The outstanding liabilities on 1-4-49 is expected to stand at Rs.2,71,592 or Rs.2,71,600 in round figures including the sum of Rs.1,40,000/- proposed to Government as a Part II scheme in Director's letter Rc.No.1397 B1/48 dated 14-9-48; while submitting proposals for the opening of schools in school-less centres. Items No.1,2,5,6,7,8,10,11,12,13,14,16,18, 19,31,32 and 33 in the annexure are old schemes.

p.p. 35-37 infra

Provision has been made for schemes No.3,9,20,28 and 30 in the Budget Estimate for 1947-48 but the schemes were not ready for payment during that year. No provision has been made for these schemes in the current year's budget. The expenditure on schemes No.3,9,20,21,23,27,28,29,and 34 which are likely to be completed during the current year, ~~which~~ will be met from the special allotment of Rs.6 lakhs made in the current year's Budget Estimate. No provision is therefore proposed in Part II of the Budget Estimate for 1949-50 in respect of these schemes.

p.p. 35-37 infra

Items No.4,15,17,23,24,26,27,28,29 and 34 are new schemes approved by the Director and included in the approved list and provision for this will have to be made in Part II Budget Estimates of 1949-50 in the usual course. However, as pointed above, the expenditure on S.Nos.23,27,28,29 and 34 will be met from the lump sum provision of Rs.6 lakhs made in the current year's Budget. Provision in respect of these schemes (viz. S.Nos.23,27,28,29 and 34) therefore is not suggested in Part II Budget Estimates for 1949-50.

As s ch, provision has to be made in Part II of Budget Estimate for 1949-50 in respect of the following schemes as detailed therein:-

Scheme No. 4 - Chingleput Dt. - Rs.4,675
15 Vizag Dt. - 6,500
17 S. Kanara - 5,620
24 - Tanjore - 7,575
26 Coimbatore. - 7,750

Letter from the Commr.,
Cuddalore Mty.,
No. 10224/48, dt 30.8.1948
(pages 39-40 cf) sent to
D.P.I. with Memo.
on pages 90-91 infra

Form of application from local bodies for grants for elementary scho and medical buildings, water-supply and drainage in urban and rural areas and roads and bridges including village roads and other works ex cuted by them.

New Works.

1. Name of the local body:	Cuddalore Municipality.
2. Name of the work:	Construction of two elementary school buildings for the Boys' and Girls' schools at Pallikuppam.
3. Total estimated cost of the work:	Rs.10,000/-.
4. Government share of the cost according to any general or special orders that may be applicable to the case.	Rs.5000/-.
5. Whether detailed plans and estimates for the work have been accorded technical sanction by the competent authority? (Works for which such sanction has not been accorded at the time of submission of this application should not be included).	Estimates have been prepared. Administrative and technical sanction will be obtained early.
6. Has the site been selected and if so, whether it is already at the disposal of the local body?	Yes; It is already at the disposal of the Municipality.
7. If not, is land acquisition necessary and if so, what is the estimated cost of acquisition and the Government's share of it?.	Does not arise.
8. What steps in detail, have been taken to secure acquisition by Revenue authorities and by what date is it anticipated that the land would be placed at the disposal of the local body?	-Do-
0. Note: This should be ascertained in consultation with the Revenue authorities concerned. When land has to be acquired the budget provision for grant in the first year should be restricted to the Government's share of the cost of land).	
9. Can the local body given an assurance that it has funds of its own available for land acquisition or for immediate expenditure on the work in the event of Government sanctioning a grant for their purpose?	Yes. The Municipality is prepared to meet the oth half from its funds.
In the case of applications for grants for medical buildings is the local body willing to meet one half of the cost of the works from its own funds? .	-Do-
10. Having regard to particulars under items 7 to 9, what is the total amount inclusive of Government grant which the local body expects to spend on land acquisition or on actual construction within the financial year for which budget provision is to be made?	Rs.5000/-

11. What is the Government share of item 10 and what is the amount of grant likely to be drawn within the year?	Rs.5000/-
12. What will be the probable total expenditure and the Government grant in each of the subsequent years until the work is completed? (Reasons should be given for the anticipation in regard to expenditure in each year until completion of the work).	Does not arise.

Note: It is essential that the estimates under items 10 to 12 should be prepared intelligently and carefully examined with reference to the nature of the work and other conditions affecting or likely to affect the rate of progress).

12. How the balance of the cost will be met:	Does not arise.

Explanatory note.

It has been decided to make a provision of Rs. 6 lakhs in the Budget Estimate for the current year for subsidies and grants for

p.t.o.

local body and aided elementary school buildings. It is proposed to distribute the provision of Rs. 6 lakhs district-war on population basis. Under this scheme, grant or subsidy payable for a lower elementary school building is one half of the cost, not exceeding Rs.4,000/- and that for a higher elementary school building is one-half of the cost, not exceeding Rs.7,000/-. A list of building schemes (aided and local bodies) likely to be completed during the current year has been obtained from the Director of Public Instruction and the question of distributing the provision of Rs. ~~of~~ 6 lakhs ~~of Rupees~~ is under consideration.

It has been suggested that a similar provision of Rs.6 lakhs may be made in the next year's budget also for subsidies and grants towards the construction of elementary school buildings (aided and local bodies) and to distribute the grants as in the current year. The list of building schemes received so far from the Director of Public Instruction involve the payment of a grant of Rs. 1,98,900/-. It is proposed to ask the Director to send additional proposals to cover the entire provision of Rs.6 lakhs.

This Department recommends that a provision of Rs.6 lakhs may be made in the Budget Estimate for 1949-50 as shown in the summary at the top.

			35,000

Explanatory Note.

It is proposed to make a provision of Rs. 6 lakhs in the Budget Estimate for 1949-50 for grants towards construction of elementary school buildings and to distribute the provision district-war on population basis. The Director of Public Instruction has submitted proposals for the distribution of building~~s~~ grants during 1949-50. He has recommended a subsidy of Rs. 13,000 to the District Board, Bellary, and a subsidy of Rs.22,000 to the Dt. Board, Chingleput, towards the construction of elementary school buildings. The grant of the subsidies is subject to the condition that the local bodies should bear their share of the expenditure (viz. half the total cost) from their own funds. As the two local bodies under reference are not in a position to bear their share of the expenditure, it is proposed to grant Rs. 13,000 and Rs. 22,000 as loans to the District Boards of Bellary and Chingleput respectively to enable them to meet their share of the cost in putting up the building schemes into execution.

The Director has proposed that a subsidy of Rs. 3,900 may be sanctioned to the Municipal Council, Tiruvannamalai, towards construction of compound walls for two Municipal Elementary schools. The total estimated cost of the scheme is Rs. 7,800/-. As the Council is not in a position to bear its share of the expenditure from its funds, the Director has recommended the grant of a loan of Rs. 3,900/- to the Municipal Council towards the construction.

This Department recommends that a sum of Rs. 38,900/- may be provided in the Budget Estimate for 1949-50 as shown in the summary at the top.

Explanatore Note.

It has been decided to make a provision of Rs. 6 lakhs in the Budget Estimate for the current year for subsidies and grants for local body and aided elementary school buildings. It is proposed to distribute the provision of Rs. 6 lakhs district-war on population basis. Under this scheme, grant or subsidy payable for a lower elementary school building is one half of the cost, not exceeding Rs.4,000/- and that for a higher elementary school building is one-half of the cost, not exceeding Rs. 7,000/-. A list of building schemes (aided and local bodies) likely to be completed during the current year has been obtained from the Director of Public Instruction and orders for the disbursement of grants have ~~just~~ been issued. The total amount to be disbursed is only about Rs. 2 lakhs. There is a balance of Rs. 4 lakhs left. It is proposed that this amount may be provided in the next year's Budget.

68

It has been suggested that, in addition, a provision of Rs. 6 lakhs may be made in the next year's Budget for subsidies and grants towards the construction of elementary school buildings (aided and local bodies) and to distribute the grants as in the current year. The list of building schemes received so far from the D.P.I. involve the payment of a grant of Rs. 1,98,900/- only. It is proposed to ask the Director to send additional proposals to cover the entire provision of Rs. 6 lakhs and also the sum of Rs. 4 lakhs referred to in para 1 above.

This Department recommend that a provision of Rs.10 lakhs may be made in the Budget Estimate for 1949-50 as shown in the summary at the top.

FURTHER NOTE ON PART II SCHEME FOR 1949-50

Sub:- Grants and subsidies to private managements and local bodies for buildings for elementary schools.

It was decided that a provision of Rs.6 lakhs might be made in the B.E. for the current year for subsidies and grants towards construction of buildings for elementary schools. Out of this provision it was possible to ~~distribute~~ disburse only about Rs 2 lakhs this year. H.M.(Edn.) proposed that the balance of Rs.4 lakhs might be provided in the next year's budget in addition to the provision of Rs.6 lakhs already proposed to be made in 1949-50. Accordingly a sum of Rs.10 lakhs was included in the Part II Scheme Note for 1949-50 for building grants for elementary schools.

H.Pr. since ordered that the provision of Rs.6 lakhs referred to above might be increased to Rs.8 lakhs. The total provision to be made in the Budget Estimate for 1949-50 will therefore be Rs.12 lakhs. It is now too late to make any alteration in the Part II Scheme note for 1949-50 already circulated to members of the Standing Finance Committee. The position will, however, be explained by H.M.(Edn.) at the meeting of the Committee. This note is circulated to members in the meanwhile for information.

The work of construction of the school buildings has not yet been commenced for want of the technical sanction of the Superintending Engineer, P.W.D. After the receipt of his sanction, tenders have to be invited and the work has to be entrusted to the succceessful tenderer with the approval of the council. All these formalities may take not less than two months. Hence it is not possible to complete the work of constructing the Arundelpet Mdn. Boys' School before 1-3-1949. It is therefore that the Government may be requested to sanction half grant for both the buildings during 1949-50 cancelling this grant of Rs.7,000/- allotted in this year's budget.

A lump sum provision of Rs.10 lakhs has been made in the B.E. for 1949-50 for grants towards construction of elementary school buildings. The amount will be distributed district-war on population basis. The ~~building~~ grant payable for a lower ele. school building will be half the cost not exceeding Rs.4,000/- and that for a higher ele. school building will be half the cost not exceeding Rs.7,000/-. A statement is annexed showing the maximum amount of grant admissible to each district on the basis of population. It is considered that building schemes relating to ele. schools in rural areas should be given preference to those in urban areas.

2. The D.P.I. is requested to send a revised consolidated list of building schemes relating to ele. schools for the disbursement of the allotment during 1949-50. In selecting schemes the principles stated in para 1 above should be observed strictly. Only schemes which are likely to be completed in the current year and grants claimed should be selected.

Grants and subsidies for buildings to Elementary schools under private management & local bodies
para 1. at p. 9 of (P)

PRESS NOTE

No 90 S/14 5-49

45

During the last seven years grants for the construction of buildings for educational institutions under local bodies and private managements were very much restricted and most of the institutions had to get on with the existing accommodation without putting up additional buildings. Several schemes for construction of new buildings and alterations and improvements to existing buildings had to be deferred. The Govt. have therefore made a special lump sum allotment of Rs.10 lakhs for building grants for elementary schools during the current year. The allotment will be distributed districtwar and on population basis. The grant payable for a lower ele. school will be half the cost not exceeding Rs.4,000/- and that for a higher ele. school will be half the cost not exceeding Rs.7,000/-. The grants will be paid on the post-execution system. Only such of those building schemes which will be completed in the current year and grants claimed in time will be included in the list of schemes for the payment of grant out of the special allotment.

para 1. at p. 86 of (P)

Local bodies and private managements desirous of applying for subsidies and grants towards the construction of ele. school buildings should send their applications to the D.P.I. not later than the 1st June 1949.

Tirunelveli District Board Office,
Dated the 5th March 1949.

ASST. SECRETARY TO GOVERNMENT
EDUCATION AND PUBLIC
10

From

K. Ghulam Mahmood Sahib Bahadur,B.A.,
Collector and Special Officer,
District Board,Tirunelveli.

To

The Secretary to Government of Madras,
Education and Public Health Department,
MADRAS.

Sir,

Sub:- Education - Elementary schools - Buildings - Construction - Proposals - submitted.

1855

There are about 450 Elementary schools under the control of this District Board spread over the whole of the District. Most of them are located in out of the way villages where buildings are not easily available even for rent. Even if buildings are available they are unsuitable for school purposes and exorbitant rents are demanded for them. The District Board owns buildings only in some places. Want of accommodation and want of suitable buildings are adversely remarked upon repeatedly by the Inspecting authorities of the Educational Department who even threaten with withdrawal of recognition to schools if proper accommodation is not provided forthwith.

2. In view of the above it was proposed to draw up a scheme for construction of buildings for Elementary schools wherever possible to the extent of 10 Lakhs of Rupees to be spared over a period of five years by raising a loan of half the amount from the General funds of the District Board and meeting the other half by getting a half grant from the Government. No funds are available in the Elementary Education account, which is now working at a deficit. The Educational Authorities were consulted in the matter and the approved proposals were sent to the Divisional Engineer for furnishing a rough estimate of cost of the scheme. The Divisional Engineer has furnished a rough estimate of cost for the construction of buildings in about 40 places amounting to Rs.3,58,600/- spreading the expenditure over 5 years as shown below:-

1st year.	..	Rs. 1,00,600/-
2nd "	..	Rs. 93,000/-
3rd "	..	Rs. 84,000/-
4th "	..	Rs. 28,000/-
5th "	..	Rs. 45,000/-
		Rs. 3,58,600/-

3. In the Budget Estimate for 1949-50 of the Railway account of the District Board the surplus earnings to the extent of Rs.1 lakh is proposed to be invested on interest. It is proposed to take this amount as loan for the Elementary Education account for the year 1949-5 for financing the above scheme. The balance of Rs.79,000/- may be taken as loan in 1950-51 or later according to the necessity from the Railway surplus earnings of future years. The loans which might go up to two lakhs will be repaid in 20 annual instalments at 3% per annum. The annuity for one lakh of rupees comes to Rs.6,721-8-1 and for two lakhs it will amount to Rs.13,443-0-2. The annuity will be adjusted every year from the Elementary Education account to the Railway account. The other half of the cost which would also come upto two lakhs has to be got as a half grant from Government, as there are no other means.

4. I request that the Government may be pleased to approve the proposal of taking a loan of about 2 lakhs from the Railway Earnings of the District Board repayable in 20 equal annual instalments with interest at 3% per annum and to sanction a half grant of about two

In their memo referred to above Government have provided a lump sum of Rs.10 lakhs in the current year for grants towards the construction of elementary school buildings both under Local Bodies and aided managements. Government have stated in the same memo that the amount will be distributed districtwar on population basis at half the cost not exceeding Rs.4,000/- in the case of Lower Elementary School Building and not exceeding Rs.7,000/- in the case of Higher Elementary School, Building.

2. In this connection kind attention is invited to G.O.No.3756 Edn., dated 10-12-48 sanctioning certain building schemes for 1948-49. As many of these building schemes were not completed before 31-3-49 all these schemes have to be considered in the current year from the allotment of Rs.10 lakhs.

vide pages 1-37 ante

3. In addition to the above schemes a number of building schemes were recommended to Government under Part II for 1949-50 and all these schemes also have to be considered in the current year from the allotment of Rs.10 lakhs.

pages 90-91 ante

pages 106-182 infra

4. With reference to Government Memo. referred to above a circular has been issued to all the District Educational Officers to submit a consolidated list of building schemes for their districts subject to the conditions mentioned therein before 5-6-49 so as to enable me to submit to Government a final consolidated list before 15-6-49. The District Educational Officers have been instructed to examine and select only such of the urgent schemes as will be completed before 1-2-50. A copy of my circular Roc.No.801 B1/49 dated 10-5-49 is enclosed.

5. In the meanwhile with reference to a notification in the Dailies some of the District Boards, Municipalities and aided managements are applying direct to the Director for building grants. All these applications are transferred to the District Educational Officers concerned for examination/and inclusion if necessary in the consolidated lists due from them.

-2-

6. Some of the Presidents of Panchayat Boards also apply for similar building grants with reference to the notification in the Dailies. Usually provision for the construction of buildings for Panchayat Board Elementary Schools will have to be made in the budget prepared by the Inspector of Local Boards, and no separate grant is sanctioned from the Department. From the Government Memo referred to above it is clear that the special allotment of Rs.10 lakhs is only for Elementary Schools under Local Bodies and Private managements and not for Elementary Schools under Panchayat Boards. Applications received from Presidents of Panchayat Boards are therefore returned to the Presidents for being submitted to the Inspector of Local Boards.

p. 92 ante

7. In the above circumstances I request that Government may be pleased to issue instructions to the Inspector of Local Boards that the special allotment of Rs.10 lakhs for 1949-50 is intended only for schools under Local Bodies and aided managements and not for Elementary Schools under Panchayat Boards for which he (Inspector of Local Boards) should make the necessary provision in his Budget Estimate.

Yours faithfully

Memorandum No.73409-C1/48-12.Edn., dated ~~4th May,~~ 29/v/49 1949.

Sub: GRANTS AND SUBSIDIES--Buildings--Elementary Schools under private managements and local bodies--Payment during 1949-50.
Ref:-From the Director of Public Instruction,No.1692-B1/48 dated 23.9.1948 and 5.A1/48-49 dated 1.10.1948.

A lump sum provision of Rs.10/- lakhs has been made in the Budget Estimate for 1949-50 for grants towards construction of elementary school buildings. The amount will be distributed district-war on population basis. The grant payable for a lower elementary school building will be half the cost not exceeding Rs.4,000/- and that for a higher elementary school building will be half the cost not exceeding Rs.7,000/-. A statement is annexed showing the maximum amount of grant admissible to each district on the basis of population. It is considered that building schemes relating to elementary schools in rural areas should be given preference to those in urban areas.

2. The Director of Public Instruction is requested to send a revised consolidated list of building schemes relating to elementary schools for the disbursement of the allotment during 1949-50. In selecting schemes the principles stated in para 1 above should be observed strictly. Only schemes which are likely to be completed in the current year and grants claimed should be selected.

3. The letters mentioned in the margin relate to the construction of elementary school buildings by certain municipal councils and the payment of half grants. They are forwarded to the Director of Public Instruction and he is requested to consider the proposals contained ~~continued~~ in them before drawing up the consolidated list.

Sir,

Sub: BUILDING - Vyapuri Chetty Street Boys' School, Manakkadu Boys' School - construction - grant - applied for.

****

I submit herewith applications for grant for the construction of buildings for Elementary Schools in Vyapuri Chetty Street, XXV Ward and in Manakkadu XV ward in this Municipality.

The Elementary Schools in those wards are now located in rented buildings which are not suitable for school purposes. It is therefore proposed to construct buildings to suit educational needs. Lands required for the construction of buildings were acquired some years before.

below

Copy of M.C.R.No.369 dated 26-5-49 sanctioning the estimate for the construction of Vyapuri Chetty street and Manakkadu boys schools and requesting Government to sanction the one half as grant are also enclosed herewith.

Plans and estimates are being submitted through the District Educational Officer, Salem, for approval.

I request that the Government may be pleased to sanction half grant for the construction of the above buildings in the year 1950-51. , The Municipal share of cost from General Funds will be provided in the next years Budget.

With reference to the Government cited Memorandum quoted above I submit the following proposals for the payment of Building Grant to Aided Elementary Schools in the current year (1949-50) as detailed in the list appended herewith. p. 143 infra

The schemes included therein have been approved by me and placed in the approved list of building schemes. The schemes may therefore be expected to be completed in the course of the year and payment made before 31-3-1950.

I may point out in this connection that the schemes include

(i) those for which provision was made in the last year and previous years but in which grant could not be paid pending the examination of title deeds etc. and

(ii) those that have since been placed in the approved list.

No other schemes except those mentioned in the appended list can be considered for payment in 1949-50. p. 143 infra

Sir,

SUB:- Grant -- Construction of a building -- Additional shed -- Kottaipatti Central School.

The Kottaipatti Municipal Central Elementary School is held in a building of its own. The accommodation has, however, become inadequate, with the growing strength of the school. It is, therefore, proposed to erect an additional shed at an estimated cost of Rs.3,950/-. I submit an application in the prescribed form and request that the Government may be pleased to sanction a grant of half the cost in 1950--51. As the work is urgent, I also request that the Council may be permitted to carry out the work now in anticipation of the grant. The Council's share of the expenditure will be met by contribution from the closing balance in the general account ordinary. 167-168 supra

The District Educational Officer, Nellore, forwarded a copy of your Proceedings Roc. No.801-B.1/49 dated 10--5--49 and requested me to send proposals for building schemes. From your above Proceedings it is clear that you have recommended the two Building schemes ~~at~~ of Darsi and Marella to Government at a cost pf Rs.12,500/- each, whereas the actual estimates for the above two buildings amounted to Rs.11,000/- and Rs.31,200/- respectively. The Estimates and Plans were sent to you with this office letter Rc. No.D.1.18131-48 dated 29--1--49 and subsequently received back with your letter Roc.No.1698-B.1-48 dated 11-2--49.

The Nellore District Board is now running with a deficit budget and its finances are not sound and hence it has not provided any amount for capital works in its Budget Estimate for 1949-50. As such it could not take up any schemes on half grant basis. Hence the District Educational Officer, Nellore, and the Director of Public Instruction, Madras, are requested to recommend the above two schemes (construction of buildings at Darsi and Marella) to Govt. on full grant basis. The estimates and plans of the above two works are enclosed.

AR1
B.2

The building scheme in respect of the Cornation Higher Elementary school, Chembra was placed by me in the approved list of schemes at an estimated cost of Rs 33,120/-

The Manager reports that the cost of the work so far completed amounts to Rs 9,170/- and that it is found to be difficult to proceed further without any interim aid from the Government. Hence he requests, a part payment of grant of Rs 8,000/- He has also enclosed a certificate from the Engineer stating that the value of the work done amounts to Rs 9,170/- and another certificate from the Govt. Pleader to the effect that he has examined the registered documents and that the Manager is entitled to construct a school building and other necessary structures.

Although the scheme was approved at an estimated cost of Rs 3,3120/- the amount of grant admissible to this Higher Elementary School is Rs 7,000/- only. In view of the fact that this scheme is one among those submitted to the Government for payment out of the allotment for 1949--50 with reference to Govt. Memo 7340)-C1/48-12 Edn. dated 4.5.49. I recommend that a part payment of Rs 4,000/- (Rupees four thousand only) may be permitted to be made so as to enable the management to complete the scheme at an early date.

The Special Officer, District Board, East Godavari has sent a list of 12 Buildings schemes for 1950-51. As the application has been received directly in my office without the remarks of the District Educational Officer it is not possible to include them in the Part II schemes for 1950-51. Attention is invited to my Endt. R.C. No. 577 B1/49 dated 9-8-49. sep. file

As regards Kurnool District, the Commissioner, Municipal Council, Nandiyal sent proposals for building schemes. The application has been referred to the District Educational Officer, Kurnool for urgent remarks. He has also been reminded. As the application was received directly from the Commissioner, Municipal Council, the schemes could not be recommended to Government for the current year without the remarks of the District Educational Officer.

As regards cuddapah District I have submitted a scheme in my letter R.C. No. 1692 B1/48 dated 29-7-49. p. 179 ante

The Special Officer sent two more building schemes as noted in the margin and as these schemes have been received too late in the year I have informed the Special Officer to renew them for Part II schemes for 1950-51 through the District Educational Officer. These two schemes will be included under Part II for 1950-51 as they have since been recommended by the District Educational Officer, Cuddapah. below

With regard to the Peddapuram Municipality only one scheme has been recommended by the District Educational Officer, I have submitted my recommendations in my letter RC. No. 801 B1/49 dated 22-7-49. p. 177 ante

Sir,

Sub:- Elementary Education-Buildings-Municipal Council, Tuticorin-Additional accommodation for Elementary Schools-(1) Elementary School for Girls, Melur (2) Elementary School for Boys, Sevandakulam-Sanctioning of grant from the current year's allotment.

p. 194 ante Ref:- Government Memo No.41797-1-C1 Edn. dated 22-8-49.

***

The expenditure in respect of the above mentioned two buildings schemes can be met from the current year's allotment of Rs.45,000/- for the Tirunelveli District.

I may state in this connection that the Commissioner, Municipal Council, Tuticorin has since furnished a revised statement of expenditure of Rs.11,165-5-0 which includes Rs.146/- as centage charges paid to the District Board, Tirunelveli for scrutiny of estimates in respect of the two building schemes.

I therefore recommend that a grant of Rs.5583/- (half of Rs.11,165/-) may be sanctioned by Government.

Yours faithfully,

I submit that after receipt of approval for the plans and estimates in respect of the 4 buildings, tenders were invited. Two works only have been assigned on contract and fresh tenders have to be called for in respect of other buildings. So no expenditure could be incurred during the current year 1948-49. I therefore request that Government may be pleased to re-allot the grant sanctioned for disbursement during the ensuing year 1949-50 as already prayed for in this office letter No. 382/1949 dated 4-2-1949 to the Director of Public Instruction, Madras.

Ref: G.o. Ms. 3156 Education dated 10-12-48.

It is learnt from **District Educational** Officer's letter recommending the above building scheme that the above school is only a Lower Elementary school. The school is therefore eligible for a grant of Rs 4000 only from the allotment as against Rs 7000 as already recommended by me in my letter Rc. No. 1692 B1/48 dated 16-11-48. I have recommended the same owing to the non-availabity of full particulars either from the District Educational Officer or from the Municipal Commissioner, Salem and presuming that the building scheme is for the Higher Elementary School.

Further the Commissioner Municipal Council requests for half grant according to the latest revised estimates. He may be informed that the Municipality is eligible for a grant of Rs 4000 only and that a completion certificate signed by the Engineer in charge of the construction should be sent to the Director for recommending to Government for sanctioning the grant.

INSTRUCTIONS FOR THE SECRETARIAT.

122

(a) If a paper is marked to be printed urgently or as special the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item had been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(c) For rules regarding printing of notes, see the chapter on printing and proof correction in the Secretariat Office Manual.

(d) The number of copies and the details of distribution should be filled in by the Superintendent or clerk concerned.

(e) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(f) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked special of urgent unnecessarily, he should send the Press slip to the Assistant Secretary with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Assistant Secretary any instance of incomplete or careless diting.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished: it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Ministers or Advisers should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

During the current year, a provision of Rs. ten lakhs was made in the Budget Estimate for subsidies and grants towards the construction of buildings for educational institutions for which grants were banned in the last few years. There was no ban on the grant for construction of elementary school buildings. The Secretary noted that H.M's intention was that out of the allotment of Rs 10 lakhs, Rupees 6 lakhs should be distributed to elementary schools and that only the balance should be given for institutions in respect of which there was a ban. It is, accordingly, proposed to distribute the Rs 6 lakhs grant district-war on population basis. Under this scheme, grant or subsidy payable for a lower elementary school building is one half of the cost not exceeding Rs. 4,000, and that for a higher elementary school building is one half of the cost not exceeding Rs. 7,000/-. A list of building schemes (aided and local bodies) likely to be completed during the current year was obtained from the D.P.I. and the question of distributing the Rs. six lakhs grant is under consideration separately.

2. H.M.(Education) had minuted that for the year 1949-50 also a similar provision of Rs. ten lakhs might be made for subsidies and grants towards the construction of buildings for educational institutions which were hitherto subject to certain restrictions and that proposals for provision of funds in respect of schemes which were not subject to these restrictions should be considered as Part II Schemes as hitherto. With reference to the view held by the Secretary referred above, it is presumed that Rs 6 lakhs, out of the Rs 10 lakhs referred to should be set apart for elementary

school buildings and grants paid on the same principles as above.

3. The D.P.I. has now submitted proposals for the grant of subsidies towards the construction of elementary school buildings for consideration as a Part II Scheme for 1949-50. The list on pages 3-5 c.f. shows the names of local bodies, the number of schools for which buildings are to be constructed by each and the amount of subsidy recommended in each case. The Director has also proposed that schemes relating to the construction of the 5 aided elementary school buildings mentioned on page 34 c.f. may be taken up as Part II Scheme for 1949-50. All the 5 items referred to have already been included in the list of schemes for the current year. These need not therefore be included in the present list. The question of making a provision in the Budget Estimate for 1949-50 of Rs. 5,60,000/- and Rs.56,000/- for opening schools in school-less centres and towards equipment respectively, as proposed by the Director, is under consideration separately.

4. The Schemes now recommended by the D.P.I., for consideration as Part II Scheme for 1949-50 have been tabulated in a statement at flag 'A' below. It may be stated here that in two cases (Madras and Guntur) the subsidies recommended by the Director exceed the approved limits mentioned above. The statement shows the amount of subsidy payable in each case if it is restricted to the approved limits. It will also be seen from the statement that in a few cases the total subsidy recommended exceeds that admissible to each district with reference to its population. Therefore, in column (6) of the statement have been shown the amounts that can be paid as subsidies to the districts concerned on the basis of population. The total subsidies payable during 1949-50 having regard to these principles, amount to Rs. 1,90,000/-.

5. It is for orders whether this amount (Rs 1,90,000) only need be provided in the Budget Estimate or a sum of Rupees 6 lakhs may be provided and the Director asked to send additional schemes to cover the entire allotment.

It is stated that the total subsidies payable during 1949-50 according to the D.P.I.'s proposals & the general principles to be followed, amount to Rs 1,90,000. ~~It does not therefore seem necessary to~~ The E. & P.H. dept, however, propose to ask the D.P.I. to send additional schemes and provide for a sum of Rs 6 lakhs in the next year's budget. ~~for the purpose.~~ This is with refce to the apparent intention of H.M. Edn that the total provision should be Rs 6 lakhs.

As the budget for the next year has to be balanced without drawing on the reserve, according to the suggestion of the Government of India, this department has suggested in other cases that it is necessary to go slow even in respect of essential and desirable schemes.

See below.
27.10.48

In the circumstances, Finance may advise that ~~an~~ the Part II Scheme may be limited to an amount of Rs 1,90,000 only. ~~need be provided in the next year's budget for the payment of the subsidies in question.~~

17.11.48

The grant of Rs. 1.99 lakhs in 1949-50 is to be distributed among the local bodies as shown in col. (6) of the statement at (A). It is enough if the local ~~boa~~ bodies spend an equal amount from their funds to earn the grant referred to above. In some cases it may be that a local body may have to spend a little more than the amount of grant when the estimated cost of the building or buildings exceed ~~the~~ twice the amount of grant proposed to be sanctioned to them. At any rate it is not necessary for the local bodies to construct all the school buildings at a cost of Rs. 10.25 lakhs for which they have applied for a half grant ~~at a cost of Rs. 10.25 lakhs~~ to earn a grant of Rs. 1.99 lakhs. ~~During 1948-4~~9 It is proposed to make a special allotment of Rs 6 lakhs in the BE for 1948-49 for giving grants to local bodies and private managements towards construction of elementary school buildings, and to distribute it district-wise on population basis. This dept. proposed that the schemes recommended by the Director might be approved and a sum of Rs 6 lakhs provided in the Budget for 1949-50, and the Director asked to send additional schemes to cover the entire allotment.

But they are not agreeable to the proposal to provide a sum of Rs 6 lakhs in the Budget for 1949-50, and have suggested that the part II Scheme may be limited to an amount of Rs 1,98,900 ~~without~~ and that asking the D.P.I need not be asked to send additional proposals. "We are allotted ten lakhs of rupees for buildings for elementary schools, high schools and colleges. Of these, six lakhs are for elementary schools. Since the decision of giving grants for elementary schools was taken rather late and as many of the Municipalities and District Boards as well as aided agencies did not know about it and they did not have the time to prepare ~~to~~ schemes and send them on, we have received applications for the grant only to the extent of nearly 2 lakhs ~~a lakh and a half~~ and the rest of the amount, nearly four and ~~a half~~ lakhs may not be utilised this year. I had proposed that in the next year, a similar provision as this year, may be made but in view of the fact that this year's amount has not been utilised to a great degree and as we have nearly 10 or 15 thousand schools for which buildings have to be put up, I suggest that ~~xxxx~~ the amount that has not been utilised this year may also be provided in the part II scheme for utilisation next year."

8 DEC 1948

Finance may say that whatever allotment is not utilised must lapse. I do not object to that procedure but I only suggest that the allotment next year may be six lakhs plus four and a half lakhs. Of course, the S.F.C. and the Cabinet will decide over the matter whether this additional 4½ lakhs also may be utilised next year.

It may be stated that about Rs 2 lakhs are being disbursed out of the Rs 6 lakhs grant in the current year. Finance may be requested to say whether they agree to the balance of Rs 4 lakhs being provided in the next year's budget, the total provision being increased to Rs 10 lakhs. If they agree a revised note will be sent.

The following note is subd. for circulation —

It has been decided to make a provision of Rs 6 lakhs in the current year towards building grants for elementary schools. The list of building schemes recommended by the D.P.I. for grants in the current year has been approved by Government. The total grant payable in respect of these schemes is about Rs 2 lakhs only. There is a balance of Rs 4 lakhs left.

O.P.R.
16-12-48.

An allotment of Rs.6 lakhs was made in the current year for building grants to ele. schools. Out of this provision there is a balance of Rs.4 lakhs left unutilised in the current year. It has been proposed to provide this amount in the next year's Budget Estimate for building grants for ele. schools. It has also been proposed to provide a further sum of Rs.6 lakhs in the next year's Budget for the purpose. The total amount to be provided in the next year's Budget comes to Rs.10 lakhs. This amount has been included in the Part II scheme for 1949-50.

As per orders at 'P' above, the amount of Rs.6 lakhs referred to at 'Q' above should be increased to Rs.8 lakhs. The total provision to be made in the next year's Budget will then be Rs.12 lakhs as against Rs.10 lakhs formerly proposed. It is for orders whether Finance should be asked to substitute the figure 'Rs.12 lakhs' in place of 'Rs.10 lakhs' in the Part II Scheme note for 1949-50.

Please see the minutes of H.Pr., H.M.(Edn.) and this dept's note extracted above. It is proposed to make a provision of Rs.10 lakhs in the B.E. for 49-50 for building grants for ele.schools. H.Pr's intention at 'B' above seems to be that the entire provision of Rs.10 lakhs should be distributed Dt.-war towards construction of Dt.Bd. ele. school~~s~~ buildings in rural areas. It is subd. in this connection that during the past bldng. grants were given to Dt.Bds., Ml.cls. and private managements irrespective of whether the schools were in urban or rural areas. Out of the grant of Rs.2 lakhs sanctioned ~~sancd.~~ in 1948-49 for construction of ele.school buildings, Municipal cls. and private managements were also given subsidies along with the Dt.Bds. for the construction of ele.school buildings in urban areas. Certain Ml.Cls. have now subd. applications for the grant of subsidies during 49-50 for construction of ele.school buildings in municipal areas.

Some more applications are likely to be recieved. If the entire provision of Rs.10 lakhs is to be distributed for construction of Dt.Bd. ele.school buildings in rural areas, none of the Ml.Cls. and none of the private managements running schools in urban areas will be eligible for any subsidy during 49-50 from the special allotment. H.M.(Edn.) has minuted that there is no intention to impose a ban on the grant of building subsidies for construction of schools in urban areas, but that preference will be given to proposals from rural areas. In the circumstances, while calling for a list of schemes from the D.P.I. for distribution of building grants during 49-50, he may be informed that the list should ~~would~~ be drawn up bearing in mind the principle at 'Z' above.

ASST. SECRETARY TO GOVERNMENT

A provision of Rs.10 lakhs has been made in the current year's budget for payment of subsidies and grants to local bodies and private agencies towards the construction of buildings for ele. schools. The subsidy or grant is to be limited to cover one half of the expenditure subject to a maximum of Rs.4,000 or Rs.7,000 according as the institution is a lower or higher ele. school. The provision has been included under the relevant budget heads relating to local bodies and private agencies. (There is a separate head to record expenditure on panchayat schools). The D.P.I. reports that some panchayat boards have applied to him for building grants for elementary schools. He enquires whether any portion of the allotment made in the current year's budget can be utilised for payment of building grants to panchayat schools.

pp 102-104 CF

A

Grants to panchayat schools are restricted to half the cost of the building subject to a maximum of Rs.150 if the building is a thatched one and Rs.500 if the building is a tiled one. Generally the resources of panchayats are very meagre. It is true that the *Inspr. of Ml. Cls. and Local Bds. is the officer controlling the expenditure on panchayat schools* and that he has not included any provision for building grants to panchayat schools, in the current year's budget. This is because of the fact that his estimates are based only on applications from panchayats for building grants. He was not aware of the proposal that a lump sum allotment would be made available by Govt. for building grants. There seems to be no serious objection to a portion of the allotment of Rs.10 lakhs being made available for panchayat schools, especially

as the full allotment may not be utilised in the current year on the payment of grants to local bodies and private agencies and a good portion of the allotment may have to be surrendered. Finance may advise. . 142

A sum of Rs.10 lakhs has been provided in the current year's Budget estimates for half grants to local bodies and private managements towards the construction of elementary school~~s~~ buildings, subject to a maximum of Rs.4,000 for lower grade and Rs.7,000 for higher grade schools. Orders have already been issued in Memo.73409/C1-48-12 Edn. d/29-4-49 distributing this amount among the various districts on population basis. A Press Note has also been issued giving publicity to this provision. With reference to this Press Note, the D.P.I. has reported that Presidents of certain Panchayat elementary schools also have applied for grants. The half grants admissible towards the construction of Panchayat elementary schools are subject to a maximum Rs.150 for a thatched shed and Rs.500 for a tiled one. The grants to Panchayats have to be budgetted for by the Inspector of Municipal Councils and Local Boards. He has not, however, proposed any provision in the current year's budget, apparently as no application was received by him before the issue of the Press Note referred to above. As the Budget provision of Rs.10 lakhs is intended only for elementary

The E & P.H. Deptt. anticipate savings in the lump sum provision of Rs.10 lakhs referred to above and consider that there is no serious objection to a portion of the allotment being made available for Panchayat schools also. The mere fact that savings are likely in the budget provision made for a particular purpose does not justify the undertaking of a fresh liability without the cognisance of the Legislature. It is not known how many applications have been received so far ~~forward~~ in respect of Panchayat schools and what is the amount involved by way of grants according to the rates laid down.

B, pp.22-23 above

B, p.22 above

The Cabinet have, on the advice of the Standing Finance Committee, reduced the provision for educational grants, even in respect of schemes for which provision was proposed in the current year's budget, with a view to reduce the anticipated deficit in the current year's budget. Even after allowing for the reduced provision, the Budget shows a revenue deficit of Rs.4 crores. The new taxation measures proposed to cover this deficit are not likely to materialise in full. It is therefore essential to secure all possible savings and, not to undertake fresh ~~commutations~~ commitments, as all possible savings will be required to meet the anticipated deficit.

In the above circumstances, this department may advise against the proposal of E & P.H. They may inform the Inspector of Municipal Councils and Local Boards that he may suggest the necessary provision in the Part II estimates for 1950-51.

SECRETARY, EDN. AND P.H. DEPT.
22 JUN 1949
GOVERNMENT OF MADRAS

Please see the Memo. on pages 90-91 cf. and the proposals of the D.P.I. at pages 141-189 cf. The Director's proposals have been tabulated in the statement at Ⓝ. It calls for the following remarks.

(i) Items 6 and 19 on page 143 cf. are presumed to relate to H.E. schools and hence the amounts of grant, viz.

Rs. 7,000/- in each case has been admitted. (vide item 24 (ii)(a) on p. 5 of (N) and & 10 (iii) (a) on p. 2 of (N)

(ii) The total cost of the Scheme No. 8 on p. 143 C.F. is only Rs. 10,000/- Hence, a grant of Rs. 5,000/- need only be sanctioned. Item 24 (ii)(d) on p. 5 of (N)

(iii) Item 14 on page 143 C.F. relates to Tanjore Dt. Bd. and should therefore be included under Tanjore Dt. Bd. in ~~taken to~~ the list of local body schools. Item 13 (o) on p. 3 of (N).

(iv) Item 20 on page 143 C.F. should be met from the allotment under secondary schools. Necessary extract will be given to B. Section. See DPI's remarks in item (IV) - pp 31-32 above

(v) ~~Against~~ sub-items (1), (2), (3) and (5) under "3. West Godavari" on page 147 C.F., grants exceeding Rs. 4,000 (subject to maximum of Rs. 7,000/-) have been recommended. These have been admitted on the presumption that they relate to Higher Elementary schools. Item 3 (a) to (d) on p. 1 of (N)

(vi) Similarly, sub-items (1), (4), (5), (6) and (7) under "5. Guntur" on p. 147 C.F. have been admitted. Item 5(i)(a) to (e) on p. 1 of (N).

(vii) Item 7(3) on page 149 C.F. relates only to a Lower Ele. School under Corpn. of Madras, and hence ~~only~~ a grant of Rs. 4,000/- need be admitted. Item 9(c) on p. 2 of (N)

(viii) The payment of the grant for the Scheme No. 11 (1) on p. 151 C.F. has already been sanctioned in Memo. 36543/49-C,-2, Edn., Dt 27/5/49. No fresh sanction is necessary. (K)

(ix) Item 12 (11) on p. 151 C.F. does not appear to relate to a Higher Ele. School. The grant should, therefore, be limited to Rs. 4,000/-. Item 13 (K) on p. 3 of (N)

(x) Item 13 (1) on p. 153 C.F. relates to Sivakasi Mty., which is in Ramnad Dt. It may be shown under item 20 on page 155 C.F. Item 17(iii) on p. 4 of (N)

(xi) Item 14 (1) on p. 153 C.F. seems to relate to a Higher Ele. School. The grant of Rs. 7,000/- recommended by the D.P.I. has, therefore, been admitted. Item 18(i)(a) on p. 5 of (N)

(xii) Item 14(6) consists of two parts, viz. acquisition and construction of building, and a separate grant has been recommended for each part. But it appears that both parts should be combined and treated as a single scheme eligible for a grant of Rs. 7,000/- only in the aggregate, and, that too, on the presumption that the School is a Higher Elementary one. Item 18(ii)(j) on p. 5 of (N)

(xiii) Similarly sub-items (7), ~~and~~ (8), and (9) of item 14 on p. 153 C.F. should be taken as a single scheme. Item 18(ii)(d) on p. 5 of (N)

(xiv) The total cost of Scheme No. 15 (1) on p. 153 C.F. is Rs. 4,760/- and hence a grant of Rs. 2,380/- has to ~~need alone~~ be sanctioned. Item 19(i)(a) p. 5 of (N)

(xv) Item 20(1) on page 155 C.F. is a Lower Ele. school. But it is stated

is stated that the opening of VI th Standard in the School has been permitted. It is thus a school under conversion to a higher ele. school. The grant of Rs. 7,000/- recommended by the D.P.I. has, therefore, been admitted. Item 17(i) on p. 4 of (N)

(xvi) The scheme relating to the construction of an additional shed for the Kottaipatti Central Elementary School, Virudhunagar, (mentioned at pages 163-168 C.F.) has been included under Ramnad Dt. The D.P.I. may be asked to give nec. instructions to the Commr. as at page 163 C.F. Item 17(iv) on p. 4 of (N)

(xvii) With reference to the letter at page 185 C.F., the D.P.I. may be permitted to make a part-payment of Rs. 4,000/- to the management of the Coronation Higher Ele. School, Chembra (S. Malabar).

(xviii) There are no schemes relating to Kurnool and Nellore Dts.

(xix) The grants to be sanctioned exceed the Dt.-war allotted amounts by Rs. 1,000/- in the case of W. Godavari, by Rs. 900/- in the case of Anantapur and by Rs. 475/- in the case of Chingleput. As the excess amounts are small, and as the grants to be sanctioned for certain Dts. are far below the allotted amounts, no objection need be taken to the excesses in the case of the above three Dts. p. 1 of (N) p. 2 of (N)

× Draft II

2. Based on the above remarks, a draft× order is submitted for approval. It may be sent to the D.P.I. u.o. with a copy of this note for ~~his~~ check and remarks, if any, before it is sent to L.A. and Fin. for acceptance. For orders.

Please see the Memo on pp.90-91 c.f. and the proposals of the D.P.I. at pages 141-189 c.f. The Director's proposals have been tabulated in the statement at 'N'. It calls for the following remarks.

② since added to draft.

(i) Items 6 and 19 on p.143 c.f. are presumed to relate to H.E. Schools and have the amount of grant, viz., Rs.7,000/- in each case has been admitted.

(ii) The total cost of the scheme No.8 on p.143 c.f. is only Rs.10,000/- Hence a grant of Rs.5,000 need only be sanctioned.

(iii) Item 14 on page 143 c.f. relates to Tanjore Dt.Bd. and should therefore be included under Tanjore Dt.Bd. in the list of local body schools.

(iv) Item 20 on p.143 c.f. should be met from the allotment under secondary schools. Necessary extract will be given to B1 section.

(v) Against sub-items (1), (2), (3) and (5) under "3. West Godavari" on page 147 C.f., grants exceeding Rs.4,000 (subject to maximum of Rs.7,000/-) have been recommended. These have been admitted on the presumption that they relate to Higher Elementary schools.

(vi) Similarly sub-items (1), (4) (5), (6) and (7) under "5. Guntur" on p.147 c.f. have been admitted.

(vii) Item 7(3) on page 149 c.f. relates only to a Lower Ele.school under Corpn. of Madras, and hence only a grant of Rs.4,000 need be admitted.

(viii) The payment of the grant for Scheme No.11(1)

P.T.O.

~~pn~~ p.151 c-f- ~~jasxaxxaadxxxxx~~ has already been sanctioned in Memo 36543/49-C1-2 Edn. dated 27-5-49. No fresh sanction is necessary.

(ix) Item 12(11) on p.151 c.f. does not appear to relate to a Higher Ele.school. The grant should, therefore, be limited to Rs.4,000/-.

(x) Item 13(1) on p.153 c.f. relates to Sivakasi Mty., which is in Ramnad Dt. It may be shown under item 20 on p.155 c.f.

(xi) Item 14(1) on p.153 c.f. seems to relate to a Higher Ele. school. The grant of Rs.7,000/- recommended by the D.P.I. has, therefore, been admitted.

(xii) Item 14(6) on p.153 c.f. consists of two parts, viz. acquisition and construction of building, and a separate grant has been recommended for each part. But it appears that both parts should be combined and treated as a single scheme eligible for a grant of Rs.7,000/- only on the aggregate, and, that too, on the presumption that the school is a Higher Ele. one.

(xiii) Similarly sub-items (7), (8), and (9) of item 14 on p.153 c.f. should be taken as a single scheme.

(xiv) The total cost of the scheme No.15(1) on p.153 c.f. is Rs.4,780/- and hence a grant of Rs.2,380/- has to be sanctioned.

(xv) Item 20(1) on page 155 c.f. is a Lower Ele.school. But it is stated that the opening of VIth standard in the school has been permitted. It is ~~a~~ thus a school under conversion to a Higher ele.school. The grant of Rs.7,000/- recommended by the D.P.I. has, therefore, been admitted.

(xvi) The scheme relating to the construction of an additional shed for the Kottaipattu Central Ele.school, Virudhunagar, (mentioned at pp.163-168 c.f.) has been included under Ramnad Dt. The D.P.I. may be asked to give necessary instructions to the Commr. as at page 163 c.f.

(xvii) With ref. to the letter at p.185 c.f. the D.P.I. may be permitted to make a part-payment of Rs.4,000 to the management of the Coronation Higher Ele. School, Chembra (South Malabar).

(xviii) There are no schemes relating to Kurnool and Nellore Dts.

(xix) The grants to be sanctioned exceed the District-war allotted amounts ~~hyxBx~~ by Rs.1,000/- in the case of W. Godavari, by Rs.900/- in the case of Anantapur and by Rs.475/- in the case of Chingleput. As the excess amounts are small, and as the grants to be sanctioned for certain Dts. are far below the allotted amounts, no objection need be taken to the excess in the cases of the above three Districts.

under 3. W.G. o/p. 147 cf.

(v) sub-items 1, 2, 3, and 5 building schemes relating to the West Godavari District Board:-

The Special Officer has not furnished information whether the building schemes relate to the Lower Elementary or Higher Elementary schools. In the absence of this information, the grant as recommended by the Director may be sanctioned subject to the condition that the grant will be limited to one half of the expenditure or to the maximum of Rs.4000/- in the case of lower elementary school and Rs.7000/- in the case of higher elementary school whichever is less.

p. 86 ante

under 5. Guntur o/p. 147 cf.

(vi) sub-items 1, 4, 5, 6 and 7 relate to Board Elementary schools, District Board, Guntur. The remarks contained in item (v) hold good for this also.

p. 86 ante o/p. 149 cf.

(vii) Item 7(3). The building scheme relates to the Corporation Lower Elementary School, Madhavaram. Though the school is a lower elementary school, the Educational Officer, Corporation of Madras, reports that it will be converted into a higher elementary school this year. Hence the grant of Rs.7000/- has been recommended as supported by the District Educ Officer, Madras. This amount may therefore be le. tioned.

p. 86 ante o/p. 151 cf.

i) *Scheme No.11(1). This relates to the*

uction of building for Municipal Elementary ~~xxxx~~, Pallikuppam (S. Arcot District). No fresh An on is necessary since the scheme has already a nctioned by the Government and the payment th made this year from the allotment of the of t after the completion of the building.

(ix) Item 12(11). This relates to the construction of Board Elementary School, Ambalacheri (Tanjore District). The Director's remarks in item (v) hold good for this case also.

p. 86 ante o/p. 153 cf.

(x) Item 13(1). This item may be shown under the Ramnad District.

(xi) Item 14(1). This relates to the Municipal Council, Salem. This scheme has already been sanctioned in G.O. 3156, Edn. d/10-12-1948 for 1948--49. Hence no fresh sanction is necessary for the current year. If, however, the scheme is completed in the current year, the grant will be sanctioned from the allotment of the District.

p. 86 ante o/p. 153 cf.

(xii) Item 14(6). This relates to the construction of 2 blocks for the Board Elementary School at Namakkal (Salem District) and the acquisition of site for the same school. The Special Officer has not mentioned in his statement whether it is higher elementary or lower elementary school. However the grant may be restricted to Rs.7000/- subject to the condition that if it is a lower elementary school, it will be eligible for Rs.4000/- only.

under 14 o/p. 153 cf.

(xiii) sub-items 7, 8 and 9. All these schemes relate to one school only, viz., Board Elementary School, Thevur. Hence the grant fixed by Government may stand.

o/p. 153 cf.

(xiv) item 15(1). This relates to the extension of the Board Elementary School at Manupatti (Coimbatore District). The estimate as furnished by the Special Officer is Rs.4670/. Hence a grant of Rs.2335/- may be sanctioned.

o/p. 155 cf.

The case relates to the sanction of grants, ~~to private~~ [illegible] managements and local bodies, for the construction of buildings for Elementary schools, from out of the lump sum ~~of~~ Rs 10 lakh provided in the Budget for 1949-50. The E & PH Dept. have examined the lists of schemes in consultation with the DPI.

21.9.49 The proposals of E & PH may be agreed to and the draft order accepted subject to the following remark:

The Corporation Lower Elementary School, Madhavaram, Madras. This is eligible for a grant of only Rs 4000/- as it is a lower Ele. school. In view of the fact that the school will be converted into the Higher Elementary School this year, it is proposed to sanction a grant of Rs 7000/- as for a Higher Ele. School. As the status of the school at the time of sanction of grants is the criterion, ~~it is not proper to allow the schools the sum of Rs 7000/-~~.

21.9.49 Finance may ~~to propose~~ advise that the grant may be limited to Rs 4000/- in this case.
