Sub: Payment of grants to Teachers of Panchayat Schools.

48.2.

A

With reference to your D.O. No.79565/B2/ dated 24.12.48, I met the Hon'ble Minister for Education at 3 P.M. on 29.12.48 and discussed with him the questions of revising the procedure in regard to the payment of Teaching grant to the Panchayat Schools, so that the teachers may receive their salaries promptly every month. The Deputy Director of Public Instruction was also present during the discussion. The Hon'ble Minister for Education desired that I should send up my proposals in the light of the discussion with him, and accordingly I make the following proposals.

2. The work of distribution of teaching grant to Panchayat schools which is now being ~~dox~~ attended by the Deputy Inspectors of Municipal Councils and Local Boards may be entrusted to the District Boards. The District Boards may be required to send every year to the Inspector of Local Boards the Budget Estimate of the grants required for the Panchayat Schools in their district inclusive of the amount required for dearness allowance, and the Inspector of Local Boards will send to the Government the consolidated Budget Estimate for the Province, as is being done now. As soon as the Government place funds at the disposal of the Inspector, the Inspector will allot the funds to each district board on the basis of the Budget Estimate sent by them, ~~In placing the funds at the disposal of the District Board the Inspector will~~ specifying the amounts which each District Board can draw for the whole year, On ~~the~~ such allotment being made by the Inspector, the District Boards can draw the amounts from the Huzur Treasuries concerned and distribute the same to the Panchayat Schools as indicated below: -

The procedure of the President, Panchayat Board drawing the Teaching Grant every month from the Sub Treasury on the strength of the pay orders issued by the Deputy Inspectors will be discontinued. Instead, the President, Panchayat Board will get a pay bill prepared for the staff of the Panchayat Schools with the assistance of the Headmaster of the school concerned, countersign it and send it so as to reach the District Board by the end of every month. The District Board will scrutinise the pay bills, sanction the pay proper of the teachers to the extent to which it is payable out of Government grant and the dearness allowances of the teachers to the extent to which the Panchayat Boards are unable to meet the same from their own funds, and then send the amount by Money Order to the President, Panchayat Board at the cost of the Panchayat Board. The President will thereafter disburse the salary to the teachers. He will maintain the acquittance rolls, after obtaining the signatures of the teachers concerned in token of having paid the amount to them and send a ~~monthly~~ ~~xxxx~~ a certificate to the District Board that the amount received from the District Board has been fully utilised and the entire salary of the teachers for the month has been paid and their signatures obtained in the acquittance roll. The next month's bill will ordinarily be passed by the District Board only after the receipt of the above certificate for the previous month. For the purposes of determining the amount of Dearness Allowance to be sanctioned to each Panchayat Board, the District Board will obtain necessary particulars from the Panchayat Board through the District Panchayat Officer in the first month of every year. If the pay bills of any of the Panchayat Boards maintaining schools, are not received by the 10th of every month by the District Boards, the District Board will remind the Presidents concerned through the District Panchayat Officer to send the bills immediately. In the first month, the District Board may be authorised to pay the amounts out of its own funds and recoup it as soon as the Inspector's orders allotting ~~the amounts~~ funds are received, which may be expected before the end of the month.

3. The Inspector will continue to be the authority to obtain the sanction of the Government for the total amount needed every year, and also to sanction the opening of new schools and additional teachers in old schools etc. He will also continue, with the assistance of his subordinate officers, to exercise supervision and control over the Panchayat Schools. Subject to the general control of the Inspector, the President, Panchayat Board will continue to exercise control and supervision over the school as at present.

4. A periodical return will also be prescribed requiring the District Boards to intimate to the Inspector on the first of April of the year the approximate amounts required for payment of Teaching Grant to Panchayat Schools with reference to the previous year's figures and the Budget Estimate.

5. The work in the District Board office will be attended to in the Elementary Education Section. The additional staff, if any, required will ~~not~~ be ~~much~~ very little, except in a few districts and each case will be examined on its merits by the Inspector and the necessary staff sanctioned under the powers vested in him in consultation with the Educational Authorities, if necessary.

6. If the proposals given above are approved generally further details will be worked in consultation with the Examiner of Local Fund Accounts and other officers and further steps will be taken.

Inspector.

The Govt. direct that ~~the~~ teaching grants to panchayat schools shall be disbursed in monthly instalments, beginning from April, the instalments being fixed provisionally with reference to the amounts sanctioned to the schools in the previous year by the Deputy Inspectors of Municipal Councils and Local Boards. The President of the Panchayat Boards or the Executive Officers of the Panchayats shall be instructed to draw the instalments of grant, sanctioned to the Panchayat on the provisional basis, from the beginning of April of each year and disburse the salaries of teachers in schools promptly. The Presidents or the Executive Officers ~~should~~ shall, as usual, submit their applications for grants, after the financial year has commenced. On receipt of these applications, the Dy. Inspectors ~~should~~ shall make the necessary adjustments in accordance with the grant finally fixed for the school, with reference to the applications and suitably revise the instalments still to be disbursed for that year.

p18 NF

2. The Government direct that in the case of panchayat boards which have no banking account with the Treasury, the bills ~~should~~ shall be countersigned by the Dt. Panchayat Officers. No such countersignature is necessary in respect of Panchayats which have banking accounts.

p19 NF

3. The Government do not consider that any additional staff need be employed in the offices of the Deputy Inspectors of Municipal Councils and Local Boards for the disbursement of grants monthly. The question

Sub:- Payment of grants to Teachers of Panchayat schools.

Ref: Letter from the Inspector of Municipal Councils and Local Boards, No.60459-48-E.4, dated 30th Decr. 1948.

The Inspector of Municipal Councils and Local Boards has submitted proposals for the prompt payment of grants to panchayat schools. At present grants to panchayat schools are disbursed by the Dy. Insprs. from the funds placed at their disposal. Under the revised procedure suggested by the Inspector grants are to be claimed by the district boards and disbursed to the panchayats. The Inspector has explained in detail how the revised procedure can be introduced. It is not known whether the ~~pxxx~~ adoption of the revised procedure will secure the object in view, viz., prompt disbursement of grants to panchayat schools. It is well known that district boards do not pay the~~ir~~ attention required of them even to the ele. schools under their direct management. In the circumstances it may not be possible to expect from them such a help as that anticipated by the Inspector in the drawal from provl. funds and payment of grants to panchayat schools. This procedure would involve maintenance of separate accounts in the office of the dt. bds. Even at present many irregularities are being noticed by the Audit department in the maintenance of accounts in the ~~E.E.F.~~ Elementary Edn. fund. The keeping of separate accounts for panchayat schools may complicate matters and this will give rise to financial difficulties. In the circumstances it does not appear that the proposals of the Inspector can be accepted.

Agree. If at all, in the result the position may be even worse than now.

2 Perhaps the following procedure may be followed to enable panchayats to receive grants for their schools maintained by them:-

At present grants are sanctioned by the Dy. Insprs of Ml. Cls. and Local Boards on receipt of teaching grant certificates furnished by panchayat boards. Any delay in the furnishing of certificates may

A

result in ~~the~~ corresponding delay in the disbursement of grants. Perhaps the Inspector may be asked to disburse grants to panchayat schools in advance at the beginning of each year, the grants payable for that year being fixed with reference to the grants sanctioned in the previous year. Any adjustment which may be necessary may be made on receipt of the teaching grant certificates from the panchayats later on. Such a procedure may result in the prompt payment of grants to teachers in panchayat schools and may secure the object in view.

This will certainly remove an element of delay. wj

3 At present the teachers in panchayat schools are assessed grants in the same manner as teachers in aided elementary schools. Only about 2000 teachers in panchayat schools are given grants by the Dy. Inspectors, of Local Board ~~while~~ while the number of teachers in aided elementary schools which receive grants from D.E.Os. and Inspectresses is over 25,000. Perhaps the D.E.Os. and Inspectresses may be authorised to disburse grants to panchayat schools ~~as~~ also just as in the case of aided ele. schools. In the case of aided elementary schools the grants are at present sanctioned in the quarterly instalments and orders have been issued regarding the disbursement of grants to teachers in these schools every month.

I think this will be the best solution. wj

4 Before considering the proposals of the Inspector further, the remarks of the D.P.I. may be invited u.o. The file may be sent to him u.o. for remarks in the first instance. If the suggestion of the Inspector is ~~to~~ to be accepted the Examiner may also have to see

Sub: Elementary Education -- Panchayat Schools -- Payment of grants to teachers -- Suggestion of the Inspector of Municipal Councils and Local Boards, Madras, for payment -- Revised procedure.

Resubmitted.

2. The suggestion of the Inspector of Municipal Councils and Local Boards, Madras, that the District Educational Officers may be asked to arrange for the payment of teaching grant to the Panchayat schools like the aided schools, cannot be considered for the present, for the following reasons:-

N

Now, due to the introduction of the monthly payment of teaching grants to aided elementary schools from Jan. 1949 instead of quarterly as at present, the system being on an experimental measure, and also due to the introduction of compulsory elementary education, opening of new schools, Firka Development scheme etc., the work in the offices of the District Educational Officers and ~~[illegible]~~ Deputy Inspectors of schools has considerably increased and it will make matters very complicated and cumbersome if the District Educational Officers are entrusted with the work of disbursing grants to Panchayat schools also. The monthly payment system is to be tried for a period of two or three years, at the end of which period, the question of payment of teaching grants to the Panchayat schools by the District Educational Officers may be examined.

A

3. The alternative suggested by the Inspector of Municipal Councils and Local Boards, Madras, to place the amount required by each Panchayat Board to be disbursed in advance, each year, at the beginning to the schools for ensuring prompt payment, may perhaps be tried for some years, with provision in the Monthly Returns of the schools for information on the month up to and inclusive of which the salary of the teachers was paid and the date of the last

acquittance, these entries being watched by the Deputy Inspectors of schools in their review of the monthly returns and action taken, if delay in disbursement of salaries is noticed and (2) a vigilant check on acquittance roll at surprise and other visits of the Deputy Inspectors to the schools.

Please see the notes of this Department on pp.1-2 ante and the remarks of the Director in his U.O. note on pp.3-4 above on the proposals for the prompt disbursement of teaching grants to the panchayat schools. He is not in favour of this department's suggestion that the D.E.Os. may be entrusted with the work of disbursement of teaching grants to the panchayat schools in their jurisdiction for the reasons stated at A on page 3 ante. This view may perhaps be accepted.// The D.P.I. however agrees with the proposal outlined in para.2 of the notes of this department on pp.1-2 ante, viz., that the Inspector may be asked to disburse grants to panchayat schools in advance at the beginning of each year, the grants payable for that year being fixed with reference to the grants sanctioned in the previous year and that any adjustment which may be necessary may be made on receipt of the teaching grant certificates from the panchayats later on. So, this method may be approved. In this connection, the method suggested by the Director at 'B' on pp.3-4 above, for checking the amounts due, may also be approved.

L.A., however, propose that until the D.E.Os are able to take up the work of distributing these grants, the Inspector of Municipal Councils and Local Boards may sanction the grants for each year at the beginning of the year, the Panchayats being allowed to draw the grant in 12 equal monthly instalments in each month before the 4th of the month, any final adjustment being made after the close of the year.

the payment order, the grant is made payable only in monthly instalments. When the grant is sanctioned say early in June, 1/4 of the annual grant (for April, May and June) is authorised to be paid in one lump sum and the balance is authorised to be paid in monthly instalments. No change in this system is called for as it does not affect the question of delay.

Point (3). Final Adjustment and time limit for the same:

Any system which contemplates provisional payment before settling the adjustment for the previous year involves calling for further information (by a special or general order) and issuing another order for making the necessary adjustment. Additional staff will be required for this additional work - say one clerk in lighter ranges and two clerks in heavier ones. A time limit of say 2 months after the end of the year may be prescribed for submitting the particulars required for final adjustment and if they are not received within the time, the Deputy Inspectors may be authorised to stop the payment of further instalments of the grant until the particulars are received in a complete form.

2. It will be seen from the above that as far as the suggestion of the Local Administration Department is concerned it is just what is now being done.

As regards the suggestion of the Education and Public Health Department there is no objection to it provided:-

(a) the Government permit the issue of payment orders even before funds are allotted.

(b) Additional staff is sanctioned for examining each case for a second time for the purpose of making adjustments and issuing the necessary orders thereon.

Another aspect of the matter is that if the District Boards are not attending to the disbursement of salary to Elementary Schools under their direct

management properly, as stated by the Education and Public Health Department in para 1 of their U.O.No.6462,B2.49.1. dated 2-2-1949 the causes may be investigated and the situation remedied instead of making this an excuse for not entrusting the work to them.

pp3-4 of/(T) According to the orders in G.O.No.3329, Education dated 31-10-1949 as clarified in Government Memorandum No.97293-B3/49 dated 14-9-1950, the Regional Inspectors of Municipal Councils and Local Boards have to issue orders sanctioning Teaching Grant for the panchayat schools provisionally in a lump sum before April every year to enable the panchayats to draw grants from April. The Regional Inspectors are to issue these orders in anticipation of the required funds being placed at their disposal. The panchayats which have banking accounts with treasuries can get these grants adjusted to their accounts straightaway, without any counter-signature on the bills presented at the treasuries. But panchayats not having accounts with the treasuries should get the Teaching Grant bills countersigned by the District Panchayat Officer concerned before presenting them for encashment.

Copy at pp. 9-10 below

2. In G.O.1429, L.A., dated 14-7-1951 Government have issued instructions that all panchayats should open accounts in Government Sub-Treasuries. Accordingly all panchayats have been instructed to open accounts in the treasuries. Except very few panchayats all others have opened accounts in Government Sub-Treasuries and action is being taken to see that even the few remaining panchayats open accounts in Government Sub Treasuries. Once all panchayats open such accounts, there will be no need for the countersignature of the District Panchayat Officer on the Teaching Grant bills before presentation at Treasuries.

3. The intention for insisting upon the bills being countersigned by District Panchayat Officers is to prevent misappropriation of funds by the Executive Authorities of panchayats. This is not an effective remedy against misappropriation as a President of a Panchayat, bent upon misappropriating Panchayat ~~of~~ funds will do so, even after the grant is adjusted to panchayat accounts. Further, this procedure results in delay in drawal of grants as also monthly journeys to the district headquarters to obtain District Panchayat Officer's countersignature.

pp 3-4 of/(T) 4. I therefore recommend that the orders issued in G.O.No.3329, Education dated 31-10-1949 may be reconsidered and that the procedure prescribed for obtaining the countersignature of District Panchayat Officers on Teaching Grants bills in respect of panchayat school teachers may be modified.

The Inspector of Ml.Cls.and Local Boards is informed that the presumption made by him in para 1 of his letter cited above, is correct. The Govt. accept his suggestion, that the Deputy Inspectors of Local Boards may be authorised to pass orders sanctioning grants to panchayat schools for a year in the months of February and March of the preceding year in anticipation of the funds required being placed at their disposal early in April. The Treasury Officers should also be instructed to make payments to panchayats from April onwards in accordance with the pay orders of the Deputy Inspectors of Local Boards, even though they are issued before the commencement of the year.

2. As regards the countersignature of bills, the Govt. still consider that in the case of Pt.Bds. which have no banking account with the treasury, the bills should be countersigned by the District Panchayat Officers. The orders on this point in the G.O. cited, should be strictly followed.

GOVERNMENT OF MADRAS

LOCAL ADMINISTRATION DEPARTMENT

G.O. No. 1429, 14th July 1951

Funds—Panchayats—Misuse or misappropriation—Prevention—Orders issued.

Read—the following paper :—

From the Inspector of Municipal Councils and Local Boards, dated the 12th March 1951, Roc. No. 65209-49-H-3.

Order— No. 1429, L.A., dated 14th July 1951.

A number of cases has come to the notice of Government where presidents of panchayats functioning as the executive authority, have misappropriated panchayat funds. Government have examined the question of devising measures to prevent the recurrence of such cases and accordingly issue the following orders :—

(1) Every panchayat should open an account in the Government sub-treasury, if there is one in the panchayat area, and in other cases, in the nearest sub-treasury or in the post office savings bank or in both.

(2) All grants payable by Government to panchayats should be transferred by book adjustment by the treasury or sub-treasury as the case may be, to the account of the panchayat in the sub-treasury and held to the credit of the panchayat. The treasury or sub-treasury officer will send intimation to the panchayat regarding the amounts so transferred to its account, from time to time.

(3) The cash balance at the credit of a panchayat in the post office savings bank account to meet ordinary expenditure should not ordinarily exceed Rs. 2,000 (two thousand only) in the case of class I panchayats and Rs. 1,000 (one thousand only) in the case of class II panchayats. Amounts in excess of the above limits should be

deposited into the treasury. When the amount at credit in the savings bank falls below the limit specified above, the Treasury Officer concerned should, on requisition by the executive authority, transfer to the savings bank, the necessary amount by means of money order addressed to the Postmaster concerned. The cost of the money order commission will be debited to the panchayat. The executive authority of the panchayat will operate by cheque on the amount at the credit of the panchayat in the treasury, for the transfer of requisite funds by money order into the savings bank or for meeting bills which exceed the amount at credit in the savings bank.

(4) Bill collectors under panchayats should be required to furnish a cash security of Rs. 200 (Rupees two hundred) each.

(5) Intensive and systematic supervision over the administration of panchayats should be carried out by Deputy Panchayat Officers as ordered in G.O. No. 2317, L.A., dated the 4th December 1950, and the financial irregularities, if any, should be promptly brought to the notice of higher authorities.

(6) Presidents of panchayats are warned that if any defalcation of panchayat funds on their part is brought to notice, they will not only be removed from office but prosecuted for the offence.

2. The Inspector of Municipal Councils and Local Boards is requested to publish the contents of this order in the *Panchayat Journal*.

I submit that if all Panchayats are required to open banking accounts with treasuries, then the first sentence of para 2 of G.O.Ms. No. 3329 Edn. dated 31-10-49 becomes inoperative in their cases. They have transactions in the treasuries and can draw the grant without countersignature by the District Panchayat Officers. No modifications of the orders in those cases appears necessary, as requested by the Inspector of Municipal councils and Local Boards, Madras.

U.O. reply to Government No.~~22 F~~228.B1/49 dated 16-7-49.

Sub:- Panchayat Schools - Proposal to revise the existing procedure regarding disbursement of teaching grants to Panchayat Schools, so that delay in the disbursement of teaching grants may be avoided.

Ref:- U.O. No.60459/48-E4, dated 24-6-1949 of the Inspector of Municipal Councils and Local Boards, Madras.

THE ACCOUNTANT GENERAL'S OFFICE MADRAS
20 JUL 1949

Resubmitted.

37
T.9

2. The present procedure is that the Panchayat Boards furnish the required data regarding teachers employed in the schools with particulars of pay, Dearness allowance, etc., to the Deputy Inspectors of local Boards of the Range every month. On receipt of the pay order issued by the Deputy Inspector of Local Boards, the amount is drawn from the Treasury or Sub-Treasury. It is reported that this causes some delay and to ensure prompt payment, the Inspector of Municipal Councils and Local Boards, Madras suggested the following alternatives:-

519

(1) That the District Boards might be asked to draw the amount every month on receipt of the bills and send the same to the Panchayat Boards by M.O.,

or

(2) that the District Educational Officers may be asked to disburse the grants to the Panchayat schools as in the case of aided schools,

or

(3) that the Panchayat Boards may be sanctioned the amount required for the year at the beginning of the year, the amount being based on the expenditure of the previous year.

3. The Education and Public Health Department has remarked that this extra work to the District Boards may complicate the work of the District Boards, which is already complicated and has said that this work cannot be taken over by the District Boards.

pp. 3-4 above

In this office U.O. reply to Government dated 22-2-49, the suggestion of the Inspector of Municipal Councils and Local Boards, Madras to entrust the work of disbursing teaching grants to Panchayat schools to the District Educational Officers was not accepted for the reasons stated therein. But the suggestion of the

14

Inspector of Municipal Councils and Local Boards, Madras to disburse the amount required by each Panchayat Board in advance each year was recommended.

4. Government in the Education and Public Health Department have accepted the above in full.

The Finance Department have also agreed, but the following question regarding the adjustment of the accounts is raised, i.e., whether it is possible to enforce the final adjustment after the close of the year, but presumably, before the accounts for the year are closed as proposed by the L.A. Department and if so, a time limit should not be fixed.

This point, though important, can be solved very easily. The adjustments may be effected within the school year, wherever it is possible. But where it is not possible, due to practical difficulties, there cannot be any objection to the accounts being settled in the financial year following.

5. Another point to be known is, whether the Presidents of Panchayat Boards are authorised to draw bills from the Treasury or Sub Treasury without countersignature or pay order of a higher authority. If they are not so authorised, necessary legislation is necessary in this behalf. 2.

With regard to the placing of the funds the amount required for 12 months may be placed with the District treasury and the Sub Treasury Officer informed of this and authorised to pay the amount on the bills presented by the Presidents of Panchayat Boards.

Every Panchayat Board is to receive payment for 12 months within the official year and hence, the allotment placed for a financial year will cover the

---

cover the period of 12 months, even though teaching grant is termed to be assessed for the calendar year.

2. The proposal of the Inspector of Municipal Councils and Local Boards to authorise the Presidents of Panchayat Boards to draw grants for the first 3 or 4 months in the beginning of each year, at the rates sanctioned for the previous year may be accepted. The excess grants, if any, drawn during those months can easily be adjusted within the financial year.

3. It is desirable to prescribe that the grant bills drawn by the Presidents Panchayat Boards should be countersigned by the District Panchayat Officers in cases in which the Board has no banking account with the Treasury. In the case of payments of the share of surchase on stamp duty payable to Panchayat Boards, the practice appears to be for the District Panchayat Officers to countersign the bills drawn by the Presidents of Panchayat Boards.

Please see the U.O notes of Inspector, D.P.I and the A.G on pp 8-15 ante. The following two points are raised in this file :-

1) Whether any revision should be made in the agency for the distribution of grants to Panchayat schools.

2) If the present agency is to be retained, ~~whether~~ any revision is necessary in the procedure, to be followed in the disbursement of grants to panchayat schools.

1 above At present, the grants are disbursed by the Dy. Inspectors of Local Boards. The view was recorded that the power to disburse grants may be transferred to the D.E.Os. The Inspector agrees to the transfer. According to him, the Dy. Inspectors should be relieved of this ~~to~~ work. The D.P.I is not however in favour of this. Orders are solicited whether ~~on the~~ ~~following points :~~ any revision should be made in the agency for disbursing grants to panchayat schools.

schools should be revised. At present panchayats apply for grants after the financial year has begun. The Dy. Inspectors when sanctioning the grants for ~~the~~ a year make adjustments, if necessary, with reference to the expenditure on previous years and sanction the net grant due to each panchayat. This procedure naturally takes time, ~~as~~ and panchayats will have to carry on, without any aid from provincial funds for a portion of the year i.e. till they get the sanction order for the disbursement of grant. Many panchayats do not have ~~not~~ sufficient surplus funds to pay salaries to teachers for the interim period with the result that complaints arise ~~for~~ regarding the non-payment of teacher's salaries in time.

To eliminate these difficulties the Inspector has made the following suggestions:-

'R' on p 8 ante.

a) The panchayats may be asked to apply for grants due for a financial year, three months, before the beginning of that year. Dy. Inspectors may A. be authorised to sanction grants for a financial year in the months of February and March of the preceding financial year in anticipation of the budget provision. Any adjustment, if necessary, may be made at the end of the financial year.

[illegible]

'S' on p 9 ante

or b) Grants may ~~be~~ ~~made~~ provisionally be paid in instalments, based on the amount sanctioned in the previous year.

18

Panchayats may be asked to submit their applications for a financial year after the year has begun. Adjustments may be made later on, ~~on~~ with refce to the reports submitted by the panchayats.

The A.G. favours the alternative (b) above. This alternative may be adopted.

2. Under the revised procedure, adjustments have to be made on receipt of the applications for grants from the panchayats for a year. The Inspector has reported that additional staff in the office of Dy. Inspectors, will be necessary, if the revised procedure is adopted. The ~~addional~~ additional staff required may be sanctioned, if the revised procedure is accepted.

3. The D.P.I raises the question whether the bills, to be presented by the panchayats at the Treasury or Sub-treasury should not be countersigned by proper authorities. The A.G. says that in the case of panchayat Bds., which have no banking account with the Treasury, the bills may be ~~counters~~ countersigned by the Dt. Panchayat officers. This view may be accepted.

4. The file may be sent to L.A and Finance for remarks before circulation.

The other day Secretary was referring to the delay in the payment of salaries to Panchayat School teachers and to the orders issued by Govt in the matter. G.O. No: 3329 Edn d/ 31.10.49 is placed below. In this G.O a revised procedure was sanctioned for the disbursement of grants to Panchayat schools. It is for orders whether the Inspectors of Municipal Councils and Local Boards should be asked how the revised procedure has worked and whether delays in the disbursement of salaries to these teachers still persist.
