Director of Agriculture on page 1 of. He solicits orders for waiving the levy of departmental charges on the supply of stationery articles to Government Malt Factory and for refunding the recoveries so far made on the ground that the factory is only a departmental concern and it is working at a loss. The Superintendent of Stationery says that this factory should be exempted from the levy of Departmental charges if the Government consider that the financial condition of the Malt Factory is weak. The Superintendent of Stationery says that the claim of the Director of Agriculture that the Departmental charges levied upon the previous supply of stationery articles should be refunded, seems not reasonable.

The malt factory at Coimbatore is
 a Govt. Concern and is worked on
 commercial principles. The ~~factory~~
 factory is working at a loss since its
 start. Being a Govt. Concern, the question
 of granting a subsidy to cover the loss
 in the working of the factory does not arise;
 and there is also no point in
 showing reducing the loss by supplying
