N.

UDAMALPET MUNICIPALITY.

Explanatory note to the council on the Budget Estimate for 1949-50 and Revised estimate for 1948-49 on the Elementary Education fund account.

-:0:-:0:-

Revised estimate for 1948-49.

-:-

Receipts.

1. Credit has been taken under Education tax with reference to the actual arrear demand and the increased demand due to general revision given effect to from 1-4-48.

2. Government contributions under section 37 of the Elementary Education act with reference to the actual collection of Education tax during 1947-48 and as pointed out in the audit report on the Elementary Education funds for 1947-48.

3. To wipe off deficit a sum of Rs. 26,830 has been taken credit from arrear toll compensation sanctioned during the year 1948-49 as per G.O.No.1097, L.A., dated 2nd June 1948.

Expenditure.

1. Increased provision has been made with reference to salaries and allowances due to the grant of enhanced dearness allowance at government rates from 1-1-48.

2. Increased provision has been made under contingencies-house rent due to payment of house rent that were in arrears from the year 1944- till to-date paid to mosque authorities (owner of the building were the Kanakkampalayam school has been housed) as per degree in suit No.A.S.No. 146 /46.

3. Increased provision under repairs to the buildings has been made for nearly Rs. 2,000/- to repair the municipal owned buildings where municipal schools are housed.

Budget Estimate for 1949-50.

-:0:-:0:-

Receipts.

1. Credit has been taken under Education tax on the increased anticipated demand due to increase of percentage of taxation at 66 2/3% as surcharge on the property tax for the budget year as sanctioned by the council in M.C.R.No. 529 (a) dated 23-11-48.

2. Credit under government grant under section 37 of the Elementary Education Act has been taken with reference to the anticipated collection during the year 1948-49.

3. A sum of Rs. 8,000/- has been provided under contribution from general account.

Expenditure.

Certified that provisions made in the Budget for 49.50 in regard to staff, equipment, accommodation etc. is based on the actual requirements of each school and with reference to the recommendations of the Inspecting officers, of the Education Department.

Due to increase of Education tax as surcharge on property tax sanctioned by the council in the above resolution the Elementary Education Budget has closed with a closing balance of Rs. 355/-. Therefore the budget is a normal one.

Ref : 1. Municipal council resolution No.529(a) d/ 22-11-48.
2. Notifications in newspapers etc. regarding the increase in the levy of education tax as surchage on properties.

4. Municipal council resolution No.922 dated 31-3-49.

- - -

The Budget estimate on the elementary education funds of this municipality for the year 1949-50 was presented to the council with a note that unless the levy of education tax as surcharge on properties be increased otherwise the budget cannot be balanced in view of the fact that the arrear toll compensation would not be sanctioned during this year and there will be a large deficit of nearly Rs.25000/- under that fund, and therefore it is not necessary to enhance the levy of the ducation tax as surcharge on properties.

The council alos also in its resolution No.529(a) dated 22-11-48 sanctioned this increased levy of education tax as surcharge on properties at 66⅔% of the taxes levied for other pruposes (copy enclosed). Necessary draft notifications under section 34(1) of the Madras elementary education act 1920 as amended informing the public regarding the enhancement in the levy of education tax as surcharge on properties from 1.4.49 at 66⅔% were publised throughout the town, inthe District Gazettee and in newspapers. A number of objections opposing the enhanced levy were received and the council has in its resolution No.922 dated 31-3-49 resolved to adjourn the subject of confirmation of the draft notification to the next meeting for consideration as there are very great objections from the public.

The Deputy Inspector of municipal councils and Inspector of municipal council, Madras have remarked in the inspection notes that levy of education tax should be raised. The council in their council resolution No.735(2) dated 22-2-49 on the above inspections resolved that the same has been increased in resolution No.529 dated 22-11-48 Though the council approved the increased levy at the budget meeting the rate was not confirmed by the council before this commencement of the year 1949-50. Hence unless a direction to levy education tax at 66⅔% as surcharge on property tax is issued by Government under section 35(2) of the Madras elementary education act, the levy cannot be increased by the council.

The adjourned subject No.922 dated 31-3-49 on the subject is cming up for consideration of the council at its meeting to be held in the near future.

Hence I beg to submit that a direction under sub-section (2) of section 35 of the Madfas elementary education act 1920 may kindly be issued to this municipality to levy education tax at 66⅔% as surcharge on property tax from 1.4.49 so as to balance the deficit under elementary education funds of this municipality.

The Hon'ble Sri K. Chandramouli, B.Sc., (Agri.) (Aber)., M.L.A.,

MINISTER FOR LOCAL ADMINISTRATION & CO-OPERATION.

HONOURED SIR,

We, The Chairman and Members of the Municipal Council, Udamalpet beg leave to offer you, on behalf of the citizens of this place, our **Cordial Welcome** during your first visit to this town, and rejoice to have you in our midst to-day.

Secy LA

2 We have great pleasure to place on record your unstinted public spirit and service in the field of administration of local bodies in this Province. We cannot but admire the versatile genius, vast and varied experiences you have shown as a successful legislator and social worker. We feel glad that whatever work you have undertaken hitherto you have discharged them with sincerity, promptness and remarkable thoroughness. For example the reforms in the administration of local bodies, investing of more powers to the councils, organising and recognising the Chamber of Municipal Chairmen through which the pressing needs of each Municipality can be easily solved are some of your achievements. Your eminent position as **Minister** for Local Administration and your self-less devotion to the cause of the Public impel us to avail ourselves of this golden opportunity to acquaint you with some of the pressing needs of this growing town.

3. The educational needs of this town, tax our resources to the utmost and call for your sympathetic consideration and timely help. The present rate of taxation on properties in this Municipality including education tax is 17-7/12 per cent. The annual income by way of property tax has been raised to about Rs. 70,000/— from Rs. 55,000/— due to the quinquennial revision during the year 1948—49 thus securing an additional income of Rs 15,000/— per year. The deficit of about Rs. 25,000/— in the elementary education funds of this Municipality has been till the end of 1948—49 adjusted from the Arrear Toll compensation sanctioned to this Municipality year after year. In future years as the Arrear Toll Compensation will not be sanctioned, the council has proposed to enhance the levy of education tax on properties from 31-9/191 per cent to 66-2/3 per cent as surcharge on other taxes, to cover the deficit. But there were a number of objections from all parts of the town against the enhancement of the tax. The proposed increase in levy of tax is also very heavy in view of the recent quinquennial revision. Therefore the Council has in its resolution No. 922 dated 12—4—1949 has resolved to seek your esteemed advice on the object. In this connection, we would like to request you to sanction the Elementary Education subsidy equivalent to the Elementary education tax collected every year and also to sanction dearness allowance subsidy to the extent paid to the Elementary school teachers, to cover up the deficit. Unless the Government come to our rescue with their timely financial support, this Municipal Council will be put to a very heavy financial strain in running the educational institutions.

4 Though this town is known to be **'Poormans' Ooty'** for its climatic conditions yet its imperative needs are protected water supply and drainage. It is needless to point out here, that several attempts have been made to get investigation of schemes for supply of water to this town but all of them were dropped on account of exhorbitant cost. The last scheme of the year 1940 known as the Kombu Gravitation Scheme has been put off due to its low place in the compendium of water supply schemes in the Province. As these schemes are not practicable for a decade or so, The Council has formulated in January of this year a cut scheme of water supply which is almost in the nature of a pucca scheme, from a well in Sundakampalayam village, two miles away from this town and the necessary sanction has been applied for from the Government in the Education and Public Health Department to execute the scheme. Necessary investigation in this regard has also been made by the Sanitary Engineer to Government and final orders of Government are awaited. We request that you will be pleased to extend your help in getting the scheme sanctioned this year itself as a special cae, in view of the very acute scarcity of water and the untold misery to which the people of this town are put to.

5 The drainage scheme of this Municipality has also been put off to an indefinite date as per the Provincial compendium of water supply and drainage schemes. As these schemes will take a pretty long time to fructify and as the existing condition of the drainage system is very bad due to the handicap in undertaking even small Scale constructions of drains without the approval of the Sanitary Engineer to Government, we request that orders may kindly be issued to raise the money limit from Rs. 1000/— to Rs. 4000/— to execute construction of suitable drains wherever necessary by Municipal Councils without the approval of the Sanitary Engineer to Government.

In continuation of this office referenced read above, I submit herewith a copy of resolution No.922 dated 26-4-1949 regarding the levy of Education tax as surcharge on the taxes on properties. The Municipal council has in the above resolution resolved to levy education tax at the rate of 50% as surchage on property taxes (i.e. on house tax and vacant site tax). The council has further resolved to request the Government to santion a Government grant equivalent to the amount of dearness allowance payable to Elementray school teachers. Even after the increase of Education tax to 50% as surcharge, the additional income will not be sufficient to make good the anticipated deficit in Elementary education fund for 1949-50.

The Government orders on the Budget estimate for Elementary education fund for 1949-50 have not yet been received. The statement showing the amount of dearness allowance payable from Elementary education fund is also enclosed herewith.

As the official year for 1949-50 has commenced, I request that the Government may kindly be pleased to issue direction under section 35(2) of the Elementary education act as amended for the ~~ex~~ levy of education tax as surcharge on property taxes at 50% from 1-4-1949 instead of at 31-9/161% as ordered in G.O.Ms.554 Edn. dated 28-2-49.

I also further request that the Government may kindly be pleased to sanction grant for the payment of dearness allowances to Elementray education staff.

to the suggestion in para 3(i) above, the B.E. for 1949-50 is anticipated to close with a large deficit of Rs. 15447. The Cl. has taken credit in the B.E. for 1949-50 for a sum of Rs 25000 in excess under the receipts from Edn. tax. This is due to the increase in the rate of edn. tax from 4 1/6 % to 8 17/18 % per annum on the annual value of properties. As the increased rate of levy of edn. tax will come into force only with effect from 1-10-1949, the additional income that may be derived is Rs. 12500. Then the amount under receipts education tax will be Rs 26710. Now the B.E. for 1949-50 is anticipated to close with a deficit of Rs. 2947. This deficit may be wiped off by granting a subsidy from the Provl. funds. This may be considered after the actual closing balance on 31-3-1949 is known.

L.A. may see for remarks. Draft order is submitted below for approval.

With reference to the remarks of the Asst. Secy., L. A., on page 3 overleaf, please see the further papers added at pages 29-43 C.F. The Council has finally decided on 26/4/49 to levy education tax at 50% of the property tax with effect from 1.4.1949. This increase can however be given effect to only from 1.10.1949. The proceeds from this lower percentage of additional tax will be smaller than even Rs. 12,500/- during the half year from 1.10.49 to 31.3.50, anticipated at 'P' orp. 2 ante. In order to arrive at the most approximately correct figure, L.A. may be requested to indicate the total rate of property tax now levied in the Mty. and the proceeds expected from it. They may also specifically say whether they will agree to the proposed increase of edn. tax to 50% of the property tax and whether, if the deficit is a little higher than the one referred to at 'Q' orp. 2 ante due to the proposed lower percentage of tax, the extra deficit can also be met from the Genl. Funds of the Council.

(No reference to the Commr. as suggested by A.S., L.A., overleaf appears to be necessary now.)
