter dated 15-6-49 (enclosed) that the foundation of the building had been laid and the construction has reached the basement level and that construction over it cannot be altered to make it cheaper. He further states that it is impossible for the management to provide funds unless the Government sanction at least half grant (Rs.20,750)

'B'

In these circumstances I request Government to accord sanction for the payment of a grant not exceeding Rs.20,750/- to the School as a special case. If the proposal is approved by Government the expenditure can be met from the provision made in the Budget Estimate 1949-50 with reference to G.O.No. 1427 Education dated 6-5-49.

Yours faithfully,

R.V. Rudrappaswami, 26.7.49.

Sir,

Sub:-. Building grant - Valluwar Gurugulam Basic Classes - Tambaram - Reconsideration requested.

I submit the following to your kind reconsideration and favourable orders.

On 4-12-1948 I applied to you for building grant with the necessary plans and estimates, as the existing building is insufficient. The estimated cost of the building is Rs. 41,500/- and I request that sanction may be accorded for half grant for the complete estimate on account of the following reasons.

M 1. The foundation of the building had been laid and the construction had reached the basement level. The construction over it cannot be altered to make it cheaper.

N 2. In these days of financial depression the management finds it impossible to provide funds, unless the Government sanctions half grant for the Complete Estimate of Rs. 41500/-.

P.T.O.

~~-2-~~.

3. The Management has the aim of making this institution a training centre for Basic Teachers.

4. Tambaram is a growing town and ~~so~~ an educational centre ~~is very much necessary for it~~. It certainly requires a decent permanent building to suit its environments.

5. The Valluwar Gurugulam is the only Basic School in the District of Chingleput which has launched on this new experiment of Basic Education, ~~hence~~ & requires encouragement at ~~of~~ the hands of the Government.

6. Being the 1st Basic School it has to serve as a model in the District ~~with~~ with reference to Building, equipment, teaching, etc.

Under these circumstances, I request that sanction may be accorded as a Special Case for half grant for the Complete Estimate of Rs. 41,500/-.

Yours faithfully,

V. S. Bala Sundaram

NOTE FOR THE CABINET

Sub:- Building grants for Basic Schools

In the current year's budget a provision of Rs.10 lakhs has been made for the payment of subsidies and grants to local bodies and private agencies towards the construction of buildings for basic elementary schools. It has been laid down that the subsidy or grant will be limited to one-half of the cost of the building subject to a maximum of Rs.4,000/- or Rs.7,000/- according as the institution is of ~~the~~ junior or senior basic type. The principle of half grant and the maxima of Rs.4,000/- and Rs.7,000/- have been adopted for basic schools on the analogy of the procedure in respect of building grants for ordy. elementary schools. Whether the basic schools ~~should be~~ given ~~any special treatment~~ higher subsidies ~~in this regard~~ ~~has~~ was not ~~been~~ specifically considered

Though this was very important considering the large budget provision, secured for ~~spe~~ special treatment of basic education

2. The Correspondent of Valluvar Gurukulam at Tambaram has begun construction of a building for a basic school of the senior type at an estimated cost of Rs.41,500/-. He has applied to Govt. for a half-grant of Rs.20,750/- against the grant of Rs.7,000/- admissible under the orders referred to in para 1 above. The Correspondent has emphasised that it will not be possible for the management either to alter the plan of the building (the work has been already commenced and proceeded upto the foundation level) or to meet ~~the~~ more than half the cost of the building ~~over and above the grant of Rs.7,000 from its resources.~~ The Director has specially recommended the payment of a half grant of Rs.20,750/- apparently overlooking the maximum limit laid down for such buildings.

pp 3-4 CF

p1 CF

p2 NF

3. The Finance Dept. objected to an exception being made in this case. That Dept. noted as follows:-

p.t.o.

"Any exception in this case would be highly dangerous. The present financial stringency is another objection to comp

end

bet

of

rep

On circulating the case for orders, H.M.(E.&.L.) minuted as follows:

"In case of basic school the basis of building grant has to be altered. Nobody is going to construct Basic Schools on this basis. And the entire money allotted (about 10 lakhs) will lapse if we are going to have the same basis and this will not advance basic education. I am told nobody has asked for this grant. So the basis may be half-grant for Basic Schools and this institution may be given half grant please.

H.M.(E.&.L.)

vie

the

bud

hi

of the cost, managements may not come forward to provide buildings for basic schools. Apparently private agencies have no ~~sufficient~~ resources to meet even one half of the cost of the building. Also the resources of local bodies are very strained on account of the expenditure on dearness allowance. In the interests of the rapid expansion of Basic education ~~it seems that~~ the basis of building grant should be raised from one-half to three-fourths of the cost so that local bodies and private agencies may come forward to provide buildings ---for basic schools.

The question therefore simply reduces itself to whether we wish to progress basic education by finding grants sufficient to stimulate building construction; or not.

5. The Basic Education Officer also pointed out that the maximum grant for a building should be calculated with reference to the number of teachers employed in these schools. Generally, three teachers are employed in junior basic schools while five ~~[illegible]~~ teachers will be required for a senior basic school. The maximum grant should, consistently with the increase in the proportion of subjects ~~according to the Basic Education Officer~~, be raised to Rs.9,000/- and 15,000/- in the case of institutions of the junior and senior basic types respectively against Rs.4,000/- and Rs.7,000/- admissible under existing orders. (H.M.(E. & L.) ~~then~~ asked the Basic Education Officer to submit proposals through the D.P.I. to revise the basis of grant.)

6. The proposal for a grant for the Valluvar Gurukulam was circulated for orders. This Dept. pointed out that on the basis referred to in paragraphs 4 and 5 above the institution would be eligible for a grant of Rs.15,000/- and asked for orders whether the revised proposals called for from the D.P.I. might be awaited or whether the base of Valluvar Gurukulam might

p4 NF

be considered in advance.

7. H.M.(E. & L.) and H.M. (Fin.) have recorded the following minutes in this connection:-

"If we wait for the D.P.I.'s proposals, the entire amount of Rs.10 lakhs provided will be left unused this year and no new basic school will be started this year. We may agree to this as at X above and grant Rs.15,000/- for the school and await D.P.I.'s proposals".

K.M(adava Menon)
12-8-49.

"This is contrary to the policy we announced previously. I don't see why we should depart from the existing rule".

B.G.(opal) R(eddi)
15-8-49.

" The suggestion of H.M.(Fin.) will stifle Basic Education altogether. If so, it is better Cabinet may decide whether we should give it up. Let this go before the Cabinet for its next meeting. Urgent."

K.M.(adava Menon)
22-8-49.

The Finance Dept. noted as follows:-

" Enhancement of the limits on the lines proposed by E. & P.H. would ultimately necessitate much larger provision being made on account of building grants for basic schools. With a large deficit in prospect the Provl. Exchequer can hardly afford to commit itself to such increased liabilities".

8. The proposal is accordingly placed before the Cabinet for decision. The points for orders are:-

(1) whether the basis of grant for basic school buildings may be revised from one-half to three-fourths of the cost of the building against one-half of the cost fixed for ordinary ele. schools;

(2) whether ~~[illegible]~~ the maximum grants for junior and senior basic school buildings may be raised from Rs.4,000/- and Rs.7,000/- to Rs.9,000/- and Rs.15,000/- respectively;

and (3) whether the application of the Valluvar Gurukulam may be disposed of with reference to the decision on points (1) and (2) above.

B.M. 23/8/49

EDUCATION AND PUBLIC HEALTH DEPARTMENT

NOTE FOR THE CABINET ~~14~~

Sub:- BUILDING GRANTS FOR BASIC SCHOOLS.

In the current year's budget a provision of Rs.10 lakhs has been made for the payment of subsidies and grants to local bodies and private agencies towards the construction of buildings for basic elementary schools. It has been laid down that the subsidy or grant will be limited to one-half of the cost of the building subject to a maximum of Rs.4,000/- or Rs.7,000/- according as the institution is of junior or senior ~~xx~~ basic type. The principle of half grant and the maxima of Rs.4,000 and Rs.7,000 have been adopted for basic schools on the analogy of the procedure in respect of building grants for ordinary elementary~~xx~~schools. Whether the basic schools should be given higher subsidies was not specifically considered though this was very important considering the large budget provision, sanctioned for special treatment of basic education.

2. The Correspondent of Valluvar Gurukulam at Tambaram has begun construction of a building for a basic school of the senior type at an estimated cost of Rs.41,500/-. He has applied to Government for a half grant of Rs.20,750/- against the grant of Rs.7,000/- admissible under the orders referred to in para 1 above. The Correspondent has emphasised that it will not be possible for the management either to alter the plan of the building (the work has been already commenced and proceeded upto the foundation level) or to meet more than half the cost of the building. At a time when the Government are endeavouring to find ways and means of bridging the gap between the revenues and expenditure of the Province, proposals of the present kind which, if accepted, would have far-reaching repercussions, should obviously be turned down".

On circulating the case for orders, Hon'ble Minister for Education and Law minuted as follows:-

> "In case of basic school the basis of building grant has to be altered. Nobddy is going to construct Basic schools on this basis. And the entire money~~xx~~ allotted (about 10 lakhs) will lapse if we are going to have the same basis and this will not advance basic education. I am told nobody has asked for this grant. So the basis may be half-grant for Basic schools and this institution may be given half grant please.

K.M.(adhava Menon)
9-3-49
H.M.(E. & L.)

4. Subsequently the Basic Education Officer, who interviewed the Hon'ble Minister for Education and Law pointed out the difficulties in the utilisation of the provision made in the current year's budget for building grants for Basic schools. According to him, unless the basis of grant is revised to three-fourths of the cost, managements may not come forward to provide buildings for basic schools. Apparently private agencies have

p.t.o.

no resources to meet one half of the cost of the building. Also the resources of local bodies are very strained on account of the expenditure on dearness allowance. The question therefore simply reduces itself to whether we wish to progress basic education by finding grants sufficient to stimulate building construction or not.

5. The Basic Education Officer also pointed out that the maximum grant for a building should be calculated with reference to the number of teachers employed in these schools. Generally, three teachers are employed in junior basic schools while five teachers will be required for a senior basic school. X The maximum grant should, consistently with the increase in the proportion of subsidy, be raised to Rs.9,000/- and Rs.15,000/- in the case of institutions of the junior and senior basic types respectively against Rs.4,000/- and Rs.7,000/- admissible under existing orders.

Sir,

55879

Sub:--Basic Education--Construction of a building for the Board Basic School--Mudipalle--Chittoor District.

The Special Officer, Chittoor District Board has sent proposals to construct a building for the Basic School, Mudipalle at a cost of Rs.10,000/- The School has a strength of 179 and the present building has only 134 school places. The District Board proposes to construct a block 54' x 16'. The plans and estimates received from the Special Officer have been forwarded to the Joint Consulting Architect for remarks. I recommend that the scheme may be approved so that the District Board may proceed with the construction of buildings for the Basic School according to the plans to be approved by the Joint Consulting Architect and claim subsidy not exceeding Rs.4,000/- from Provincial funds. The expenditure can be met during the current year from the Budget Estimate for 1949-50 with reference to the Orders issued in G.O.1427 Education, dated 6-5-49.

(11)

I request the early orders of Government in the matter.

Yours faithfully,

R.V. Rudrappaswami,

R.O.C.No.820-M/49 dated 12th June 1950.

Sir,

SUB: BASIC EDUCATION - Grant for construction of buildings - Valluvar Gurukulam Senior Basic School, Kadaperi, Tambaram, Chingleput District.

REF: G.O. No. 2930 Education dated 20---9---1949. (K) [illegible]

******

In their order cited above Government have sanctioned a grant not exceeding Rs.15,000/- or three fourths of the actual cost of construction, whichever is less to the Valluvar Gurukulam Senior Basic School, Kadaperi, Tambaram. Accordingly the plans and estimates for the construction of buildings for the school at a cost not exceeding Rs.41,500/- were approved.

2. Subsequently the Correspondent reported that certain modifications in the plans and estimates had been made which raised the cost of construction to Rs.43,000/-. ~~and requested that half grant may be sanctioned~~. The revised plans and estimates were sent to Joint Consulting Architect to Government for remarks and he approved the revised plans and estimates. While approving the enhanced cost of construction (Rs.43,000/-), the Correspondent was informed that the grant payable would not exceed Rs.15,000/- or three fourths of the actual cost of construction whichever is less.

10750
43000×3
4
32250

3. The building has now been completed and the Correspondent has claimed the grant. In his letter dated 6-5-1950, a copy of which is enclosed, he represents that a full grant of Rs.43,000/- instead of Rs.15,000/- may be sanctioned to the school, since the general economic depression has affected their finances, severely and since their aim is to make the institution a Basic Training School in due course.

p 3 infra

4. Since Valluvar Gurukulam is a residential institution for orphans, I consider that it deserves special consideration. I, therefore, recommend that Government may be pleased to sanction 3/4 grant to the school as a special case.

M
(three-fourths)

......2

20

5. No building grant has been paid to the school during 1949-50 and the grant may be paid from the provision of Rs.1 lakh made in the Budget Estimate for 1950-51 for aided managements.

Yours faithfully,

R. V. Rudrappaswami,

SECRETARIAT
9 MAY 1950
EDUCATION DEPARTMENT

60875

To

The Director of Public Instruction,
Madras.

Sir,

Sub: Basic Education - Increased Building Grant requested.

In your Proceedings R.C. No.820/m/49 dated 21st April 1950, you were kind enough to approve the plans and estimates for Rs.43,000/-. Now, I request you to recommend to the Government for payment of full grant of Rs.43,000/- instead of Rs.15,000/- on the following grounds:

1. The grant already sanctioned to us is Rs.15,000/-. Hence, the difference between the grant sanctioned and the grant asked for is only Rs.28,000/-.

2. The general economic and financial depression have affected our finances severely. We are unable to make both ends meet.

3. It is beyond our capacity to make good the wide gap between the Government grant of Rs.15,000/- and the actual cost of construction of Rs.43,000/-. This huge deficit of Rs.28,000/- cannot be covered unless the Government comes to our help by paying the amount of Rs.28,000/- asked for.

4. Our aim is to make this institution a Basic Training School for teachers. The ideal sorroundings and the lands at its

M 80

Page 2.

disposal will be very advantageous for a basic training school. Hence this little help from the Government of giving Rs. 28,000/- will very much encourage the management to render their service better in the new set up of Education.

5. This is the only Basic School in the Chingleput District and was the first to be started in our Province. Hence a sympathetic and liberal consideration may be shown.

6. We are the pioneers in the field of Basic Education. If Basic Education were to succeed and were to be well established, an encouragement in the form of liberal grant is necessary.

7. The management is not only running this Basic School, but also an Orphanage catering to the needs of all classes of children. It is all the more necessary for the Government to come to our aid as all our expenses have gone up.

Under these circumstances, I request that we may be given Rs. 28,000/- more, as a special case.

Fin (Exp A)

The cost of construction of the building for the school in question is reported to be Rs 41.500/-. The half grant on the basis of cost will be Rs 20.750/-. But the grant should

PTO

should be sanctioned to the management against the maximum grant of Rs. 7000/- admissible under the existing orders. At the time of his interview with H.M.(Edn.) somedays ago, the Basic Education Officer represented to him that the present basis of grants to Basic schools buildings should be revised. At present a ~~half grant~~ half grant is sanctioned for Basic school buildings, subject to a maximum of Rs. 4000/- or Rs. 7,000/- according as the institution is a Junior Basic or senior Basic school. The Basic Education Officer has suggested that the building grant should be fixed at 3/4th of the cost subject to a maximum of Rs. 9,000/- or Rs. 15000/- according as the institution is a Junior or senior Basic ~~one~~ school. (A junior Basic school may have 3 teachers on its staff while a senior Basic school may have 5 teachers). H.M. has informed the Basic Education Officer that the D.P.I. might submit proposals for the revision of the basis of grants. ~~For orders whether these proposals need not be awaited.~~ Even under the revised basis the Valluvar Gurukulam will be eligible for a grant of Rs. ~~20,750/-~~ 15000/- against Rs. 20,750/- asked for.

X

A maximum grant of Rs 3000 should be fixed for each teacher

'X'

20750
15000
5,750

2. The Finance Deptt. have objected to an exception being made in the case of Valluvar Gurukulam. The objection ~~can be overruled~~ will not arise if the Government decide ~~the revision of~~ to revise the basis of grants on ~~a representation~~ receipt of proposal to be made by the D.P.I. with reference to H.M's instruction at 'X' above. For orders whether the proposals of the D.P.I. should be awaited or whether the case of Valluvar Gurukulam may be considered in advance. In the latter case the file may be circulated to H.M. (Finance) also.

'A' m p ante

3. There is no need to treat the expenditure as one on a 'New Service' as the additional grant payable will be only Rs. 8000/- (i.e. Rs. 15000 admissible under revised basis minus Rs. 7000/- admissible under the ~~old scheme~~ existing orders) This is within the limit of expenditure fixed for 'New Service' schemes.

M' on p 2 ante.

4. The file may be circulated to H.M(E &L) and H.M. (Finance) for orders.

Enlargement of the limits and the lines proposed by E&P.H would ultimately necessitate much larger provision being made on account of building grants for basic schools. With a large deficit in prospect, the Provincial Exchequer can hardly afford to commit itself to such increased liabilities.

E&P.H may please embody the above view in the draft note at 'A' on p. 3 thereof.

BASIC EDUCATION - Construction of a building for the Board Basic School at Mudiapalle in the Chittoor District.

CF

From the D.P.I., No.758-M/49, dated the 18th July 1949

T/11 CF

A provision of Rs.5 lakhs has been made in the current year's budget for the payment of subsidies to local bodies for construction of buildings for Basic schools. The subsidies payable are limited to one half of the cost of the building subject to a maximum of Rs.4,000/- or Rs.7,000/- according as the building is for a junior Basic school or a senior Basic school. The Director has been asked to submit detailed proposals for the utilisation of the provision made in the budget.

CF

2. In his letter read above the Director refers to the proposal of the Dt. Bd., Chittoor, to construct a building for a Basic school at a cost of Rs.10,000/- He requests that the building scheme may be approved by Government so that the District Board may proceed with the construction of the building.

3. The procedure usually followed in regard to building schemes is indicated below. Applications for building grants are submitted to Government by local bodies through the D.P.I. The D.P.I. scrutinises the applications and make his recommendations to Govt. in regard to subsidies payable for each scheme. The proposals are considered as a Part II scheme. After Govt. provide the funds necessary, the Local bodies are informed about the provision for the building schemes. The local bodies are allowed to proceed with ~~and~~ work and incur expenditure from their funds in the first instance. They may later claim the subsidy due in respect of the scheme through the D.P.I. Orders are issued by Govt. sanctioning the payment of grant with reference to the actual expenditure on the scheme. Thus the Govt. first promise a subsidy in respect of each scheme in the beginning of the

A

EA

Please see para 2 of the draft order submitted above in the top file. W.r.r. to 'A' on page 2 ante the D.P.I has been requested to review all the applications received by him for subsidies and grants, consolidate & tabulate them in order of priority and finally submit them to Govt. for orders with his recommendations.

EDN. DEPT.(C)

C.No. 15838/50.

Sub: BASIC EDUCATION - Grant for construction of buildings - Valluvar Gurukulam Senior Basic school, Kadaperi, Tambaram, Chingleput Dt.

--

p1 cf.

Ref: From the D.P.I. No. 820 M/49 dated 12-6-50.

--

p17 cf. of (K)

Under the existing orders grants are payable towards the construction of buildings for Basic schools at three fourths of the cost of the buildings subject to a maximum of Rs. 9,000/- or Rs. 15,000/- according as the institution is of the Junior or Senior Basic type.

p p 3-A cf. of (K)

p17 cf. of (K)

2. The Velluvar Gurukulam at Tambaram proposed the construction of a building for its Basic school at a cost of Rs. 41,500/-.. It applied for a grant towards the building scheme. Following the decision in para 1 above the Govt. sanctioned in G.O. 2930, Edn., dated 20-9-49, a grant not exceeding Rs. 15,000/- or three fourths of actual cost of construction whichever is less, to the institution. The expre. on the building scheme over and above the Govt. grant was left to be met by the Gurukulam from its own resources.

para 2 on p1 cf.

3. The Correspondent, Valluvar Gurukulam has submitted revised plans and estimates for the construction of a building costing Rs. 43,000 While approving the enhanced cost of construction, the D.P.I. has informed the Correspondent that the grant payable would not exceed the maximum of Rs. 15,000/- admissible to a Senior Basic institution.

p p 3-A cf.

4. It has now been reported that the building ~~was~~ has been completed and that the Correspondent, Valluvar Gurukulam has claimed a grant of Rs. 43,000/- to cover the entire cost ~~instead of~~ against Rs. 15,000/- admissible, since the general economic depression has affected the finances of the management severely.

ASSISTANT SECRETARY TO GOVERNMENT
28 JUN 1950
48818 EA
FINANCE DEPARTMENT

A.
para 4 on p1 cf. 'M'

5. The D.P.I. however considers that the Valluvar Gurukulam deserves special ~~consideration~~ treatment and has recommended the payment of a grant to cover three fourths of the actual cost of the building (Rs. 32,250) overlooking the maximum limit of Rs. 15,000/-.

I do not see how D.P.I. can make such a recommendation in the face of the Cabinet decision (p. 13 of (K)) & the G.O. p 17 of (K) which is quite definite & specific. & whatever [illegible] yet

26/6/50

6. If an exception is made in the present case it will be difficult to resist similar requests from other managements. At the same time the extra cost to Govt. by way of grants will also increase. In the circumstances it is for orders whether the recommendations of the D.P.I. at 'M' above should be accepted.

No

7. The case may be sent to Finance u.o. for remarks.
