Roc.No.1262 K1/49 dated 25-9-1949.

Sir,

75399

Sub: Buildings - Lady Willingdon Training College, Madras
- Training Department building - providing electrical
installation at a cost of Rs.13,700/- Proposals
submitting.

The Training Department building of the Lady Willingdon Training College, Madras constructed during 1937-40 - vide G.O.Ms.No. 227 P.W.D. dated 4-2-1937 - is not provided with sufficient number of electric lights and fans. Although a sum of Rs.13,500/- had been provided for electric fittings in the original estimate, a sum of Rs.8,300/- only was spent on the work as a considerable portion of the electric fittings was cut off, as a measure of economy, necessitated on account of the War. Thus many rooms and verandahs in the building are now left without sufficient electric fittings and the Principal reports that class rooms suffer very much for want of lights and fans. The approximate cost of providing the essential items of electric installation alone is estimated at Rs.13,700/- by the Electrical Engineer General. The blue prints and a copy of the estimate furnished by him are enclosed.

I request that Government may kindly accord their approval to the work and provide necessary funds for the purpose in Part II of the budget for 1950-51.

Yours faithfully,

[Signature]

for Director of Public Instruction.
