NO.F.7-6/S.22/46 SII.
Government of India,
MINISTRY OF EDUCATION,
New Delhi 3, the 1st Aug.1948.

From Dr. Tara Chand, M.A., D.Phil.(Oxon),
Secretary to the Govt. of India.

To The High Commissioner for India,
Education Deptt., India House, Aldwych, LONDON W.C.2.

SUBJECT: Advanced studies overseas in respect of
Mr.M.V.Rama Rao, Madras Govt. 1946-47
Sponsored Scholar.

Sir,

I am directed to refer to correspondence ending
with this Ministry endorsement No.F.7-8/S.22/46 ODIV, dated
the 5th May,1948 regarding the above scholar and to forward
herewith a copy of letter dated the 15th July,1948, from
Mr. M.V.Rama Rao received in this Ministry.

2. It would be observed that the scholar has asked for about
six to twelve months extension in the period of his scholarship
to continue his training in Czechoslovakia. It appears that
the scholar has written to you also on this subject. But we
have not heard from you anything about this so far. Kindly let
us have your views and recommendations in the matter and if
you agree, kindly ask the scholar to apply for extension in the
prescribed forms.

As time is too short, it is hoped that action would
be taken urgently.

Yours faithfully,
Sd/- Harish chandra.
for Secretary.

EDH/C2

Copy to the Secretary to the Govt. of Madras, Education
& Public Health Deptt., Madras, with a copy of letter
dated the 15th July,1948, from Mr. Rama Rao.
The question of extension in Mr. Rama Rao's scholarship
would be taken up on hearing from the High Commissioner.

By order,

Harishchandra
for Secretary.

Filed.
Further letter from the
Govt may be awaited.

2

Copy of letter dated the 15th July, 1948, from Mr. M.V. Rama Rao, Praha XVII Jinonice, Letecke Zavody, N.P. CSR Czechoslovakia, to the Ministry of Education, New Delhi 3.

3

I came to England in Oct. 1946 on a Govt. of Madras scholarship to study Aeronautical Engineering. After finishing my D.I.C. at the Imperial College in Engines, Gas Turbines and Jet Propulsion, I worked for six months at the B.O.A.C. Training Unit in Aldermaston on engine maintenance. I came here in March and am working with the Letecke Zavody N.P. (Walter Aero Engine Factory) in design and drawing Deptt. My scholar is due to terminate in Oct. 1948.

Now, I have been working here for three months and I find the training excellent. Only, six months is far from sufficient. You see, Sir, we had no design experience at all and the design and manufacture of ~~xxx~~ Aero Engines is such an involved affair. In six months I will not be able to learn even a small fraction of what I have to learn and it will be such a pity to return without learning more about the manufacture of Engines. Please Sir, will it be possible for you to extend my scholarship for another six months or better a year? Failing that could you at least permit me to defer my return by the same period during which I shall manage to maintain myself somehow?

You see, Sir, I had some advice from one, Dr. Nilakantan, Senior Scientific Officer, Directorate of Civil Aviation, India. He said that in a year or two, an Engine Manufacturing Factory is going to be established in India and that there is a lack of fully trained design personnel, the most important staff in any factory. He advised me to get some more experience at the Walter Works if possible. Then I can be of some real use to our industry and justify the expenses borne by the Govt. for my training. ^{It} is no use my returning with half baked ideas.

Moreover, Col. Jilinck, the Chief of Aircraft Production in Czechoslovakia, a good friend of mine, has recently returned from India, where he had been touring for two months with the Czech

Technical.....

(2)

Technical Mission told me yesterday that there is going to be a lot of Cooperation between India and CSR in Aircraft Industry. In that case, my experience here, on the spot with Czech Industry would be very useful to us. He is always ready to help me get the best training and make it possible for me to see everything I need and give me all the facilities to learn all the important aspects of Aero Engine Manufacturing technique. Moreover, what I have learnt will be of little use unless I follow the design completely through the workshops, test house and development. I shall finish the design side and if I am given the extension. I can complete my training with the other more practical side of manufacture, without which, my experience would be incomplete and of little value.

The living here is not so comfortable with food at its absolute minimum and worst of all, the uncertain international situation makes life here like sitting on a volcano especially as we have no embassy of our own and it is very little real news that we can glean from the papers.

In any case, please Sir, can you help me in the matter? I am writing this to you because, time is short and I am sure you will take prompt action in whichever manner you may see fit. I am addressing a similar letter to Prof. Sundaram also in case one of you is not in London. Please forgive me the trouble I am giving you.

Thanking you.

Yours Obediently,
M.V. Rama Rao,
EA /7573 Madras Govt. Aeronautical
Engg.

ADVANCED STUDIES OVERSEAS IN RESPECT OF MR.
M.V. RAMA RAO, MADRAS GOVERNMENT 1946/47
SPONSORED SCHOLAR.

Sir,

In continuation of this Ministry endorsement of even number dated 8th September, 1948 on the above subject, I am directed to forward herewith an extract of letter No. E.A.7593, dated 10th September, 1948 together with a copy of an application for extension from Mr. Rama Rao from the High Commissioner for India in London to this Ministry.

From the extension application of Mr. Rama Rao, the Provincial Governments will observe that he has asked for an extension upto 30th April, 1949 in the period of his scholarship to complete the training which he is undergoing now with the Aviation Works National Corporation, Czechoslovakia.

The High Commissioner for India in London and the scholar's supervisor have recommended the grant of the scholar's request.

The Government of India are inclined to agree to Mr. Rama Rao's request provided the Provincial Government also agree to extend his scholarship upto 30th April, 1949.

The Provincial Government may kindly consider the matter from the viewpoint of Mr. Rama Rao's employment on his return and communicate their decision in the matter to this Ministry telegraphically, as early as possible.

Yours faithfully,

Vikram Singh
for Secretary.

The main file has been sent to Dev on 21.9.48. His return may be awaited till 4.10.48, if necessary.

EXTRACT OF LETTER NO.E.A.7593 DATED 10TH SEPTEMBER, 1948
FROM THE HIGH COMMISSIONER FOR INDIA IN LONDON TO THIS MINISTRY.

9
6

The Aviation Works National Corporation, Czechoslovakia have recommended his application, and have indicated their willingness to extend to him a thorough practical experience in the production and testing of their engines and propellers. Having regard to the statements made by the Firm, and also in view of the importance of practical training, this Office unhesitatingly recommends Mr. Rao's application for extension.

OVERSEAS SCHOLARSHIPS (CENTRAL/PROVINCIAL)
APPLICATION FOR EXTENSION OF PERIOD OF SCHOLARSHIP.
 (To be filled in triplicate)

N.B. This application must be made in time so as to reach the Government of India, Ministry of Education at least three months before the expiry of the sanctioned period of scholarships.

1. Name of the Scholar MUTHYALA VENKATA RAMA RAO
2. Sponsoring Government (with year of election in brackets) Madras 1946
3. Date of commencement of scholarship. (Date of arrival in U.K./U.S.A.) 8th Oct 1946
4. Date of normal termination of scholarship. 7th Oct 1948
5. Details of courses that are expected to be completed up to the date of normal termination of scholarship (Give full details and if space is insufficient, separate sheet may be attached.)

Institution or University attended.	Date of joining.	Date of leaving.	Subject with exact branch	Some details of the course	Degrees, diplomas or certificates if any obtained
(1)	(2)	(3)	(4)	(5)	(6)
Imperial College London (a) Academic courses.	Oct 1946	July '47	Internal Combustion engine, and gas turbines, & jet propulsion	Design and construction of power plants with special reference to aircraft	Diploma of the Imperial College. (Post grad.)
(b) Practical training.					
① Sept '47 - March '48	Airways Training Ltd, Aldermaston, Berks. Practical training in Aero engine maintenance.				
② March '48 - Oct '48.	Walter Aero engine Factory, Prague, Czechoslovakia. Practical experience in Aero Design, production and testing of aero engines & Propellers.				

6. Final date upto which extension is required. 30th April 1949.

7. Reasons why extension is considered essential To complete my training as per programme enclosed. Flight and brake testing experience not yet complete. Walter engines are expected to be installed on Hindustan Trainer Mark II. Probability of erecting engine manufacturing plant in India, and the probability of buying Walter licence.

- 12
8. Details of the work to be done during the period of extension.
(give full details).

Institution or University to be attended.	Duration ----- From To	Subject with exact branch	Details of the course to be followed.	Degrees, diplomas or certificates if any obtained.

(a) Academic
courses.

(b) Practical training. As per training programme enclosed.
Flight and brake testing of aircraft engines and
propellers at the Walter Aero Engine works, Prague,
Czechoslovakia.

- 8a. Will you be paid by the Institution, Factory, etc.
in which you will work?.....
If 'Yes' then at what rate?.....

Signature of the Scholar M. S. Sundaram

9. Recommendations of the Professor,
or other University authority
supervising the work of the scholar.
Separate recommendation enclosed from the Technical
Director of Walter, with endorsement by the General
Management of Czechoslovak Metal Industries.
10. Recommendations of the
Educational Liaison Officer.

LETECKÉ ZAVODY,
AVIATION WORKS,
NATIONAL CORPORATION,
PRAHA XVII-JINONICE 329 - CZECHOSLOVAKIA.

Mr. M. S. SUNDARAM,
Secretary,
Education Department,
India House,
Aldwych, W.C.2
LONDON.

Dear Sir,

We recommend the extension of the training period of
Mr. M.V. Rama Rao in this country because we have prepared for him
a possibility to study thoroughly the production and testing of
our engines and propellers.

We think that the extension of 6 months will allow him
to go more deeply into the details of all these questions and
improve the final result of his study in our industry.

Yours faithfully,

AVIATION WORKS,
National Corporation
Production of Aero Engines and
Propellers.
Sd/-.

We endorse the above recommendation and shall appreciate very
much if Mr. Rama Rao's application for extension of his training
period receives your favourable consideration.

Letter / Ref no 62040 C₂/48 - 5th Edn 28.11.48

To
The Secy to the Govt
Ministry of Edn
New Delhi. 3.

Sir,

Ref your F. 7-8/5.22/46. S. II
224.9.48 regarding Sri M. V.
Rama Rao, 1946 Scholar.

Sri M. V. Rama Rao was
selected by the Govt for advanced
studies in "Aeronautical Engg - Ground
Engg" with the intention to allocate him
in Industries (Govt or private enterprise)
on return. The D J & C, Madras, has
reported that he will not be able to
allocate him in his Dept. This Govt
do not consider that it will be possible
for them to find him a suitable employ-
ment under them within three months of
the date of his return to India. The
scholar appears to be making good
progress in his training with the
Aviation Leasing Corporation,
Czechoslovakia and it would be desirable
to have his services properly utilised
in a Dept. in which he has acquired
special knowledge. I am directed to
request whether, in the circumstances, the
Govt of India will be so good as to
grant him the necessary extension at their
cost and utilise his services under them
on his return. If this is not acceptable

16 2
I am directed to state that the
Govt agree to extension of the scholarship
upto 30-4-49 at scholars cost.

22
University, College or Works Report on the work of the Scholar during the period under review:—

Ing. M. V. Ramrao has been working in our works since April 1948, and we expect him to continue with us till the end of April 1949.

April to October he worked in the aero-engine design and drawing offices in close contact with the Production Dept. and workshops gaining experience in series production.

Since October 48, he has been attached to the Testing Dept. where he had training in testing of aero-engines, propellers and engine accessories and components. He had also training in auto and Diesel engine testing.

During his stay with us, he also visited various other aircraft factories and airfields, where he had an opportunity to learn about the Flight Testing of Aero-engines and propellers.

During his stay with us, his progress was good and as he gains more and more experience, we expect him to be a successful engineer. We hope that the knowledge he gained while with us will be of some use to him and his country in the future.

30464
Subject:— Advanced studies overseas in respect of Mr.M.V.Rama Rao,
1946-47 Madras Govt. Sponsored Scholar.

Sir,

p 19 aut -
p. 27 infra -
I am directed to refer to this Ministry's letter of even No. dated 9th March 1949 on the above subject and to forward herewith a copy of letter dated 9th March 1949 from Mr.M.V.Rama Rao which has been received in this Ministry from the Indian Embassy in Prague. It will be observed that the scholar asks for permission to remain abroad for a period of about 5 years to enable him to gain the maximum experience in his line.

2) While it is no doubt true that there are no immediate prospects of a post for the scholar, the Govt. of India consider that one of the main purposes of the Overseas Scholarship Scheme, i.e. to increase the available supply of technical personnel for the country as a whole would be defeated if Scholars are permitted to remain abroad for such long period. Moreover, there is also the question of such scholars getting remittances from India which would involve expenditure of foreign exchange which, as the Provincial Government are aware, is not always desirable. All things considered, however, the Govt of India are prepared to allow the scholar to spend a maximum period of one year abroad beyond April 1949 on the following conditions:—

- A
- (a) that he continues to maintain himself during that period.,
 - (b) that he will continue to remain under the terms of the Bond and will have to return to India at any time within the one year period if his services are required by the Provincial Government or the Central Government.

24

25
14

- 2 -

I am to invite the views of the Provincial Government on the proposal and to request that their decision be communicated to this Ministry at a very early date.

3. I am to add that it is proposed to ask the High Commissioner for India in London to arrange that the Scholar should submit a programme of the work ~~he~~ proposes to undertake during the period of one year so that an indication will be available as to what he will actually do and achieve at the end of it.

Yours faithfully,

Vikram Singh
(Vikram Singh)
for Secretary.
pet

26

Copy of letter dated the 9th March, 1949, from Mr. Ing. M.V. Rama Rao, Praha XVII-Jinonice, Letecké Zavody, N.P. to the First Secretary, The Embassy of India, Praha II, Stepanska Hotel Alcron.

27

Ref: My talk with His Excellency on the 22nd of February, 1949.

I am a Government of Madras scholar, working in Czechoslovakia for practical experience. My scholarship expired on the 7th of October, 1948, but permission was granted to me to continue my stay here till the end of April, 1949, at my own expense. Now that the time has come for my return to India, I have been making a few enquiries regarding my future employment. The replies do not indicate much chance of the Government of Madras utilising my services as at least one other student of Aeronautics has been released by the same Government from the bond, since they could not use him. In such a case I would rather not return to India at present and should like to have an opportunity to stay in Europe or go to America for a few more years and enlarge my experience.

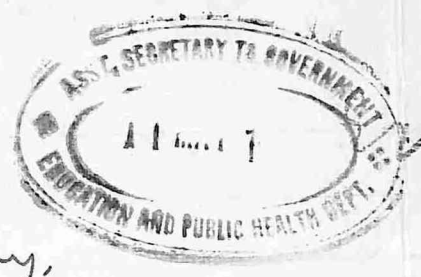

So, please Sir, could you find out from the Government of Madras if they have any work waiting for me, and if not, whether they would consider postponing the endorsement of my bond for ~~another~~ another period of five years, during which, I can utilise my time in gaining more experience. Meanwhile, in case India were to require ~~my services~~ my services at any time, I am prepared to give up everything and return home at once. I should be very grateful if you could secure the necessary answers at the earliest.

Copy of letter dated the 9th March 1949, from Mr. J. V. Rama Rao, P.W.D. Officer, Jodhpur, to the First Secretary, The Ministry of India, P.W.D. Department, New Delhi.

Ref: My talk with Mr. J. V. Rama Rao on the 22nd of February, 1949.

I am a Government of Madras scholar working in Czechoslovakia for practical experience in aircraft design. I was selected for this purpose in 1946, but my stay was extended to the 7th of October, 1947, and then to the 7th of October, 1948, at my own expense. Now that the time has come for my return to India, I have been waiting for a few months regarding my future employment. The Ministry of India has been asked to consider the Government of Madras's request for a scholarship for one other student of aeronautical engineering, who could not be sent by the Government from the fact that they could not use him. In such a case I would like to have an opportunity to study at present and about 1949. I have been waiting for a few months and waiting for my experience.

So, please Sir, could you find out from the Government of India if they have any work waiting for me, and if not, whether they would consider postponing the endorsement of my bond for another period of five years, during which I can utilize my time in gaining more experience. I would like to continue my service in the U.K. and Europe. I am prepared to give up everything and return home at once. I should be very grateful if you could secure the necessary clearance at the earliest.

36160 Subject :- Advanced Studies overseas - report of
arrival in India.
Ref :- E.A. 7593 - Aeronautical Ground Engg - 1946

Sir,
I am a Scholar Sponsored by the Madras Govt.
for advanced training in aeronautical Engg in
U.K and Europe. I was selected in 1946 and
sent to U.K in Sept. 46.

I herewith report my arrival in India after
Completing a year's post graduate study in the
design of aircraft powerplants and twenty months
of experience in design and testing of aero engines
in the U.K and Czechoslovakia.

Please take the necessary action to explore the
possibilities of utilising my services and inform of
me of the same at the address given above,

Thanking you,

I remain yours Obediently

SUBJECT: RETURN TO INDIA FROM ABROAD OF MR. M.V. RAMA RAO -
MADRAS GOVERNMENT 1946-47 SPONSORED SCHOLAR.

Sir,

Not put up
in the Dev.

I am directed to refer to correspondence ending with
this Ministry letter of even number dated the 19th April 1949 regarding
the above scholar and to state that the High Commissioner for India,
London has since informed this Ministry that Mr. M.V. Rama Rao left
the United Kingdom for India by air on the 3rd May 1949. I am to
request you kindly to inform this Ministry of the date of his arrival
in India.

As regards his employment, I am to suggest that while
Government of India continue to explore the possibilities of his
employment, the Provincial Government may also kindly approach other
Provincial Governments to see whether any of them are in a position
to utilize his services. It is hoped that the Provincial Government
will have no objection to take action on this suggestion.

E PH (E2)

The main file has been
sent to Dev. to consider the question
of the employment of Mr. M.V. Rama Rao.
The date of his arrival in India
has been intimated to the Govt. of India.

Yours faithfully
Vikram Singh
(VIKRAM SINGH)
for SECRETARY

(KARAR) 24/5.

As to the suggestion of the Govt. of India to consult other Govt.
Govts. for the employment of the scholar, action may be taken
on receipt of the remarks of Dev. in the matter. This may be
over till the return of the main file from Dev. or till 15.6.49

C. No 62048 S/L

KPH
C2
Advanced Studies Course - 1946-'7
Sri M. V. Rama Rao - Extension.

125 CF

From the Secy, Ministry of Edu.
No. F. 7-6 / S. 22 / 46. S. 11 of 14.8.45 & 8.9.45

Sri M. V. Rama Rao is a scholar selected in 1946-'7 for advanced studies in the U.K. in Aeronautical Engg - Ground Engg & 2nd year & entered upon his absorption in Industries on return & his relationship was commenced in October 1946. After finishing his D.I. (Diploma in Imperial College) he had a month's training in engine maintenance & he went to Czechoslovakia in March 1947 and took up work with the Walter Aero Engine Factory in the Design and Drawing Dept. & subsequently considered that it would be beneficial for him to spend a period of a complete study concerning the manufacture of engines. He therefore requests that his relationship may be extended for 6 or 12 months from October 1948.

It also requests that if it not possible to grant extension he may be permitted to stay on at his own cost.

In the foregoing remarks the Secy has referred to the request & pending the recommendations of the High Commr which have been called

has to explore possibilities of his employment in the other Deptts of his Govt or in Gov of India. The Candidate's subject of study is Aeronautical Engg - Ground Engg and he is at present undergoing training in an Aero Engine factory at Czechoslovakia. P.W.D may not be able to absorb him. Edn also seems to be in the same position. Recently there was an application from a private Indian Student in the U.S.A for financial assistance to enable him to undergo practical training in any of the Aeronautical Engg forms in the U.S.A. The question is under consideration whether a scholarship may not be given to him with a view to securing his services for employment in the Vizagapatam Engg College when the Aeronautical Section is started. The concerned file has been circulated to H.M (Fin) and H.Pr on 23.7.48 and has not been received back. In that connection the D.P.I has stated that it would be some years before the Aeronautical Section in the Vizag College began to function (not earlier than 1950) and therefore he did not favour giving any assistance

to that Candidate. In the present case Sri Rama Rao may be suitable for the Aeronautical Section in the Engg College when it is started. but as it will not be functioning whether the scholar returns to India after completion of studies this Govt may not be able to utilise his services in view of the fact that if within 3 months of his return he is not offered a suitable job he is to be released from the bond if he asks for such release. It is therefore for orders whether the suggestion of the Dev Deptt at 'A' on p 3 ante may be accepted.

Spl as Crd
want a telegraph
reply in this case.

(Previously seen in Devt. at pp.2-3 above.)
Further notes of E. & P.H. at pp.3-5 above and the
minutes of H.M.(Edn.) and H.Pr. at pp.5-6 above may be perused.
With reference to the H.Pr.'s query at 'M'/p.6 above it is
submitted that in 1945 the D.I. & C. proposed 39 subjects for
award of overseas scholarships in the year 1946-47, ~~and~~. The
subject Aeronautical Engineering-ground Engineering is one of
the subjects proposed by the D.I. & C. In selecting the subjects
the Director ~~did~~ did not take into consideration the question
as to how the ~~specialised~~ specialised knowledge of the
Scholars trained in the subjects could be utilised on their
~~return~~ ^{and how the scholars could be employed} after completing the training abroad. The D.I. & C. merely
chose the subjects estimating the industrial requirements of
the province on the whole on a general basis, anticipating
that the specialised knowledge ~~acquired~~ ^{acquired} by them ^(scholars) would be useful
~~in the province~~ both to the Govt. and to the private Industria-
lists. ~~as a whole~~

In the circumstances, it is submitted that the
question whether or not there are facilities to appoint the
scholar in question ^{under the Govt. after his return from overseas training} was not taken into consideration before
he was sent to foreign countries for training.

When we have no facilities to appoint
them it was wrong to have spent so much
on this scholarships. Explanation of the
Officer who sent up proposals should be
obtained. In future this kind of
things should not be allowed

C.P.R.
24/10

To AS

With reference to the orders of the H.P. on p 7 above, it is submitted that the proposals for the award of overseas scholarship for 1946-47 were submitted by Mr A Khaleeli, JCS, who was then the DICE Madras. It is understood that his services are now placed at the disposal of the Government of Pakistan. It is for consideration whether the Govt of India will be requested to address the High Commissioner for India in Pakistan to obtain the explanation of Mr Khaleeli.

It may be stated in this connection that when these scholarships were instituted, there were very ambitious schemes of Post War Development. The subjects chosen for study were apparently on the expectation that great schemes will be put thro'. The position now is different and it is inevitable that some of the returning scholars cannot be fitted into any pre-arranged plan.

Further, although the responsibility of sending up proposals is that of the departmental officer, the responsibility of accepting it is that of the Govt.

CPG J.S.
29.10.48

I cannot help saying that scholars were badly chosen that no attempt was made to find them courses that would be of use to us in the post war development schemes. In fact we chose at least one non-Radassi (this train) who has yet to start a profitable

vide p 714
informally ascertained in Pub

9.11.48

109792DI/48 27 95

Course ahead. We had no clear conception of what we were doing & as pointed out by AS, hoped that many would find place in new industries which have not yet been developed. These jobs have already been brought to notice of the Govt (and) but we could not do anything as the scholars had gone abroad. We are not selecting any more candidates now.

We have been looking for a way out of this with heavy cost in rapidly education of the Province. The whole thing seems to have been some in hand and in future we have to have a lot of absorption in industry. I have discussed the matter with the Govt. of India and the Govt. of Pakistan. 1/11/48

17/2/49

p. 23-27 CF C.No. 30464/49. From the Govt. of India No. F. 7. 8/S. 22/46 S₂ 19/4/49

Sri M.V. Rama Rao, is a scholar selected in 46-47 for advanced studies abroad. His scholarship commenced in Oct. 1946. After finishing his studies in p. 3 C ~~the~~ at the Imperial college, he proceeded to the Czechoslovakia in March '48 ~~for~~ to undergo training in engine maintenance. His scholarship ended in ~~the~~ Oct '48. At his request, he was permitted to stay in Czechoslovakia to pursue his studies ~~for~~ till April '49 at his own cost.

2. The scholar now requests that he may be allowed to stay abroad for five more years in order to gain much experience in his line. Govt. of India are not agreeable to this. It may be mentioned here, that the main reason for ~~the~~ permitting ^{him} to stay abroad for 6 months after the completion of his scholarship, ~~in~~ the first instance, was that there was no suitable post ^{to be} given ^{to} him either under the Govt. or Govt. of India ~~at that time~~. It may be observed that the position is the same ^{even} now.

In these circumstances this Govt. may agree with the Govt. of India to allow the scholar to stay for one more year at his own cost ^{abroad} ~~and under the~~ conditions laid down by Govt. of India ^{in para 2.1} of their letter at p. 23 CF. A draft letter is submitted below for approval.

2. Dev. may see before issue.
