No. 2445-D. 7/49-1, dated 21st September, 1949.

Sub:- Madras Record Office - Access to records
Sri N. Bhogendranath - Permission.

I enclose a letter which I have received from Dr. R. Bala-
krishna, Professor of Economics of the University of Madras,
recommending that Sri N. Bhogendranath, a research student work-
ing under him, may be permitted to consult the records relating
to the development of the textile industry in the Madras Province
from 1860 to the present day.

2. According to the rules governing the access of the
public to the records in this office for purposes of bonafide
historical research, the sanction of the Government is necessary
for examining the records subsequent to 1856. The Government
have in their letter No. 50040/48-4-C2 Edn., dated 5-2-49 to the
Secretary to the Government of India, Ministry of Education,
stated that they agree with the view expressed in my letter No.
1707-D. 7/48-1, dated 26-7-1948 that the confidential records
which are more than 50 years old may also be thrown open to
research students. The student may therefore be permitted to
consult the originals of both the series upto 1898. But as the
originals of records of the last 50 years are not open to re-
search, being current records, he cannot be permitted to consult

the

the originals of the records subsequent to 1898. He may however be permitted to consult the copies of the records placed at the disposal of the press after 1898 at the branch of this office at Egmore where they are kept.

3. The Research student, it will be seen, requires permission to consult the records upto the present day. But as the records subsequent to 1944 have not yet been transferred to this office, he can examine papers placed at the disposal of the press only upto 1944. I recommend that the necessary permission may kindly be granted subject to the restriction mentioned above.

4. If the Government grant the permission, precautions will, as usual, be taken to see that he does not consult records which are not relevant to his subject and that the notes taken by him are scrutinised before he is allowed to make use of them. Care will also be taken to see that he abides by the rules governing research contained in G.O. No. 58 Finance dated 5-2-1932.

Yours faithfully,

M. Maliga
