CF. (v) 5 1

Copy of the memorandum No. 2326 L/49-4 dated 1-6-49 to the Chief Engineer, Public Works Department.

Lending of services of Sri T.N. Seshadri to the Madras Institute of Technology, Chief Engineer's No.810/46.A 25, dated 19-5-49.

It is proposed to lend the services of Mr. Seshadri on the usual foreign service terms i.e. additional pay not to exceed 25 % of this present pay. Formal orders reverting him to the Education Department where he holds his permanent appointment and fixing the terms and conditions of his deputation will be issued in due course. Meanwhile, the Chief Engineer is requested to arrange to relieve Sri Seshadri with immediately with instructions to report himself for duty to the Secretary Madras Institute of Technology, Chromepet, by placing Sri M.R. Balasubramaniam in additional charge of the duties of the Physics and Soil Mechanics Officer.

GOVERNMENT OF MADRAS  
Abstract.

MADRAS ENGINEERING SERVICE - Irrigation Research - Physics  
and Soil Mechanics Officer - Sri T.N. Seshadri - Reversion to  
Education Department - Consequential arrangements.

PUBLIC WORKS DEPARTMENT.

G.O.MS.NO. 2326.

Dated 23rd June 1949.  
Read the following:-

G.O.Ms.No. 1122, Public Works dated 17-4-1946.  
From the Chief Engineer, No.810/46-A.25 dated 19-5-49.

ORDER:

With reference to the orders in Memorandum No.  
2336 L/49-4, Public Works dated 7-6-1949, Sri T.N. Seshadri,  
Physics and Soil Mechanics Officer in the Public Works  
Department is reverted to the Education Department. Orders  
placing the services of the officer at the disposal of the  
Madras Institute of Technology and fixing his pay and  
allowances while under foreign service will be issued in the  
Education and Public Health Department.

2. The following notification will be published in  
the Fort St. George Gazette.

NOTIFICATION.

Sri M.R. Balasubramaniam, Assistant Engineer (Techni-  
cal) in the Office of the Chief Engineer, Public Works De-  
partment, Madras will hold additional charge of the post of  
the Physics and Soil Mechanics Officer vice Sri T.N.Seshadri,  
reverted to Education Department.

3. The Chief Engineer is informed that the question  
of posting Sri A.R. Srinivasan, Assistant Engineer as  
Physics and Soil Mechanics Officer and fixing his salary may  
be brought forward for consideration after his return  
from deputation.

4. As regards the regular appointment of Sri T.N.  
Seshadri as Physics and Soil Mechanics Officer, the Chief  
Engineer is informed that it has already been decided that  
the post of Physics and Soil Mechanics Officer should not  
be outside the purview of the Commission, nor should not be  
Sri Seshadri be appointed to the post without reference  
to the Commission. The question of his regular appointment  
as Physics and Soil Mechanics Officer may be considered under  
the ad hoc rules proposed to be issued. As Sri Seshadri is  
a permanent member of the Education Department, the feasi-  
bility of recruiting him by transfer as Physics and Soil  
Mechanics Officer under rule 3 of the draft ad hoc rules may  
be examined by the Chief Engineer after the issue of ad hoc  
rules.

(By Order of His Excellency the Governor of Madras)

DY. Krishnamurthi,

DEPUTY SECRETARY TO GOVERNMENT.

Office of the Director of Public Instruction, Madras-6, Dated 9--8--1949.

From The Director of Public Instruction, Madras.

To The Secretary to Government, Education and Public Health Department, Madras.

Sir, Sub: Madras Educational Service - Sri T.N. Seshadri, Technical Secretary, Madras Institute of Technology, Reversion to the Education Department.

REF: Government endorsement No.48991-A-1 Edn. dated 2--7--1949.

In submitting herewith the letter dated 23--7--1949 from Sri T.N. Seshadri, Technical Secretary, Madras Institute of Technology, Chromepet, requesting reversion to Government Service, I have the honour to state that he was promoted to the Madras Educational Service in G.O.No.1639 Education dated 24--8--1946 without prejudice to his appointment in the P.W.D. as Physics and Soil Mechanics Officer. The Chief Engineer (Irrigation) has reported that he proposes to obtain the sanction of Government to Sri T.N. Seshadri being re-appointed as Physics and Soil Mechanics Officer on reversion to Government service. I, therefore, request that early orders may kindly be passed regarding the appointment of Sri T.N. Seshadri to that post as he is anxious to revert as soon as possible.

2. If Government do not intend re-appointing Sri T.N. Seshadri to the post of Physics and Soil Mechanics Officer, then I request to be informed whether I may give him a posting in the Madras Educational Service.

Yours faithfully,

Sir,  
In their Memorandum No. 2326/L/49-4 dated the 1st June 1949 the Government proposed to place my services, under the usual foreign service terms, at the disposal of The Madras Institute of Technology, and requested the Chief Engineer, P.W.D. to relieve me with instructions to immediately report myself for duty to the Secretary, Madras Institute of Technology. I was accordingly relieved from my duties as Physics and Soil Mechanics Officer, P.W.D. on the forenoon of the 2nd June 1949.

I joined duty in the Madras Institute of Technology on the same day ( forenoon of 2-6-1949 ). Since then, I find, that the conditions under which I have to work in the Institute, are not to my liking. I therefore wish to revert to Government Service, as early as practicable, from 1st August 1949 if possible.

I request that you will kindly permit me to join duty in Government Service from that date

Your most obedient Servant,

T.N.Seshadri

Loan of services of Sri T. N. Seshadri to  
 Madras Institute of Technology, Chrompet.  
 Extract of this Department's Note

XXX

XXX

XXX

[Please see the letter from the Madras Institute of Technology at pp. 1-2 c.f. and the reply from the Chief Engineer (Irrigation) at pp. 3-6 c.f.]

2. Sri T.N. Seshadri is a permanent Assistant Professor in the Presidency College, Madras. He has since been appointed on paper, as Lecturer in the same College. He was first appointed in the Public Works Department in 1946 as Physics and Soil Mechanics Officer in the Irrigation Research Station, Poondi on a higher starting pay of Rs. 380/- in the then scale of Rs. 200-30/2-260-40-/2-500-50/2-700. Sri Seshadri is still continuing to hold the post of Physics and Soil Mechanics Officer under the emergency provisions pending issue of ad hoc rules for the post and the recruitment of a candidate by the Commission for regular appoint to the post.

(The Chief Engineer suggested that Sri Seshadri should be regularly appointed as Physics and Soil Mechanics Officer under regulation 18 (b) of the Madras Public Service Commission, but in view of the general policy of the Government to resort such a procedure only in exceptional cases, the Chief Engineer's suggestion was negatived).

3. The Madras Institute of Technology proposes to institute two new courses in "Electronics" and "Instrument Technology" from July 1949. For teaching these subjects the Institute requires the services of Sri T.N. Seshadri for a period of two years.

4. The Chief Engineer (Irrigation) (Mr. A.R. Venkatachari) has been consulted in this matter and his reply is at pp. 3-6 c.f. He has no objection to spare the services of Sri Seshadri for 2 years, provided the following conditions are agreed to by the Government and the Institute.

P.T.O.

1. Sri Seshadri's appointment as Physics and Soil Mechanics Officer in the Public Works Department may be regularised and he may be declared completed probationer, if it is necessary to give him a lien in the Public Works Department so that the Department may get his services when required.

This does not arise need not be considered in this connection.

P.S.V.  
27-5-

2. He should be deputed on Foreign Service terms and be entitled to such additional remuneration as the Institute may offer him and as he is prepared to accept. Government need not impose any limit on any additional pay that may be granted to him by the Institute.

He cannot have it both ways.

P.S.V.  
27-5-

3. The Institute should pay leave salary and pensionary contributions for the period that Mr. Seshadri is working for the Institute.

Will do this in the normal course.

P.S.V.

4. Shri Seshadri may be permitted to pay visits to the Soil Engineering Laboratory at Chepauk for not more than 3 days in the month if required by the Chief Engineer. He should also be permitted to serve on any committee dealing with Soil Mechanics generally.

5. Any other conditions that generally go with deputation on Foreign Service as laid down in the Fundamental Rules.

He may add a condition that the institute should equip its laboratory adequately and should undertake investigation work for Govt. when so requested.

P.S.V.

5. Before dealing with the points raised the Chief Engineer it may be stated, at the outset, that Sri Seshadri does not hold at present any permanent post in the Public Works Department. His permanent appointment is in the Education Department. The question of his deputation should therefore be dealt with Education and Public Health Department.

XXX

XXX

XXX

Education and Public Health Department.

The file relates to the loan of service of Mr. T.N. Seshadri to the Madras Institute of Technology. Mr. Seshadri is a permanent

P.T.O.

Assistant Professor of Physics in the Madras Educational Subordinate Service. In view of his special qualifications the Government appointed him to act as temporary Physics and Soil Mechanics Officer (Gazetted) in the Public Works Department in 1946 on an initial starting pay of Rs. 380/-p.m. in the scale of Rs. 200-30/2-260-40/2-500-50/2-700. Subsequently, his turn for appointment as Lecturer in Physics in the Madras Education Service came and he was given a paper appointment in August 1946. He has been continuing in the Public Works Department since then.

The Public Works Department now proposes to lend his services to the Madras Institute of Technology for a period of two years subject to certain conditions. That dept. suggests that as Mr. Seshadri holds his permanent post (Assistant Professor) in the Education Department orders regarding the loan of services may be issued in the Education and Public Health Department after the terms and conditions of the deputation are settled in circulation.

It is respectfully submitted that though the officer holds his permanent place in the Education Department he is for all practical purposes a Public Works Department man. Further it will be awkward to incorporate in an order to be issued by this Department that Mr. Seshadri "should be permitted to pay visits to the Soil Engineering Laboratory at Chapuk for not more than 3 days in the month if required by the Chief Engineer and etc.". It will be more appropriate if such conditions are incorporated in an order to be issued by Public Works Department.

This Department may say that we have no objection to the deputation proposed and that if Public Works Department still insists that the order should be issued in this department that department may revert the officer to the Education Department. The terms and conditions of deputation will then be settled in consultation with the Director of Public Instructions.

It may also be pointed out that it may not be apt to

P.T.O.

put in the condition referred to at 'A' on page 2 ante in an order sanctioning deputation of an officer. It will be more appropriate if that condition is incorporated in an orders sanctioning Financial assistance to the Institute.

The file may be passed on to the Finance Department.

XXX  
28-5

Finance (C.S.R.) Department.

The proposal is to lend the services of Sri T.N. Seshadri, Permanent Assistant Professor, Presidency College, for a period of two years to the Madras Institute of Technology on Foreign service terms. In 1946 Sri T.N. Seshadri was appointed as Physics and Soil Mechanics Officer in the Irrigation Research Station at Poondi on a pay of Rs. 380 in the scale of Rs. 200-30/2-260-40/2-500-50/2-700 and he is still continuing in that capacity. His pay as Assistant Professor is Rs. 230. Under F.R. 114 the pay to ~~the~~ allowed to a Government servant in Foreign service should not exceed by more than 25% of the pay admissible to him from time to time in the cadre in which the Government servant concerned held a post prior to his transfer. As Mr. Seshadri is now drawing a pay of Rs. 380/- per mensem as Physics and Soil Mechanics Officer he may be allowed a further 25% increase in pay while in Foreign service to the Madras Institute of Technology. The other conditions following the foreign service terms may be allowed to him.

As regards the appointment of a substitute in the place of Mr. Seshadri as Physics and Soil Mechanics Officer the suggestion of the Public Works Department in paras 12 and 14 on pp. 4-5 above may be accepted.

XXX  
30-5

The Chief Engineer's proposal that Government need fix no upper limit to the pay of Mr. Seshadri while on deputation is obviously unacceptable. Deputation may be subject to the usual conditions ~~xxxx~~ that additional

This limit is not mentioned in the substantive rule. It is only mentioned in the delegation ~~under~~ made to the Board of Rev. etc. under F.R. 114. The general principal however is that foreign service should not be made appreciably more attractive. Usually the 25% limit is imposed. In this case also the pay in foreign service need not be more than Rs. 380 & 25 P.C.

XXX  
30-5

No. P.W.D.  
Secy's proposal at p. 6 above may be accepted.

XXX  
30-5

pay shall not exceed 25% of the pay ~~he~~ <sup>now</sup> in ~~the~~ drawing.

Reproposals for substitute, Finance agree with Public Works Secretary.

21/7/49

CF 3-4

(Issued as Memo. no. 48991-A.2-Edm. 4-21.7.49.)

cf. 5 From the S.O.I., no. 1803-C1/49, 41-9.4.49.

cf. 6 Si T.N. Seshadri has written to say that he does not want to continue to be in the service of the Madras Institute of Tech. and that he may be permitted

to revert to Govt. service as early as possible.  
 The lecturer's request may be complied with.  
 The point is whether, on reversion, he is to  
 be taken by the Edu. Dept. or by the P.W.D.  
 The Dir.'s letter at S.F. 5 shows that the  
 C.E. intends to take the officer in his  
 dept. No communication about that has been  
 recd. in this dept. ~~from the C.E.~~ It  
 is likely that the ~~C.E.~~ has addressed the P.W.D.  
 Anyway, it will take some time before that point  
 is settled. The wish of the officer himself  
 to be in the Edu. Dept. or to go again  
 to the P.W.D. has to be ascertained. Until  
 then it is not desirable ~~(to keep him in the Institute, particularly when he requested permission to revert from 1-2-49 itself, if possible. It seems that he may be asked to fix his posting in the H.E.S. pending orders on the C.E.'s proposal. P.W.D. may see before he to H.E.S. (E+L))~~

~~He may remain in the Institute itself. The colleges have just re-opened and the D.P.S. would have settled the personnel of the teaching staff in them; it is not desirable to disturb the staff unless it is absolutely necessary. The file may be sent to P.W.D. for remarks.~~

12/8/49  
 I consider we should  
 serve out at least one year.  
 We should have found out  
 about the conditions before going  
 12/8/49 P.W.  
 12/8/49 P.W.D.

HM, (E+L) has ordered that  
 Si T.N. Seshadri may be permitted to revert  
 to Govt. service - minutes at p. 7 of.  
 The authorities of the Madras Institute of  
 Techy. also are willing to replace  
 the officer's services at Govt.'s  
 disposal.

In L.F. P.W.D. want Si  
 Seshadri back for appt. as Physics  
 & Soil Mechanics officer. This dept. need  
 not object to that dept.'s appointing him  
 under them if he is willing - in view  
 of X above.

Formal orders treating the  
 period of service of Si Seshadri ~~in~~  
 the Institute as "foreign service"  
 & requiring the Institute to pay leave  
 & pensionary contributions on behalf of  
 the officer for that period, will be  
 issued in this dept. on receipt  
 from P.W.D. of a copy of their  
 order appointing him in that dept.

This file may be sent to P.W.D.  
 for purposes of their refer., along with L.F.

31.8.49

A draft order is subd. Considering that the officer was  
in the Institute's service for a short period & that he has already reverted to Govt. service,  
it does not seem necessary to incorporate  
in the order, in detail, all the  
conditions usually attached in such cases of  
loan of services on 'foreign service' terms.  
Fin. may see.

The Asst. Secretary to Government of Madras  
Education Department  
Fort St. George, Madras.

Sir,

In order to dispose of a reference from  
Accountant General relating to the payment of con-  
tribution for loan of the services of Sri. T.N.  
Seshadri, Asst. Prof. Presidency College, now  
working in the P.W.D., to the M.I.T. for a short  
period in 1949, a copy of G.O. No. 2933 Edn. dated  
20-9-49 is required as it is not traceable in the  
records of this office. I request you to be so  
good as to furnish a copy of the same along with  
any further communication to M.I.T. bearing on the  
same subject.

Yours faithfully,

K. S. Ranganathan  
(M.K. Ranganathan)  
Principal.
