Sir,

Ref:--Government Memorandum No.38685 C4-49 -1/Education
dated 19-5-49

With reference to the Government Memorandum referred to above I wish to state that proposals have so far been received only from some of the local bodies. Replies from the other Local bodies have yet to be received and they have also been reminded. Of the proposals that have been received by now almost all of them are proposed to be carried out under the Land acquisition Act but the stage at which they stand at present is not such as to ensure that they can be ripe for payment during the current year itself since the Revenue Department has not yet launched the acquisition proceedings in these cases. The position in regard to the other few cases wherein the lands are proposed to be acquired through private negotiations is also likewise not promising of completion during the current year. So it can be known only after some time whether there are any cases towards which payment may have to be made during the current year.

F/114-156
Incidentally, I invite your attention to Government Orders No.1018 Law and Education dated 31-5-30 and No.540 Law and Education dated 19-3-35 wherein the Director was empowered to sanction subsidies towards the acquisition of play grounds for the Secondary Schools. I request to be informed whether, in view of the above, the Director himself may distribute the lumpsum subsidy under question which is provided in the current year's Budget in respect of the Schools which can mature for payment during the current year or whether such cases should be submitted to Government for sanction.

Yours faithfully,

PLAY GROUNDS - Acquisition of lands - Subsidies and grants.

Letter from the D.P.I., No.792-B1/49, dated 16-8-49
-do- No.792-B1/49, dated 1-9-49.
-do- No.291-G2/49, dated 3-9-49.
-do- No.2434-B2/49, dated 10-9-49.

A provision of Rs.1 lakh has been made in the current year's budget for the payment of subsidies and grants for acquisition of sites for play grounds for ele. and secondary schools both under aided and local body management. The Director has submitted certain proposals for the disbursement of this allotment.

2. In the letter on p.10 c.f. the Director raises the question whether he may himself sanction the payment of subsidies and grants for secondary schools from the allotment with reference to the orders in G.Os.No.1018-Edn., dated 31-5-1930 and No.540-Edn., dated 19-3-35. The same question was raised by the D.P.I. last year with reference to aided ele. schools. No reference was made there to the G.Os. cited now, presumably because the G.O. related specifically only to ~~ele.~~ ^{See} schools. Please see para 3 of the Director's letter on p.15 of G.O.No.750-Edn., dated 16-3-49 and notes on pages 5-7 of the G.O. and Memo on page 37 ibid (para 2). The D.P.I. was informed that where the grant payable exceeded Rs.500/- the proposal for disbursement of grant should be submitted to Govt. This was based on the provision in the rules relating to aid to ele. schools. It is now seen that in the G.Os. of 1930 and 1935 quoted above the Director was empowered to sanction subsidies and grants on account of any scheme for acquisition of play grounds if the amount payable did not exceed Rs.2,500/-. This procedure was presumably adopted with a view to expedite the disbursement of subsidies and grants.

16/2- EA

The G.Os. were in respect of secondary schools only. But the procedure may be adopted in regard to ele. schools also. The Director may be informed that schemes for acquisition of lands for play grounds both for secondary and ele. schools may be sanctioned by him in cases where the amount payable for each scheme does not exceed Rs.2,500/-, subject of course to the orders in regard to the extent and the cost of land to be acquired or purchased - vide G.Os. at (F) and (E) and Memo on page 45 of (A). If this proposal is approved, Govt. sanction is necessary only for schemes No.7 on page 11 c.f. This scheme may be sanctioned.

3. In the G.Os. of 1930 and 1935 the extent of land for play ground was fixed in the case of boys' school at 5 acres for a complete secondary school with 250 pupils and more and 3 acres for a complete secondary school with less than 250 pupils and an incomplete secondary school. For girls' schools the limit is half an acre for every fifty pupils subject to a maximum of 3 acres for a school. The maximum of extent of land to be allowed for ~~xxx~~ ele. schools has not been fixed. It is seen from the Director's letters in the current file that he has recommended in one case 2.50 acres, in another case 3.40 acres and in another case 5.32 acres for higher ele. schools. The grant payable in each of these cases is, however, small. It is for consideration whether any maximum limit of the extent of land for ele. schools should be laid down. If so, it may be 2 acres for lower ele. schools and 2.50 acres for a higher ele. schools.

4. Some of the schemes sanctioned last year have not been completed - vide list on page 6 c.f. The sanction for them may be renewed.

5. Subject to orders a draft order is submitted. It may be sent to Finance for acceptance before circulation.

The Suggestion of the Finance Dept. above may be accepted. If it is accepted Govt. sanction has to be accorded for the following schemes also as the grants payable in these cases exceed Rs.1,250/-.

(Previous Finance note on p. 3 above).

Please see the further note of E. & P.H. on p. 3 above. In respect of Elementary Schools, E. & P.H. propose to authorise the D.P.I. to sanction subsidy or grant, as the case may be, for the acquisition of or purchase of sites for play grounds out of the allotment specially made for the purpose ^{in the Budget & in the Budget & in the Budget} in cases in which the amount does not exceed Rs. 1,250/- and subject to the condition that the extent of land provided does not exceed 2 acres for a lower elementary school and 2.50 acres for a higher elementary school. Applying these standards to the lists of cases in the c.f. forwarded by the D.P.I., E. & P.H. propose that Govt. may sanction the grants in the following cases:--

Name of the school.	Extent of land proposed for acquisition.	Total cost of acquisition.	Amount of grant proposed.
(1)	(2)	(3)	(4)
Acs.	Cents.	Rs.	Rs.

4. Tirunelveli West - St. Joseph's Elementary School, Pasukadaivilai.	(Not furnished)	4,500	2,250

It will be seen that under item (1) above the extent of land proposed to be acquired is far in excess of 2.50

acres while the extent is not furnished in respect of ~~and in all these cases, the amounts of grant proposed exceed Rs. 1,250/-~~ items (2) and (4). ^{now} In the circumstances, it seems better not to accord sanction ~~for the present~~ for any of the items mentioned above.
