Enclosures :

No. Rc. 1455 G2/47 dated 5th May 1948.

Sir,

Sub:--Grants--Colleges under Local Bodies--Salem
Municipal College.

Ref:--Telephonic Message dated 3.5.48 from Government.

The Municipal College, Salem, was paid both building and equipment grants. Regarding building grants, it is submitted that the college was originally sanctioned a subsidy of Rs. 1,22,000/- towards the construction of new buildings and acquisition of sites in G.O. No. 122 L.E. dated 27.1.25 but subsequently the subsidy for the building for the college department was reduced to Rs. 85,650/- in G.O. No. 280 L.E. dated 20.2.33 and to Rs. 78,277/- in G.O. No. Ms. 866 IE dated 1.5.35.

As regards equipment grant, attention is invited to G.Os Nos. 1039 Edn. dated 25.5.46 and 1010 Edn. dated 14.5.47 wherein Government sanctioned subsidy of Rs. 2986/- and 3231/- for the year 46-47 and 47-48 respectively for the Intermediate classes of the college.

NOTE FOR THE CABINET.

Sub:- Grants - Colleges under local bodies -
Policy - Revision of.

The Retrenchment and Re-organisation Committee has
made the following recommendation:--

"GRANTS TO NON-GOVERNMENT COLLEGES - LOCAL BODIES -
The Committee is not in favour of local bodies under-
taking the establishment and maintenance of colleges
and there is no justification for the Government
giving grants to such of the local bodies as want to
spend their revenue for maintaining a college in pre-
ference to other necessary activities, which they are
expected to undertake.

The other provisions in relation to Education Grants
do not seem to require any revision".

On the 2. On the other hand, the Syndicate of the Andhra Univer-
sity has ^{passed a} resolved impressing on the Government the desirability
of a change in their existing policy in respect of collegiate
education. The Registrar, Andhra University, while forwarding
the Syndicate's views to Government, has observed that the
pressure of admissions to ~~existing~~ colleges is vastly increas-
ing, that it is desirable that each district should have at
least one college and that it is best that these colleges are
organised and administered by statutory bodies rather than by
private agencies. In the opinion of the Andhra University
authorities, there is no reason why district boards and Muni-
cipalities should be excluded from this field of educational
activity. ^{The Registrar} ~~therefore~~ ^{on} urges the Govt. to adopt a liberal
policy in regard to collegiate education and to permit and even
encourage local bodies, their financial resources permitting,
to start new colleges aiding them with grants in the same way
as they help and support private managements.

3. There are thus now two conflicting recommendations, on
this

this subject. The past and present policy of Government in regard to Government grants, ~~xxxxxxx~~ ^{to Non-Govt. Colleges} in general, is briefly indicated below:--

The grants payable to Non-Government Colleges (Private and local bodies) are

- (1) Building grants,
- (2) Equipment Grants and
- (3) Teaching Grants.

(1) Building Grants - Till 1941, Government were giving grants not exceeding one-half of the cost towards the acquisition of sites and construction of buildings for Non-Government colleges, that is, those managed by private bodies or local authorities. With a view to conserving all available funds for elementary education, the Govt. decided in December, 1941, that no building grant should thereafter be given to any college or school for boys (elementary schools excepted) unless a special case was made out showing that a grant was essential to the institution. This order applies to all colleges under Non-Government management, i.e. private and local bodies. In July 1945, Govt. laid down their policy in respect of collegiate education and according to that policy, no encouragement to the starting of institutions for University education for boys other than professional or technical institutions, would be given by Government, except where special circumstances like the interests of backward areas or backward communities existed. Hence Arts Colleges for men, opened ~~by~~ either by private managements or by local bodies will not now be eligible for any building grants, unless they fall under any of the exceptions referred to above. The existing colleges, will, however, be eligible ^{for} to a building grant not exceeding half the cost, subject to a maximum grant of Rs.75,000/- in the case of first grade colleges, and Rs.50,000/- in the case of second grade colleges.

(2) Equipment Grants. Half grants towards the cost of equipment

equipment for Arts colleges for men were being allowed by Govt. previously. Subsidies have also been paid towards the purchase of equipment for the Intermediate Classes of the Municipal College, Salem. According to the present policy of Govt., in regard to collegiate education referred to above, newly opened Arts Colleges for men - under non-Govt. managements - will be ineligible for equipment grants, but ~~already~~ existing aided colleges will get an equipment grant of ~~Rs~~ half of the cost, up to a limit of Rs. 10,000/-.

Teaching Grant (Maintenance Grant) - The Government's decision not to give any special help or encouragement towards the establishment of new Arts Colleges for men applies only to the payment of non-recurring grants for buildings and equipment.

[The question of lifting this ban ^(on non-recurring grants) is separately under consideration.] Newly opened private aided colleges are admitted to aid for teaching grant after considering the proposal in each case ~~xxxx~~ as a Part II Scheme. Arts Colleges for men newly opened by local bodies will not be eligible for teaching grants also.

4 The policy of Govt. is not to permit local bodies to incur expenditure from their funds on the opening and maintenance of Arts Colleges (i.e. colleges which are not professional or technical institutions) except in cases where special circumstances like the interest of backward areas or ~~xxx~~ backward communities warrant the opening of such institutions. The opening and maintenance of colleges is not one of the authorised items of expenditure by local bodies. The Govt. do not therefore give any ~~xxxx~~ assistance by way of subsidies in respect of institutions newly opened, unless they come under the exceptions cited above. Hence, the colleges under local bodies are not eligible for any of the three grants - building, equipment or teaching.

There were three Municipal colleges prior to 1947 (viz. the

the ~~Salem~~ Municipal College, Salem, the Lady Hope Municipal College, Guntur, and the C.R.Reddy College, Ellore). The Lady Hope Municipal College, Guntur, has ~~been~~ been taken over by Government ~~and its management~~ during 1947-48. The Lady Hope Municipal College, ~~and~~ Guntur, and the C.R.Reddy College, Ellore, have not been paid any subsidy i.e. teaching grant towards their maintenance. It is understood that the last named College has passed under the management of a private body from July 1947.

The Salem Municipal College is however an exception to the above rule ^{in respect of sub. grants to local bodies' colleges.} This college was once a Government institution. It was transferred to the Municipal management in 1885.

~~No~~ No distinction was then made between secondary schools and second grade colleges for purposes of Government aid ^{and} ~~and~~ ^{of the Salem College} The college and the school departments were for a long time treated as a single unit and the Municipal council, Salem, was receiving a recurring Govt. subsidy of varying amounts towards the maintenance of the College. In 1930, Govt. subsidies to local bodies ~~was~~ towards the cost of secondary education were stabilised; the amounts which local ^{bodies} received in 1929-30 with a 5 per cent addition were termed "Fixed ~~unalterable~~ subsidies". In this general revision, the fixed subsidy to the Salem Municipal council towards the maintenance of the college and the school departments ~~was~~ together ^{was} fixed at Rs. 8050/- per annum. Since then, new buildings were constructed for the college Department, and the college and the school departments were separated and the division of the fixed subsidy was accepted ^{as shown below:}

School department	 Rs. 4430/-
College Department.	 " 3620/-

In 1944, on representations made by the Salem Municipal Council that the cost of maintenance of the college had increased much, the Government raised the subsidy for the college and school departments with effect from 1944-45 as follows:--

Subsidy

Subsidy for the college department - Rs. 5,000/-
Subsidy for the school department - " 4,450/-

The College has ~~been~~ raised ~~into~~ one of the First Grade there-
after; and though no additional subsidy has been granted by Government on account of the opening of the B.A. classes, the orders relating to the above subsidies stand.

5 Education and Public Health Department, after an exami-
nation of all aspects of the question, consider that the recom-
mendations of the Retrenchment and Re-organisation Committee
may be accepted. L.A. have expressed the view that Municipal
Councils and District Boards must concentrate on Elementary
Education and may be allowed to run high schools as they do now,
but that they should not undertake collegiate education except
under exceptional circumstances, such as, their strong financial
position, the absence of Govt. or private colleges in the town,
district etc. They however point out that the case of the
Salem Municipal College which has been getting a lump sum grant
towards maintenance is a special one and the Council should not
be deprived of it. On the legal question of whether local
bodies can run colleges, the Legal Department have held that
district boards and Panchayat boards are not authorised under
the Madras Local Boards Act, 1920, to open anything but secondary
and elementary schools, but that as the provisions of the ~~Act~~
~~Madras District Municipalities Act~~ are wider, there
is no legal bar to Municipal councils running colleges with the
Government's approval. Finance have observed that if ^{the} local
body spends its revenues on collegiate education, it may not
have sufficient ~~fund~~ funds to meet expenditure on other
necessary activities and may have to approach Government for
assistance, and that, thereby, extra expenditure to Government
will be the indirect result. In the opinion of the Finance
Department, the present is not the proper time for a change
in Government's policy in regard to grants to local bodies for
collegiate education. They agree, however, to make an exception
in favour of the Salem Municipal College, and to allow it the
grant

grant of Rs.5000/- which it has been getting for a number of years now.

7.6 H.M.'s have minuted as follows on the respective recommendations of the Andhra University and the Retrenchment and Re-organisation Committee, on the subject.

Minutes on the Andhra University's recommendation.

"A reply may be sent on the following lines.

The Government have found in practice that it is not advisable to allow local bodies to run colleges. The funds that the local bodies have is limited and that must be utilised for spreading elementary education primarily and after that on secondary education. It has also been found in practice that the running of colleges by local bodies has not contributed to efficiency in the maintenance of those institutions. Therefore the Govt. regret they are unable to revise their policy."

Sd.T.S.A(vinashilingam)
H.M.(Edn)
3-3-48"

"I think that it is high time that we changed our policy. There is no legal bar to Municipal councils running colleges with Government's approval. If the financial position of a Municipality is sound and if it will be possible for it to run a college, I don't think there is any reason why Govt. should not give its approval. The same holds good for District Boards also and they may also be allowed to open colleges, if they could afford the expenditure, on the same basis and conditions as they are allowing committees and individuals."

Sd.K.C(handra Mouli),
H.M.(L.A.)
5-3-48"

Minutes on the Recommendations of the Retrenchment and

Re-organisation Committee.

"It is not the policy of Govt. to allow local boards and Municipalities to run colleges. There is no bar at present but only we are not allowing them grants. There were two colleges run

6. The resolution of the Andhra University which calls for a revision of the present policy is that local bodies should be permitted and encouraged to open colleges and they may be aided with grants in the same way as private management are. With respect to this resolution it has been stated above that newly opened arts colleges are not at present eligible for Building or Equipment grants but only ^{for} teaching grants, in view of the ban imposed in 1945 on non-recurring grants to such colleges. Orders have however been passed in another file for the cancellation of this ban and the case is still in circulation. Only if orders issue lifting this ban eventually and if it is also decided that local bodies should be permitted to open colleges and should be granted financial aid, ~~will~~ ^{will they} become eligible to all grants (~~for~~ building, equipment and teaching). ^{Until and unless} orders issue removing the ban of 1945, any decision to permit local bodies to open colleges and to aid them will mean that they will be eligible only for the annual teaching grants.

run by municipalities - one at Salem and the other at Guntur.

Guntur College has been taken over by Government. If we are to refuse grants to the Salem Municipal College also, we must take it ^{over} also. That will mean much more cost than we are meeting to-day. And so, in the present circumstances, we may continue our help to the Salem College and continue also the ban on local boards and municipalities from ~~the~~ starting and maintaining colleges."

Sd.T.S.A(vinashilingam Chakravarti)
H.M.(Education)
27-7-48

"I still hold that the Govt. should not put a permanent ban on local bodies in running the colleges. Ordinarily, the local bodies will not take up running the colleges, but in some cases where financial position is sound and ~~whereas~~ when there is demand and when the Govt. is not forthcoming there is no alternative but to allow the local bodies to run colleges in the interest of the children of the rate payers. The matter may be placed before the Council of H.Ms."

Sd. K.Chandra Mouli),
H.M.(L.A),
3-8-48

"I agree with ~~H.M.(L.A)~~ H.M.(Edn)."

Sd.B.G(opala Reddy),
H.M.(Fin),
6.8.48.

Honourable the Premier has ~~when~~ ordered that the subject be placed before a meeting of the Cabinet.

7. Government's decision is requested on the following questions:--

(1) Whether the Retrenchment and Re-organisation Committee's recommendation that local bodies should not be allowed to run Colleges may be accepted and the present policy of Govt. under which no grants are given for local bodies' Colleges may be adhered to;

OR

Whether the Andhra University's recommendation that local bodies should be permitted and encouraged to run colleges, will be accepted and the policy of Govt. in respect of Govt.grants to local bodies' Colleges will be revised so as to make these Colleges eligible for the

such grants which are usually paid to private colleges;

And

and

(2) whether the lump sum subsidy of Rs. 5,000/- which is now paid to the Salem Municipal ~~Council for its College, may~~ ^{Council for its College, may} continue to be paid, ~~as a special case.~~ ^{in any case}

NOTE FOR THE CABINET

Sub:- Grants - Colleges under local bodies - Policy - Revision of

The Retrenchment and Re-organisation Committee has made the following recommendation:-

"GRANTS TO NON-GOVERNMENT COLLEGES - LOCAL BODIES -

The Committee is not in favour of local bodies undertaking the establishment and maintenance of colleges and there is no justification for the Government giving grants to such of the local bodies as want to spend their revenue for maintaining a college in preference to other necessary activities, which they are expected to undertake.

The other provisions in relation to Education Grants do not seem to require any revision."

2. On the other hand, the Syndicate of the Andhra University has passed a resolution impressing on the Government the desirability of a change in their existing policy in respect of collegiate education. The Registrar, Andhra University, while forwarding the Syndicate's views to Government, has observed that the pressure of admissions to colleges is vastly increasing, that it is desirable that each district should have at least one college and that it is best that these colleges are organised and administered by statutory bodies rather than by private agencies. In the opinion of the Andhra University authorities, there is no reason why district boards and municipalities should be excluded from this field of educational activity. The Registrar, therefore, urges on the Government to adopt a liberal policy in regard to collegiate education and to permit and even encourage local bodies their financial resources permitting, to start new colleges aiding them with grants in the same way as they help and support private managements.

3. There are thus now two conflicting recommendations on this subject. The past and present policy of Government in regard to Government grants to non-Government Colleges, in general, is briefly indicated below:-

The grants payable to Non-Government Colleges (Private and local bodies) are:-

- (1) Building grants
- (2) Equipment Grants and
- (3) Teaching Grants

(1) Building Grants - Till 1941, Government were giving grants not exceeding one-half of the cost towards the acquisition of sites and construction of buildings for Non-Government Colleges, that is those managed by private bodies or local authorities. With a view to conserving all available funds for elementary education, the Government decided in December, 1941, that no building grant should thereafter be giving to any college or school for boys (elementary schools excepted) unless a special case was made out showing that a grant was essential to the institution. This order applies to all colleges under non-Government management, i.e., private and local bodies. In July 1945, Government laid down their policy in respect of collegiate education and according to that policy, no encouragement to the starting of institutions for University education for boys other than professional or technical institutions, would be given by Government, except where

special circumstances like the interests of backward areas or backward communities existed. Hence Arts Colleges for men, opened either by private managements or by local bodies will not now be eligible for any building grants, unless they fall under any of the exceptions referred to above. The existing colleges, will, however, be eligible for a building grant not exceeding half the cost, subject to a maximum grant of Rs.75,000/- in the case of first grade colleges, and Rs.50,000 in the case of second grade colleges.

(2) Equipment Grants:- Half grants towards the cost of equipment for Arts Colleges for men were being allowed by Government previously. Subsidies have also been paid towards the purchase of equipment for the Intermediate Classes of the Municipal College, Salem. According to the present policy of Government, in regard to collegiate education referred to above, newly opened Arts Colleges for men - under non-Government managements - will be ineligible for equipment grants, but existing aided colleges will get an equipment grant of half of the cost, up to a limit of Rs.10,000/-

The Government's decision not to give any special help or encouragement towards the establishment of new Arts Colleges for men applies only to the payment of non-recurring grants for buildings and equipment. The question of lifting this ban (on non-recurring grants) is separately under consideration.

(3) Teaching grants:- Newly opened private aided colleges are admitted to aid for teaching grant after considering the proposal in each case as a Part II Scheme. Arts Colleges for men newly opened by local bodies will not be eligible for teaching grants also.

4. The policy of Government is not to permit local bodies to incur expenditure from their funds on the opening and maintenance of Arts Colleges (i.e. colleges which are not professional or technical institutions) except in cases where special circumstances like the interest of backward areas or backward communities warrant the opening of such institutions. The opening and maintenance of colleges is not one of the authorised items of expenditure by local bodies. The Government do not therefore give any assistance by way of subsidies in respect of institutions newly opened, unless they come under the exceptions cited above. Hence, the colleges under local bodies are not eligible for any of the three grants - building, equipment, or teaching.

There were three Municipal colleges prior to 1947 (viz. the Municipal College, Salem, the Lady Hope Municipal College, Guntur, and the C.R.Reddy College, Ellore). The Lady Hope Municipal College, Guntur, has been taken over by Government during 1947-48. The Lady Hope Municipal College, Guntur, and the C.R.Reddy College, Ellore, have not been paid any subsidy i.e. teaching grant towards their maintenance. It is understood that the last named college has passed under the management of a private body from July 1947.

The Salem Municipal College is however an exception to the above rule in respect of Government grants to local bodies' Colleges. This College was once a Government institution. It was transferred to Municipal management in 1885. No distinction is made between secondary schools and second grade colleges for purposes of Government aid. The College and the school departments of the Salem College were for a long time treated as a single unit and the Municipal Council, Salem, was receiving

a recurring Government subsidy of varying amounts towards the maintenance of the College. In 1930, Government subsidies to local bodies towards the cost of secondary education were stabilised; the amount which local bodies received in 1929-30 with a 5 per cent addition were termed "Fixed subsidies". In this general revision, the fixed subsidy to the Salem Municipal Council towards the maintenance of the college and the school departments together was fixed at Rs.8,050/- per annum. Since then, new buildings were constructed for the college Department, and the college and the school departments were separated and the division of the fixed subsidy was accepted as shown below:-

School Department	... Rs. 4,430
College Department	... Rs. 3,620

In 1944, on representations made by the Salem Municipal Council that the cost of maintenance of the College had increased much, the Government raised the subsidy for the college and ~~the~~ school departments with effect from 1944-45 as follows:-

Subsidy for the college department	- Rs.5,000
Subsidy for the school department	- Rs.4,450

The College has been raised ~~into~~ to one of the First Grade thereafter; and though no additional subsidy has been granted by Government on account of the opening of the B.A. classes, the orders relating to the above subsidies stand.

5. Education and Public Health Department consider that the recommendations of the Retrenchment and Reorganisation Committee may be accepted. L.A. have expressed the view that Municipal Councils and District Boards must concentrate on Elementary Education and may be allowed to run high schools as they do now, but that they should not undertake collegiate education except under exceptional circumstances, such as, their strong financial position, the absence of Government or private colleges in the town, district etc. They however point out that the case of the Salem Municipal College which has been getting a lump sum grant towards maintenance is a special one and the Council should not be deprived of it. On the legal question of whether local bodies can run colleges, the Legal Department have held that district boards and panchayat boards are not authorised under the Madras Local Boards Act, 1920, to open anything but secondary and elementary schools, but that as the provisions of the Madras District Municipalities Act are wider, there is no legal bar to municipal councils running colleges with the Government's approval. Finance have observed that if a local body spends its revenues on collegiate education, it may not have sufficient funds to meet expenditure on other necessary activities and may have to approach Government for assistance, and that, thereby, extra expenditure to Government will be the indirect result. In the opinion of the Finance Department, the present is not the proper time for a change in Government's policy in regard to grants to local bodies for collegiate education. They agree, however, to make an exception in favour of the Salem Municipal College, and to allow it the grant of Rs.5,000/- which it has been getting for a number of years now.

6. The resolution of the Andhra University which calls for a revision of the present policy is that local bodies should be permitted and encouraged to open colleges and they may be aided with grants in the same way as private managements are. With respect to this resolution it has been stated above that newly

opened arts colleges (unless they come under certain exceptions) are not at present eligible for Building or Equipment grants but only for teaching grants, in view of the ban imposed in 1945 on non-recurring grants to such colleges. Orders have however been passed in another file for the cancellation of this ban and the case is still in circulation. Only if orders issue lifting this ban eventually and if it is also decided that local bodies should be permitted to open colleges and should be granted financial aid, will they become eligible to all grants (building, equipment and teaching). Until and unless orders issue removing the ban of 1945, any decision to permit local bodies to open colleges and to aid them in the same way as private colleges will mean that they will be eligible only for the annual teaching grants unless of course orders are passed in this case itself saying they will be eligible for all grants.

7. Hon'ble Ministers have minuted as follows on the respective recommendations of the Andhra University and the Retrenchment and Reorganisation Committee, on the subject.

Minutes on the Andhra University's Recommendation:-

" A reply may be sent on the following lines.

The Government have found in practice that it is not advisable to allow local bodies to run colleges. The funds that the local bodies have is limited and that must be utilised for spreading elementary education primarily and after that on secondary education. It has also been found in practice that the running of colleges by local bodies has not contributed to efficiency in the maintenance of those institutions. Therefore the Government regret they are unable to revise their policy.

T.S.A(vinashilingam Chettiar)
3-3-48

" I think that it is high time that we changed our policy. There is no legal bar to Municipal Councils running colleges with Government's approval. If the financial position of a Municipality is sound and if it will be possible for it to run a college, I don't think there is any reason why Government should not give its approval. The same holds good for District Boards also and they may also be allowed to open colleges, if they could afford the expenditure on the same basis and conditions as they are allowing committees and individuals.

K.C(handra Mouli)
5-3-48.

Minutes on the Recommendations of the Retrenchment and Reorganization Committee:- "It is not the policy of Government to allow local boards and Municipalities to run colleges. There is no bar at present but only we are not allowing them grants. There were two colleges run by municipalities - one at Salem and the other at Guntur. Guntur College has been taken over by Government. If we are to refuse grants to the Salem Municipal College also, we must take it over also. That will mean much more cost than we are meeting to-day. And so, in the present circumstances, we may continue our help to the Salem College and continue also the ban on local boards and municipalities from ~~the~~ starting and maintaining colleges.

T.S.A(vinashilingam Chettiar)
27-7-48.

" I still hold that the Government should not put a permanent ban on local bodies in running the colleges. Ordinarily, the local bodies will not take up running the colleges, but in some cases where financial position is sound and when there is demand and when the Govt. is not forthcoming there is no alternative but to allow the local bodies to run colleges in the interest of the children of the rate payers. The matter may be placed before the Council of Honourable Ministers.

K.C(handra Mouli),
3-8-48

"I agree with the Hon'ble Minister for Education

B.G(opala Reddy),
6-8-48.

Hon'ble the Premier has ordered that the subject be placed before a meeting of the Cabinet.

8. Government's decision is requested on the following questions:-

(1) Whether the Retrenchment and Reorganisation Committee's recommendation that local bodies should not be allowed to run colleges may be accepted and the present policy of Government under which no grants are given for local bodies' colleges may be adhered to;

Or

whether the Andhra University's recommendation that local bodies should be permitted and encouraged to run colleges, will be accepted and the policy of Government in respect of Government grants to local bodies Colleges will be revised so as to make these colleges eligible for the grants which are usually paid to private colleges and if so, whether with reference to paragraph 6 in the note above, they should be eligible for all grants irrespective of the ban of 1945 or the grants, should be subject to that ban pending the issue of final orders on the question of removal of that ban; and

(2) whether the lump sum subsidy of Rs.5,000/- which is now paid to the Salem Municipal Council for its College, may in any case continue to be paid.

M.V.Subramanian
Secretary to Government.

of - Recommendation of Retrenchment & Re-organization
Committee.

.....

ORDER

It was decided that the existing position will continue and that the lump sum subsidy of Rs 5,000 which is now paid to the Salem Municipal ~~Salings~~ Council for its College may also continue.

O.P. RAMASWAMY REDDY.

[Signature]
E.P.H.

Grants - Colleges under local bodies - Policy - Revision
of - Recommendation of the Retrenchment and Reorganisati
Committee - Orders passed.

ORDER/MS. NO.

31913

dated

8²/₄₉

The Retrenchment and Reorganisation

Committee had made a recommendation to the effect that it was not in favour of local bodies undertaking the establishment and maintenance of colleges and that there was no justification for the Govt. to give grants to the local bodies which spend their revenues on the maintenance of a college in preference to the other necessary activities which they are expected to undertake.

2. The Syndicate of the Andhra University had, on the other hand, passed a resolution in October 1947, impressing upon the Govt. the desirability of a change in their existing policy in respect of collegiate education. In the opinion of the Andhra University authorities, it would be desirable for each district to have at least one college, these colleges being organised and maintained by District Boards and Municipalities, and it was necessary for Government to permit and encourage these bodies to start new colleges, aiding them with grants in the same way as they aid private managements.

3. The present policy of Govt. is not to permit local bodies to incur expenditure from their funds on the opening and maintenance of Arts Colleges (that is colleges which are not institutions offering instruction solely in professional or technical courses) except in cases where special circumstances like the interests of backward areas or backward communities warrant the opening of such institutions. The Govt. do not in view of this policy, give any grants to local bodies in respect of colleges newly opened by the local bodies unless they come under any of the exceptions mentioned above. In view of the recommendations of the

U.O. Note No. 2736/48-R-27, dated 23-2-48.

Subject:- Grants-in-aid to Local Bodies -- Recommendations
of the Retrenchment and Reorganization Committee.

14223
A copy of the recommendations of the Retrenchment and Reorganization Committee dated 18-2-48 relating to grants-in-aid to Local Bodies in respect of Secondary and University Education is sent herewith to E. & P. H. Department. That Department may be requested to communicate to this Department the orders of the Government on the recommendations of the Committee. They may also be requested to work out the financial effect of the recommendations of the Committee and of the final orders of the Government on the recommendations and communicate it to this Department in due course for incorporation in the Committee Report.

C.O. Coorey,
23-2-48.
Secretary, Retrenchment and
Reorganization Committee.

University Education:

A
GRANTS TO NON-GOVERNMENT COLLEGES: LOCAL BODIES: The Committee is not in favour of local bodies undertaking the establishment and maintenance of colleges and there is no justification for the Government giving grants to such of the local bodies as want to spend their revenue for maintaining a college, in preference to other necessary activities, which they are expected to undertake.

(The other provisions in relation to Education Grants do not seem to require any revision.)

Pto

GRANTS-in-aid to Local Bodies - Recommendations of the Retrenchment and Reorganisation Committee.

From the Director of Public Instruction, RC.No.1455.G2/47 dated 5th May 1948.

Please see the recommendation of the Retrenchment and Reorganisation Committee on p.1 ante. The grants payable to non-Government Colleges (Private, aided and local bodies) are -

- (1) Building Grant,
- (2) Equipment Grant, and
- (3) Teaching Grant (Maintenance Grant).

The policy of Government, past and present, in respect of these grants is as follows:

(1) Building Grant: Till 1941, Government were giving grants not exceeding one half of the cost towards the acquisition of sites and construction of buildings for ^{non-Govt} Colleges ~~not under Government management -~~ private, ~~aided~~ and local bodies. With a view to conserve all available funds for elementary education, the Government decided in December 1941, that no building grant should, in future, be given to any College or School for boys (elementary schools excepted) unless a special case was made out showing that a grant ^{was} ~~is~~ essential to the institution. This order applies to all Colleges not under Government management that is, private, ~~aided~~ and local bodies. In July 1945, Government laid down their policy in respect of Collegiate education and according to that policy, no special encouragement to the starting of institutions for University education for boys, other than professional or technical institutions, ^{will} ~~will~~ be given by Government except where special circumstances like the interest of backward areas or backward communities exist. Hence Arts Colleges for men both private, ~~aided~~ and local bodies which are newly opened will not be eligible for any building ^{or equipment} grant unless they fall under any of the exceptions referred to above.

A

(2) Equipment Grant: Half grants towards the cost of equipment for Arts Colleges for men were being allowed by Government previously. Subsidies have also been paid towards the purchase of equipment for the Intermediate Classes of the Municipal College, Salem. According to the present policy of Government in regard to collegiate education referred to ^{on page 3 ante} ~~above~~ newly opened Arts Colleges for men, both private, aided and local bodies, will be ineligible for equipment grants.

(3) Teaching Grant (Maintenance Grant): The Government's decision not to give any special help or encouragement towards the establishment of new Arts Colleges for men applies only to the payment of non-recurring grants for buildings and equipment. Newly opened private aided colleges are ~~as hitherto~~ admitted to aid for teaching grant after considering the proposal in each case as a Part II Scheme. Arts colleges for men newly opened by local bodies will not however be eligible for teaching grants also - vide Memorandum No. 53780.B1/46-1 Edn. dated 7th November 1946, in which Sir C.R.R. Municipal College, Ellore was informed that it ~~will~~ ^{would} not be eligible for any recurring or non-recurring subsidy, so long as it ^{was} ~~is~~ a municipal institution and that if the management of the college was entrusted to a private body the question of making a recurring teaching grant to the college as in the case of other aided colleges would be considered.

2. There were three Municipal Colleges prior to 1947 (viz. the Salem Municipal College, Salem, the Lady Hope Municipal College, Guntur, and the C.R.Reddy College, Ellore). The Lady Hope Municipal College, Guntur, has since been taken over by the Government under their management during 1947-8. The Lady Hope Municipal College, Guntur, and the C.R.Reddy College, Ellore, were not paid any subsidy ^{ie teaching grant} towards their maintenance.

The Salem Municipal College was once a Government institution. The college was transferred to the Municipal

17
Municipal Council, Salem, in 1885. For purposes of ~~assessment~~ Government aid no distinction is made between secondary schools and second grade colleges; both are treated alike. Accordingly, the College and the School Departments were for a long time treated as a single unit and the Municipal Council ^{Salem} was receiving a recurring Government subsidy of varying amounts towards the maintenance of the college. In 1930, Government subsidies to local bodies towards the cost of secondary education were ~~stabilised~~ ^{fixed}; the amounts which local bodies received in 1929-30 with a 5 per cent addition were termed "fixed unalterable subsidies". In this general revision, the fixed subsidy to the Salem Municipal Council towards the maintenance of the college and the school departments together ^{was fixed} (at Rs.8,050/- per annum. Since ~~then~~ the new buildings were constructed for the College Deptt. and the College and the School Departments were separated and the division of the fixed subsidy as follows was accepted:

School Department: Rs.4,430/-

College Department: Rs.3,620/-

In 1944, on representations made by the Salem Municipal Council that the cost of maintenance of the college had increased much, the Government raised the subsidy for the college and the school departments with effect from 1944-45 as shown below:

Subsidy for the College Deptt. : Rs.5,000

Subsidy for the School Deptt. : Rs.4,450

Since ~~then~~ ^(through 1944-45) the college has been raised into one of the First Grade but no additional subsidy has been granted by Government on account of the opening of the B.A. classes.

3. The system of paying fixed lump sum subsidies to local bodies towards the cost of maintenance of secondary schools opened prior to 1930 has now been abolished. With effect from 1st January 1947, local bodies ^{are being} ~~will be~~ paid, every year, for all recognised secondary schools under their control, grants-in-aid

equivalent to one half of the approved net cost of the institutions in the preceeding financial year approved by the D.P.I. subject to the following previsos:--

(i) that the schools satisfy the conditions laid down in rules 23 and 24 of the Grant-in-aid code and

(ii) that in respect of schools, which were hitherto in receipt of fixed lump sum subsidies, the teaching grants payable under the revised system should not be less than the amount of subsidy till now paid. In his letter dated 16-2-48, the D.P.I. presumed that the revised procedure referred to above will not apply to the Salem Ml. College and that the College should continue to receive in future years also only the fixed subsidy of Rs.5,000/-

The Director was informed that his presumption was correct --vide the notes on pp. 2-4 N.F. and the order on p.5 c.f. of Memo No. 12451 B1/48-2 Edn., dated 28-2-48. As the College was previously only a second grade College, no distinction was according to the practice in vogue, made in the matter of Government aid, and the

College was allowed a fixed subsidy like other secondary schools.

The College is now a I grade College and it cannot therefore be treated with same manner as secondary schools. It seems therefore that the revised basis of assessment of grant for secondary schools need not be applied to this College but the fixed lump sum subsidy already given may continue to be paid. Attention is in this connection invited to the recommendation of the Retrenchment and Re-organisation Committee at 'A' on p.1

ante. The Committee states that it is not in favour of local bodies undertaking the establishment and maintenance of colleges and states that there is no justification for the Govt. under take giving grants to such of the local bodies as want to spend their revenue for maintaining a college in preference to other necessary activities which they are expected to undertake. It is presumed that the Committee's recommendation refers only to Colleges to be newly opened by local bodies or to such of the existing Colleges which are to be newly admitted to Govt. aid and not to the Salem Ml. College which is receiving a Govt. subsidy for a long time. It will be a hardship if the subsidy now being given to the college, Rs.5,000/- is taken away.

In respect of new Arts Colleges, the policy of Govt. already being followed is in accordance with the recommendation now made by the Committee, for, as already stated at pp. 3-4 ante; Arts Colleges newly opened by local bodies will not be eligible for any grant, building, equipment or teaching, except in cases where special circumstances like the interests of backward areas or backward Communities warrant

p.t.o.

the opening of such institutions. The Committee's present recommendation seems to be that local bodies should not be encouraged to open a College, whether arts, professional or technical. If so it is for consideration whether the recommendation may be accepted.

Attention is in this condition solicited to the notes and minutes on pp 1-5 N.F. of the linked file relating to the request of the Regr. Andhra Unty. for a revision of the policy of Govt. regarding the opening and maintenance of Colleges by Dt. Boards. and Ml. Councils. The present policy in regard to grants to non-Govt. Colleges was laid down in July 1945. In 1946, in connection with the question of giving grants to the newly started Sir C.R.R. Ml. College, Ellore, the question of revising the above policy was considered. The D.P.I. was then of the opinion that it was desirable that the policy should be revised, but with regard to the grant of provision for local bodies for opening colleges he stated that Collegiate education should not be a normal function of the local bodies. The question of revising the policy laid down in the press Communique No.16, dated 13-7-45 was ultimately deferred. H.M.(L.A) has nominated that there is no legal bar to Ml. Councils and Dt. Boards running colleges with Govt's. approval. He considers that it is high time that the present policy of Govt. in the matter is changed, and that if the financial position of the local bodies permits it, they may be allowed to open colleges on the same basis and conditions as colleges, run by committees and individuals. As already stated, newly started private aided colleges will be eligible for teaching grant only; new colleges started by local bodies will not be eligible for teaching grant also. The attention of H.M.(LA) is

p.t.o.

is apparently that colleges opened by local bodies also should be allowed teaching grants. This will however be against the recommendation of the R & R Committee according to which no grant should be paid to local bodies for maintaining Colleges. In the circumstances, it is for consideration whether the present policy in the matter of collegiate

education may be revised as proposed by H.M.(L.A.) in the linked file

It may be stated here that in connection with the general question of giving grants to local bodies and private managements for the construction of buildings for educational institutions ~~from loans instead of from ordinary revenues~~, the cabinet has recently decided that the existing policy in regard to grants-in-aid for building schemes for educational institutions under local bodies and private managements may be changed and that in respect of aided colleges, private and local bodies, grants at one half of the expenditure subject to a maximum of Rs.75,000/- in each case may be given. The amount provided for this item during the current year is - Rs. 1.5 lakhs. The question whether the revised policy should continue in future also is under consideration.

In the circumstances, the points for orders are:--

(1) Whether the recommendation of the Retrenchment Committee that no grant (~~building~~ teaching, building, or equipment) should be paid to local bodies which undertake the establishment and maintenance of colleges, ~~may~~ ^{should} be accepted,

or

Whether the policy of Govt. in regard to the opening ~~and~~ of colleges by Municipal councils and Dt. Boards may be ~~changed~~ and such managements allowed grants on the same basis and conditions as they are allowed for colleges managed by private bodies; and

(2) Whether the lump sum subsidy payable to the Municipal College, Salem, for the Intermediate classes may continue to be paid on the same basis of the lump sum ~~grant~~ grant, without changing the basis of assessment to

one-half

one-half of the net cost of the maintenance of the Intermediate classes of the College department.

May be sent to L.A. and Fin. u.o. for remarks prior to circulation.

Encl (G)

Wno-14223/93/48

4/6/48

P.C. 8/6

Thur 7

The note of 11/11/47 from p 3 above may be perused. Reference is solicited to the ~~minutes~~ minute of H.M. (L.A.) in the linked file. This Dept may ~~proceed~~ ^{advise} the view that the opening of ~~Colleges~~ Colleges by municipal Councils and District Boards may be changed and such managements allowed grants on the same basis and conditions as ~~they~~ are allowed for colleges managed by private bodies.

The case of the Municipal College Salem is peculiar. The Council should not be deprived of the ^{maintenance} ~~teaching~~ grant it has been receiving till now.

P9 14/6/48

1526.48
22/6/48

Very few dt bds and municipal Councils can afford to ~~establish~~ and maintain colleges. Local bodies may be permitted to establish colleges only if their financial

position is strong enough to meet the non-recurring and recurring cost from their own funds, with the aid of such Govt grants as are admissible for the purpose, under the general policy of Govt. Once a local body is permitted to open a college, it ~~will~~ will be hard to deny to it the ~~Govt~~ Govt aid admissible for private colleges.

RK 22/6/48 See

I agree. Municipal Councils and B. Boards must concentrate on Elementary Education. They may be allowed to run (as they do now) High Schools - as these, if properly ~~and~~ managed and efficiently run can be self-sufficient. But Collegiate Education should not be undertaken by local bodies - except under exceptional circumstances, like their own strong financial position, the absence of Govt or private colleges in the town or district etc. But this is of course a matter of policy for Govt to decide.

23/6/48

Fui (Exp.A)

The file relates to the recommendations of the Retrenchment and Reorganisation Committee with regard to the question of payment of grants in respect of

A on p1 above

colleges under Local bodies. The R.R. Committee is not in favour of local bodies undertaking the establishment and maintenance of colleges and is of the view that there is no justification for the Government giving grants to such of the local bodies as want to spend their revenue for maintaining a college, in preference to other necessary activities which they are expected to undertake.

2. The E. & P.H. Deptt. have, in their note on pp.3-9 above, examined the general question of the policy to be adopted in regard to the payment of grants to local bodies for collegiate education. E & P.H. consider that the recommendations of the R.R. Committee may be accepted. They propose to circulate the case to H.Ms. L.A. and Edn. L.A. are of the view that collegiate education should not be undertaken by local bodies, except under exceptional circumstances like their own strong financial position, the absence of Govt. or private colleges in the town or district, etc.

3. In view of the minute of H.M.(L.A.) that there is no legal bar to municipal councils and district boards running colleges with Govt. approval, it would seem that local bodies undertaking collegiate education will not be objectionable provided they are able to meet the entire non-recurring and recurring cost from their own funds without any financial aid from the Govt. But it may be pointed out that if the local body spends away its revenues on collegiate education, ~~it will~~ happens that it may not have sufficient funds to meet the expenditure on other necessary activities and may have to approach

Govt. for assistance. It is submitted that if local bodies are permitted to run colleges without grants from Govt., it will indirectly result in extra expenditure ^{to Govt. by way of demands for grants for other purposes}. Further, the present is not a proper time for the Govt. to change their policy in regard to grants to local bodies for collegiate education, as a revision of the policy will involve large expenditure by way of grants. Finance may therefore agree with E. & P.H. that the recommendations of the R.R. Committee ^{may} be accepted.

See E.P.H. Secy's note at A on p.8 above

L.A. Secy's note - A on p.10 above

L.A. 3/12/48

PS NE of L/P file

17/48

2/7/48

A on p1 above

pto

E & P.H. propose to circulate the case to H.Ms. (L.A.) and H.M.(Edn.). Finance may request that it may be circulated to H.M.(Fin.) also *if it is proposed to reverse the existing policy.*

4. As regards the continuance of the lumpsum grant now being paid to the Municipal College, Salem, Finance may agree with the view of E & P.H. at 'K' on p.6 above. Their proposal at 'A' on that page may be accepted as a special case.

5. As no final orders should be issued on recommendations of the R.R. Committee without being considered by the full Cabinet, E & P.H. may be requested to place the matter before the Cabinet.

14A
30648

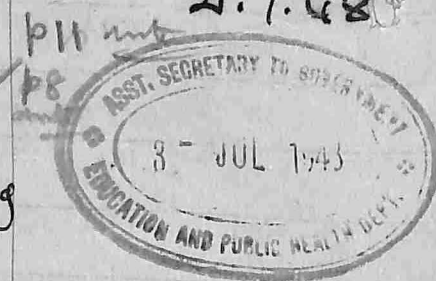

① \$ 7.48

Please See Finance notes
above and L.A. notes on pp 9-10 ante. Finance
~~and L.A.~~ agrees with this Dept that the
recommendations of R.R. Committee,
that there is no justification for govt. giving
grants to such of ^{the} local bodies as want to
spend their income for maintaining colleges
in preference to other necessary activities
they are expected to do, may be accepted.
L.A. considers that collegiate education should not be
in regards the grant now

being given to All College, Salem, Finance
Council with the view of this Dept that ~~and~~
~~is a first grade College~~, the lump sum grant
of Rs 5000/- a year, may continue to be paid. & also
consider ~~agree~~ that once a local body is permitted
to open a college it will be hard to
deny it the govt aid, admissible for private
Colleges. Hence the question of Salem All
College may be treated as a Spl Case.

Kind attention is invited
to HLL Cedu's minutes in pp 4-5 and in the linked file.

Am. No. 46251 E.A-1
2.7.48

49162

in character by local
bodies but where ~~the~~ local
body is permitted to open a
college it should be admitted
to govt. aid as in the case of
private colleges

C. 14223/48

But H. L. (L.A.) in his minutes on p 5 ref to the linked file, pressing for a revision of policy by Govt. States that ~~these are also~~ ^{municipal} ~~and district boards may be allowed to run~~ ^{colleges} ~~legal bar to all the Govt. Boards for running~~ colleges with Govt. approval, and that such managements may be allowed grants on the same basis & conditions as are allowed for private colleges. But Fin. does not agree to this. They state that a revision of the present policy by Govt. with ref. to grants to local bodies for collegiate education will necessarily involve large expenditure to Govt.

As this is a matter of policy
it is for ^{the} Govt. to decide. ~~It is for orders~~
~~whether~~ ^{Finance suggests that} this may be placed before
Cabinet as no final orders should
be issued on recommendations of R.R.
Committee without being considered by
full Govt. Cabinet.

May be circulated to H. M. (Edw.)
H. M. (A) and H. M. (Finance)
for order & on the points raised on page 8 ante.

$\frac{13}{14}$

in
17-2-48

5 $\frac{14}{9124}$ Mr. (Rev.)
Mr. (ChA)
Mr. (Rev.)

It is not the policy of Government to allow local boards and municipalities to run colleges. There is no bar at present but only we are not allowing them grants. There were two colleges run by municipalities - one at Salem and the other at Guntur. Guntur College has been taken over by Government. If we are to refuse grants to the Salem Municipal College also, we must take it over also. That will mean much

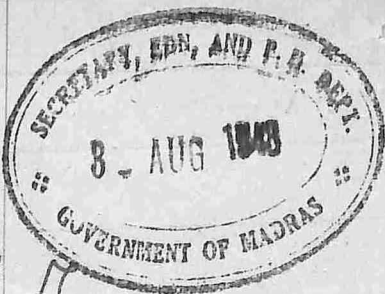

P.T.O.

more cost than what we are meeting to-day. And so, in the present circumstances, we may continue our help to the Salem College and continue also the ban on local boards and municipalities from the starting and maintaining colleges.

TSR
22.7.48

I still hold that the Govt should not put a Permanent Ban on Local Bodies in running the colleges. Ordinarily, the local bodies will not take up running the colleges but in some cases where financial position is sound and when there is demand and when the Govt is not forthcoming there is no alternative but to allow the local Bodies to run colleges in the interest of the children of the rate payers. The matter may be placed before the Council of H. M. S. L. 8/8
