(G.O. Docket) Restoration to the original size.

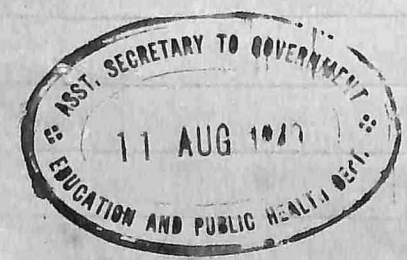

p. 15 of ①

In G.O. 400 Edm dated 15-3-43, it
was ordered that in view of the shortage of paper, the
back of the Secretariat Form II-27 (G.O. Docket) should
be cut out to an extent of slightly more than $4\frac{1}{2}$ "
so that the butt that would be left over the back
sheet might be about 3 to 4 inches wide. L.A.
now request that the form in question may be
restored to its original size as by the use of the
dockets in their reduced sizes the cut sheets (viz) drafts
or notes become spoilt and torn.

p. 1 of ②

2 The paper position has not yet
improved and there is still great need for economising
the use of paper. In view of this ~~above~~ circumstances
it is for consideration whether the proposal for restoring
the original size of the Secretariat Form II-27 may
be postponed till the paper position improves substantially.
