Dear Sir,

I am a govt. of Madras sponsored scholar for higher studies in the U.S.A., 1946-47 scheme, for Lithography and Printing Technology.

My admission having been delayed so far, I write to The William Hood Dunwoody Industrial Institute, Minneapolis, Minn., U.S.A. and got their official letter of admission into their Printing section. I request that you may be pleased to take the necessary action on the letter and fix me up in the Institute with expedition. I also request that I may be allowed Air Passage if required.

I am enclosing copies of their first letter, my reply to that and their last letter. I was for some days waiting for their brochures to submit with this letter. I shall, however, produce them as soon as I get them. A letter from The South Dakota State College of Agriculture and Mechanic Arts is also enclosed.

Thanking you,

I beg to remain,

Dear Mr. Sukumaran:

The Registrar of Billing Polytechnia Institute informs us that you may be interested in training as offered at Dunwoody Institute.

I am not at all sure that we have the special training you desire but am pleased to forward the following material: The Dunwoody brochure, general bulletin for non-veterans, printing bulletin, application card, board and room leaflet and non-resident fee leaflet.

Before making definite plans to come to Dunwoody be sure that you clearly understand the training programs available.

Most of the Dunwoody student body comes from the north-central part of the United States, but we accept applicants from any ~~part~~ place in the world - we received a letter similar to yours from a Moshe D. Brill in the State of Israel.

For many years Dunwoody has been officially approved by various departments at Washington so applicants from foreign countries should have no difficulty in securing an O.K. for papers to enter the United States for training at Dunwoody.

The fees for students coming from states other than Minnesota or from foreign countries are as follows: Fifteen dollars registration fee plus Forty-four dollars each month.

Yours truly,

Dear Sir,

I am very grateful for the prompt action - your letter of the 19th August - taken on my application to the Billing Polytechnic, directed to you.

As your brochures will be some time to reach me Sea Mail I won't be able to make up my mind till then. Please let me know if your letter of the 19th implies my admission in the Institute and dormitory so that I can start immediately on receipt of your reply to this letter to be in time for the September 1948 session if I find the course advantageous, the formalities of admission to be gone through after my reaching America.

I am once again mentioning my academic and technical qualifications for your information:

Dear Mr. Sukumaran:

I answer to your letter of recent date I am pleased to note that you may plan to enter Dunwoody.

You may consider this letter as official acceptance to enter training in the printing department at Dunwoody either in the letterpress work or lithography.

I am enclosing a non-resident fee leaflet for your further information.

You will be interested to learn that we have just notified D.M. Marshall secretary of the Foreign Universities Information Bureau of Bombay that we are accepting Mr. Merchant for admission in our Automobile Department.

Dear Mr. Husain:

The admission of Mr. T.V. Sukumaran can be considered for September, 1949. A standard application for admission form is enclosed.

I have a letter from Mr. Sukumaran in which he lists his previous education including study at the following:

- (1) High School of the government of Madras.
- (2) Government School of Technology, Madras.

It will be necessary to have an official transcript of Mr. Sukumaran's high school record.

In addition, it will be necessary for Mr. Sukumaran to take two classification examinations:

- (1) A.C.E. Psychological Examination.
- (2) A.C.E. Co-operative General Achievement Test, Part III, a survey test in mathematics, Form O.

These tests will be given at the Institution on March 6, May 22, June 22 and August 7. If it is not possible for Mr. Sukumaran to come to Rochester on one of these dates, please let me know. If application is to be made for Mr. Sukumaran, I suggest that it be done before February 1, 1949 so that action can be taken on it while vacancies are still available.

November, 15., 1948.

Dear Mr. Husain:

A copy of your recent letter addressed
to Dr. J. C. Warner concerning the application of Mr. T. V.
Sukumaran has been received. Our records indicate that
we wrote to Mr. Sukumaran on August 2, 1948, informing him
that we would be pleased to consider his application for
admission to the College of Engineering and Science for the
term beginning September, 1949. A copy of that letter
is enclosed. We have not received a reply from the appli-
cant indicating whether or not he wishes to file
application for the September, 1949, term.

Enclosed is an application form which should
be completed and returned promptly if Mr. Sukumaran elects
to proceed with his application. If he does not wish to be
considered for admission to the term referred to above,
we will be pleased to return to you the various records
which have been submitted.

We shall look forward with interest in
receiving your reply in this matter and wish to assure
you of our interest in assisting this man in every way
with his college plans.

Very Truly yours,

8/11/48
H.P. McKnight, Assistant
Chairman of Admissions.

Please see this Dept's note on page 1 ante. Devt.

State that the scholar Sri T.V. Sukumaran, who was selected for advanced studies in Lithography and Printing for absorption in the Industries Department cannot be found any suitable post in the Industries Department. The S.G.P. who was asked whether the scholar's services would be required in the Govt. Press after his return from overseas training, has stated that he may be appointed to one of the posts of the Assistant Supdts. in

1/1/49

in the Government Press. He also states that, besides Lithography he should also undergo training in Letter Press, Colour Work, Rotary and Cost Finding and Estimating and the training may be undergone in Rochester Institute of Technology, New York. The scholar has been offered admission in two institutions, one, the Rochester Institute of Technology and the other the William Hood Dunwoody Industrial Institute. The S.G.P. recommends his training in the Rochester Institute. The admission to the Rochester Institute of Technology is for the session commencing in September 1949 but the application for admission has to be submitted before 1-2-1949.

The question for consideration is whether Sri Sukumaran will be sent to Overseas for training with a view to his future absorption in the Govt. Press. The position as regards the appointment of Asst. Supdt. in Govt. Press is as follows:- There are four permanent vacancies of Asst. Superintendents. Under the rules direct recruitment is allowed only if qualified persons in the Subordinate Services are not available. Recently 4 temporary appointments have been made pending selection of regular candidates. It is understood, that the S.G.P. has sent to the M.P.S.C. particulars of 17 persons for selection to the vacancies. If the M.P.S.C. finally decides on the selection, the candidates selected by the Commission will have to be appointed to the vacant posts of Asst. Superintendents.

It may be noted here that the policy of Govt. is that the appointment of returned Overseas scholars in Services without the statutory reference to the Commission. In the case of Sri Sukumaran, there seems no objection to make an exception to his being absorbed in the Govt. Press after his return from Studies overseas in view of the lack of highly qualified technical men on the gazetted technical staff of the Govt. Press. If this view is accepted, a permanent vacancy of Asst. Superintendent will have to be kept unfilled,

unfilled temporarily till his return from Overseas, the appl to the Vacant
