Sir, I am directed to state that with the object of promoting cultural relations with the neighbouring Asian and African countries, the Government of India have formulated a scheme for the award of 70 scholarships every year to the Indian and non-Indian students of these countries for studies in India. A copy of the confidential letter addressed to our representatives abroad is enclosed for your information. The scheme is to be implemented in the academic session 1949-50 and for certain unavoidable reasons it could not be finalised earlier. The last date for receiving applications has now been extended to 15th May, 1949. In order to implement this scheme the fullest cooperation of provincial and state Governments, Universities and other institutions is indispensable. At present the details of courses of study to be taken up by selected scholars are not available. It is, however, requested that when the applications are forwarded to you, these may kindly be given topmost priority in granting admission and hostel accommodation. It may be desirable to reserve a few seats for scholars in the subjects mentioned in the confidential enclosure, under this scheme as well as for other private students, particularly from African countries, who may like to study in India.

2. In this connection it may be mentioned that there will be varying academic standards in the countries included in the scheme and in many cases it may not be easy to establish any exact equivalence between standards in foreign countries and those prevailing in Indian Universities

SUBJECT :—*Government of India's Scholarships to Indian and indigenous students from other Commonwealth and Foreign countries for studies in India.*

SIR,

In continuation of this Ministry's letter No. F. 16-9/48-O.S.I., dated the 21st October, 1948, I am directed to enclose a Memorandum of Instructions which is self-explanatory, and to request that your recommendations

* for Bhutan and Tibet.

for the scholarships may kindly be forwarded in accordance with the instructions contained therein.

2. Every effort will be made to secure admission for all the selected students, but in the event of sufficient seats not being available for all of them, or in the case of delay, preference will be given to the countries marked A, B and C below in that order:—

A. Indonesia, China, Nepal, Afghanistan, Iran, Egypt, South Africa, East Africa, Ceylon, Malaya, Burma, Mauritius, Jamaica, Trinidad, British Guiana, Fiji Islands.

B. Siam, Bhutan, Iraq.

C. Phillipines, Indo-China, Tibet, Ethiopia (Abyssinia), Turkey, Portugese Colonial Africa.

3. For the purposes of the selection the term "persons of Indian origin" should be interpreted to mean those whose parents actually originated from those parts of India which now comprise the Dominion of India. As regards non-Muslim students whose parents originated from areas which now form part of the Dominion of Pakistan, their applications can be entertained provided that in consequence of the disturbances in Pakistan, their parents, if alive, or their relatives, have shifted their residence to places within the territory of the Dominion of India. Non-Muslim students who originated from areas now comprised in the Dominion of Pakistan, who have no relatives in Pakistan at present, should also be considered as eligible for the scholarships provided they do not declare themselves to be Pakistani nationals. The Government of India have received reports that many Muslims abroad have been declaring themselves as Pakistani nationals or of Pakistani origin inspite of the fact that most of them have originated from Indian dominion territory. Muslim students who, or whose parents, openly or by their actions, are showing allegiance to Pakistan or sympathising with Pakistan ideologies should not be recommended for the award of the scholarships, notwithstanding their Indian origin.

4. I am to request that the Government(s) of the country/countries to which you are accredited and to which the scheme extends, may kindly be apprised of the award of these scholarships by the Government of India, explaining the objects thereof.

5. With reference to paragraph 7 of the Memorandum of Instructions, it is left to you to devise such machinery for the selection of the candidates as you think fit in consultation with the local educational and other organisations. Whether an official representative of the Government of the country should be associated with the selection is also left to your discretion.

6. I am to explain that it is necessary that the applications of the candidates should reach the Government of India by the 30th April, 1949, because it is on the basis of the applications that the question of admissions in our Universities etc. will have to be taken up.

7. Particular care may kindly be taken to ensure that the applications of the candidates are accompanied by the syllabus covered by them as required by paragraph 8 of the Memorandum.

8. Necessary orders regarding the scholarship provided for Tibet will be issued separately.

Yours faithfully,

B. N. NANDA,

Under Secretary.

No. F. 55-8/47-O.S.I.

Copy, with a copy of the enclosures, forwarded in continuation of this Ministry's letter No. F. 16-9/48-O.S.I., dated the 21st October, 1948, to:—

1. The Secretary to His Excellency the High Commissioner for India in the Commonwealth of Australia, Canberra.

Memorandum of Instructions

Government of India's Scheme for the award of scholarships for the promotion of cultural relations between India and Foreign Countries

In pursuance of their desire to promote cultural relations between India and foreign countries and provide whatever facilities are available in India to students of countries which are not so well-equipped in this respect, the Government of India propose to award every year 70 scholarships to Indian and indigenous students from other Commonwealth and Foreign countries for higher studies in India. The scheme will come into operation from the academic year 1949.

2. The following distribution of scholarships has been made for the year 1949:—

(a) To non-Indian students of other countries:

1. Indonesia	3
2. China	5
3. Nepal	3
4. Afghanistan	2
5. Iran	2
6. Egypt	3 on exchange basis only
7. South Africa (African students)	1
8. British East Africa i.e. (Kenya, Uganda, Tanganyika and Zanzibar) (African students)	4
9. Malaya	2
10. Burma	2
11. Ethiopia (Abyssinia)	2
12. Ceylon	2
13. Siam	1
14. Bhutan	1
15. Phillipines	2
16. Indo-China	1
17. Tibet	1
18. Turkey	1
19. Portugese Colonial Africa (African students).	1
	40

(b) To students of Indian origin domiciled abroad:

1. South Africa	4
2. British East Africa	3
3. Ceylon	4
4. Malaya	4
5. Burma	4
6. Mauritius	3
7. Jamaica	4
8. Trinidad	
9. British Guiana	
10. Fiji Island.	3
11. Siam	1
	30

Although the number of scholarships proposed to be awarded under the scheme is 70, it has not been possible to make provisions to finance all the studentships during the first year. It is possible that 60 scholarships may be awarded during the year.

8

2

Suggestions have also been received for increase in the number of scholarships allotted to various countries. In this connection, it may be explained that the total number of scholarships available is 70, and it cannot be increased for reasons of finance. The claims of various countries involved have therefore to be met within this number only. The allocation of scholarships among the different countries has been made after full consideration, and it is not possible to make any alterations in the present allocation of scholarships among the various countries. It is the intention that the whole scheme should be reviewed after a year of its working; and it will then be possible to give consideration to suggestions for change in the allocations made in the light of the experience gained.

3. Scholarships will be awarded for studies in the Arts and Humanities, Sciences, Agriculture, Medicine, Technology, Education and Law. Preference will be given to students desiring to take up post-graduate courses, but in the case of countries which have no facilities for higher studies, scholarships will be awarded to students for under-graduate courses. The scholarships will be tenable for the period necessary for the student to acquire the degree or diploma in the course for which he is selected.

4. The value of the scholarships has been fixed at Rs. 200 per mensem exclusive of capitation, tuition and examination fees which will be paid by the Government of India direct to the institutions concerned; but the Government reserve the right to vary the amount of scholarship if they think that circumstances justify it. This amount is considered to be ample for all the expenses of the student in India including hostel fees, normal medical charges and expenses during vacations etc., and in no circumstances will applications for additional allowances be considered. The costs of passage either way and the railway charges incurred in India will have to be met by the students themselves or the Government or non-official organisations of the country from which the student comes. The Government of India will not bear any part of this expenditure.

5. Applications for the scholarships should be invited and students should be required to make their applications in the prescribed form attached, in triplicate. Applications of students below 19 years of age will not be entertained for post-graduate courses. Copies of the form are sent herewith. Further copies, if required, may be made locally.

6. Students who are already studying in India, and who are not in receipt of any other scholarship or financial assistance, should be considered as eligible for these scholarships.

7. Recommendations for the grant of scholarships will be made by the Government of India's Representatives abroad. In countries where no foreign posts have been so far established, the Government of India will approach the Foreign Governments concerned in the matter. As far as possible, only those students should be recommended for the award of scholarships who have already had some training in their own country in the course which they propose to pursue in the Indian institutions. In the case of students offering themselves for technical and professional courses it would be preferable to select those who have secured the maximum preliminary training in their own countries in their particular subject.

8. In order to determine the suitability of the candidates for different courses and to place them in appropriate classes, some idea of the academic standards which the students may have already attained is necessary. Each application must, therefore, be accompanied by particulars of the courses, theoretical as well as practical already completed by the student. Preferably, the detailed syllabus (of the University or institution attended by the student) which the student has covered should be attached with his application. Since admission will have to be arranged for a large number of students in Indian Universities which are already over-crowded, it may not always be possible to secure admission for the student in the subject selected by him. In each case, therefore, alternative courses acceptable to the

3

6

9

student should be mentioned. Further, it may be particularly borne in mind that training facilities in certain subjects such as Engineering, Medicine etc., are extremely limited and it will not be possible to find more than a small number of seats for students wishing to study these subjects.

9. Instruction in Indian Universities is imparted at present through the medium of the English language and it is imperative for the students to have a good command of that language if they are to benefit from their studies in the Indian institutions.

10. In view of the difficulties about admissions and equivalence of qualifications, it is requested that only a panel of candidates from each country double the number of scholarships allotted to the country, arranged in order of preference, should be sent in the proforma attached. Two panels should be prepared, one of the Indian students and the other of the indigenous students. Three copies each of these panels together with the applications (in duplicate) of the candidates included in them, should be sent to the Ministry of External Affairs and Commonwealth Relations, so as to reach it by the 30th April, 1949. Final selection of the candidates will be made by the Ministry of External Affairs and Commonwealth Relations in consultations with the Ministry of Education. The Representative of the Foreign Government concerned will be informed of the selection—by telegram, if necessary.

11. Foreign students will be encouraged to learn at least one of the Indian languages. Where under the rules of the institution to which a student is admitted, it is compulsory for a student to study an Indian language as part of his regular course, efforts will be made to secure exemption for him. This concession will, however, not apply in the case of students of Indian origin who will be expected to utilise all opportunities given to them of cultivating the knowledge of at least one Indian language and its literature.

12. The Government of India would arrange for the reception of the students on their arrival and also for general supervision during their stay in India and would endeavour to maintain contacts with them throughout their stay here.

SUBJECT:- AWARD OF SCHOLARSHIPS TO STUDENTS

PROVISION OF FACILITIES.

41-3 autu

No F56-9/49 A-1. dated 7th May 1968

No. FSG-9/47 A-1. dated 7th May 1947, on the
above mentioned subject, I am directed to request you to

selected:

selected foreign scholars in your institutions, whose names

and brief particulars are given on the attached sheet. Against

each name is suggested a course of studies for which he has

expressed his preference and for which he has been considered

suitable. Full particulars of the candidates may be seen in

their applications and other relevant papers, copies of which

are also enclosed herewith. It is requested that their admi-

ssions for the suggested courses of studies may kindly be

confirmed telegraphically to enable this Ministry to intimate

the students concerned as early as possible. Since most of the

selected scholars have to come from very long distances it is

necessary to inform them of their admissions and courses of

studies immediately to enable them to make necessary prepara-

tions and reach this country in time. The exact duration of

each course of studies may also kindly be intimated.

It may be mentioned that even if the selected

students are informed immediately many of them may not be able

to reach their places of studies in time. Selections have, for

certain unavoidable reasons, been delayed. Besides, it is

understood...

P.T.O.

understood that on an average each selected student will take about three weeks to reach this country. It is, therefore, requested that any reasonable delay on the part of the selected foreign students in joining your institutions may kindly be condoned. It will be appreciated if this Ministry is informed of the last date by which the students could join in view of the special circumstances explained above.

3. It need hardly be emphasised that successful implementations of this scheme of scholarships will largely depend on the attention paid to the comfort and welfare of the selected scholars during their stay in this country. The foremost problem in this connection is that of securing suitable lodging and boarding facilities for such students. We have no doubt that you will kindly appreciate the importance of this aspect of the scheme and offer the selected foreign students the best possible facilities in this connection. We should be grateful if you would kindly let us know at your earliest the lodging and boarding arrangements which you propose to make for them and the amount of money that they would cost each student per month. It will also be appreciated if we are informed of the tuition fees and other charges payable by each student for the first six months.

4. Equally important is the foreign student's need for advice and guidance in regard to his academic problems and progress as well as his personal difficulties of social adjustment from time to time. As suggested in this Ministry's previous letter, special attention may kindly be paid also to this aspect of the scheme. We would be glad to hear of any definite proposals in this connection.

5. As explained in this Ministry's previous letter, the Government of India have decided to award these scholarships in spite of severe financial stringency. You are aware that the total financial provision for the whole scheme for this year is Rs. ^{one} ~~small~~ Lakh only. This estimate is based on the presumption that all Universities and Institutions would waive

capitation.....

P.T.O.

capitation fees for all foreign scholars selected under this scheme. This presumption may kindly be confirmed and necessary instructions issued for the guidance of all concerned.

Yours faithfully,

Colleges from students of this Province this Govt. regret that it is not possible to reserve any ^{addl.} further seats for students from abroad. If the Govt. of India so desire Mr.D.A.David, the Ceylon student will be admitted against one of the two seats reserved for Ceylon. Mr.M.P.P.Padhye is already studying in the Engg. College, Guindy and the question of his admission does not arise. As regards fees, under the existing arrangement, a contribution of Rs.900/- ^{p.a.} is recoverable for each student under items (iii) and (vi) above. This Govt. consider that the existing rate of fees may be retained. The Govt. of India will ^{accordingly} have to pay a contribution of Rs.900/- p.a. towards the tuition fees of Mr.D.A.David ^{if he is admitted}.

3. The Govt. of India have suggested that special attention should be given to the scholars and that some regular machinery to be set up for that purpose. If any foreign students are admitted into Edl. institutions ^{will be made available to them} they can be accommodated in the hostels attached to these institutions, and the supervision exercised. ^{It is also proposed to designate a suitable officer, as Adviser to Foreign Students,} by the Principal of the College and the warden of the hostel may be quite sufficient. It does not therefore seem that any special machinery is necessary. ^{for the purpose.}

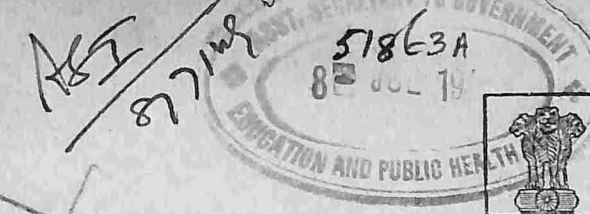

4. The reply in respect of admission of foreign students into the Medical Colleges will be sent separately.

GOVERNMENT OF INDIA'S
SCHOLARSHIPS TO STUDENTS FROM ABROAD FOR STUDY
IN INDIA - PROCEDURE FOR PAYMENT.

Sir,

I am directed to say that with a view to fostering a better understanding of India abroad, the Government of India have instituted a scheme for the award of scholarships to Indian and indigenous students from other Commonwealth and foreign countries for studies in India. The scholars for 1949 have already been selected and will soon be in India, as and when admissions are secured for them in suitable institutions in India.

I am to convey the sanction of the Government of India to the payment to these scholars of the scholarship amount of Rs. 200/- per month exclusive of the tuition, examination and capitation fees, if any, charged by the educational institutions, which are to be paid to the Institutions concerned. Where a scholar joins the institution from the middle of a month, the scholarship amount will be calculated for the actual No. of days concerned at the rate of Rs. 200/- P.M.

A statement giving the names of such scholars, together with the period for which the scholarship is tenable, as well as the names of the drawee and other particulars, is enclosed herewith (Annexure I)

As number of scholars have not yet secured admission in Colleges and institutions, the names of the drawees have not been indicated in the statement; but this information will be furnished as soon as possible.

The procedure for payment of stipends and other charges will be as follows.

P.T.O.

The amount of scholarships and other charges will be drawn quarterly in advance, each quarter covering for this purpose, the four three-monthly periods terminating on the 30th June, 30th September, 31st December and 31st March respectively. The Head of the Institution where a scholar has been admitted will prepare a bill in the form T.R. 43 for the expenditure likely to be incurred in the quarter following. This will include the stipend at the rate of Rs. 200/- p.m., monthly tuition fee and examination fee and capital charges, if any. In the case of private institutions the Bill will be sent to this Ministry for countersignature by Mr. Som Datt, Under Secretary, or Mr. P.N. Kirpal, Deputy Secretary, whose specimen signatures are enclosed (Annexure II). Government Institutions, will however send the Bills direct to the Accountant General concerned for payment, after these have been signed by the respective Principals or other Heads. The Heads of the institutions will not, however, pay to the students the three months' scholarship in advance. Only monthly payments will be made to the scholars and the fees which are to be credited to the institutions concerned will be paid direct by the heads of the institution to the institutions concerned instead of being paid through the scholars.

Detailed accounts of the payments made will be kept by the institutions concerned in the forms attached (Annexures III & IV) and furnished on the expiry of each month to this Ministry and to the Accountant General concerned. Receipts from students for the monthly disbursements together with the receipts of the institutions in respect of the fees credited to the institutions will be sent to the Accountant General who will adjust the charges finally in the central sections of their books. The certificate for fulfilment of conditions regarding attendance etc. will, instead of being monthly, relate to the previous quarters as a whole and will be furnished within a fortnight after the expiry of the quarter.

The Provincial Accountants General are requested to intimate to the Heads of institutions who will draw the scholarship amounts any additional forms in which they require the detailed accounts to be kept or receipts to be taken in case the statements at Annexures III & IV would not suffice their needs.

P.T.O.

The expenditure is debitable to "Demand No. 50 - Education H. Miscellaneous Charges H-2 Other Misc. Charges" for 1949-50. A provision of Rs. 1,00,000 (Rs. one lakh) has been made under this Head but as the names of the Institutions where students would be admitted are not yet known, provision has not been made circle-wise. Necessary transfer of provision circle-wise will be made in due course.

These instructions have issued with the concurrence of the Ministry of Finance.

Yours faithfully,

M. L. Kapoor
for Deputy Secretary.

P.N.Kirpal Esquire, M.A., (Oxon), LL.B.,
Deputy Secretary to the Government of India,

SUBJECT:- GOVERNMENT OF INDIA SCHOLARSHIPS TO STUDENTS
FROM ABROAD FOR STUDY IN INDIA-PROCEDURE FOR
PAYMENT.

Sir,

I am directed to forward herewith for your perusal and necessary action a copy of Government of India's letter of even number dated the 16th July, 1949, regarding the procedure for payment of scholarship to Government of India scholars from foreign countries studying in India.

The special procedure outlined in the enclosed letter has been devised in order that students may not be put to any inconvenience due to late payment of stipends during their sojourn in India. It is requested that every effort should be made to disburse the scholarship amount to the student by the 5th of each month. This can be done only if the quarterly bills are prepared and kept ready after counter-signature sufficiently in advance to be presented to the Accountant General concerned. There may be some delay for the quarter ending 30th June, as the bills can only be paid after 1st April but if the bills can be got passed by Accountant General concerned by first or second April, the amount can be paid in time.

Some of the scholars have already arrived in India and have started on their studies. As submission of bills according to the procedure outlined in the enclosed letter would take some time, arrangements are being made for the payment of scholarship due for the first month direct by this Ministry. For this purpose it is necessary that the enclosed "Joining Report" should be completed by the students concerned and forwarded to this Ministry urgently so that the amount may be sent by R.T.R. This amount should later on be adjusted in the bill for the first quarter which will be submitted by you to the Accountant General concerned.

It will be seen from the enclosed letter that the Government of India are committed to pay to the scholar stipend of Rs.200/- P.M. and the tuition and examination fees and capitation charges, if any, direct to the institutions concerned. All other charges such as admission fee etc. are to be paid by the student himself. If, however, circumstances warrant, an amount not exceeding one month's scholarship, may be advanced to the scholar, but it should be adjusted within the quarter for which the amount has been drawn by you. Statements required at Annexure III & IV may kindly be furnished regularly. The form of T.R.43 is enclosed for your ready reference.

A scholarship will commence from the day the student joins an institution. In case of scholars who were studying in your institution before they were selected for the award, the date of scholarship will be the date of the re-opening of the institution for the current session or the actual date of admission of the scholar for the session, whichever is later, but in no case will the scholarship commence

P.T.O

72
-2-
earlier than the 1st July, 1949.

As has been stated above, it is necessary to have joining reports of the scholars for payment of first months' stipend. In order that the Accountant General concerned may be notified of the name of the drawee of scholarship and other amounts, it is requested that the joining reports may be sent to this Ministry in the form enclosed as soon as the student joins, together with your three specimen signatures.

With a view to determining whether the opportunity offered by the Government of India is being fully utilised or not, it is requested that periodical progress reports of these scholars may be sent quarterly in the form enclosed.

It is desired that foreign students should be encouraged to learn at least one of the Indian languages. If possible, special courses may kindly be arranged for them. Where under the rules of the Institution, it is compulsory for a student to study an Indian language as part of his regular course, such of the students who are unable to acquire the necessary proficiency may be given an "exemption", as a special case. This concession will not, however, apply to students of Indian origin who will be expected to utilise all opportunities given to them for cultivating the knowledge of at-least one Indian language and its literature.

As has already been stated before, the purpose of the scheme is to promote cultural relations between India and foreign countries. The necessity of proper supervision of the scholars during their sojourn in this country can not, therefore, be over emphasised. Not only should the scholars have no cause for complaint regarding food and accommodation, but they should also have ample opportunities for social contacts. The sojourn of the scholars should be made as fruitful and pleasant as possible. While due care should be taken that they keep away from undesirable political influences, they should be encouraged to take part in the healthy extra-curricular activities. Their vacation should also be planned in such a way that they can see a maximum number of places of interest and have wide opportunities for studying Indian culture and civilisation. The Government of India attach the greatest importance to this aspect of the training of scholars and feel that the whole purpose of the scheme of scholarships to foreign students will be defeated if proper arrangements for the welfare of such students cannot be made. On return to their respective countries these students should look back upon the time spent by them in their studies in India with satisfaction and they should carry with them pleasant impressions of their present contacts and experiences in this country.

I am accordingly to request that, not-with-standing their many pre-occupations, Heads of the Institutions may kindly take over the responsibility for the care and welfare of the scholars from foreign countries. It would be desirable if the Head of the Institutions designates a senior member of his staff for special responsibility for looking after these students. The welfare officers so appointed may be instructed to have frequent contacts with the students, to help them in arranging their day to day programmes, and to procure for them, if necessary assistance for preparing their lessons etc.

Yours faithfully

Sir,

Govt. of India scholarships to students
from abroad for studies in India.

Mr.M.L.Kapur's letter No.56-16/49-AI,
dated 3--9--1949.

I am to acknowledge the receipt of R.T.R.No. GI/604416 dated 31-8-49 on the Imperial Bank of India, Madras, for Rs.800/- sent with the letter read above. The cheque has been cashed by me to-day and I am sending Rs.400/- to the D.P.I. for disbursement to Messrs. D.A.David and Mahadev Prahlad Padhye, Engg. College students, at Rs.200/- each.

As regards the Medical college students, the Principal, Madras Medical College, has informed me that Mr.Mohammed Goolal Mallack is only a Cambridge (Senior) and that the Universities in this Province do not recognise his qualification for admission to a Medical College. The Principal is therefore telegraphing to the Govt. of India. Pending a final decision in the case I am sending only Rs.200/- to the S.G. and asking him to disburse it to Mr.Soobiah Goopaswami Naidoo. The scholarship intended for Mr.Mohammed Goolal Mallack will be kept here for some days and will be returned to you if it is not required.

Yours faithfully,

Ref: Your letter No.F.56-20/49A1 dated 17.7.49 to the Secretary
to Government of Madras.

With reference to your letter cited above, I furnish the
following particulars in respect of Mr. D.A. David, a student from Ceylon.
Duration of Course- Four Years. 1949 to 1953

1. Tuition Fees	Rs.216/- per annum //
2. Special Fees	Rs.16/- "
3. Caution Deposit	Rs.25/- "
4. Hostel Deposit	Rs.50/- "
5. Examination Fees for 1st B.E.	Rs.30/- "
6. Hostel Expenses	Rs.35/- "

2. The states and other Governments which nominate persons for
admission to Engineering Colleges should pay a capitation fees of
Rs.900/- per annum. As Mr. D.A. David is from Ceylon, a capitation
fees of Rs.900/- should be paid on his behalf. If capitation fees
are paid he need not pay the tuition fees.

3. As per orders of the Director of Public Instruction, Madras,
the candidates nominated by the Government of Ceylon have to be
admitted in the A.M. College of Technology, Coimbatore. Mr. D.A. David,
as reported by him, is not a candidate nominated by the Ceylon
Government. He has been selected by the Government of India against
one of the two reserved seats for students from Ceylon. Further,
Director of Public Instruction desires to transfer a Lady candidate
from Anantapur to Coimbatore College.

4. However, as Mr. D.A. David has reported to me today, he is
provisionally admitted in the Coimbatore College pending the final
orders of the, Director of Public Instruction, Madras.

Your last nominee for one of the 5 Colonial vacancies reser-
ved for admission into the Madras Medical College, Mr. M. G.
Mallick from Mauritius arrived in Madras to-day. On going through
the certificates, it is discovered that he possesses a Cambridge
School certificate and a Certificate of the London Matriculation

pto

JWR
P.H.D.

Matriculation. Both these certificates are not recognised by the Madras University for admission to the MBBS course. Hence I regret I cannot admit him into the Medical College. I do not think that any of the Older Universities in India as those of Bombay and Calcutta recognised these basic qualifications for admission into the Medical Colleges of those Universities.

As the candidate has already arrived at his own expense, I suggest that he may be admitted in Inter-Science (Natural Science) of the Madras University. If you agree, kindly address the local Government to secure him admission in one of the Arts Colleges here to enable him to obtain the basic qualification of Inter-science of Medical Group for admission into the Medical College subsequently.

Two months have already elapsed since the colleges are re-opened and I am of opinion, immediate action is indicated from your level.

Rc.No.1438 K2/49 dated 27.9.1949.

Sir,

Sub: Admission of Mr. M.G.Mallick from Mauritius to
the Intermediate Class.

In resubmitting herewith the Education and Public
Health Department, U.O.No.71105 A-1/49-A dated 16.9.1949, I have
the honour to state that as the language of the candidate for
Part II appears to be French, it is not possible to admit him
to the Government Arts College, Madras. He can be admitted to
the Madras Christian College, Tambaram, with hostel accommodation
and the Principal has agreed to admit him next Monday.

2. I request that Government may kindly arrange for the
early disbursement of the money due to the scholar.

Yours faithfully,

Subject:- Govt. of India Scholarships to students from abroad
for studies in India - Procedure for payment.

Sir;

In continuation of this Ministry's letter of even number dated the 11th August, 1949 on the above subject, I am directed to state that the Govt. of India are committed to pay to the scholars selected under the scheme only the stipend of Rs.200/- p.m. and the tuition and examination fee, and capitation charges, if any. All other charges such as admission fee, games fee, library fee, hostel charges and Statutory deposits for hostels etc are to be paid by the students themselves. I am, therefore, to request that these charges may not be included in the bills prepared in respect of these students as per instructions in this Ministry's letter No. F.56-45/49-A1 dated the 11th August, 1949, and if payments in respect of these charges have already been received or included in the bills since submitted to the Accountant General concerned, necessary adjustments may kindly be made in the subsequent bills.

If, however, the students are short of money to meet these charges at the time of joining the institution it is requested that suitable advances to the students may kindly be made to be adjusted against their scholarship in due course. I am also to request that the students concerned may not be pressed for early payments of such charges and charges due from the Govt. of India in respect of these scholars as the amount of scholarships etc is to be paid through the head of the institutions and all adjustments can be made in due course without any difficulty.

I am once again to emphasise the necessity of proper supervision of the foreign scholars during their sojourn in India so that their

The Director of Public Instruction
Madras presented a bill on behalf of
Mr. M. G. Mallack stated to be Government
of India Scholar from abroad for study
in India. The bill was returned to
him on the ground that the counter-
signature of the Deputy Secretary, Govt.
of India, Ministry of Education was
necessary since the scholar is studying
in a private institution Vide Govt. of
India letter F.56-45/49-A1(S) dated
16-7-1949. Further the name of the
scholar has not been included in the
list sent to this office by the Govt. of
India Ministry of Education in their
letter No. F.56-45/49-A1(s) dated
2nd August 1949. *not recd.*

Under these circumstances it may
please be stated whether the Director
of Public Instruction is authorised to
draw the scholarship and other amounts
on behalf of scholars studying in

The main features of the scheme have been detailed above. Copies of the letter and its enclosures have been given to the Medical Section which deals with Medical Colleges and to the Dev. Dept. which deals with Agriculture and Veterinary Colleges. So this file is confined to Arts Colleges, Law College and Engg. Colleges.

The present position in regard to admission of students from abroad in Arts, Law and Engg. Colleges is as follows:-

Arts Colleges:- There is no restriction in regard to the admission of Indian students from abroad either in Govt. Arts Colleges or in the Arts Colleges under private managements. In respect of these colleges Indian nationals from abroad belonging to this Province are allowed to compete on equal terms with students from this Province. It seems foreigners (non-Indian) also are admitted when they apply for admission into private colleges. But these students will find it difficult to study in the Arts Colleges in our Province as everybody has to study some Indian language. The Govt. of India ^{themselves} anticipate this difficulty and they expect Universities to grant exemption to these students from the language ^{question}. The Universities may be addressed where ^{cases} students requiring such exemption arise.

Law College:- Admission to this college is unrestricted so long as the students possess the basic academic qualification i.e., a degree in Arts or Science.

Engg. Colleges:- At present there are 365 seats in all the Govt. Engg. Colleges put together. Out of these, 17 seats are reserved as follows:-

(1) Cochin	2
(2) Orissa	2
(3) Ceylon	2
(4) Coorg	2
(5) Hindu refugee students from Pakistan	3
(6) Indonesian students	4
(7) Indian students from South & East Africa	2

It will be observed that this Govt. have already reserved 8 seats for students from abroad which can be brought under the present scheme of the Govt. of India. But under the existing arrangement a contribution of Rs.900 is recoverable for each

* items (3), (6) & (7)

student in respect of items (3) and (6) above. South and East African Indian students have been allowed to pay fees at rates levied from Madras students. Having regard to the tremendous rush for admission into Engg. Colleges from students of this Province it does not seem possible to reserve any further seats for students from abroad. The Govt. of India may also be ^{intimated} that this Govt. are for retention of the existing arrangement for the payment of tuition fees in respect of foreign students.

The D.P.I. may see the case u.o. for remarks.

The file relates to the admission of students from abroad (Indian and Foreign) to educational institutions in this Province under a scholarship scheme formulated by the Govt. of India. Notes from page 1 ante may be read. The D.P.I. who was consulted agrees with the position taken up in the note on pp. 1-4 ante.

The Govt. of India suggested that special attention should be given to the scholars and that some regular machinery must be set up for the purpose. The Director has not offered any remarks on this suggestion. It does not seem that any special machinery is necessary for the purpose. If any foreign students are admitted into our educational institutions they can be accommodated in the hostels attached to the colleges and the control exercised by the Principal of the College and the warden of the hostel may be quite sufficient. Subject to approval, a draft letter is submitted.

Please see the enquiry of the Bengal Govt. on page 27 c.f. A copy of the reply to the Govt. of India may be sent to that Govt. The file may be circulated to H.M.(E. & L.), H.M.(P.W.) and the H.Pr.

The draft is self explanatory. It has been amended to provide for the designation of some uninvolved officer, a Advisor to Foreign students, the appointment need not carry a special pay.

Memo D1

Edw and P. H. Dept

Please see the letter from the S. G. and the telegram from the Govt of India on pp. 1-3 ante. The student Mr. M. G. Mallack has now to be provided with a seat in the Trd (Natural Science) Group in the junior intermediate class. The D. P. S. may be requested to state whether he can be admitted into the Govt Arts College, Mount Road, if necessary by the creation of an addl seat. He may also have to be provided with a place in the hostel attached to the college. This may be sent to the D. P. S. for immediate remarks.

E. P. H. u. o. 24654-1/49A
dated 16.9.49

Please see the reply of the D. P. S. on page 122 of. The Director says that it is not possible to admit the candidate in the Govt Arts College, Mount Road, but that he can be admitted to the Madras Xian College, Tambaram with hostel accommodation and that the Principal has agreed to admit him on next Monday. The candidate may be asked to meet the Joint D. P. S. immediately, take a note or a chit from him and present himself before the Principal, Xian College, Tambaram, on Monday or at the earliest opportunity.

~~According to the arrangement agreed to by the Govt of India~~ The Candidate will be paid a scholarship amount of Rs 200 per month

12 by the Govt of India
Exclusive of the tuition, examination fees.

The Govt of India sanctioned a scholarship of Rs 200/- to this candidate and out of this a sum of Rs 100/- has already been paid to him. The balance of Rs 100 kept in the b.c.B may now be paid to him. This amount may be sent to the Joint D.P.S. and he may be requested to disburse it to the candidate after getting a regular stamped receipt and forward the receipt to the Govt of India, Ministry of Edu. The Joint D.P.S. may also be asked to send a report to the Govt of India after the candidate is admitted furnishing details of the tuition and other fees payable by ~~the candidate~~ ^{him} to the Xian College. The sum of Rs 100 now to be disbursed may not be sufficient to ^{meet} ~~pay~~ the ^{candidate's} tuition fees, hostel advance etc. The Joint D.P.S. may pay the balance required from the amount allotted for contingencies in the D.P.S. office and recover the amount from the Govt of India. A copy of this note may be sent to the Joint D.P.S. A draft memo to the candidate is ^{also} subd.
