SPECIAL

No. 0007/2/36/49 Dated 23 September 1949.

Subject:- ANNUAL CAMP - NCC.

It is proposed to have the Annual Camp of the RIE., cadets at Bangalore during December 49. The time has been agreed to as being suitable by the Principal, College of Engineering, Guindy and the place of camp is also agreeable to the Directorate, National Cadet Corps, if you have not got any objection for the same.

I have worked out carefully at the approximate expenditure we are likely to incur, if the camp is held at Bangalore and also the expenditure we will have to incur if the camp is held in the suburbs of Madras.

I have selected Bangalore for the following reasons:-

1. This unit is affiliated to QVO., Madras S & M. Bangalore and hence maximum amount of co-operation and help for running the Annual Camp can be expected from the Commandant.

2. Training stores for Technical subjects as Field works and Bridging are not available for the use of the cadets, if the camp is held in the suburbs of Madras. Since the students have to take their certificate 'B' Examination in these subjects it is very essential that practical training in these subjects is imparted to them.

All the training stores that are needed for the camp and the abovementioned can easily be got on loan from Madras S & M. Bangalore, and hence transshipment of the stores etc, from here to the place of the camp can be minimised to the lowest extent, if not can be abolished altogether.

3. Extra regular RIE., army personnel that are essential for the purposes of supervision of cadets during training are readily available with the Madras S & M., Bangalore.

4. Accommodation, transport on hire, water charges, lighting charges, Medical attention etc, can, not only be arranged easily but also be got at comparatively cheaper-cost on arrangements with Commandant, Sapper & Minors.

5. Technical training suitable for the R.I.E., taking into consideration, the subjects under instruction for certificate 'B' cannot be got any where else.

6. Training can be realistic and the money for the Annual Camp worthy spent.

I attach herewith the detailed expenditure for the Annual Camp. As mentioned already, I have worked out the details of expenditure very carefully and the amount of expenditure will not be exceeded. For economical purposes, I have omitted the N.C.O. cadre and I am desirous of running only the Annual Camp and hence I presume that the total expenditure worked out by me is not much, taking into consideration, the abovementioned facts.

After approval from you since other preliminary arrangements with regard rations, camp site, etc, etc, are to be made, I request that an early reply may please be sent and that in view of the abovementioned reasons my suggestion to the holding of the Annual Camp at Bangalore may please be approved.
