Sir,

Subject: Colleges - Engineering College, Guindy -
Overseer Class - Extra admission

In enclosing herewith a copy of the D.O. letter dated 26.8.49 from the Principal, College of Engineering, Guindy, I have the honour to state that there is real demand for increasing the strength of the Overseer class in the College of Engineering, Guindy and recommend that the proposal of the Principal to admit 20 more students to the Junior Class in the current year may be approved. The proposal does not involve the employment of any additional staff but a non-recurring expenditure of Rs 2,400/- should be sanctioned towards the purchase of furniture. In view of the importance of the time factor, I am instructing the Principal to admit 20 more students to the Junior Class in anticipation of the approval of Government. I request that my action may kindly be approved.

In inviting the attention of Government to their Memo No. 84134-1/48-A Edn. dated 26.1.49 deferring the question of opening of an additional Overseer class for the present, I may state that the continuance of the First Year B.E. Class of Arthur Hope College of Technology, Coimbatore at Guindy and the existing congestion in the hostel accommodation are not conducive to the opening of an additional Overseer class in the current year. The proposal for starting an additional class may be taken up next year.

Yours faithfully,

Director of Public Instruction

Copy of D.O. dated 26th August 1949 from the Principal,
College of Engineer, Guindy to the Director of Public Instruction,
Madras.

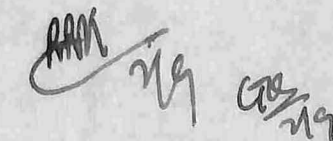

About 440 applications were received for admission to the
Overseer Course this year and only 100 were selected. Many of
the deserving candidates had to be rejected owing to the
restricted number of seats.

In this connection, a telephonic message has been
received from the Secretary, Educational and Public Health
Department to examine the possibility of admitting a fresh
batch of students in the place of the L.C.E. candidates who
have left the College. I wish to point out that I made
a suggestion, in my letter R.C. No. 35K/47 dated 28.5.1949
that an additional Overseer class may be started in July 1949.
But in view of the fact that candidates are admitted to the
various polytechnic schools in the province and that the
applications for admission to Overseer Course were not
received from many districts and various Communities it is
not desirable to open a fresh batch at present. However,
permission may kindly be accorded to admit candidates who
are still seeking admission to the Overseer Course, upto a
maximum of 20 for whom accommodation can be made available.
This will not, in any way, require the extra staff to coach
up the students. But furniture for drawing hall at the cost of
Rs 2,400/- will be required.

I hope that this will satisfy the present needs and the
question of starting an additional batch of Overseer Course
may please be taken up early in next year.
