Schools—Secondary schools under local bodies—Service of teachers prior to 1st November 1934—Taking into account for purposes of advance increments in the revised scales of pay—Orders passed.

READ—the following paper :—

From the Special Officer, District Board, Mathurai, dated the 5th January 1949, Ref. No. E-16. 19924/47.

Order—No. 315, Education, dated 7th February 1949.

According to the orders issued in G.O. Nos. 2756, Education, dated the 27th December 1947 and No. 289, Education, dated the 13th February 1948, in regard to the grant of advance increments to the teachers in secondary schools under local bodies, "service in the existing scale of pay" in relation to any post, means service in such post up to and inclusive of the 31st December 1946 but exclusive of (i) temporary appointment or promotion and (ii) service which has not been, or may not be counted for increments in any scale of pay applicable to the post at the time. The question has now

been raised whether the service put in by teachers before 1st November 1934, the date on which the previous revision of scales of pay for teachers in secondary schools under local bodies came into force, may be counted for purposes of advance increments in the revised scales of pay sanctioned from 1st January 1947 or later. The Government have considered the question and they direct that the service prior to 1st November 1934 may be counted for the purpose, if it was in the same grade or category on a time-scale of pay. Service on fixed pay will not count for increments.

Ref. No.E.16.No.19924/47 dated 5/1/49 194

Sir,

Sub: Education - Secondary - Establishment -
Granting of 4 advance of increments to
teachers in Secondary schools who have
put in a service of 16 years and more
specific in the existing scale of pay
Orders - requested.

Ref: G.O.No.Ms.No.2756-Education dated 27/12/47.

In G.O. M.S.No.2756 Education dated 27/12/47 the number of advance increments is fixed with reference to service in the existing scale. The existing scale has been taken to mean the scale which obtained on 31/12/46, that is the day preceeding 1/1/47, from which the general revision was ordered. This existing scale became operative from ~~1/1/34~~ 1/11/34, the date from which the previous general revision ordered in G.O.No.4619 L & M. dated 20/10/34 took effect. The service in this scale on 1/1/47 was just one month more than 12 years but less than 16 years by 3 years ~~and~~ and 11 months.

The note at the foot of G.O. M.S.2756, dated 27/12/47 seeks to define service in the existing scale of pay. It is not therefore free from doubt whether service prior to the General revision of 1934 will count for purpose of advance increments.

I therefore request that Government may be pleased to issue orders if service put in by the teachers prior to the General revision of 1934 may also be taken into account for sanctioning of advance increments.
