R.C.No.712 K2/49

Office of  
Director of Public Instruction  
Madras, dated, 13th Sep. 1949.

20 SEP 1949

From The Director of Public Instruction  
Madras.

To The Secretary to Government  
Education and Public Health Department  
Fort St. George, Madras.

Sir,

Subject:- COLLEGES -- Presidency College, Madras --  
Employment of an additional Assistant  
Professor of Mathematics.

72502

\*\*\*\*

The staff sanctioned for the Mathematics Department in the Presidency College, Madras, consists of 2 Professors in the Madras Educational Service and 5 Assistant Professors. With the removal of the Intermediate classes, the College is solely confined to Pass and Honours Degree Courses from the current academic year. The Principal, Presidency College, has made a representation that the existing staff is barely sufficient for the Mathematics Department and that the assistance of an additional member is required to facilitate individual attention, particularly in the Honours Classes. Under the regulations of the University the maximum hours of lecturing work for Professors in charge of Honours Classes is 10 hours a week and in the case of Assistant Professors 14 hours a week. The two Professors in the College, handling only the Honours Classes have 10 and 11 hours of teaching work. There is now 52 periods of work in the Honours Classes alone of which 31 periods of work is done by the Assistant Professors. Including Honours teaching, the 5 Assistant Professors are having 13 to 14 hours of teaching work each per week. This excludes the tutorial work done in the Department. In connection with the examination as to the reasons for the large number of failures in the last Mathematics Honours Examination, the Principal has suggested that the students should be given tutorial assistance of 4 hours a week in each of the three years. This is possible only if there is an additional member on the staff. I may also point out that considering the intensive preparation required for honours classes, the maximum limit of 14 hours of work per week should not be rigidly applied to in the case of the Assistant Professors in the Presidency College, who are engaged in teaching also. As the department badly needs facilities for individual attention and efficient teaching, I recommend employment of an additional Assistant Professor in Mathematics in the College from the current academic year.

Yours faithfully

A

Finance (E.H.)

The letter from the D.P. 9 in the C.F. and the draft order overleaf may be perused. The proposal for the employment of an addl Asst. Professor of Mathematics in the Presidency College Madras, involves an extra cost of Rs 3,200/- yearly p.a.

In the circumstances explained by the D.P. 9 at 'A' on p.C.F., Finance may agree to the proposal. The addl post may however be sanctioned temporarily for a period of one year in the first instance. As the extra cost exceeds Rs 3000/- p.a. E.H. may be requested to circulate the case to HM (Fin) before the issue order.

2. Subject to the above remarks, and the amendment indicated in pencil, the draft order overleaf may be accepted.
